Am I ready for Winter.
This is a question which every farmer ought to put to himself, in regard to several departments of his business, in order to ascertain if he has all things in readiness for winter.

Keeping Grapes in Winter.
The following method of keeping grapes in winter, is given by a correspondent of the Rural New Yorker:

Curing Cornstalks.
A correspondent of the Maine Farmer says his method of saving cornstalks is to cut and lay on the hills the butt ends highest, for this reason: if it rains no water will collect inside of the barrel part of the stalk, and should it be rainy for several days while the stalks are green they will receive but little injury.

Cough in Horses.
We once had a horse, that had caught a bad cold, and coughed so severely that he could be heard a half a mile. All sorts of remedies were all rejected, although some might have proved useful, and the following course was pursued.

New Mode of Bending Wood.
Messrs. E. A. & C. Kilburn, of Burlington, Vt., have lately invented a method of bending ship's knees, and which consists in forcing the staff endwise into a close sided mold, having the desired curve from longitudinal, and having its internal transverse section only just of the dimensions of the transverse section of the piece of wood to thus confined laterally in all directions, during the bending process, and is thereby prevented from breaking, splitting, or splintering.

MEDICAL ADVERTISEMENTS.
Greatest Medical Discovery of the Age.
Dr. Kennedy, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures
EVERY KIND OF HUMOR,
from the worst scrofula down to a common pimple.
He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.
Two bottles are warranted to cure a nursing sore mouth.
One to three bottles will cure the worst kind of Tumor on the face.
Two or three bottles will cure the system of Biles.
Two bottles are warranted to cure the worst case of Erysipelas.
One to three bottles are warranted to cure all humor in the Eyes.
Two bottles are warranted to cure running of the ears and blotches among the hair.
Four to six bottles are warranted to cure gonorrhoea, and all other venereal diseases.
One bottle will cure scaly corruption of the skin.
Two to three bottles are warranted to cure the worst case of ringworm.
Two to three bottles are warranted to cure the most desperate case of rheumatism.
Three to four bottles are warranted to cure the salt rheum.
Five to eight bottles will cure the worst case of scrofula.
It is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.
Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure was water with extinguisher fire, so sure will this cure humor; I never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear to me surprising; first it grows in our pastures, and is so common and plentiful and yet its value has never been known until I discovered it in 1846—second that it should cure all kinds of humor.
In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1857, I peddled it, and sold out six bottles per day—in April, 1854, I sold over one thousand per day of it.
Some of the wholesale Druggists who have taken it in every case, and thirty years, say that nothing in the annals of universal medicine was ever like it. There is a universal praise of it from all quarters.
In my own practice I always kept it strictly secret—my success in its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.
Several cases of chronic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy it will prove to all in all cases of that dreadful malady—there are but few who have any idea of it. I have.
I know of several cases of Dropsy, all of which were cured by its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

MEDICAL ADVERTISEMENTS.
BALTIMORE LOCK HOSPITAL.
DOCTOR JOHNSTON.
The founder of this Celebrated Institution, offers the most certain, speedy, and only effectual remedy in the world for Gleet, Stricture, Seminal Weakness, Pain in the Loins, Constitutional Debility, Impotency, Weakness of the Back and Limbs, Affections of the Kidneys, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Disease of the Head, Throat, Nose or Skin and all those serious and melancholy disorders arising from the destructive habits of Youth, which destroys both body and mind. These secret and sly practices are more fatal to their victims than the song of the Syrens to the mariner Ulysses, blighting their most brilliant hopes of anticipations, rendering marriage, &c., impossible.
Young Men, especially, who have become the victims of Solitary Vice, that dreadful and destructive habit, which annually sweeps to an untimely grave thousands of young men of the most exalted talents, and brilliant intellect, who might otherwise have entered listening senates with the thunders of eloquence, or walked to ecstasy the living lyre, may call with all confidence.
Married persons, or young men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., should immediately consult Dr. Johnston.
He who places himself under the care of Dr. Johnston may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.
Organic Weakness.
This disease is the penalty most frequently paid by those who have become the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of Procreation is lost sooner by those falling into improper habit than by the prudent. Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms to mind and body arise. The system becomes deranged, the physical and mental powers weakened, nervous debility, dyspepsia, palpitation of the heart, indigestion, a wasting of the frame, cough symptoms of Consumption.
Office No. 7, South Frederick Street, seven doors from Baltimore street, East side, up the steps. Be particular in observing the name and number, or you will mistake the place.
A. C. MERCURY OR NAUSEOUS DRUGS.
Dr. Johnston,
Member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the first Hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, and languishing with frequent blushing attended with depression of mind, were cured immediately.
A Certain Disease
When the misguided and imprudent rotary of pleasure finds he has imbibed the seeds of this painful disease, it is too often happens that an ill-defined sense of shame, or dread of discovery, deters him from applying to those who from education and respectability, can alone benefit him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, flimsiness of sight, deafness, nodules on the skin, blotches on the face, and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of compassion, till death puts a period to his dreadful sufferings, by sending him to "that bourne from whence no traveller returns." To such, therefore, Dr. Johnston pledges himself to preserve the most inviolable secrecy, and from an extensive practice in the first Hospitals of Europe and America, he can confidently recommend a safe and speedy cure to the unfortunate victim of this horrid disease.
It is a melancholy fact that thousands of ill victims of this horrid disease, owing to the unskillfulness of ignorant pretenders who by the use of that deadly poison Mercury, ruin the constitution, and either send the unfortunate sufferer to an untimely grave, or make the residue of his life miserable.
Take Particular Notice.
Dr. J. addresses all those who have injured themselves by improper indulgences.
These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Brain and Loins, Pain in the head, Dimness of Sight, Loss of Muscular power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangements of the Digestive Functions, General Debility Symptoms of Consumption, &c.
The fearful effects on the mind are such to be dreaded, Loss of memory, Confusion of ideas, Depression of Spirit, Evil Forebodings, Aversion to Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evil products.
Thousands of persons of all ages, can now judge what is the cause of their declining health, Losing their vigor, becoming weak, pale and emaciated, having singular appearance about the eyes, touch and tremor in certain consumption.
Dr. Johnston's Invigorating Remedy for Organic Weakness.
By this great and important remedy, weakness of the organs is speedily cured and full vigor restored. Thousands of the most debilitated and nervous, who had lost all hope, have been inured to the most delicate and delicate of all diseases, Physical or Mental Disqualification, Nervous Irritability, Tremblings and Weakness, or exhaustion of the most fearful kind, speedily cured by Doctor Johnston.
Young Men
who have injured themselves by a certain practice indulged in when alone—a habit frequently learned from evil companions, or at school—the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.
What a pity that a young man, the hope of his country, and the darling of his parents should be snatched from all prospects and enjoyments of life by the consequences of deviating from the path of nature and indulging in a certain secret habit! Such persons before contemplating
Marriage,
should reflect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed without these, the journey through life becomes a weary pilgrimage, the prospect of the future darkens to the view, the mind becomes exhausted with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with their own.
OFFICE No. 7, SOUTH FREDERICK ST. BALTIMORE, MD.
To Strangers.
The many thousands cured at this Institution within the last 15 years, and the numerous important Surgical Operations performed by Dr. Johnston, witnessed by the Reporters of the papers, and many other persons, notices of which have appeared again and again before the public, is a sufficient guarantee to the afflicted.
N. B. These are not many ignorant and worthless quacks advertising themselves as Physicians, ruining the health of the already afflicted. Dr. Johnston deems it necessary to say to those unacquainted with his reputation that his Diplomas always hang in his office.
Persons who have not had the opportunity of consulting Dr. Johnston must be posted with a postage stamp for the reply, or no answer will be sent.

The many thousands cured at this Institution within the last 15 years, and the numerous important Surgical Operations performed by Dr. Johnston, witnessed by the Reporters of the papers, and many other persons, notices of which have appeared again and again before the public, is a sufficient guarantee to the afflicted.
N. B. These are not many ignorant and worthless quacks advertising themselves as Physicians, ruining the health of the already afflicted. Dr. Johnston deems it necessary to say to those unacquainted with his reputation that his Diplomas always hang in his office.
Persons who have not had the opportunity of consulting Dr. Johnston must be posted with a postage stamp for the reply, or no answer will be sent.

Dr. Johnston's Invigorating Remedy for Organic Weakness.
By this great and important remedy, weakness of the organs is speedily cured and full vigor restored. Thousands of the most debilitated and nervous, who had lost all hope, have been inured to the most delicate and delicate of all diseases, Physical or Mental Disqualification, Nervous Irritability, Tremblings and Weakness, or exhaustion of the most fearful kind, speedily cured by Doctor Johnston.
Young Men
who have injured themselves by a certain practice indulged in when alone—a habit frequently learned from evil companions, or at school—the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.
What a pity that a young man, the hope of his country, and the darling of his parents should be snatched from all prospects and enjoyments of life by the consequences of deviating from the path of nature and indulging in a certain secret habit! Such persons before contemplating
Marriage,
should reflect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed without these, the journey through life becomes a weary pilgrimage, the prospect of the future darkens to the view, the mind becomes exhausted with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with their own.
