

Huntingdon Journal.

WILLIAM BREWSTER, SAM. G. WHITTAKER, EDITORS.

Wednesday Morning, December 10, 1856.

Fisher & McMurtrie's New Mill. In six months after the stopping of the old, the new mill is operating. Well done for Huntingdon!

The farmers have now just what they want—a mill in our town, which in all seasons, wet or dry, cold or hot, can do their work without delay.

With five improved Jovial Turbine Water wheels, this mill has capacity to do any and all work at a few moments' notice. Bring on your grain and you can take it home with you, for it will be ground while you feed your horses.

The mill is a credit to our town, and a great convenience to the citizens and farmers of this part of our County.

New Iron Furnaces.—We learn from the Hollidaysburg Whig, that two new pig metal furnaces have been erected at that place, one by Messrs. WATSON, WHITE & Co., on the Gays' port side of the Juniata River, and the other by Messrs. Gardner, Osterloh & Co., on the east or Hollidaysburg side.

Last week they were both placed in operation, starting with the most favorable auspices.

EXTRAVAGANCE IN DRESS.—In a city in Belgium extravagance has assumed such alarming proportions, that the ladies themselves have been obliged to combine for the purpose of arresting its disastrous progress. It appears that extravagance had been for some years, a source of constraint in families, and it was noticed no marriages were contracted, since the young men, frightened at the bills that loomed up in the distance, preferred to live in celibacy.

An Exhibition will be given by the Huntingdon Male School No. 1, in the Court House on Christmas Eve, 1856. Doors open at 6. Exercises to commence at 6 1/2 o'clock. Admission 12 1/2 cts. The proceeds of the Exhibition to be strictly applied to the enlargement of the Library belonging to said School. The Huntingdon Board will entrust the exercises.

A SINGULAR CASE.—Dr. Michael Price Moore of New York was on Monday arrested, for the third time within a few months, on charges of having endeavored to hire persons to murder Mr. Alfred L. Livingston of Trenton, N. J. Joseph A. Hyatt was also arrested as being implicated in the matter.

The Presbyterian Church in Canada, in Synod assembled, has enjoined its Presbytery to be careful in admitting to fellowship Presbyterian ministers from the United States, to examine them on the subject of slavery, and to be satisfied before receiving them, that their views accord with the resolution passed by the synod in 1852 and 1853, asserting non-fellowship with slaveholders.

OUR BOOK TABLE. Peterson's Magazine for January has been received, and excels all previous numbers in every point of view.

Godey's Lady's Book for January, is a splendid one. It is much better than was even promised, and superior to any of its predecessors. We will send it and the Journal one year to subscribers, for \$3.50, being a deduction of \$1.00 from the advance price.

Graham's Magazine for January, is on our table, and a welcome visitor we have no got. This No. should be seen and read, to be appreciated; the engravings, reading, &c., are exquisite. The terms are \$3 per year in advance, with a fair reduction to clubs.

The Farm Journal—the best Agricultural work published in the State—for December, is before us. The terms are \$1 per year. Address Samuel Emlen & Co., Phil.

We have received a No. of Graham's Lady's paper, published by Watson & Co., at \$3.00 for it and a copy of Graham's Magazine, per year.

The President's Message. Nearly three columns of the Message are devoted to the discussion of the Nebraska bill and the Kansas question, which the reader will discover is a mere rehearsal of the party slang whang put forth in the Slave Democracy newspapers and speeches during the late campaign.

The Finances of the Government appear to be in a healthy condition. They are stated as follows: Receipts, \$73,918,000; Expenditures, \$72,948,000; Public debt paid, \$12,776,330; To Mexico, \$3,000,000; Ordinary Expenses, \$7,200,000.

In view of the present and prospective condition of the finances of the country, the President recommends a reduction of the revenues from customs, so as not to exceed forty-eight or fifty million of dollars. The public land sales during the year amounted to 9,227,878 acres—including the land warrants the amount runs up to 39,325,108 acres!

The Free State Felons in Kansas. Fifteen of the Free State boys were convicted altogether of "shooting with intent to kill," or "manslaughter," and sentenced to the penitentiary for five years, to hard labor with chain and ball attached.

The Kansas correspondent of the New York Tribune, says of this incident—"It may appear trifling to the unreflecting, or it may look like levity or thoughtlessness."

It was neither. It was the calm, determined earnestness of men who had suffered much for Freedom, and who had a dreary prospect of suffering before them, but in whose bosoms the fire of liberty burned unabated. In the midst of political corruption that makes us tremble for our Republic, it is refreshing to meet with such a spirit.

What of the Future. We receive inquiries from all directions respecting the course to be hereafter pursued by the conservative party of the country, to which inquiries we invariably reply—"Wait and see."

George W. Curtis, Esq., the distinguished author, and Miss ANNIE SHAW, daughter of FRANCIS G. SHAW, Esq., were married Wednesday at the house of the bride's father, on Staten Island, by Rev. Mr. PARKMAN.

SCARCITY OF PASTORS IN VIRGINIA.—From an editorial in the Central Presbyterian, we learn that there are now thirty-five Presbyterian churches in Virginia without pastors, and considerable number of them with large and influential congregations, able and anxious to procure the services of ministers.

MYSTERIOUS.—On Saturday, whilst Mr. Ellis Askey was hunting on the head waters of Montgomery, in Pike township, this county, he found a small tin-box and a wooden leg, in a dense thicket, four miles from any habitation.

A man in Franklin county has just been convicted of theft, for taking his own horse from the possession of a sheriff, who held the animal under an attachment—the court decided that such an operation was stealing.

Pencil Notes.

A child's among ye takin' notes, And faith, he'll print it.

President Pierce has decided to purchase the brick church property in New York city, as the site for the post-office, for \$450,000.

A plot for a slave insurrection has been discovered in Maryland, in Charles county.

News from Santa Fe says that the gold mines on the Gila river are richer than the richest in California. Many persons had left Santa Fe to go thither.

The report of the Massachusetts State Kansas Aid Committee says that body has sent to the Kansas sufferers 19,109 articles of clothing and bedding, besides other articles all of which it is believed have arrived safely in the territory.

The Massachusetts State Electors met at Boston on Tuesday and on Wednesday cast the vote of the State for Fremont and Dayton.

Col. Lane, as we learn from the western papers, has again started for Kansas accompanied by a party of emigrants.

Hartford Election.—The Charter election in Hartford, on Monday, resulted in the choice of the entire Fremont ticket. The vote on Town Clerk was—Francis, 1,334; Fitch, 1,582; majority for Francis, 352.

Joseph P. Comegys, Esq., of Dover, has been appointed by Gov. Causey a Senator of the United States from Delaware in place of the Hon. John M. Clayton, deceased.

The Lancaster Bank.—The Lancaster Intelligencer learns from a reliable source, that there is a strong probability of this institution being put on its feet again, by a new subscription of stock to the amount suggested by the Directors in their report to the meeting of stockholders.

There are already rumors afloat of further trouble during the approaching short session of Congress. The editor of the Chicago Tribune says: "We hear from unquestionably good authority that Senator Wilson is the marked object of the attack; and that whenever he can be caught as Senator Sumner was, in a position in which resistance is impossible, he will have a chance to learn exactly what 'chivalry' means."

The Albany Knickerbocker says the next Congress will doubtless abound in blue fire, bloody noses and broken heads. Would it not be well for members elect to take lessons in quarter staff, shillalah and the art of self defence generally? Muscle will prove more potent than mind, and the strong arm will outweigh the strong argument.

Ladies are like watches; pretty enough to look at, sweet faces, and delicate hands, but somewhat difficult to regulate when set going. They would do well, however, if they would have their pictures taken at Prouty's gallery, at the Station House, up stairs. That's so.

HAYS, the Missouri ruffian, who murdered in cold blood a free State man named Buffum, in Kansas, during the last Missouri invasion, has been released on bail. Gov. Geary immediately ordered his rearrest, whereupon he escaped to Missouri. The Governor threatened to hold Marshal Donaldson responsible for his recapture.

SCARCITY OF PASTORS IN VIRGINIA.—From an editorial in the Central Presbyterian, we learn that there are now thirty-five Presbyterian churches in Virginia without pastors, and considerable number of them with large and influential congregations, able and anxious to procure the services of ministers.

Perhaps we can explain this scarcity of pastors among large and influential congregations by mentioning the recent banishment of a clergyman from Wheeling, for not preaching the gospel "in conformity with the laws in Virginia."

COLD WINTER IS COMING.—"Thrice the bridled cat has mewed, Thrice and once the hedge-hog whined"—That is to say, unless his hedge-pig is insensible to cold weather, for the last few nights must have been cautionary to those "whose lodgings are on the cold ground," whether pigs quadruped, or unfortunate deservent pigs biped.

A GLEAM OF HOPE.—The leaders of fashion in Paris are getting tired of hoops and extended crinoline. By way of bringing down the great circumference gradually, however, they are beginning to flatten the hips. The next new dress, therefore, instead of puffing from the waist, will shed the silken torrent down in a direct line, so that the flow of the lower circle must be considerably reduced. We are thankful for this gleam of hope, at last.

Congressional.

The U. S. Senate was not in session on Friday last. In the other house, the consideration of the question on the admission of Mr. Whitfield to a seat, as a delegate from Kansas was resumed. Mr. Phelps, knowing that there were, at length, a majority of Mr. Whitfield's friends in the city, moved, as a test question, a call of the House, which was ordered, and 218 members answered to their names.

News from Santa Fe says that the gold mines on the Gila river are richer than the richest in California. Many persons had left Santa Fe to go thither.

Teachers' Annual Association of Huntingdon County.

Another year has gone and we again call the attention of our fellow Teachers, in this county, to the Anniversary of our Association, which takes place on the 22nd, 23rd, and 24th of this month in Huntingdon. It is fondly hoped that all Teachers and many others interested in the cause of Education in this County, will be present, not merely as spectators, but as active and efficient co-workers in the great cause we advocate.

Let each one come as the Representative of his own little Republic, the Common School, in which he is laying the foundation of future greatness; realizing that as he performs his part upon the threshold of Society, so will they whose minds and characters he then cultivates and directs, act their part in the drama of life. In the Common School, we find all grades conditions and sexes; there is no distinction between the rich and the poor; all are brought to one common starting point. It matters not who they be or from whom descended. It is a School Common to all.

In it is found in tattered garb the genius of the poor man's boy and the dunce or the booby, habituated with the abundance of the rich man's purse, each the framer of his own fortune. Let us then as fellow teachers consult together, as to the best method of preparing those committed our care for usefulness and happiness. P. H. LANE, Teacher.

THE CABINET.—The Lancaster (Pa.) Express is sure that the following named gentlemen will be tendered the places respectively assigned them by Mr. Buchanan: Hon. Lewis Cass, of Michigan, Secretary of State.

Hon. R. M. T. Hunter, of Virginia, Secretary of the Treasury. Hon. John Appleton, of Maine, Secretary of the Interior.

Hon. Howell Cobb, of Georgia, Secretary of the Navy. Hon. James A. Bayard, of Delaware, Secretary of War.

Hon. Jesse D. Bright, of Indiana, Postmaster General. Hon. Josiah Randall, of Pennsylvania, Attorney General.

RESULT IN ILLINOIS.—The Chicago Tribune, of Thursday, sums up the result of the election in that State, in emphatic capitals, at the head of its editorial column, thus: "Winns Retained.—A Republican Governor—A Republican Lieutenant Governor—A Republican Secretary of State—A Republican Auditor—A Republican Treasurer, 20,000 majority—Douglas and Richardson reelected."

The Journal of Chicago, says that Buchanan's plurality over Fremont is only about 2,000 in the State; and that the Legislature will stand Buchanan majority in the Senate one; opposition majority in the House two; opposition majority on joint ballot, one.

COVERED WITH IRON.—A terrible accident occurred at Miami Foundry, at California, a few miles above the city, recently. A German by the name of Rabbe, a moulder, while engaged at his work, received a large ladle full of molten iron on his lower extremities. It ran into his boots and set his clothes on fire, and it was some time before the flames were extinguished, by the throwing on of water. The flesh came off with his boots, and the poor fellow suffered excruciatingly. Both his legs, it is thought, must be amputated, and even with that his recovery is doubtful.

STRANGE COINCIDENCE.—A comparison of the vote for Congressmen in Delaware county, Pennsylvania, in 1854 and 1856, exhibits a remarkable coincidence. In 1854 John M. Broomall, Whig, rec'd. 1,882 John Hickman, Democrat, received, 1,959

In 1856 Jno. S. Bowen, Republican, rec. 1,882 John Hickman, Democrat, received, 1,909 Hickman's majority, 87

ELECTION IN INDIANAPOLIS.—Glorious Republican Triumph.—The Municipal Election held in Indianapolis on Saturday, resulted in the triumph of the Republican ticket by about one hundred and fifty majority. Wm. J. Wallace is elected Mayor, and Frederick Stein, City Clerk. Previous to the election, the Democrats were very confident of carrying the city. This triumph is the result of early organization, and has been accomplished in spite of a determined effort of the Buchananites. It is the first rally, and a successful one, after the national defeat.

A Profitable Business.—Robbing the mail. The greater the villain the higher he holds his head. Mail robbing is an accomplishment—and that's a fact.

At the Franklin House, in Huntingdon, on the evening of the 4th inst., by Rev. R. Fletcher, Mr. Henry G. Wise, to Miss Mary J. Headings, both of Millin co.

Near Alexandria, on the 29th ult., Mrs. Martha Whittaker, wife of George Whittaker, aged about 55 years.

The deceased was a truly devoted servant of God; her character was remarkable for its gentleness and cheerfulness, and these loving characteristics of a true Christian, endeared her to the hearts of all who knew her. To her, death had no sting; the grave no victory over her; she breathed her soul sweetly into her Saviour's arms, and when again she is seen, it will be where the soul is established in sinless perfection, where there is no more pain, nor sorrow, nor night; in that blessed band who "have washed their robes, and made them white in the blood of the Lamb."
