My dear Shi: After a trial of many weeks, it affords me great pleasure to inform you that I am highly delighted with the lightning of you placed upon my house at Bustleton. As far as my chemical knowledge enables me to perform an opinion, I am satisfied you have developed the correct principles in the adaptation of rols to protect property from destruction by lightning; as soon as the advantages of your arrangements are understood, I am convinced that few persons will be found so reckless as to fail to avail themselves of the protection afforded by your rods. Wishing you all success in your enterprise,
