ADVERTISEMENTS

A HUMAN LIFE SAVED, Greatest Medical Discovery of Downies, Mich., March 11, 1856. J. A. Rhodes, Esq.: Dear Sir—As I took your medicine to zell on consignment, "no cure no pay," I take pleasure in stating its effects as re-ported to me by three broth ars wholive in this place, and their testimony is a fair specimen of all I have received : the Age. Dr. Kennedy, of Roxbury, has discovered in one of on: common pasture weeds a remedy that cures EVERY KIND OF EUDIOR, from the worst ple.

place, and their testimony is a fair specimen of all I have received : W. S. Conklin told me-"I had taken nine bottles of Christie's Ague Balsam, and continuple. He hastried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred criticates of its vittue, all within twenty miles of Boston. Two hoitles are warranted to cure a nursing bottles of Christie's Agne Palsam, and continu-ally ran down while using it until my lange and liver were Congered to that degree that blood discharged from my mouth and bowels, so that all thought it impossible for me to live through another chill. The doctors to odi all they could for me, but thought I must die. Nothing did my good until I got Ikhole's Fever and Agne Cure which at once relieved mo of the distress and nau-ace at my stomach and pain in my head and bowels, and produced a permanent cure in a short time." sore mouth. One to three bottles will cure the worst kind of Dimples on the face. Two or three bottles will cure the system of Biles.

aca at my stomach and pain in my head and bowels, and produced a permanent cure in a short time." If. M. Conklin says : '1' had taken medicine of as good a doctor as we have in our county, and taken any quantity of quinine and specifics without any good results from 25th August to 17th December. But seeing how nicely it ope-rated on my brother, I got a bottle of Rhodes' Forer and Ague Cure, which effected a perma-nent cure by using two thirds of a bottle." S. M. Conklin was not here, but both other brothers say his case was the same as H. M's. I sold the medicine to both the same day, and the cure was as speedy from the same small quan-tity, and I might as specify. Yours with re-spect, A. HUNTINGTON. The above speaks for itself. Good proof as it is, it is of no better tenor than the vast number of like certificates I have already published, and the still greater amount that is pouring in to me. One thing more. Last year I had occasion to Caution the Public in these words :--"I notice on firm who have taken one of my gen-cral circulars, subsituted the nume of their nostrum for my medicine, and then with breast moduler ead their pamphlet with the exclamation, "Let the operate of any other medicine say as much if he dares," "Ac. of Pimples on the face. To the and a perfect cure is waranted when the above quantity is them. Beader, I pedided over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor.— I never sold a bottle of it but that nold another after at rial talways speaks for itself. There are two things about this berb that appear to me surprising first if grows in our pastares in some places quite plentiful and yet its value has never been known until I discovered it in 1846—second that it should enre all kinds of humor.— In order to give some iden of the sudden rise and great popularity of the discovery. I will state that in April, 1853, I pedided it and sold over one thousand per day of it. Some of the wholesale Druggists who have been in busingss twenty and thirty years, say that nothing in the annals of patent melicines was ever like it. There is a universal praise of it from all quarters. In my own practice I always kept it strictly for humor-but since its introduction as a gen-eral finally medicine, great and wenderful vir-ues have been found in it that I never suspect-ed.
