

For the Farmer.

The great number of horses stolen from this district, has made it necessary for farmers to form societies to detect the thieves. Let all our farmers follow the example of the good citizens of Shafersville.

WE whose names are hereunto annexed, viewing with regret the considerable number of horses stolen from our neighborhood, and the discouraging effect it has upon the improvement of the breed of this most useful of animals; and, being, from their fleetness, easily conveying a great distance in a short time, rendering it a property which the laws of our country cannot wholly secure,—therefore for the better protection of this property, we do hereby associate ourselves, for the purpose of detecting horse thieves and recovering stolen horses, under the following rules and regulations, adopted as our Constitution.

ARTICLE 1st. This association shall be called the Shafersville Company for the detection of Horse Thieves and recovery of stolen Horses.

ART. 2d. The officers of this society shall consist of a President, two Vice Presidents, a Secretary and a Treasurer.

ART. 3d. The President shall preside at all meetings, sign all drafts on the Treasurer, give the casting vote, and perform such various duties as shall be further enumerated in this Constitution as belonging to him; in his absence the Senior V. P. shall preside.

ART. 4th. The Secretary shall keep regular minutes of all meetings of the society, make out all drafts, present all accounts due the company to the Treasurer for collection, advertise all meetings ten days previous at six different places.

ART. 5th. The Treasurer shall receive all moneys, collect fines and immediately after a regular meeting receive an account of all fines, &c., from the Secretary and present the same to such delinquents for collection, &c.

ART. 6th. Members shall obtain an exact description of their horses' ages, marks, colors, &c., and shall brand on the left shoulder the letter O; and if stolen, the owner shall give such description in writing to each member, together with any private marks, and shall with the Presidents designate persons and routes they shall pursue.

ART. 7th. Every member, on hearing of any horses stolen from members of the company, shall repair to the regular place of meeting, receive descriptions, and take their different routes, two to each route, or if required, pursue singly.

ART. 8th. Members shall continue pursuit at least fifty miles, without any certain information. All reasonable expenses to be paid by the company. If any intelligence be received pursuant to be continued as long as there is any possibility of horses being recovered or thief brought to justice; and for such additional effort each member shall receive \$1.50 per day in addition to amount thus specified.

ART. 9th. On return from pursuit they shall report a just and full return of distances, and what information they may have received to Secretary, who shall report all such information, &c., to the company at the next regular meeting.

ART. 10th. Any member refusing or neglecting after being notified to pursue, shall be fined \$8; collected as other fines.

ART. 11th. A member who finds it impossible to go, through press of business, or other unavoidable causes, shall be released from fine, provided he finds a horse and suitable substitute.

ART. 12th. Any member apprehending a horse thief shall receive \$100 out of the funds of said company.

ART. 13th. Officers shall be elected annually, by ballot. A majority of members at all meetings of the company shall constitute an election, and shall transact all business occurring. Election for officers shall be held on the 4th Friday of October of each year.

ART. 15th. Members who refuse or neglect to comply with this constitution shall be expelled.

ART. 16th. The Brand shall be kept in the hands of the Treasurer; any member keeping the brand over five days, shall pay a fine of 25 cts., and for each two succeeding days thereafter, 50 cts.

ART. 17th. Any person who shall receive the approval of the President, and a certificate to the Secretary, shall be admitted to all its privileges.

ART. 18th. Any member dissatisfied with decisions against him, may appeal to the company, and if a majority present exonerate him, from such decision, he shall be acquitted, otherwise, pay his fine.

ART. 19th. A member having a horse stolen and not recovered, shall receive from company three-fourths the value of horse; to be valued by 3 members appointed by the President.

ART. 20th. When additional funds are needed over and above admission fees, for various objects of the company, the same shall be levied by the President and Vice Presidents on each member, in proportion to the number of horses he has enrolled on the books of the company.

ALMANAC FOR YEAR 1857.

Table with columns for months (January to December) and days of the week (Sunday to Saturday), showing the day of the week for each date.

MISCELLANEOUS ADVERTISEMENTS.

IMPORTANT TO EVERYBODY. For the last three years I have been engaged in a business known only to myself, and comparatively few others, whom I have instructed for the sum of \$200 each, which averaged me at the rate of \$2,000 to \$3,000 per annum; and having made arrangements to go to Europe in the fall of 1857 to engage in the same business, I am willing to give full instructions in the art to any person in the United States or Canada, who will remit me the sum of \$1. I am induced, from the success I have been favored with, and the many thankful acknowledgments I have received from those whom I have instructed, and who are making from \$5 to \$15 per day at it, to give any person an opportunity to engage in this business, which is easy, pleasant, and very profitable, at a small cost. There is positively no hazard in the matter. Refer to the best of the best class can be given as regards its character, and I can refer to persons whom I have instructed, who will testify that they are making from \$5 to \$15 per day at the same. It is a business in which either ladies or gentlemen can engage, and with perfect ease make a very handsome income. Several ladies in various parts of New York State, Pennsylvania and Maryland, whom I have instructed are now making from \$5 to \$15 per day at it. It is a retail business, and but a few shillings is required to start it. Upon receipt of \$1, I will immediately send to the applicant a printed circular containing full instructions in the art which can be perused and understood by any person. All letters must be addressed (post-paid) to A. T. PARSONS, 335 Broadway, New York. Dec. 24, '56.-4t.

MONEY! MONEY! MONEY!!!

WHY BE WITHOUT MONEY? when it is so easy as for any one to be around with a pocket full as not, if they only think so. I have got a new article, from which I receive twenty dollars a day can be made, either by male or female. It is highly respectable business, and an article which is wanted in every family in the United States. Enclose me two dollars by mail, at my risk, and I will forward by return mail a Circular, with full instructions in the art. The business is very easy. Try it, if you are out of employment, and you will never forget it! Try it! Address your letters to DWIGHT MONROE, New York.

I sent one of my circulars to an Editor in Georgia, and he gave me a notice in his paper like the following: "Mr. Monroe sent me one of his Circulars, and I will just say to my readers that whoever of you are out of employment that Mr. Monroe's business is a good business, and money can be made out of it by any one who engages in it, for it is no humbug." Dec. 3, '56, 3m.

MEDICAL ADVERTISEMENTS.

Greatest Medical Discovery of the Age. Dr. Kennedy, of Roxbury, has discovered in one of our common pastures a remedy that cures the most obstinate cases of Syphilis, Stricture, Seminal Weakness, Pain in the Loins, Constitutional Debility, Impotency, Weakness of the Back and Limbs, Affections of the Kidneys, Palpitation of the Heart, Dyspepsia, Nervous Irritability, &c.

EVERY KIND OF HUMOR, from the worst scrofula down to a common pimple. He has tried it in over 1100 cases, and never failed except in two cases. (Both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth. One to three bottles will cure the worst kind of Pimples on the face. Two or three bottles will cure the system of Biles.

Two bottles are warranted to cure the worst case of Erysipelas. One to two bottles are warranted to cure all humor in the Eyes. Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers. One bottle will cure sealy corruption of the skin. Two to three bottles are warranted to cure the worst case of ringworm.

Two to three bottles are warranted to cure the most desperate case of rheumatism. Three to four bottles are warranted to cure the salt humor. Five to eight bottles will cure the worst case of scrofula.

A benefit it always experienced from the first bottle, and a perfect cure is warranted when the disease is not too far advanced. Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I knew the effect of it in every case. So sure was water will extinguish fire, so sure will this cure humor.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise from all quarters. In my own practice I always kept it strictly for humor—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy it will prove effective in all cases of that dreadful malady—there are but few who have more of it than I have.

I know of several cases of Dropsy, all of whom aged people cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you can get and enough of it. DIRECTIONS FOR USE.—Adults one table spoonful per day—Children over ten years discontinue spoonful—Children from five to eight years one tea spoonful. As no directions can be applied to all constitutions, take sufficient to operate on the bowels twice a day.
