

Farmer's Column.

Clover as a Manure. In the last number of Moore's Rural New Yorker, we find an elaborate article on the value of clover for plowing under as a manure.

What constitutes value in Manure.

We derive the following article from a paper recently read before the London Society of Arts by Mr. J. B. LAWES, the well known English agriculturist:

"The term manure includes a great variety of substances, from the disgusting mass of corruption, the very odor of which is almost sickening to the purest and most delicate crystallized salts.

"The crops grown by the farmer are found to be composed of a number of different elements; and if the soil were only a medium of support to the roots of the plants, and neither it, nor the atmosphere, furnished any of these elements, the art of manuring would be simple enough--it would be confined to replacing the elements contained in the crop exactly in the same proportion in which they were removed from the land.

But what is it that daily enters the houses of the most respectable families in Philadelphia? What is it that gives such happy and bright prospects to those whose limbs were drawn almost into knots?

What is it that cures the tooth-ache, and cures of many Philadelphia's venery? What is it that cures Rheumatism without leaving any bad effects?

What is it that makes the palsied limb alive again? What is it that cures the Cramp, that dreaded complaint which sweeps thousands of this land into their graves?

What is it that soothes and takes away inflammation from the bowels twice a day? What is it that heals wounds and relieves all pain?

It is Prof. Charles DeGruat's, Original, Genuine Electric Oil. Yes! it has cured more cases than were thro' hope than any medicine extant.

Do you see? I don't believe it! Ask those who have used it, they will tell you that Oil gave relief after all remedies had failed. When you ask for Electric Oil, be sure you ask for Prof. DeGruat's, as it is the only Genuine Electric Oil prepared; take none other as all others are imitations, and I will not be responsible for any, except my name be in writing upon the wrapper and my name blown in the glass.

READ THIS! Mr. LIVINGSTON, of New York, Editor of the Monthly Law Magazine, wrote me that he was cured of a swollen and stiff neck by one application of the Oil was recommended by a lady in the Girard House.

AND THIS. Mrs. Cammen, Coates St. above Ridge Road, called May 14th and said the Oil cured her of Neuralgia, Chills and Croup.

Mothers supply yourselves, 25 cts. per bottle, and send no more.

Mr. CAMPBELL, of Montgomery Co., Penna., bought a bottle a few days ago, and said he had used it in his family for swollen glands and swellings which generally appear in persons after leaving the South Sea.

Persons are daily calling at my office, 39 Nth. 8th St., and telling me of its wonderful curative effects.

Per 25 cts., 50 cts., and \$1 per bottle. Large bottles the cheapest. This valuable Oil is sold by Thomas Read & Son, Huntingdon, Hunt. Co., B. Barwell, Montgomery, Blair Co., W. G. MISCELLANEOUS ADVERTISEMENTS.

Greatest Medical Discovery of the Age. Dr. Kennedy, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR, from the worst scrofula down to a common pimple.

He has tried it in over 1100 cases, and never failed except in two cases, (both thimer humors). He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth. One to three bottles will cure the worst kind of Pimples on the face.

Two or three bottles will cure the system of Biliousness. Two bottles are warranted to cure the worst case of Erysipelas.

One to two bottles are warranted to cure all humors in the eyes. Two bottles are warranted to cure the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers. One bottle will cure sealy corruption of the skin.

Two to three bottles are warranted to cure the worst case of ringworm. Two to three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure the most violent gonorrhoea. Five to eight bottles will cure the worst case of scrofula.

A benefit it always experienced from the first bottle, and a perfect cure is warranted when the cure remains in taking.

Readers are invited to send a thousand bottles of this in the vicinity of Boston. I knew the effect of it in every case. So sure was water will extinguish fire, so sure will this cure humor.

I never sold a bottle of it but that sold another after that it always speaks for itself. There are two things about this herb that appear to me surprising; first it grows in our pastures in some places quite plentiful and yet its value has never been known until I discovered it in 1846--second that it should cure all kinds of humors.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it, I sold about six bottles per day--in April, 1854, I sold over one thousand per day.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise from all quarters.

In my own practice I always kept it strictly for humors--but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits--a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy it will prove effectual in all cases of that disease.

I know of several cases of Dropsy, all of whom aged people cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary--eat the best you can get and enough of it.

DISCOUNTS FOR USE--Adults one table spoonful per day--Children over ten years deserv spoonful--Children from five to eight years tea spoonful. As no directions can be applicable to all cases, I have the pleasure to operate on the bowels twice a day.

A HUMAN LIFE SAVED. Dowagiac, Mich., March 11, 1856.

J. A. Rhodes, Esq. Dear Sir--As I took your medicine to sell on consignment, "no cure no pay," I take pleasure in stating its effects as reported to me by three brothers who live in this place, and their testimony is a fair specimen of all I have received:

W. S. Conklin told me--"I had taken nine bottles of Christie's Ague Balsam, and continually ran down while using it until my lungs and liver were congested to that degree that blood discharged from my mouth and bowels, so that all thought it impossible for me to live through another chill. The doctors too did all they could for me, but thought I must die. Nothing did me good until I got Christie's Ague Cure, which at once relieved me of the distress and nausea at my stomach and pain in my head and bowels, and produced a permanent cure in a short time."

H. M. Conklin says: "I had taken medicine of as good a doctor as we have in our country, and taken any quantity of quinine and specifics without any good result from 25th August to 17th December. But seeing how nicely it operated on my brother, I got a bottle of Christie's Ague and Ague Cure, which effected a permanent cure by using two thirds of a bottle."

S. M. Conklin was not here, but both other brothers say his case was the same as H. M.'s, and that the medicine cured him, and that the cure was as speedy from the same small quantity, and I might so specify. Yours with respect, A. HUNTINGDON.

The above speaks for itself. Good proof as it is, it is of no letter tender than the vast number of like certificates I have already published, and the still greater amount that is pouring in to me. One thing more. Last year I had occasion to caution the Public in these words:

"I notice one firm who have taken one of my general circulars, substituted the name of their nostrum for my medicine, and then with brazen impudence and their pamphlet with the exclamation, 'Let the proprietors of any other medicine say as much of the doctor,' &c."

Now I take pleasure in saying that the Caution referred to the same "Dr. Christie's Ague Balsam" that is mentioned in the above certificate.

There are several other industries people who are applying to their poisonous trash all that I publish about my Fever and Ague Cure, or Antidote to Malaria, except the Certificates of cures and the Certificate of the celebrated Chemist, Dr. James R. Clinton, of N. Y., in favor of its perfectly harmless character, which is attached to every bottle. This will always serve to distinguish my medicine from imitations. For sale by John Read, Huntingdon, and Druggists generally.

For the rapid cure of Coughs, Colics, Hoarseness, Bronchitis, Whooping-Cough, Asthma and Consumption, it is universally known as the best remedy ever yet discovered for every variety of pulmonary disease. So wide is the field of its usefulness, and so numerous the cases of its cures that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate cases of the lungs by its use. When once tried its superior merits in every other medicine. Its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. By its timely use many, nay, almost all attacks of disease upon the Lungs or Throat, are arrested and thus are saved many thousands every year from a premature grave. No family should be without it, and those who neglect to provide themselves with a remedy which wards off this dangerous class of diseases will have cause to deplore it when it is too late.
