Does the American Party Desire Union?

In order to test the sincerity of our Fillmore friends on the subject of a union against the Locofocos, we assisted, last week, in arranging a Union Meeting, to be held in Huntingdon on Friday night. The conference that called the meeting was composed equally of Fillmore and Fremont voters, and about an equal number of each was informed of the time and place appointed for the proposed caucus, and its object. The Fremont men appeared promptly on the ground, but we regret to say that a Fillmore man made his appearance! And we regret still more the fact, that the failure was caused by Fillmore office-seekers, who basely themselves all evening to deter honest men of their party from coming forward and accepting the olive branch held out to them! A. W. Benedict and David Blair, Esqrs., were prominent in their denunciations of the Fillmore men, and their own sincerity was proved by openly, tamely, and with an air of defiance, declaring that he sought no Union, and desired no union with the Republicans! We are aware that this will appear strange, if not incredible to our country readers. It is nevertheless true, and susceptible of proof; for "this thing was not done in a corner," but on a public thoroughfare of the town, and in hearing of competent witnesses of all parties.

Now, the question will naturally arise in every honest mind, what could impel Messrs. Benedict and Blair, to this arrogant, insane course? We answer, they are, as usual, good candidates for office, the one for a seat in Congress, the other for State Senator. They distrust the free, untrammelled voice of the people and rest all their hopes of success in the nominating convention on the political control which they fancy they exercise in the American organization. Hence they wish to limit the delegate election to members of the Order; but if successful in the Convention, they will then seek a union with us to secure their election. What folly, what presumption! Exclude the Fremont voters from a participation in the primary meetings, and then complacently ask them to support the very men that rejected their offers of co-operation! Is not this the climax of audacity? But with our surprise and regret at the facts we are recording, there is mingled no fear of the consequences. The honest masses of the county will not blindly follow the lead of a couple of worn-out office-hunters; but will cordially unite in forming a county ticket that will command the respect and concentrate the efforts of all the friends of free speech and free territory. The people are beginning to move in the matter, and demagogues must stand aside, or at least keep their selfish ends and aims subordinate to the public good.

We are authorized to announce that Gen. John Williamson of this place, will be a candidate for Congress, subject to the decision of the Republican Americans of the counties composing this Congressional District.

Mr. W. stands fair and square upon the great question of the day. He is pledged, and we take his past course as a guarantee for the future—to freedom, free speech, free men, free Kansas. If elected, we are confident that Gen. Williamson will be a representative worthy the freemen whom he represents. The times require a firm-nerve, true-hearted man, and these qualities are happily blended in Mr. Williamson.

At a meeting of the American Republican County Committee, on Saturday, S. G. Whittaker, who had been appointed temporary Chairman, resigned, and the Committee proceeded to the election of officers, to serve one year. Dr. John McCulloch was unanimously chosen Chairman.

It may not be known by the travelling public that John Jamison, Esq., has splendid line of stages running daily between the following points: From Chambersburg to Hagerstown, "do" to Bedford, "do" to Mt. Union, "do" to Bedford. Mr. Jamison is an enterprising man. His employees are accommodating and his coaches of the first class for comfort.

A Union in the Wrong Quarter. The office-holders under the general government having been assessed by the Buchanan Executive Committee, and forced to pay a tax according to the value of each respective office, thus raising a large fund to carry on the campaign, and "subsidize" the freemen of the north, a large portion of that fund on a vote of the Committee at Washington, last week, was directed to be paid toward sustaining and supporting the newspapers in Pennsylvania favorable to the election of Mr. Fillmore, wisely deeming the spending of money in that way, as more effective, than it would be if spent in the direct advocacy of Mr. Buchanan and his pro-slavery principles. Does it need more than this to convince any honest Fillmore man that in supporting Mr. Fillmore he is only assisting Buchanan, Douglas & Co., to carry out their threat, "WE WILL SUBDUDE YOU!"

What share of this fund our neighbor of "American" will be allowed to draw, we cannot say, but we think it should be considerable, as it has been a rough business to ride against the popular current of freedom, now sweeping over the country, and in doing so, great loss of patronage must of course have followed. The chances are however, that some officiating out side friend, as usual, will lay hold of the money intended for the support of the paper, and the editor will never get a sight of it. Keep a sharp look out, John, and see you are not cheated as others have been before you.

CALL FOR A COUNTY CONVENTION WITHDRAWN. On a consultation of the members of the County Committee of the friends of Fremont and Free Kansas of our county, in reference to the holding of a Convention in Huntingdon on the 12th day of August next, for the purpose of nominating a county ticket and doing such other business as the interests of the party may require, it was

Resolved, That, inasmuch as it is the only desire and object of the friends of Fremont to obtain the access to the polls of all the voters of free speech, and not to build up a particular exclusive party, at the expense of dividing and distracting the ranks of the opposition to the sectional pro-slavery party headed by Buchanan, Pierce, Brooks, & Co.; unless forced into such course by the friends of Mr. Fillmore, that we call for a convention to be held in the town of Huntingdon on Friday night, to be held in Huntingdon on Friday night. The conference that called the meeting was composed equally of Fillmore and Fremont voters, and about an equal number of each was informed of the time and place appointed for the proposed caucus, and its object. The Fremont men appeared promptly on the ground, but we regret to say that a Fillmore man made his appearance! And we regret still more the fact, that the failure was caused by Fillmore office-seekers, who basely themselves all evening to deter honest men of their party from coming forward and accepting the olive branch held out to them! A. W. Benedict and David Blair, Esqrs., were prominent in their denunciations of the Fillmore men, and their own sincerity was proved by openly, tamely, and with an air of defiance, declaring that he sought no Union, and desired no union with the Republicans! We are aware that this will appear strange, if not incredible to our country readers. It is nevertheless true, and susceptible of proof; for "this thing was not done in a corner," but on a public thoroughfare of the town, and in hearing of competent witnesses of all parties.

Resolved, That we earnestly ask that Convention to pursue a just and liberal policy in regard to the unfortunate division of opinion which on Saturday the 29th of August next, will be made, and that we earnestly request that the friends of Fillmore and a great portion of the friends of Fremont are in favor of freedom of speech in the Halls of Congress and the admission of Kansas with a free constitution, great principles much to talk of in the Convention, in his halting for Congressmen, to give us no man for that office who is not well-known to be unwaveringly right on those great questions, and not made of doughy material.

Resolved, That the members of the County Committee will meet at the Court House on Wednesday the 1st day of August next, at 9 o'clock, P. M., to consult together and determine whether our wing of the party has been treated fairly or not in the Convention of the previous day, and take such action in the premises as may be most advisable. All the members are particularly requested to be present at that time and place. Signed by the Committee.

IS THIS TRUE? We have received the following letter of inquiry from a prominent American of Birmingham. Will some knowing one answer? Messrs. Editors:—I have been told there is actually residing in your borough, a candidate for nomination to Congress, by the American party, who, on being interrogated concerning his course, if elected, on the great question of freedom in Kansas, replied, "that he had not yet made up his mind on that question." I do not believe the story; but if it should be true, you should know it and point him out publicly, so we may run no risk of having any dough-face stuff added upon us unwares.

Birmingham, 26 July, 1856. P. We may reply to our correspondent thus.—We hear of but two candidates for Congress, in this borough.—Gen. John Williamson and David Blair, Esq. Mr. Williamson we know, is pledged for free Kansas, and we have never made any inquiry about Mr. Blair. We shall be able to answer the query, however, next week.

Acquittal of Herbert. Washington, July 25. The jury in the case of Herbert, charged with the murder of Keating, after retiring for three-quarters of an hour, rendered this evening, a verdict of acquittal. The announcement was received with manifestations of joy, and Mr. Herbert was immediately surrounded by his friends, who accompanied him to the Kirkwood House.

So reads our telegraphic dispatch. But is there no law for an Irishman? Shall an American citizen,—Irish born though he be,—be murdered, basely murdered, and his murderer go unwhipped of justice, because, oh shame to our country, he is a good Democrat! Will the Irish of the country support a party which considers the murder of an Irishman no crime?

County Nominations.

Mr. Editors:—The time is near at hand when something should be done in reference to our county ticket. The opposition to the Buchanan pro-slavery party, seem to be divided on the Presidential question, but whether that division of opinion will operate in such manner as to place two separate tickets in the field, depends altogether on whether each of its wings can and will exercise proper conciliatory policy in reference to the formation of the county ticket. The importance of proper action in this matter is at once apparent, and proper consultation should be had on the subject. Fremont in our section of the county, amongst the members of the American organization, seems to be the choice, but at the same time his friends seem willing to harmonize on local matters as usual, and all they ask is that the County Convention shall act impartially, and not attempt in its deliberations to prescribe men for their honest votes on the great national question. I, for one, will say that if the American County Convention will simply meet and make its nominations of suitable men, without engaging whether such men be for Fillmore or for Fremont, and leaving their own liberty of action to their own judgment in voting at the Presidential election, and not attempt to force the expression of the delegates either in favor of one or the other of the Presidential nominees, I have no doubt we can all harmonize and triumphantly carry such ticket. But I must say, that if prescription is the order of the day, and the Convention attempt to control the party on the national question, and nominate exclusively Fillmore men, the friends of Fremont both inside and out of the organization will be forced into holding a convention of their own, and throw their whole vote for a separate ticket. The necessity for harmony and proper conciliatory policy can be seen at once, and I hope the County Convention will be wiser, and will not be influenced in their action by any of the few political demagogues, who may fanatically and unwisely advise a separate and prescriptive party. A FREMONT AMERICAN. Class Township, July 21, 1856.

Freemont in Chester County. West Chester, July 23, 1856. In this county all the elements of opposition to the present anti-American, slavery extending Pierce dynasty have been consolidated under the American Republican banner. Chester county plays no idle stream. She stands with a united front against the common enemy.—Fremont and Freedom will receive a vote which will cheer the heart of every friend of "Union and Liberty."

The three thousand American voters in this county still remain true to the distinctive doctrines of the American party. Finding that Mr. Fillmore utters no word for bleeding Kansas, nothing against the extension of negro slavery; but every sentiment he does proclaim exhibits a mean subservience to the South, and shows him a duped-faced traitor to the North, so the Americans of this county have resolved to go in for a true son of the South and the whole country, "Fremont."

I repeat, in the present struggle between Freedom on the one hand, and slavery extension on the other, this county will give a larger majority by one half than she has ever given within the knowledge of the writer. Why should it not be so? Our people see that the Democratic party are completely effeminized. Every plank in their platform is niggerized.—The reflecting are leaving it, and the mass are lukewarm for its candidates. The people of this county believe that the institution of slavery is a stupendous moral and political evil,—a festering cancer on the body politic—a gross libel on our republican system of government—an element of weakness in time of war, and a constant source of strife and bitterness, in and out of Congress, at all times, "casting up mire and dirt," and alienating one portion from another.

GOOD NEWS. The Radical Democracy of the State of New York, held a State Convention last week, in which every county in the State was represented, and repudiated Buchanan and the Cincinnati Platform, and unanimously resolved to support FREMONT & DAYTON.

Huzza! Huzza! We give the following extract of a letter received from an influential gentleman in the lower end of the county. It is the right talk, and should have a double weight, coming from a prominent American:

"I am told, is quite warm on the subject; and I know that about one-half the former Americanians here, will support Fremont and Dayton, to say nothing about the old line Whigs, who are all Republicans. So far from anything being something united. United we may accomplish something; divided we can accomplish nothing. The Republicans here favor the nomination of S. S. Blair, Esq., of Hollidaysburg, for Congress, &c."

OUR BOOK TABLE. We are indebted to the President, for a copy of the "Annual Announcement of the Medical Department of the Pennsylvania College." From this, we perceive that the College is in a most flourishing condition. It is, in fact, an honor to the country.

There are eleven county offices to be filled this fall, and for these eleven county offices, TWELVE candidates all from the BOROUGH OF HUNTINGDON, are presented! Are a few men to have perpetual possession of the feed trough?

Out for Fremont. W. Y. Roberts, formerly of Fayette county, and three or four years since, a Democratic member of the Legislature from that District, but lately a citizen of Kansas and now acting Lieutenant Governor of that Territory, made a speech at a Fremont ratification meeting in Easton on Friday last. It seems his residence in Kansas and being an eye-witness to the scenes enacted in that Territory, has cured him out with the sham Democracy. We are told that there are other men in Fayette county, prominent Democrats heretofore, who have espoused the cause of Fremont.

Herbert, the murderer of Keating, gave the one vote by which the Free State Kansas Bill was killed in the House of Representatives on the first trial. Before the second vote was taken he was sent to jail.—If all the Rufian Man Slayers on the Missouri borders were similarly disposed of Freedom would easily triumph in Kansas.

Remember? That Mr. Haven, member of Congress from Buffalo, and the Law Partner of Mr. Fillmore, voted in Congress against admitting Kansas as a Free State!

For the Journal. Henry Brewster, Esq.

Allow me the privilege through the columns of your paper to recommend the above named gentleman of Shirleyburg, to the opponents of the present national administration, as a very suitable person to receive the nomination for one of the Associate Judges of Huntingdon County. There is no question as to his qualifications and fitness for the position. All who know him will concede this. Henry Brewster is a man of unimpeachable integrity and of sterling moral worth—just such a man as the interests of the people require.

In addition, I for one think, that Mr. Brewster was rather unfairly dealt with when he was a candidate for one of the Associate Judges five years ago. And I feel confident that on reflection, any candid man must so admit.—This should be another consideration why he should have the nomination this time. I trust both the American and Republican County Conventions, which are soon to meet, will only consider the above gentleman's claims and qualifications and place him on their tickets. AN AMERICAN.

Indications. Judge C. H. Douglas, late of the New York Court of Appeals, has stood with the Democratic party since the days of Jackson, but has taken no prominent part in political struggles.—Being invited to attend a Fremont Ratification Meeting at Kingston he responded as follows: "I am a Democrat, and I expect to give my vote at the polls on the 24th instant, giving me to address a Fremont Ratification Meeting at Kingston, on Monday evening next, is received. Regretting that it is out of my power to be present at the meeting, I beg leave to say that I heartily concur in its object, as announced in the notice, and that I believe in the peace, honor and welfare of the country require that the administration of the General Government should be changed, and that Mr. Fremont should be placed at its head.

With great respect yours, &c. CHAS. H. DOUGLAS. In Chenango county, these hundred and fifty free Democrats signed the call for a meeting to elect Delegates to the Radical Democratic State Convention to be held at Syracuse tomorrow Martin Grover of Allegheny and James C. Smith of Ontario, were to address the County Meeting. The Radical Democracy of Chenango county expect to give Fremont at least half the Democratic vote of the county.

The Late Steamboat accident on Lake Ontario. SEVENTEEN LIVES LOST. Kingston, Canada, Wed. July 21.—It is believed that no less than seventeen lives were lost by the burning of the Propeller Tinto, on Thursday night.

They all perished by the upsetting of a boat. All of them were boat hands but five persons these were Mrs. Benton, her three children and nurses.

Swicide of a Murderer. Pittsburgh, July 21.—Hugh Carrigan, convicted in Westmoreland county of the murder of his wife, and burning her body and now under sentence of death, committed suicide on Saturday night, in the jail at Greensburg. His body was found floating in the cell on Sunday morning, and an inquest held which adjourned till Tuesday, for an analysis of the stomach. It is supposed he took oxalic acid.

CHANCE OF OFFICES.—The Washington Union calls attention to the fact, that the bill organizing the territory of Washington, which was signed by Mr. Fillmore, as President, contains a clause, the provision, recognizing naturalized foreigners as legal voters, as that in the Kansas-Nebraska act, which some of his friends are now stigmatizing. Indeed the one provision is alleged to have been copied from the other.
