A child's among ye takin' notes, And faith, he'll print it.

The organ-grinders are about again, and the music they discourse—oh! pianos and melodious "Old Dog Tray," and "Pop goes the Weasel," will soon be heard in every portion of our town, to the infinite delight of noisy crowds of boys and girls, and the discomfort of musicians of great pretensions.

An act has been passed by the Legislature, this winter, divorcing "David Bechtel and Catherine his wife." These are the parties who about a year ago got married in Chester county "in fun," but have found it rather serious sport.

Minnesota.—Governor Gorham has issued a proclamation calling an extra session of the territorial Legislature of Minnesota, to meet at St. Paul on the 27th of April, to enact such laws as may be necessary to enable the people to form a State Constitution preparatory to being admitted into the Union, and to dispose of the grant of lands made by Congress to aid of certain railroads.

Brooks Jail.—On Friday last one of the prisoners confined in our county jail, awaiting his sentence for larceny, scaled the wall, and made off for the hills at a 2.40 speed. Pursuit was instantly instituted, and deputy sheriff Bradford succeeded in overtaking and bringing back the fugitive. The prisoner we understand, has since been honored with the "bracelets."

A Brock's Head for the President Elect. The Albany Journal says that an accomplished artist of that city has prepared for presentation to Mr. Buchanan, an elegant hat cock, having for its center ornament a finely prepared Brock's head, with spreading antlers, the whole surmounted by a preserved eagle.

Sanctuary for the Young.—It is with pleasure we announce to our young friends that Rev. S. H. Beid will deliver a sermon Sunday the 13th inst., in the German Reformed Church of this place, to the Young. We sincerely hope that all our young and old friends will attend.

A new Mormon dance, which tickles the fancy of the Gentiles much, has been introduced to Utah, and is all the rage. Each gentleman has two ladies for his partners, and it is designated the "Mormon Cotillon, or Heaven upon Earth."

The Washington Epidemic.—The Washington Board of Health have arrived at the conclusion that the sickness at the National Hotel was occasioned by poisonous miasma, generated in the sewers, cesspools and sinks about the establishment.

The true history of the "Investigation" has been crowded out this week. The Globe man evinces a strong disposition to "crab out." We are determined on proving him what all our citizens believe him, a confirmed scamp.

In Placerville, California, the ladies have formed a "moral league," no lady can become a member, who is unwilling to go to parties, church, or the street in calico. Such an arrangement wouldn't suit our girls.

Thomas Magruder, the original "Uncle Tom," died at his "cabin" at Indianapolis, on Sunday last, at the old age of 110 years.—He is "stowed" away forever.

A late San Francisco paper says that the churches here have determined to sing no more long meter tunes—they being too slow for that country and people.

We have the pleasure of announcing to our readers that hereafter we shall have a special correspondent in Kansas and Missouri.

A military expedition is being organized in Georgia, for a descent on Cuba. So says rumor.

Maj. Mictly has removed from this to Lehigh county. Another true blue Republican gone.

There are fifty applicants at Washington for every office in the gift of the President. Don't go to California. A returned passenger says that country is overstocked now.
