

Local Affairs.

Cheapest Job Printing Office in the County.

We have now made such arrangements in our Job Office as will enable us to do all kinds of Job Printing at 20 per cent cheaper rates than any office in the County.

FLOUR—can be had by applying at the "Journal Office." Cheap and good.

Colon—Colon has been receiving a new supply of books, and invites the public to call on him. He can supply you with every work out.

The Fair.—The clear receipts of the Ladies' Fair, held in the Town Hall on last week, amounted to two hundred and fourteen dollars.

New Bridge.—The County Commissioners are making arrangements for the reconstruction of the bridge across the river at this place.

Court.—Very little business was done last week. A few Commonwealth cases were disposed of, and several gentlemen sent to our Western College for criminals.

Good News.—Since France has been blessed with an heir to the throne, 'hoops' have went out of fashion. For goodness sake, gals, remember this, and give us a little more sidewalk.

Notice.—Persons who intend applying for License, should remember that it is necessary to have a notice published three times, before the 20th day of next May, as licenses will be granted at that time.

Prolific.—A negro woman named Sally, belonging to a slave driver in Arkansas, gave birth a few days since to five children.

So says an exchange. At that rate, per annum, her owner will soon be a million air by traffic in souls.

Read Them.—For the special benefit of our neighbor—the "American"—we will keep the piece headed "Our Platform and Principles," standing in our columns. Read them boys, and see how they will meet your approbation.

"Once more our glorious banner out Upon the breeze we fling."

Our Schools.—The appointments for teachers of the common schools of this borough, were made by the School Directors last week. For the 1st male school, Mr. Saul; for the 2d do. Mr. Robert McDivitt. 1st female school, Miss C. T. Benedict; 2d, Miss Lucretia Hillbrand; 3d, Miss Eunice Africa; primary school, Mrs. — Black.

Correction.—The "Junior Editor" comps. to the "senior juvs," and is happy to correct the error that they ever engage in the undignified and unfashionable amusement of "kneading" dough. This part of the domestic arrangement, is left entirely with "ma." Pardon us, dear ladies, for even thinking you will ever knead or need the dough.

The Tornado.—Every mail brings us further accounts of the ravages of the tornado. It seems to have commenced in the eastern part of Ohio, and swept eastward to the seaboard, doing immense damage in its course. Houses and barns were destroyed, and some live lost. At Alliance, O., one hundred houses were unroofed. In Woodcock Valley, in this county, many barns were unroofed; indeed, the whole southern end of our county suffered severely. In Lawrence, Butler, and Armstrong counties, the destruction of property was very great. The town Hall was unroofed at Hollidaysburg, and one man killed. Great damage was done in Lancaster county and Philadelphia. What disasters it may have caused as sea cannot yet be known. The course of the gale was from northward to southeast. It continued fifteen minutes, here.

American Meeting.—According to arrangement, an American meeting was held in the Court House, in this borough, on Tuesday the 15th inst. Resolutions were adopted, which, not having yet seen, we cannot make any comments upon.

One feature of this meeting, which was not on the bills, and which took us altogether by surprise, was this: The delegate appointed to the National Convention, (by this and other counties) which assembled in Philadelphia, and to which, Fillmore was nominated, arose to give a statement of the proceedings on the premises. Immediately the patriotic editors of the American newspaper, and a few of their satellites, began an uproarious clatter, to silence him; and they succeeded. What think you of that, Americans? Is an American meeting to be broken up by such means, and is free speech to be gagged in old Huntingdon County?

The Committee appointed to draft resolutions, mentioned not a word about the course of the "American"—we are informed; but a resolution approving of its course, was brought forward by an outsider, after the Committee had reported!

New Foundry.—Our enterprising friend Gen. McGill has bought the "Alexandria Foundry," and is now in full tide of successful operation. We shall notice him further next week.

Agricultural Meeting.

The Huntingdon County Agricultural Society met at the Court House, in the borough, on Wednesday evening the 16th, and was called to order by the President. Minutes of the last meeting read and adopted. On motion of Gen. J. C. Mason, a committee of three was appointed to report at the next meeting of the Society, upon the best method of reseeded old worn out meadow ground. Gen. J. C. Watson, Hays Hamilton and Geo. Jackson, of Jackson, were appointed said committee.

On motion of Gen. G. W. Speer, a committee was appointed to make a report upon the cause and remedy for the potato rot. Gen. W. Speer, Hon. Geo. Taylor and J. S. Iselt were appointed said committee.

Theo. Creamer Esq. proposed the subject of Lunar influence upon vegetation a proper subject for discussion, which, after some remarks from Messrs. Creamer, Barr, McDivitt, Stewart and Speer, was reported to a Committee, to be reported upon at the next meeting of the Society.

Mr. Creamer stated the question as follows: Has the Moon, its positions or phases any influence upon vegetation? Theo. H. Creamer Esq., Hon. Thos. F. Stewart and Robert McDivitt Esq. were appointed said Committee.

On motion of Geo. Watson, Resolved that this Society hold a Fair next fall the time and place to be determined by the Executive Committee. On motion adjourned to meet on Wednesday evening of the first week of the August Court.

J. S. BARK, Sec.

A HANDSOME TRIBUTE TO FIDELITY.—The editor of the N. Y. Courier has been shown a beautiful gold watch and chain, on the former of which is the following inscription:—Presented to John Upton, by the American Express Company, for his faithful services while a messenger for them, and especially on the night of January 13, 1856. John Upton, with his leg broken, the reader will recollect, on the above night, remained in one of the Hudson River Railroad cars, which was half submerged in water, nearly all night, and did not leave it until the \$1,500,000 of which he had charge, was in safety. The watch cost \$200, and is from the well-known jewelry establishment of Platt & Brothers.

PHILADELPHIA MARKETS.

The tendency of the Flour market is downward, and the demand both for export and home consumption has been quite limited. Sales of 250 barrels Howard street at \$6.75 per barrel and 350 half barrels at \$7.50 per pair. The sales for the supply of the retailers and bakers range from \$7 to \$9, according to quality. Wheat is dull, prices being comparatively below those of Flour, and the millers are purchasing very cautiously. Sales of 1000 bushels Pennsylvania and Southern red at \$1.60 70 per bushel, and white at \$1.70 80. No transactions in Rye. Corn has been in good demand, and 10,000 bushels yellow sold at 57 cents, and some lots in store at 55 1/2 cents. Oats are in fair demand at 39 cents per bushel.

MISCELLANEOUS ADVERTISEMENTS.

SPECIAL NOTICE.

The Lost is Found; THE DEAD HAVE COME TO LIFE. ALEXANDRIA FOUNDRY OWNED BY ISRAEL GRAFFIUS, ESQ.

R. C. MCGILL wishes to inform his friends and the public generally, that he has bought the above-named Foundry, and has taken possession of the same, and is now in full operation. He has the Foundry in full operation, and can furnish all who give him a call with all kinds of Castings; such as Rollers, Mill and Forge Castings, Grist and Saw Mill Castings, improved Thrashing Machine Castings; and in a short time will have Cook Stoves of various sizes and improved patterns for wood and coal, also ten-plate stoves, Air-Tight Parlor and Bar-room stoves, of all sizes for wood or coal. Also Castings for house; cellar grates; such as Lentils, Sills, Sash-Weights, &c. Also of every description of the latest and most improved style. Also used holes, wagon boxes, oven frames, large bells and cast-iron pipes.

R. C. MCGILL.

BOOKS!

40,000 VOLUMES of new and popular Books, embracing every variety usually kept in a Philadelphia Book Store, and many of them at half the Publisher's retail price, the subscriber now offers to the public can be had in any quantities at retail and wholesale rates. Footslep, Letter and Wrapping Paper, wholesale or by the ream.

A NEW DISCOVERY.

In the healing art. Those afflicted with all kinds of Tumors, Wens, Cancers, Fungus, Hainatoes, Schorrs, Gollers, Polyps, &c., or any growth or sore, no matter on what part of the body, can be cured by an entirely new method, without cutting, caustic or pain, (if cured). Those afflicted with Blindness, Deafness, and other Diseases, no matter what their nature may be, can be restored to perfect health, and therefore should not delay a moment. Write disease and symptoms full and you can receive an answer by return mail; to insure an answer enclose the small sum of Twenty-five Cents to warrant him in spending his time for your benefit. All other letters must have a post stamp enclosed to pre-pay answers. N. B.—Dr. K. is a regular Graduate.

Communication.

HUNTINGDON, April 21st, 1856.

To the Editors of the Huntingdon Journal;

In your "Journal" of last week, a communication, under date of April 7th, seems to refer to an American meeting, held at Mill Creek, on the 4th of April. The following is an extract from the article, and purports to relate what was said by the Speaker, viz: "I was astonished and dumfounded on hearing language almost as follows, from a gentleman whom I recognized as an old fellow Whig; that the adoption of the Missouri Compromise for restoration of the Missouri Territory would produce agitation, and Americans should therefore discountenance it as an evil."

I was a Speaker and the only Speaker, at that meeting. If intended to assert that I expressed such sentiments, it is unqualifiedly false. I uttered no word, or thought, that could be construed into such, or any kindred meaning. Without a shadow of truth it is false in every possible shape;—in plain Saxon, a lie, made from raw material by reckless and ignorant, or what is worse by one wicked and willing to "bear false witness against his neighbor."

Yours, &c., A. W. BENEDICT.

Whether Mr. A. W. Benedict made use of the above language, or not, we are not able to say, not being at the Mill Creek meeting; yet we presume our correspondent will say next week; but if he did not make use of it there, by subscribing to the resolutions passed by the "Insurgents" at the meeting in this borough last week, he endorsed it most positively, plainly and emphatically. Every word of it.

Married.

On Tuesday the 15 inst., by the Rev. William G. Holmes Rev. John Rolland to Miss Margaret Curman, all of Trough Creek Valley Huntingdon Co. Pa.

Died.—On Friday the 17th inst., at Burnt Cabins, Fulton Co., Hon. Nathaniel Kelly, in the 73d year of his age.

MILNWOOD ACADEMY.

SHADE GAP, HUNTINGDON COUNTY, PA.

W. H. WOOD, A. M., Proprietor and Principal. SAMUEL CAMPBELL, Assistant. JOHN M. CASLAND, Teacher in Preparatory Department. Rev. W. S. MORRISON, Lecturer on Evidences of Christianity. Rev. JAMES CAMPBELL, Lecturer on General Literature. J. A. SHADE, M. D., Lecturer on Anatomy and Hygeana.

The semi-annual Exhibition will take place on the 1st Wednesday of April. An address will be delivered before the societies in the fore part of the day. The exhibition will come off in the evening, the examinations the week previous. These exercises the friends of education are respectfully invited to attend. The next session will open the 1st Wednesday of May. This institution has received the inducements to young men seeking an education. The Board of Trustees is composed of gentlemen of high literary attainments and skilled in their professions. The location is very healthy, having the pure mountain air and free from all noxious vapors arising from stagnant water and marshy ground. Those subject to ague could not find a more desirable place. The temptations to vice, idleness, and dissipation are few. There is nothing to draw the mind of the student from his books, no liquor is allowed to be sold in the place or nearer than Mt. Union, 17 miles off. It is just such a situation as a young man desiring of improvement would seek.

The societies are in a flourishing condition; and each has a fine library of choice works. The buildings are large and commodious, capable of accommodating some fifty students. Shade Gap is a quiet and retired place, situated on the mail route between Chambersburg and the Mt. Union station on the Penna. Railroad.

Terms.—For session of five months, for board tuition and room, \$52.50. Washing, light and fuel, extra. Students are charged from the time of entering until the close of the session. Payments quarterly in advance. For catalogues and further particulars address

W. H. WOOD, Shade Gap, Hunt. Co., Pa.

CHEAP LANDS!

BY MUTUAL ASSOCIATION. A HOME FOR ALL FOR ONE DOLLAR!

SHARES \$3. Quarter SHARES \$1. THE Directors of the Great North Western Mutual Land Agency, elected by the Shareholders of their respective towns, Jan 1st 1856: F. H. Beaubien, Ottawa city, C. W. Walton, H. Draper, New York, J. P. Patterson, Springfield, Ill., G. W. Mason, Richmond, Va., G. W. Leland, Chicago, Ill., G. L. Barnes, Chicago, Ill., respectfully announce that in accordance with the vote of a large majority of the stockholders, received by letter in answer to their circular and report, that they will distribute on the 1st of May, 1856, to the

FIRST DAY OF MAY 1856.

Among the shareholders of the Association, \$125,000 IN LANDS AND CASH. Comprising 42 farms, worth from \$500 to \$30,000 each, 100,000 town lots in promising towns, 30,000 acres choice Western lands, as follows: 1 Farm of 320 acres, with orchard and good buildings, within one mile of the R. R. station, and 20 miles of Chicago, \$30,000

1 Farm, 100 acres, in Rock county, Wis., with well timbered, fair buildings and half tract, 20,000 4 Farms in Illinois, each \$1000, 4,000 3 " " Indiana, " 500, 1,500 2 " " Missouri, " 600, 1,800 Ten 160 acre tracts in Wis., each \$400, 4,000 1,000 town lots in the above States, 5,000 20,000 acres choice town lands, 30,000 10,000 acres prairie lands in Iowa and Minnesota, being entered.

Most of the lands are in good sections, and the lands are so divided as to secure to every share, at least a town lot or an acre of good land, with the chance for the splendid farms, worth from \$500 to \$30,000 each.

Such is the increased value of these lands that purchasers stand ready to pay cash, within 20 per cent of their valuation, for any of the prizes over \$100. And smaller prizes will be taken at their value, in payment for stock in the next annual distribution.

The committee have received the books, papers, registers and titles to the lands, have visited most of the farms, and find everything correct and satisfactory—much beyond their most sanguine expectations. They therefore, without hesitation, recommend the association to all who may desire a home in the West, and to those seeking profitable investments. Where a few dollars now invested may tell largely in the future without risk or loss.

Any person may become a member of the association, and joint owner of the property, entitled to distribution, on the purchase of one or more shares or quarter shares. Every share and quarter share is duly numbered, signed and registered and will draw its proportion of the property by its Number in whole or quarter tracts. There being a limited number of shares yet unsold, agents are wanted in every town in the United States and Canada, to sell stock and may Land Warrants, and to report extraordinary chances for investment. A good percentage will be allowed. Booksellers and newsmen are particularly requested to act as agents. Land Warrants are wanted by the association at their face or \$1.25 per acre, in stock or the market price in cash. The more funds received the more land there will be to divide, as every dollar now received by the Directors will be invested for the benefit of the association at their face or \$1.25 per acre, in stock or the market price in cash.

The more funds received the more land there will be to divide, as every dollar now received by the Directors will be invested for the benefit of the association at their face or \$1.25 per acre, in stock or the market price in cash.

MISCELLANEOUS ADVERTISEMENTS.

TREASURER'S SALE.

OF UNSEATED LANDS, Sold for Taxes up to and including 1854.

WHEREAS, by an act of the General Assembly of the Commonwealth of Pennsylvania, entitled "An act to amend an act directing the mode of selling unseated lands for taxes and other purposes," passed 12th March, 1815, and the other acts upon that subject; the Treasurers of the several counties within this Commonwealth are directed to commence on the 2nd Monday in June in the year 1816, and at the expiration of every two years thereafter, and adjourn from day to day, if it be necessary so to do, and make public sale of the whole or any part of such tracts of unseated land, situate in the proper county, as will pay the arrears of the taxes which shall then have remained due and unpaid for the space of one year before, together with all costs necessarily accruing by reason of such
