THE BOOK OF THE AGE! RECOLLECTIONS OF A LIFETIME.

OR MEN AND THINGS THAT HAVE BEEN IN EUROPE AND AMERICA.

By S. G. GOODRICH, the veritable "Peter Parley," author of "The History of All Nations," &c., &c. In two volumes, 150 pp. large 12mo. 25 engravings, including an accurate Steel Portrait of the Author. Price, Black or Scarlet Cloth, \$3.00; Sewer cloth, gilt edges \$4. Half cloth, marble edges, \$3.00. Fifth Edition, \$7.

This work embraces the prominent public events of the last half century, both at home and abroad; a complete autobiography of the author—his early days, education, and literary career; and an amount of original, curious, and valuable personal incident, anecdote and description, seldom, if ever, met with in a single work. It is the author's life-long work, and nothing superior to it equal to it in blended amusement and instruction, has ever been published. Mr. Goodrich by the author and editor of 170 volumes, of which seven millions of copies have been sold! and this the great work of his life time, embodies the condensed substance of his simple history and practical experience; the way with England in 1812-14, in which Mr. Goodrich was a private soldier; the Hartford Convention, whose operations took place under his immediate observation, and with most of the members of which he was personally acquainted; embracing curious and interesting details respecting all the prominent events of the Old Federalism, and Connecticut Blue Light; curious and marvellous events connected with the rise and progress of religious sects in the United States; with descriptions of the French Revolution of 1838, and Louis Napoleon's Coup d'Etat, both of which the author witnessed. Also, a full account of the "Peter Parley's Tales," of which four millions have been sold.

In the course of the work will be found pen and ink portraits of over two hundred distinguished persons—Presidents, Vice-Presidents, Kings, Queens, Emperors, Soldiers, Poets, Wits, Knave, Philosophers, Physicians, Lawyers, Politicians, Diplomats, &c.—all described from personal acquaintance or observation.

Books upon almost every subject have been circulated among the people, except those relating to the very interesting and important one of Natural History. The books which have been adapted, published on this subject, have been made it, through study. Hence, very few of the millions of readers in this country have, within their reach, anything satisfactory upon this subject.

This indicates a great and unmet demand for a subject so much so interesting, and none more improving than that of the living beings that people the globe. This want we are confident we fully meet, in the work we here offer to the public.

Testimony of Sixteen Thousand Purchasers. Magnificent Work of History! A whole Library in itself!

Cost \$11,000—70 Maps—700 Engravings. A HISTORY OF ALL NATIONS.

From the earliest period to the present time, the history of every nation, ancient and modern, being separately given. By S. G. GOODRICH, author of several works of History, "Peter Parley's Tales," &c.

It is a work that the above work will be very acceptable to the American public. It is the result of years of toil and labor, assisted in his researches by several scholars of known ability, and has been got up at a great expense by the publishers. The plates have been spared in the execution of the illustrations, and all the engravings are prepared expressly for this work. Indeed, all the other historical writing of Mr. Goodrich, sink into insignificance, when compared to this, the result of his ripe and mature years. It is the result of one hundred dollars could not purchase the same matter in any other shape, and the publishers confidently expect, in consideration of the great literary value of the work, the large sum expended in preparing it for the press, and the exceeding moderate price at which it is offered, that it will be favorably received by every lover of good books. Many of our first scholars, divines and gentlemen, who have examined the work, have given it their unqualified approbation and commendation, which it richly deserves.

MISCELLANEOUS ADVERTISEMENTS.

IMPORTANT TO EVERYBODY.

FOR the last three years I have been engaged in a business known only to myself, and comparatively few others, whom I have intrusted for the sum of \$2,000 each, which I averaged me at the rate of \$2,000 per annum; and having made arrangements to go to Europe in the fall of 1857 to engage in the same business, I am willing to give full instructions in the art to any person in the United States or Canada, who will receive me the sum of \$1. I am induced, from the success I have been favored with, and the many thankful acknowledgments I have received from those whom I have instructed, and who are making from \$5 to \$15 per day at it, to give any person an opportunity to engage in this business, which is easy, pleasant, and very profitable, at a small cost. There is positively NO HURRY in the matter. References of the best class can be given as regards its character, and I can refer to persons whom I have instructed, who will testify that they are making from \$5 to \$15 per day at the same. It is a business in which either ladies or gentlemen can engage, and with perfect ease make a very comfortable living out of it. I have various parts of New York State, Pennsylvania, and Maryland, whom I have instructed are now making from \$3 to \$6 per day at it. It is a general business, and but a few shillings is required to start it. Upon receipt of \$1, I will immediately send you the application of a printed circular containing full instructions in the art which can be perfectly understood at once.

All letters must be addressed (post-paid) to A. T. PARSONS, 335 Broadway, New York. Dec. 24, 56-4t.

MONEY! MONEY! MONEY!!!

WHY BE WITHOUT MONEY? when it is just as easy for any one to be around with a pocket full as not, if they only think so. I have got a new article, from which from five to twenty dollars a day can be made, either by male or female. It is highly respectable business, and an article which is wanted in every family in the United States. Enclose me two dollars by mail, at my risk, and I will forward by return mail a Circular, with full instructions in the art. The business is very easy. Try it, if you are out of employment, and you will never forget it; for it will be better for you to pay the above sum, and insure a good business, than to see the advertisement of your neighbor, who has just advertised. This is no humbug. Try it! Try it! Address your letters to DWIGHT MONROE, New York.

She is no longer as strong as she used to be, but she is well, and she can be employed for several years with gratitude and regard.
