CONSUMPTION SUCCESSFULLY TREATED BY INHALATION OF MEDICAL VAPORS, BY JOHNSTON STEWART ROSE, M. D., Fellow of the Royal College of Physicians, and for years Senior Physician in the London College Hospital, of the diseases of the LUNGS.

IN this age of progress, Medical Science has contributed her full share to the general welfare, and that which shines resplendent, the brightest jewel in her diadem is MEDICAL VAPOR INHALATION in the treatment of Consumption and kindred affections. The treatment hitherto pursued has been faulty and woefully inefficient; the stomach being made the receptacle of nauseous oils, and a host of other nostrums; all these, being expected to act upon the lungs; the failure to eradicate, or even stop the ravages of the disease, in nearly every case of well-developed Consumption, is surely warning enough to the Consumptive to shun such a treatment. The disease is not in the stomach but in the Lungs—Common Sense will at once teach, that medicine applied in the form of Vapor, directly to the diseased surface of the Lungs, will be far more effectual than medicine taken into the stomach.

The success of "Medicated Vapor Inhalation" in treating disease of the Lungs, exceed my sanguine expectations, and I earnestly appeal to the intelligence of all afflicted, or who may have the germs of sickness within them, to embrace at once the soothing, healing, and successful system of Medical Vapor Inhalation, as the only "Ark of Refuge" for the Consumptive. I offer to put it within the reach of all, and can arrange it, that the invalid is never required to leave home, where the aid of friendship and affection, tend so much to aid the physician's efforts. Where there is no friend, I will send the most seemingly hopeless cases, as thro' out all the stages of this insidious disease, the wonderful and beneficent effects of the treatment are soon apparent. In cases also of BRONCHITIS, ASTHMA, &c., the inhaling of powders and vapors have been eminently successful, and to those suffering under any of the above named complaints, I can guarantee speedy and certain relief. I have pleasure in referring to two HUNDRED AND SIXTY NINE, residents of New York and neighboring towns, who have been restored to vigorous health. About one-third of the above number according to the patients' own statements were considered hopeless cases.

The inhaling method is soothing, safe and speedy, and consists in the administration of medicines in this manner, that they are conveyed into the lungs in the form of a vapor, and exert their action at the seat of the disease. Its practical success is destined to revolutionize the opinions of the medical world, and ESTABLISH THE ENTIRE CEREBRITY OF CONSUMPTION.

Applicants will please state if they have ever been afflicted from the Lungs, if they have lost flesh, a cough, night sweats, fever, or any other ailment which exhausts what the condition of their stomach and bowels. The necessary Medicines, Apparatus, &c., will be forwarded to any part.

TERMS.—Five dollars, consultation fee.—Bancas of the fee payable only when the patient reports himself convalescent. RECOMMENDATION BY PHYSICIANS. We, the undersigned, practitioners in medicine, cheerfully and heartily recommend Dr. Rose's method of treating disease of the Lungs and Throat, as the best and most effectual ever introduced into the medical practice. Our convictions are based upon having several of our own patients, confirmed consumptives, restored to vigorous health, after a long and painful struggle with the disease. In the above named inhaler, the application of "Medicated Vapor," inhaled directly into the Lungs, may be justly considered as a great boon to suffering humanity, rendering consumption a perfect curable disease. Dr. Rose deserves well of the Profession for his unwearied labors in bringing the inhaling method to such a degree of perfection.

MEDICAL ADVERTISEMENTS.

BALTIMORE LOCK HOSPITAL. DOCTOR JOHNSTON. The founder of this Celebrated Institution, offers the most certain, speedy, and only effectual remedy for Gonorrhoea, Strictures, Seminal Weakness, Pain in the Loins, Constitutional Debility, Impotency, Weakness of the Back and Limbs, Affections of the Kidneys, palpitation of the Heart, Dyspepsia, Nervous Irritability, Diseases of the Head, Throat, Nose or Skin; and all those serious and melancholy disorders arising from the destructive habits of Youth, which destroys both body and mind. These secret and solitary practices are now far more to be dreaded, than the song of the Sirens to the mariner Ulysses, blighting their most brilliant hopes of anticipations, rendering marriage, &c., impossible.

Young Men, especially, who have become the victims of Solitary Vice, that dreadful and destructive habit, which annually sweeps off a untold number of thousands of young men of the most exalted talents, and brilliant intellect, who might otherwise have entranced listening senates with the thunders of eloquence, or waked to ecstasy the living lyre, may call with all confidence.

Marriage. Married persons, or young men contemplating marriage, who are afflicted with constitutional, organic debility, deformities, &c., should immediately consult Dr. Johnston. He who places himself under the care of Dr. Johnston may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

Organic Weakness. Immediately cured, and full vigor restored. This disease is the penalty most frequently paid by those who have become the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the danger to which they are exposing themselves. Now, who that understands the subject will pretend to deny that the power of Procreation is lost sooner by those falling into improper habit than by the present. Besides being deprived of the power of procreation, the system becomes deranged, the physical and mental powers weakened, nervous debility, dyspepsia, palpitation of the heart, indigestion, a wasting of the frame, cough symptom, &c., &c. Office No. 7, South Frederick Street, seven doors from Baltimore street. East side, up the stairs. Be particular in observing the name and name, or you will mistake the place.

MEDICAL ADVERTISEMENTS.

Greatest Medical Discovery of the Age. Dr. Kennedy, of Roxbury, has discovered in our common pasture weeds a remedy that cures EVERY KIND OF HUMOR, from the worst scrofula down to a common pimple.

He has tried it in over 1100 cases, and never failed except in two cases, (both thunders humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth. One to three bottles will cure the worst kind of Pimples on the face.

Two or three bottles will cure the system of Biles. Two bottles are warranted to cure the worst case of Erysipelas.

One to two bottles are warranted to cure all humors in the Eyes. One to three bottles are warranted to cure running of the ears and blouses among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers. One bottle will cure scaly corruption of the skin.

Two to three bottles are warranted to cure the worst case of ringworm. Two to three bottles are warranted to cure the most desperate case of Rheumatism.

Three to four bottles are warranted to cure the salt rheum. Five to eight bottles will cure the worst case of scrofula.

Benevolent always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I knew the effect of it in every case. So sure was water with the extinguishing fire, so sure will this cure humor.— I never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear to me surprising; first, it grows in our pastures in some places quite plentiful and its value has never been known until I discovered it in 1846—second that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1854, I sold over one thousand per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy it will prove effectual in all cases of that dreadful malady—there are but few who have more of it than I have.

Of a knowledge of several cases of Dropsy, all of whom are cured by it. For the various diseases of the Liver, Spleen, Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you can get and enough of it. DIRECTIONS FOR USE.—Adults one table spoonful 3 or 4 times a day after meals. Children from five to eight years, a tea spoonful. Children from ten to twelve years, a wine spoonful. No directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

On Vesicles.—To all ports in the World. " CARGO. " FREIGHT. Inland insurances on Goods by rivers, lakes, canals, railroad, and land carriage to all parts of the Union. Also, insurance upon LIVES, upon the most favorable terms.
