RHODES'S FEVER AND AGUE CURE,
For the prevention and Cure of Intermittent and Remittent Fevers, Fever and Ague, Chills and Fever, Malaria, Malaria, Intermittent Night Sweats, and all other forms of disease which have a common origin in Malaria or Miasmata. This is a natural antidote which will entirely protect any resident or traveler even in the most malarious or swampy localities, from Ague or Bilious disease whatever, or any injury from constantly inhaling Malaria or Miasmata. It will instantly check the Ague in persons who have suffered for any length of time, from one day to twenty years, so that they need never be troubled another day, by continuing to take it according to directions. The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected. One or two bottles will answer for ordinary cases; some may require more. Directions printed in German, French and Spanish, accompany each bottle. Price one dollar. Liberal discounts made to the trade.
JAMES A. RHODES, Providence, R. I.
EVIDENCE OF SAFETY.
New York, June 11, 1855. "I have made a chemical examination of "Rhodes's Fever and Ague Cure" or Antidote to Malaria, and have tested it for Krescue, Mercury, Quinine, Strichine, but have not found a particle of either in it, nor have I found any substance in its composition that would prove injurious to the constitution.
JAMES R. CHILTON, M. D. Chemist.
EVIDENCE OF MERIT.
Lewisburg, Union Co., Pa., May 2, 1855. Mr. J. A. Rhodes—Dear Sir: The box of medicine you sent me was duly received on the 17th of April. I have told about one half of it, and so far the people who have used it, and a number of the cases were of long standing; my sister, who had it for five or six years back, and could never get it stopped, except by Quinine, and that only as long as she would take it, is now, I think, entirely cured by your remedy.
C. R. MCGINGLY."
CAUTION TO AGUE SUFFERERS.
Take no more Arsenic, Tonics, Mercury, Quinine, Ephraim's, Strichine, or Anti-Fever pills, of any kind. The well-known inefficiency of these noxious poisons proves them to be the offspring of false medical principles, or of mercenary quacks. The only remedy in existence that is both pure and harmless is **RHODES'S FEVER AND AGUE CURE.** AGENTS—in Huntingdon, Thomas Read & Son, and for sale by dealers generally.

HYGEANA.
Brought Home to the Door of the Million.
A WONDERFUL DISCOVERY has recently been made in the ASTHMA of this city, in the treatment of Consumption, Asthma and all diseases of the Lung. We refer to "Dr. Curtis' Hygeana, or Inhaling Hygeana Vapor and Cherry Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which he has innumerable certificates. Speaking of the treatment, a physician remarks: "It is evident that including—constantly breathing an agreeable, heating vapor, the medicinal properties must come in direct contact with the interior cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion. The Hygeana is for sale at all the druggists throughout the country.
"At York Dutchman of Jan. 14. The Inhaler is worn on the breast under the linen without the least inconvenience—the heat of the body being sufficient to evaporate the fluid.
Hundreds of CASES of CURES like the following might be named. One Package of Hygeana has cured me of the ASTHMA of 10 years standing.
Jas. F. Keesberg, P. M., of Doneconon, Pa.
Cured of the ASTHMA of 10 years standing by Dr. Curtis' Hygeana.

GREATEST MEDICAL DISCOVERY OF THE AGE.
Dr. Kennedy, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures **EVERY KIND OF HUMOR,** the worst scrofula down to a common pimples.
He has tried it in over 1100 cases, and never failed except in two cases, (both under humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.
Two bottles are warranted to cure a nursing sore throat.
One to three bottles will cure the worst kind of Pimples on the face.
Two or three bottles will clear the system of Biles.
Two to three bottles are warranted to cure the worst case of Erysipelas.
One to two bottles are warranted to cure all humor in the Eyes.
Two bottles are warranted to cure running of the ears and blotches among the hair.
Four to six bottles are warranted to cure corns and running feet.
One bottle will cure scaly eruption of the skin.
Two to three bottles are warranted to cure the worst case of ringworm.
Two to three bottles are warranted to cure the most desperate case of rheumatism.
Three to four bottles are warranted to cure the salt humor.
Five to eight bottles will cure the worst case of scrofula.
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.
Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I knew the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear to me surprising, one is that it is so common, and in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second that it should cure all kinds of humor.
In order to give some idea of the sudden rise and great popularity of the discovery, I will refer to the article of patent medicines which was ever like it. There is a universal praise of it from all quarters.
In my own practice I always kept it strictly for humors—since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.
Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove efficinal in all cases of that dreadful malady! there are but few who have more of it than I have.
I know of several cases of Dropsy, all of whom aged people cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.
No change of diet ever necessary—eat the best you can get and enough of it.
Directions.—For Adults one table spoonful per day—Children over ten years desert spoonful—Children from five to eight years teaspoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

A Miracle of Science.
Dr. C. L. Kelling of Mechanicburg Camberrland county Pa., announces to those afflicted with **Tumor's, Swins, Cancer, Polypus, Lupus Moles or Marks, Scrofula or King's Evil** and all diseases that have been usually treated with Cautic or Knife, he can remove them by an entirely new method, without cutting, burning, or pain, neither Chloroform or Ether is administered to the patient.
It is no matter on what part of the body they may be he can remove them with perfect safety, and in a remarkably short time. No Mineral or Vegetable poison is applied; and no money required until a cure is perfected.
Prolapsis Uteri, Female complaints, Chronic, Venereal and all other diseases treated with perfect success. Full particulars can be obtained by addressing in either English or German, post paid. Patients can be accommodated with Board on reasonable terms.
Mechanicburg is one of the prettiest and healthiest towns in this or any other State. It is 8 miles from Harrisburg on the C. V. R. R. and accessible from all parts of the Union.
The Dr. will visit cases in any part of the State who desire.
Kind reader if you know any afflicted fellow creature, delay not to tell them of this treatment.

HOOPER Still at His Post!
The undersigned, now engaged in putting up Armitage's Electro Magnetic Lightning Rods in this and adjoining counties, would respectfully call the attention of the intelligent public to the great superiority of this Patent, at a season like this, when accidents to property and life as well as interest, it is the dictate of humanity, as well as of duty, to make use of the best means of securing safety in our dwellings. Though the Lightning be in the hands of Him who rules the storm, His protection and blessing are always connected with our own efforts.

MISCELLANEOUS.
ARMITAGE'S Electro-Magnet Lightning Rods.
After many years' close investigation and numerous experiments, the Patentee takes pleasure in informing the public that he has arrived at the true principles of protecting families, dwellings and property from the destructive influence of **Lightning.** The calamities that every City, Town, Village and Country falls victim to annually, through the gross negligence of its inhabitants, is beyond calculation, especially when the remedy is so easy to obtain—this is **Armitage's Patent Magnetic Lightning Rods**, and in this alone. This Rod has been examined by the most scientific gentlemen in the world—Professors M'Murtrie, Johnson, Wallor and many others that have examined them, recommended and speak of them in the highest terms of approbation, and have pronounced them the only safe rods in use in this or any other country, for the protection of Lives and Property. One advantage is to divide and throw back a part of the electric fluid harmless to the cloudy in time of a storm, this enables the rod to conduct that portion of fluid that belongs to the earth without the slightest danger of leaving the conductor. This rod has many other advantages over the old one. The only place of manufacturing is in **Philadelphia**, where all persons are respectfully invited to call and examine for themselves. For sale Wholesale and Retail, by **THOS. ARMITAGE.**
Orders promptly attended to. Terms cash.

Recommendations.
PHILADELPHIA, Aug. 13, 1847.
I have this day carefully inspected a conductor or Lightning Rod, with vane and index, erected by Mr. Thomas Armitage, on Bellevue House, Gloucester, and have no hesitation in saying that it is not only the best that I have ever used, but that it is the only one I have yet examined that is constructed on strictly scientific principles. It is with much pleasure that I recommend this conductor to the attention of owners of buildings.
H. MCMURTRIE,
I am well satisfied that the Magnetic Lightning Rod, manufactured by Mr. Thomas Armitage, of Philadelphia, is the best that has ever been made. I have spent several years in the study of the laws of electricity and magnetism, and have no hesitation in saying that the Rods are constructed upon the only principle of safety. The electric shock is received and dispersed by the magnet at the top of the rod, and it would be impossible, according to the laws of attraction and repulsion, for anything to be injured by a stroke of lightning when protected by one of these rods. I have been acquainted with Mr. Armitage for several years, and before he commenced the manufacture of these rods I examined the principle on which they are constructed, and felt convinced that the construction would be attended with complete success. The increasing demand for these rods, and the extensive sales in all parts of the country, is ample commendation of their utility and superiority.
TRACY E. WALLER, M. D.
Rising Sun, Philad., Co., April 10, 1852.
The following extract is taken from an editorial in the *Germanian Telegraph*, edited by Major PARAS:—
"The bogus rod placed upon our dwelling, we have had taken down and another erected by Mr. ARMITAGE, to which we would call the attention of our farmers and readers generally. It is put up on true scientific principles, and is a rod that has been approved by the highest authority, and affords the most thorough examination. Those who have been deceived, as we have been, should lose no time in having a proper protection against lightning, substituted. The cost is a mere bagatelle when compared with the entire safety of our homes and families, which this destructive element, Mr. ARMITAGE'S advertisement will be found in the columns of this paper; and we feel as though we were performing an imperious duty to the community, by thus inviting to it general attention."

MY DEAR SIR: After a trial of many weeks, it affords me great pleasure to inform you that I am highly delighted with the Lightning Rod you placed upon my house at Bustleton. As far as my chemical knowledge enables me to perform an opinion, I am satisfied you have developed the correct principles in the adaptation of rods to protect property from destruction by lightning, as soon as the advantages of your arrangements are understood, I am convinced that few persons will be found so reckless as to fail to avail themselves of the protection afforded by your rods. Wishing you all success in your enterprise,
