

WILLIAM BREWSTER, EDITOR. SAM. G. WHITTAKER, EDITOR. Wednesday Morning, Nov. 12, 1856.

REPUBLICANISM—ITS FUTURE.

We have lost the battle, and James Buchanan is elected President of the United States, not by the popular vote, but by a majority of electors. As a contemporary has it the Bunker Hill of the new struggle for Freedom is past. The Saratoga and Yorktown are yet to be achieved. This is bravely spoken, as becomes one who professes faith in the Truth. The Republican party was new and undisciplined—not six months organized. It set forth amid a sea of troubles, to battle with a party hitherto invincible when united—its own elements divided and discordant. With these divisions and discords to heal—with no time to drill and manoeuvre—going into the fight with militia against regulars—see what it has done—judge what it will do!

We have faith in Principle—none in Expediency. Let the Republican party go forward with the platform of 1856 unchanged—and triumph is sure. If it seeks to follow the Jack-o'-Lantern of Expediency—to catch the fragments of this or that party by a little more or a little less of some apparently popular element—like the old whig party, which once promised so much—will fall and die unfruitful. This must be a free Republic or become a hissing and a by-word among the nations. The people only need to be taught that it is the mission of the Republican party to inculcate and establish this truth—and they will rally to its standard. To add more than this to the platform will only weaken the force of the greater truth.

'Fusion' is folly—poor, miserable expediency, which has no faith in Truth or in the People. The lesson taught in all the States where that poor shift was tried, renders all other warning needless. John C. Fremont has been the target for vituperation and slanders, gross, monstrous, shameful; while the party supporting him has trusted solely in the importance of the great issues presented—refraining from all personal assault upon his competitors. As in the cases of Jackson and Harrison, the people will have time to think and act calmly since the political struggle is over, and truth will now find its way to their minds. The mischievous errors disseminated by demagogues will be understood and loathed, Republican reading rooms and clubs, such as are already being formed, will be established in every district both North and South—the principles of our revolutionary fathers will be inculcated and embraced. Slavery will be arrested—its insolence rebuked—and Republicanism will triumph more gloriously than at Saratoga or Yorktown.

Then in view of all this we put up FOR PRESIDENT IN 1860 JOHN CHARLES FREMONT, GLORIOUS NEW ENGLAND—ALL HAIL THE MIGHTY WEST.

Glorious New England! The land of our Pilgrim Fathers. God bless the noble soil, the noble homes, the noble men of the Eastern States. God bless New England! Every Yankee State has shrieked aloud for Freedom and Fremont. Pennsylvanians, look at the glorious east and west, and hang your heads in shame and disgrace. With you is the crime of placing a slavery extensionist in the Presidential chair. With you rests the shame of defeating that patriot and freedom's champion John C. Fremont. With you rests the shame of elevating that recreant and Southern, James Buchanan, to the highest station in the land.

Maine has given a majority for Fremont of 30,000. New Hampshire of 12,000, &c. Look at this.

MAJORITIES FOR FREMONT: MAINE, 30,000; NEW HAMPSHIRE, 12,000; VERMONT, 34,000; MASSACHUSETTS, 20,000; RHODE ISLAND, 4,000; CONNECTICUT, 8,000; NEW YORK, 75,000; OHIO, 59,000; MICHIGAN, 20,000; ILLINOIS, 10,000; WISCONSIN, 8,000; IOWA, 9,000. Indian and California in doubt. Fillmore carries but one State in the Union—Maryland. Buchanan carries all the remaining Slave States and Pennsylvania and New Jersey.

HOW THEY RUN. In the New England States, Fremont sweeps everything. Fillmore's whole vote in the six New England States, will hardly exceed Fremont's majority in Massachusetts. Buchanan's majority in the Slave States will not exceed Fremont's majority in New York and Vermont. Fillmore is defeated in his own ward, his own town, his own county and his own State, by tremendous majorities. Fremont will have a majority of the popular vote over Buchanan, in the United States, of 100,000. Huzza for Freedom.

YOU HAVE DONE IT, BOYS. Had the straight-out Fillmore men voted for the Union Electoral Ticket in this State, Buchanan would have been triumphantly defeated. Those who voted for Fillmore on the straight-out ticket, voted for James Buchanan, and elected James Buchanan President of the United States. Such we said would be the case, and such has been the case. Now honest Americans, see how you have been deceived.

LATER FROM KANSAS.

From Kansas we have news that the whole ninety of the Free Soil prisoners at Leecompton have been indicted for murder. The newly elected Legislature meets at Leecompton in January. Gov. Geary had arrested some persons on a charge of being concerned in the recent disturbances at Osawatimie, but the accounts do not say to what party they belonged; When the Governor started on this tour of inspection, he took with him a company of U. S. dragoons. On reaching Lawrence they were encamped in a hollow, and the Governor went into the town, where he made a speech at a presentation of a Free Soil flag to Mr. Brown, the editor of the Herald of Freedom. The Governor said he had received various complaints from different sections of the Territory, and calls from various quarters for protection; and he intended with this retinue to visit all the settlements to see the condition of affairs, to assure the settlers of his protection, and to assure them by this retinue that he has the power to protect them. In the evening the Governor and U. S. officers attended a large party at Brown's house. At Franklin a pro-slavery man, by the name of Crane, who lives there, had repeatedly complained to the Governor of his neighbors, (free State men.) The Governor on inquiry found, however, that Crane was the aggressor, and told him so. Crane's son got excited, and told the Governor he lied. His Excellency got very angry; he doubled up his fist at young Crane—asked him how he dared to use such language to him, and told him that, if he repeated it, he would knock him down. Crane however, did not repeat it, and consequently no fight came off. On his route the Governor stopped at every settler's cabin, and talked familiarly to all he met.

Several arrests have been made of citizens of Lawrence; among others Mr. Babcock, Postmaster. Mr. B. rendered himself peculiarly obnoxious to the rabble by the active part he has taken in favor of a free State. He was arrested at Topeka, while on his way to Iowa, on a charge of horse-stealing. Gov. Geary released him, upon his proving ownership of the horse which he was charged with stealing. Such are the paltry and mean issues raised to annoy the Free State men of Kansas.

Governor Geary's position in Leecompton, does not seem a very enviable one. The pro-slavery party accuse him of sympathy with the abolitionists, and denounce him in no measured terms. One of Col. Tius' men threatened to shoot him a few days since, on account of the appointment of Col. Walker to the command of the military company raised in Lawrence. The Governor's action, in this respect, has excited their displeasure.

At the recent election there were nearly four thousand votes polled. The secret Blue Lodges of Missouri furnished from twenty five hundred to two thousand voters who again invaded the territory and robbed the people of the elective franchise. This invasion was quietly made and as artfully concealed as possible. They began to come in two weeks before the election, and took care to come in numerous small parties to all the different points.

NOW FREEMEN READ THIS.

CORRUPTION AND FRAUD! THE MAIL STOPPED!

Americans, Read and Be Convicted.

We have so frequently called attention to the fact, that our post office department is in the hands of an unscrupulous and treacherous set of men, that we have tired of it. We have even went so far as to request an investigation, which has been denied us. But, we had not presumed that men, sworn to deal fairly, could act so deep, and damning a part in treachery, as recent events have proven in this country.

The "Journal" was published on Monday evening, November 3d, (although dated on the 4th,) to give our subscribers a chance of guarding against treachery. The Americans of this borough also had a circular printed on Saturday, for distribution. Now mark it. On Monday, the 3d, a straight-out Fillmore man, was despatched to Coffee Run, the distributing office on Broad Top—with the following letter: Huntingdon, November 3d, 1856.

Postmaster at Coffee Run, You will hand over ALL PRINTED MATTER IN YOUR OFFICE to Mr. E. Snare. WILLIAM LEWIS, Postmaster at Huntingdon.

Mr. Gilliam, the Assistant Postmaster at Coffee Run, according to these instructions, gave up all printed matter in his office. The letter of Lewis is now in possession of Major McMurrie, and can be seen by calling on him. This is the game played upon you honest Americans and Republicans. Mark the policy of the Catholic Post Office Officials. Must act thus, must be brought to justice. Suits will be instituted and the offender brought to justice.

This Lewis, is the man who was so much displeased with our bringing certain facts concerning him, before the people. Now look at him. If he sends us a voyage up Salt River, he will have the pleasure of taking one to the Allegheny River. The full extent of the law must and shall be carried out.

Poor Cass and Douglas. The Republicans have carried Illinois and Michigan, by overwhelming majorities. As United States Senators are to be elected this winter, this leaves poor old Cass and pious Douglas out of the ring. The Locos would rather have had Buchanan defeated, than Cass and Douglas.

A thousand goes for Michigan and Illinois.

Boston, Tuesday, Nov. 4—11 p. m. Eighty-four towns of Maine give Fremont 27,579; Buchanan, 15,171; Fillmore, 15,412—net Republican gain since September 1, 7,000.

New Hampshire.

New-Hampshire has gone for Fremont by from 5,000 to 7,000 majority sure.

Vermont goes Republican all over.

Massachusetts.

Col. Fremont's majority in the old Bay State is over 50,000; every District elects a Fremont man to Congress; the Senate is all Fremont and the House too to one dissent. The way of Charles Sumner will be returned to the U. S. Senate will be bright. Gov. Gardner is elected by over 25,000 majority, with Fremonters to State offices. Here is a summary of the vote of two-thirds of the State for Governor: Henry J. Gardner, 60,202; Erasmus D. Beach (Buch.), 25,110; Luther V. Bell, 4,203; George W. Gordon, 5,043; Josiah Quincy, senior, 4,955; 39,270.

Gardner over all, 20,922. All but seven towns in Massachusetts foot up as follows: Fremont, 91,000; Buchanan, 37,373; Fillmore, 18,994. The Republicans have elected 289 Representatives and the entire State Senate. Burlingame is elected over Appleton to Congress, by about 70 plurality.

Rhode Island.

In the whole State, with the exception of Middlebury and New Shoreham, Fremont's majority over all is 3,138; over Fillmore, 9,681. He has a clear majority in four of the five counties, and in every town in the State but six. Buchanan has a majority in four towns and Fillmore a plurality in one.

Connecticut.

HARTFORD, Wednesday, Nov. 5, 1856. We have returns from all the towns in the State but 14. Fremont's plurality in the State will be 6,000. Hartford Co. (official vote)—Fremont, 8,120; Buchanan, 7,696; Fillmore, 309. The whole vote of the State will be 78,000—being an increase of 12,000 over that polled last spring.—Fremont's plurality is 7,000.

New York.

Incomplete returns from all the counties but seven foot up as follows:—Fremont, 203,000; Buchanan, 155,000; Fillmore, 101,000. The official reports will doubtless vary these figures.

NEW YORK STATE OFFICERS ELECTED.

Governor, JOHN A. KING; Lieutenant Governor, HENRY R. SELDEN; Canal Commissioner, CHAS. H. SHERRILL; Prison Inspector, WESLEY BAILEY; Clerk of Appeals, RUSSELL F. HECKS; All Republicans.

New Jersey.

This State has gone for Buchanan, by a large majority; but Wm. A. Newell, Fusion, the Buchanan candidate, by perhaps 2,000. For Congress, there are undoubtedly three Democrats and two Opposition men elected. Clawson and Robbins are doubtless re-elected in the 1st and 11d Districts by a fusion of the Opposition against the Democratic candidates. In the 11th District, Bishop, the Fusion candidate, is defeated by G. B. Adams, Democrat.

In the 14th, John Huyler is probably elected over P. C. Osborne, Republican, and Charles Inglis, American. In the 15th District, J. R. Wortendyke is elected by nearly 2,000 plurality; Amzi Dodd, Republican, ahead of his ticket, and Betts, American, is the lowest on the list. The Legislature will probably be carried by the Democrats which will give them the choice of a United States Senator to succeed the Hon. J. R. Thompson.

Delaware.

The complete returns from Delaware show a Buchanan majority of 1,358. Whittier (Dem.) is elected to Congress by 2,000 majority. The Legislature is Democratic.

Maryland.

Fillmore has carried this State by about 8,000 majority.

Virginia.

It is impossible as yet to give the exact vote for Buchanan and Fillmore in this State, but the majority for the former will be not less than twenty thousand.

North Carolina.

New Hanover County—Democratic majority about 900. The returns from other Counties indicate a decreased vote, but the State is certain for Buchanan by a majority equal to Bragg's. Raleigh gives Fillmore 34 majority. Goldsboro County—200 majority for Buchanan.

Wake, Granville, Halifax, Franklin and Northampton all give increased Democratic majorities.

South Carolina.

The Legislature of South Carolina to-day elected four electors under instructions to vote for James Buchanan for President.

Georgia.

AGUSTA, GA., Nov. 4, 1856. Partial returns show Democratic gains, and Buchanan has carried the State by a large majority. A heavy rain storm prevailed generally thro' out the State, and in consequence a decreased vote polled. The returns from scattering precincts indicate about the same Democratic majority as last year.

Richmond County—Fillmore, 257 majority. Democratic gain 100. The returns from other counties show considerable Democratic gain. Ten counties give Buchanan 2,650 majority—being a Democratic gain of 1,500. They will probably carry the State by 15,000 majority.

Florida.

Scattering returns from Florida are favorable to Buchanan. The Democratic vote thus far shows an increase over the October election.

Alabama.

Montgomery Co.—Fillmore majority 130. Cahawba Co.—Buchanan majority 48. The returns of both these counties show Democratic gains.

Mississippi.

Scattering returns show steady Democratic gains.

Louisiana.

NEW-ORLEANS, Tuesday, Nov. 4, 1856. Fillmore's majority here is 3,483. NEW-ORLEANS, Wednesday, Nov. 5, 1856. The returns from the county parishes show steady Democratic gains. The State is doubtful. There was a much fighting in this city at the polls yesterday, and 3,000 registered voters were not polled.

Kentucky, Tennessee and Indiana.

LOUISVILLE, Ky., Wednesday, Nov. 5. Buchanan has doubtless carried Kentucky by 5,000 majority. Tennessee—Buchanan by 5,000 majority. The southern counties of Indiana show largely increased Democratic gains.

Ohio.

Republicans have carried Ohio by about 30,000 majority.

Michigan.

DETROIT, Nov. 7. The returns from thirty-three counties in Michigan give the Republicans 15,589 majority. The full returns will make it quite 20,000.

Kentucky.

In 51 counties, the Democratic gain is 7000. The State has, therefore, given a majority of about 10,000 to Mr. Buchanan.

Texas.

Democrats have carried Texas by about 8,000 majority.

Wisconsin.

This State goes for the Republicans by 8,000.

Iowa.

The State of Iowa has certainly gone for the Republicans by about nine thousand majority.

Illinois.

SPRINGFIELD, Nov. 6. The northern section of the State has gone for the Republicans by 35,000 majority. In the south, the Democratic majorities are large, but will not overcome the north. The Republican majority, from present indications, will reach 10,000.

Six Republican Congressmen are elected, and two Democratic, one district being still in doubt.

Missouri.

ST. LOUIS, Nov. 7. The Republican of this city, says that Missourians have gone Democratic by not less than three thousand majority. A dispatch from Louisville says that Buchanan's majority in Missouri will probably reach 10,000.

THE GRAND RESULT.

Great Victory in the Free States. ELECTORAL VOTE, POPULAR VOTE. Table with columns: State, Buchanan, Fremont, Buchanan, Fremont. Rows: Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Virginia, North Carolina, South Carolina, Georgia, Alabama, Mississippi, Louisiana, Kentucky, Ohio, Michigan, Illinois, Wisconsin, Iowa, Missouri, Arkansas, Texas, Florida, Indiana, Tennessee.

Miscellany.

SHIRLEY TOWNSHIP, Nov. 8, 1856. Messrs. Brewster & Whittaker.

Gentlemen—It is rumored here, and the rumor is generally credited, that certain individuals in your town, are not strong enough to resist Locofoco arguments; particularly, when they are presented in the shape of gold dollars. It has been a most wonderful and unaccountable fact, and one which we Americans of the "lower end" have noticed with amazement, that the paper professing to uphold American principles, and claiming to be the organ of our party in this county, has become so enamored to Locofoco Roman Catholics, that they have appointed the Jesuit editors of a Roman Catholic paper, as *vet nunces* to the banding. We have noticed—and every one who reads the "Huntingdon Globe" for the month past will see the same—that those two papers have held the same doctrine, have defended each other, in fact, "are bone of one bone." We will not, and we cannot longer support such Locofoco sheets. Had that abominable sheet fought fairly and truly, we this day might not hang our heads in shame, in giving our glorious old county to the Locofocos.

A TRUE AMERICAN.

PENN TOWNSHIP, November 10, 1856. Mr. Editors—A man (?) who professes to be the editor of an American paper, living not a thousand miles from Huntingdon, came here about three weeks ago, and told us his paper did not keep him, and unless something was done, the paper must go down, &c. &c. Near two hundred dollars was raised for him, and what return did we get? Why, he converted his sheet into a Locofoco paper, and did all he could against us. I write this with this object: if this should meet his eye, and he has not sold his conscience to the devil, he will remit one-half the money I gave him, the balance he may keep. * * * Yours truly,

AMERICAN.

We have received Peterson's Magazine for November. Great improvements will be made in this capital Magazine for 1857. The reading matter will be increased to nine hundred pages a year. Each number will contain a steel engraving; a colored fashion plate, and about forty wood engravings. The fashions are always prettier and later in "Peterson" than in any other magazine. Mrs. Ann S. Stephens and Mrs. E. D. E. N. Southworth write permanently for it, assisted by all the best female authors. No other magazine has such stories as this; and morality and virtue are always inculcated. The terms are one dollar less than those of other magazines of a similar rank, viz, \$2 a year, instead of \$3. To clubs the terms are cheaper yet, three copies for \$5, five copies for \$7.50, and eight copies for \$10, with a splendid premium to the person getting up the club. Address, post-paid, CHARLES J. PETERSON, No. 102 Chestnut Street Philadelphia. Specimens sent on being written for.

Kennedy's Counterfeit Detector for November, is on our table. Published by Kennedy Bro., Pittsburg, Pa. It is an excellent review.

We are informed by a gentleman, who removed from this place some months ago, into Bedford County, that on the morning of the election, in the town where he now lives, the bell of the Roman Catholic Church was rung about six o'clock in the morning, by the priest who is an Italian by birth, and who can scarcely speak a word of English, and that the Catholics rushed to the church, and when the polls opened, marched from the church two abreast, headed by the priest, and when they reached the polls, they were openly supplied with Locofoco tickets by him, which they all voted. The procession numbered 65, and created a great sensation among the Protestants.

The Prospects. We fear that when the absorbing excitement relative to the Presidential election is over, the people of the country will be shocked by the sudden appreciation that they have in this season been favored with plentiful harvest, and are comparatively poor. The drought is universal and excessive, and has seriously impoverished many districts where the soil is such that its effect is devastating. The pastures have burnt up, the water courses dried up—the beds of streams that usually flow brightly all summer being dry as our streets—no corn, and all vegetable life stunted. Then there were frosts of extraordinary severity, very late in the spring and very early in the fall. The first ruined much of the wheat, the second has spoiled much corn. To help the matter a fatal disease is prevailing among the hogs, which are dying by hundreds and thousands. Many farmers have lost half of their stock. The epidemic is called the cholera among human beings. The chickens, too, in places are perishing rapidly, seeming to have caught the hog disease.—*Chm. Com.*

The Catholic Vote. Gen. Cadwallader, of Phila., in a speech made to the Bogus Democracy of Cecil county, Maryland, a few days ago frankly acknowledged to his hearers that the Catholic vote was the only thing that gave the Democratic party any strength.

The Fat in the Fire. The Charleston Mercury is preparing a programme for the new Southern Republic. The first feature of its project is not calculated to make it popular. It suggests that inasmuch as the chief troubles of the present Union grow out of Presidential Elections the new Southern Confederacy must not hold any. It proposes to dispense wholly with the office of President,—leaving each State to supply its own executive! Pray what will the half dozen leaders of the Southern Chivalry who have got up all this talk about the secession in order to make themselves Presidents, say to this? What do Messrs. Wise, and Davis, and Toombs, think of such a programme! This for them would be the play of Hamlet, with the part of Hamlet omitted.

Pencil Notes.
