ASTOUNDING DEVELOPMENT! ANOTHER OF CAMPBELL'S POSTMASTERS DETECTED.

THE WAY WE WERE DEFEATED. Perfidy of no Account with a Jesuit!

READ! READ! READ! The most startling developments are being brought to light in different sections of our country.

In this country, the lowest and most startling tricks have been perpetrated, and the system of mail depredation carried to an alarming extent.

THE POSTMASTER IN HUNTINGDON BOROUGH.—William Lewis has been playing a high-handed game in one matter, and we hope, for the sake of justice, that sympathy will not so far work upon the feelings of the gentlemen who have his case in hand.

PRINTED MAIL MATTER lying at your office for the offices beyond it.

WM. LEWIS, P. M. Paradise Furnace, Maddensville Three Springs.

The story invented, that it was to hasten on the American newspaper's circulars, urging all Americans to vote the straight out Fillmore tickets is simply untrue.

The note as published in last week's Huntingdon Globe, is not correct, as will be seen by comparing it with the original.

The laws of the United States speak in emphatic terms. Hear:

"If any person employed in any department of the post office shall improperly keep, detain or delay any newspaper, or permit any other person to do so, or permit any other to open his mail, or pack of newspapers, NOT DIRECTED TO THE OFFICE WHERE HE IS EMPLOYED, for every such offence he shall forfeit fifty dollars.

"If any person shall take with or without the consent of the person having custody thereof any packet from any post office, * * * such offender shall be imprisoned for not less than two nor exceeding 10 years."

"Every person who shall advise or assist in perpetrating any acts by this Act forbidden, shall be subject to the same penalties as if he were the actual transgressor.

"The Huntingdon Journal was issued as usual on Wednesday."—Hunt. America of the 12th inst.

"The Journal and Globe editions were mailed in the Huntingdon office, on Wednesday afternoon."—Hunt. Globe 12th inst.

Now this proves the old adage, one lie produces another. To prove these gentlemen mistaken, we have only to produce the following:

"I hereby certify that a part of the edition of the Huntingdon Journal was worked off on Monday, November 3d, and mailed the same day.

"The remaining part of the edition was printed on Tuesday morning, and put in the office of Huntin. don, in time for both mails.

"Now this certificate proves conclusively that Mr. Lewis has criminally kept back the Journals in his office, for one day—after the election, or, that he is telling a deliberate untruth; we cannot say which, but it must be one or the other.

"If any person employed in any of the departments of the Post Office Establishment shall unlawfully detain, delay, or open, any letter, packet, &c., with which he shall not be entrusted, or shall come to his possession, and which are intended to be conveyed by post, * * * every such offender, being convicted, shall be fined not exceeding three hundred dollars, or imprisoned, not exceeding six months, or both according to the offence."

"If any postmaster shall unlawfully detain in his office any newspaper, &c., with intent to prevent the arrival and delivery of the same to the person or persons whom such newspaper &c., may be directed, or if any postmaster give preference to any newspaper over another forwarding the one and retaining the other, on conviction thereof he shall be fined not over five hundred dollars, and imprisoned for a term not exceeding six months, and shall forever thereafter be incapable of holding said office in the United States."

MEDICAL ADVERTISEMENTS.

Greatest Medical Discovery of the Age. Dr. Kennedy, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures EVERY KIND OF HUMOR, from the worst scrofula down to a common pimple.

He has tried it in over 1100 cases, and never failed except in two cases. (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth. One to three bottles will cure the worst kind of Pimples on the face. Two or three bottles will cure the system of Biles.

Some bottles are warranted to cure the worst case of Erysipelas. One to two bottles are warranted to cure all humor in the Eyes. Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers. One bottle will cure scaly corruption of the skin. Five to three bottles are warranted to cure the worst case of ringworm. Two to three bottles are warranted to cure the most desperate case of rheumatism. Three to four bottles are warranted to cure the scaly rash.

Five to eight bottles will cure the worst case of scrofula. A benefit it always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I would speak for a thousand bottles of this in the vicinity of Boston. I knew the effect of it in every case. So sure was water will extinguish fire, so sure will this cure humor.—I never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear to me surprising; first it grows in our pastures in some places quite plentiful and yet its value has never been known until I discovered it in 1846—second that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery. I will state that in April, 1853, I peddled it and sold over six bottles per day—in April, 1854, I sold over one thousand per day of it.

Many of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humor—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which is always considered incurable, have been cured by a few bottles. O, what a mercy it will prove effectual in all cases of that dreadful malady—I have but few who have more of it than I have.

I know several cases of Dropsy, all of whom aged people cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you can get and enough of it. DIRECTIONS FOR USE.—Adults one table spoonful per day—Children over ten years desert spoonful—Children from five to eight years teaspoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

HEAD PIFE for sale at the Hardware Store of JAMES A. BROWN & CO.

MEDICAL ADVERTISEMENTS.

BALTIMORE LOCK HOSPITAL. DOCTOR JOHNSTON. THE founder of this Celebrated Institution, offers the most certain, speedy, and only effectual remedy in the world for Gleets, Strictures, Seminal Weakness, Pain in the Loins, Constitutional Debility, Impotency, Weakness, of the Back and Limbs, Affections of the Kidneys, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Disease of the Head, Throat, Nose or Skin; and all those serious and melancholy disorders arising from the destructive habits of Youth, which destroys both body and mind. These secret and solitary practices are more fatal to their victims than the song of the Sirens to the mariner Ulysses, blighting their most brilliant hopes by anticipations, rendering marriage, &c., impossible.

Young Men, especially, who have become the victims of Solitary Vice, that dreadful and destructive habit, which annually sweeps to an untimely grave thousands of young men of the most exalted talents, and brilliant intellect, who might otherwise have entered listening senators with the thunders of eloquence, or waked to ecstasy the living lyre, may call with all confidence.

Marriage. Married persons, or young men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., should immediately consult Dr. Johnston. Dr. Johnston may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

Organic Weakness. Immediately cured, and full vigor restored. This disease is the penalty most frequently paid by those who have become the victims of Solitary Vice. Young persons are advised to commit excesses from not being aware of the dreadful consequence that may ensue.—Now, who that understands the subject will pretend to deny that the power of Procreation is lost sooner by those falling to impure habits than by the prudent. Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms to mind and body arise. The system becomes deranged, the physical and mental powers weakened, nervous debility, frequent palpitation of the heart, indigestion, a wasting of the frame, cough symptoms of Consumption.

Office No. 7, South Frederick Street, seven doors from Baltimore Street, East side, up the steps. Be particular in observing the name and number, or you will mistake the place. A Cure warranted in Two Days. NO MERCURY OR NAUSEOUS DRUGS.

Dr. Johnston, Member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the first hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, and a bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

A Certain Disease. When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it is too often happens that an ill-timed resort to self-medication, or the advice of a quack, leads him from applying to those who from education and respectability, can alone be trusted to him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones, and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease, becomes a horrid object of commiseration, till death puts a period to his dreadful sufferings, by sending him to "that bourne from whence no traveller returns." To such, therefore, Dr. Johnston, who has himself witnessed the most inveterate cases, and from his extensive practice in the first Hospitals of Europe and America, he can confidently recommend a safe and speedy cure to the unfortunate victim of this horrid disease.

It is a melancholy fact that thousands fall victims to this horrid disease owing to the unskillfulness of ignorant pretenders who by the use of that deadly poison Mercury, ruin the constitution, and either send the unfortunate sufferer to an untimely grave, or make the residue of his life miserable.

Take Particular Notice. Dr. J. addresses all those who have injured themselves by improper indulgences. These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangements of the Digestive Functions, General Debility Symptoms of Consumption, &c.

The fearful effects on the mind are much to be dreaded; Loss of memory, Confusion of ideas, Depression of Spirit, Evil Forebodings, Aversion to Society, Self Distrust, Love of Solitude, Timidity, &c., are some
