MITCHELL'S NEW NATIONAL MAP.

EXHIBITING THE UNITED STATES, WITH THE NORTH AMERICAN BRITISH PROVINCES, AND SANDWICH ISLANDS, ALSO, MEXICO AND CENTRAL AMERICA. Together with CUBA, and other West India Islands. Published by S. AUGUSTUS MITCHELL, Philadelphia.
THIS MAP, extending from the Atlantic to the Pacific Ocean, and from the 50th parallel of north latitude to within a few degrees of the Equator, is the only large metallic plate map ever published in this country, exhibiting the United States, Mexico and Central America in their proper connection; and it is on a larger scale than any Map heretofore published extending from Ocean to Ocean. All Railroads, Canals, Rivers, Lakes and Mountain Ranges are correctly delineated. The proper location of all Cities, principal Towns, Villages, Forts, Missionary Stations, stopping places on the overland routes to Oregon, California, &c., are distinctly exhibited. Also the several routes by water, as well as by land, to the Pacific Coast, with distances marked thereon. It also embraces Tables of valuable statistical matter, population of all counties in the United States, length of principal rivers, height of mountains, &c. In the construction of this work, the most authentic and reliable information has been collected at great labor and expense. It is engraved in the finest and most elaborate style, and richly colored, so as to distinguish readily the external boundaries and internal divisions of the several countries embraced within its vast extent.
In introducing this work, made necessary by the rapid advances of geographical science, by which regions, before comparatively unknown, have been explored, physical and geographical character estimated with greater accuracy, and the sphere of civilization and commerce extended—the subscriber, after respectfully announcing to the public that he has been appointed sole agent for the county of Huntingdon, and tendering, by request, the acknowledgment of the publisher, of their kind encouragement during his labors in publishing geographical works for the past thirty years, assures them that it is the most complete, correct and reliable map of the United States and adjacent countries that has ever been published. It is mounted on rollers and finished in the most elegant manner.
Size, 5 ft. 4 in. by 5 ft. 6 in.
Will be sold exclusively by Subscription.
GEO. E. EMERSON.

TESTIMONIALS. From an examination of "Mitchell's New National Map" of the United States and adjacent countries, we are fully satisfied that no map of the United States is more complete, correct and reliable in all respects to be reliable. We heartily commend it to the attention of all who wish a cheap accurate and elegant map.
J. A. HALL, WM. COLON.
Having examined "Mitchell's New National Map" of the United States and the adjoining countries, we have no hesitation in saying that, for accuracy and reliability, it is the most perfect map extant. One great object in presenting this statement is, that we deem it of the highest importance to encourage effort in the right direction, and of furnishing correct intelligence on a subject so essential to the community at large.

MISCELLANEOUS ADVERTISEMENTS.

PUBLIC SALE OF LOTS IN THE TOWN OF HOPEWELL.

A Sale of lots in the town of Hopewell will take place by Public Auction, on the premises on Thursday the 31st of July, 1856. The sale to commence at 9 o'clock in the forenoon.
The town of Hopewell, the termination of the Huntingdon and Broad Top Mountain Railroad, is located on the east bank of the Juniata, opposite the mouth of Yellow Creek. It is destined to be a large and important town; it is within half a mile of the Coal openings; it lies directly upon the main line of rail road; and at the point where the rail road for the Bedford Springs will leave the rail road for the plank road. It is the only point on the main rail road, where the produce of the great rich limestone valleys, watered by the Raystown Branch of the Juniata and its tributaries, can find a convenient shipping place to market. But the great advantage of Hopewell, are the facilities which it affords to the manufacture of iron. There is no place in Pennsylvania. There is an inexhaustible supply of Coal, iron ore and limestone, and also a great abundance of water-power in and adjoining the town. The terms will be made known at the time of sale by HENRY K. STRONG, President of the Hopewell Coal and Iron Co. H. R. COMSTOCK, Secretary July 16, '56.—31.

VALUABLE FARM FOR SALE.

THE undersigned offers at Private Sale a tract of fine limestone land, situate in Woodcock Valley, Huntingdon county, about one mile from McConnelltown, one and a half from the Broad Top Railroad and six and a half from the Penna. Railroad and Canal at Huntingdon.
There are 451 ACRES in the whole tract. 200 of which are cleared and in good cultivation; 150 acres are in Clover and 20 in Timothy.
It is all good limestone land, and can conveniently be divided into two or more farms. There are a Good Dwelling House, a Fine Stable, Double Barn and Outbuildings, and Two Orchards, on the property.
A stream sufficient for a Saw Mill runs thro' it, and there are springs in every field except one. The land which is not cleared is well covered with poplar, chestnut, white oak, hickory, walnut, locust and maple timber of the best quality.
There is a good Lime Kiln on the farm and a Vein of Fossil Ore runs through the land, which will make iron equal to any manufactured on the Juniata.
The land is all patented and an indisputed title will be given.
Terms—One fourth in hand and the residue in three equal annual payments with interest. Possession given after the first of April next.
Any further information desired will be given by MILES & DONNS, Huntingdon; Daniel Flourer, on the premises, or the undersigned at Kittanning.

NEW INVENTION! LABOR-SAVING MACHINE.

WE take this method of introducing to Farmers and Mechanics Lightner & Co's. new Corn Husker and Topper.
These instruments are neat, cheap and convenient. They can be shut up and carried in the pocket like a knife. They prevent the hand from being injured by the husk, and are very durable.
Those who have purchased and examined them consider that they supersede all other machines of the kind in utility and cheapness. We would request all the readers of the Journal who are in any way connected with the farming business to purchase one or more of these machines.
Any one sending \$2.00 to the editor of this Journal will receive, postpaid, one of these machines, or two for \$3.50, one dozen for \$15. There is no deception in these machines, hundreds of recommendations can be given of them, but we deem it unnecessary.
They are manufactured by the best mechanics in our cities, and will not get out of order by long usage.

RESOLUTION, PROPOSING AMENDMENTS TO THE CONSTITUTION OF THE COMMONWEALTH.

Resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following amendments be proposed to the constitution of the commonwealth, in accordance with the provisions of the tenth article thereof.

There shall be an additional article to said constitution to be designated as article eleven, as follows:—

ARTICLE XI. OF PUBLIC DEBTS.

SECTION 1. The state may contract debts, to supply casual deficits or failures in revenues, or to meet expenses not otherwise provided for; but the aggregate amount of such debts direct and contingent, whether contracted by virtue of one or more acts of the general assembly, or at different periods of time, shall never exceed seven hundred and fifty thousand dollars, and the money arising from the creation of such debts, shall be applied to the purpose for which it was contracted, or to repay the debts so contracted, and to no other purpose whatever.

SECTION 2. In addition to the above limited power the state may contract debts to repel invasion, suppress insurrection, defend the state in war, or to redeem the present outstanding indebtedness of the state; but the money arising from the contracting of such debts, shall be applied to the purpose for which it was raised, or to repay such debt, and to no other purpose whatever.

SECTION 3. Except the debts above specified in sections one and two of this article, no debt whatever shall be created by, or on behalf of the state.

SECTION 4. To provide for the payment of the present debt, and any additional debt, contracted as aforesaid, the legislature shall, at its first session, after the adoption of this amendment, create a sinking fund, which shall be sufficient to pay the accruing interest on such debt, and annually to reduce the principal thereof by a sum not less than two hundred and fifty thousand dollars; which sinking fund shall consist of the net annual income of the public works, from time to time owned by the state, or the proceeds of the sale of the same, or any part thereof, and of the income or proceeds of sale of stocks owned by the state, together with other funds, or resources, that may be designated by law. The said sinking fund may be increased, from time to time, by assigning to it any part of the taxes, or other revenues, not required for the ordinary and current expenses of government, and unless in case of war, invasion or insurrection, no part of the said sinking fund shall be used or applied otherwise than in extinguishment of the public debt, until the amount of such debt is reduced below the sum of five millions of dollars.

SECTION 5. The credit of the commonwealth shall not in any manner, or event, be pledged, or loaned to, any individual, company, corporation, or association; nor shall the commonwealth hereafter become a joint owner, or stockholder, in any company, association, or corporation.

SECTION 6. The commonwealth shall not assume the debt, or any part thereof, of any county, city, borough or township; or of any corporation, or association; unless such debt shall have been contracted to enable the state to repel invasion, suppress domestic insurrection, defend itself in time of war, or to assist the state in the discharge of any portion of its present indebtedness.

SECTION 7. The legislature shall not authorize any county, city, borough, township, or incorporated district, by virtue of a vote of its citizens, or otherwise, to become a stockholder in any company, association, or corporation; or to obtain money for, or loan its credit to, any corporation, association, institution, or party.

SECTION 8. OF NEW COUNTIES.

No county shall be divided by a line cutting off over one-tenth of its population, (either to form a new county or otherwise,) without the express assent of such county, by a vote of its electors thereof; nor shall any new county be established, containing less than four hundred square miles.

SECTION 9. From section two of the first article of the constitution, strike out the words, "of the city of Philadelphia, and of each county respectively;" from section five, same article, strike out the words, "of Philadelphia and of the several counties;" from section seven, same article, strike out the words, "neither the city of Philadelphia nor any;" and insert in lieu thereof the words, "and no;" and strike out section four, same article, and in lieu thereof insert the following:—"SECTION 4. In the year one thousand eight hundred and sixty-four, and in every seventh year thereafter, representatives to the number of one hundred, shall be apportioned and distributed equally throughout the state, by districts, in proportion to the number of taxable inhabitants in the several parts thereof; except that any county containing at least three thousand five hundred taxable males, may be allowed a separate representation; but no more than three counties shall be joined, and no county shall be divided, in the formation of a district. Any city containing a sufficient number of taxable inhabitants to entitle it to at least two representatives, shall have a separate representation assigned to it, and shall be divided into convenient districts of contiguous territory, of equal taxable population as near as may be, each of which districts shall elect one representative."

SECTION 10. The legislature, at its first session, after the adoption of this amendment, shall divide the city of Philadelphia into senatorial and representative districts, in the manner above provided; such districts to remain unchanged until the next apportionment, to be made one thousand eight hundred and sixty-four.

FOURTH AMENDMENT.

To be Section XXVI, Article I. The legislature shall have the power to alter, revoke, or annul, any charter of incorporation hereafter conferred by, or under, any special or general law, whenever their opinion is that no injury will be done to the citizens of the commonwealth; in such manner, however, that no injustice shall be done to the corporations.

IN SENATE, April 21, 1856. Resolved, That this resolution pass. On the first amendment, yeas 24, nays 5. On the second amendment, yeas 19, nays 6. On the third amendment, yeas 23, nays 1. On the fourth amendment, yeas 23, nays 4. Extract from the Journal.

THOMAS A. MAGUIRE, Clerk.

IN HOUSE OF REPRESENTATIVES, April 21, 1856. Resolved, That this resolution pass. On the first amendment, yeas 72, nays 24. On the second amendment, yeas 63, nays 25. On the third amendment, yeas 64, nays 25; and on the fourth amendment, yeas 69, nays 16. Extract from the Journal.
