WILLIAM BREWSTER, EDITOR. SAM B. G. WHITTAKER, EDITOR.

Wednesday Morning, April 15, 1857.

"Once more our glorious banner out into the breeze we throw; Death its folds with song and shout we'll charge upon the foe."

FOR GOVERNOR, DAVID WILMOT, OF BRADFORD COUNTY.

FOR CANAL COMMISSIONER, WILLIAM MILLWARD, OF PHILADELPHIA.

FOR SUPREME JUDGES, JAMES VEECH, OF FAYETTE COUNTY. JOSEPH J. LEWIS, OF CHESTER COUNTY.

U. S. Supreme Court. The recent decision of the U. S. Supreme Court is attracting attention throughout the country to the peculiar construction of that Court.

Table with 2 columns: White population, No Mem's population, H. Rep's population. Lists various states and their respective populations.

GEORGE HOUTZ, ESQ. On Monday last, on motion of A. W. Benedict, Esq., Geo. Houtz, Esq., was admitted to the practice of law.

TROUBLE IN CENTRE COUNTY.—The Bellefonte (Pa.) Whig says:—The hands at the different forges in this county have "struck," not for higher wages, but for better pay.

WE have on our exchange list all good and well-conducted papers with one exception; and as we have no desire to exchange with a sheet destitute of news, &c., and whose publishers are of that easy virtue displayed in "side door" interviews.

WE are pleased to learn that our excellent young friend McDiitt, is a candidate for County Superintendent, and that he is highly recommended for the office by prominent individuals in all parts of the county.

THE tide of emigration to the West from this county, is still unbroken. There is still a strong current.

State Debt to be Liquidated.

We live in an age of progress and gigantic financing on the most approved basis of judicial morality and constitutional etiology. As an evidence of this, says the Times we learn from the Venango Star that a large and enthusiastic meeting of the Democracy of that county was held at Riceville (named after the editor of the Pennsylvanian, we presume), on Monday last week, for the purpose of endorsing the decision of the Supreme Court in the Dred Scott case.

Throwing Sand in the Public Eyes.

The following is a paragraph telegraphed all over the land, by which the administration hopes to get credit for acting fairly in Kansas:

"It has been repeatedly asked how independent suffrage can be exercised, if the laws of the Territory are to be regarded as valid, the reply from the best sources of information is, that the law providing for the election is a fair one, in explicitly declaring that all free white male citizens of the United States, over 21 years of age, residents of the territory on the 1st of April, shall be entitled to vote for delegates to the Constitutional Convention."

This is partly true, but it suppresses the material part of the truth. The law ordaining the Kansas Convention, declares with a mocking effort to be just, that "all free white male citizens of the United States, over 21 years of age, residents of the territory on the 1st of April, shall be entitled to vote for delegates;" but it immediately proceeded to nullify this declaration by providing that not one of these residents shall vote unless his name is upon the poll lists, and as it confides the framing of these poll lists to a pack of irresponsible, pro-slavery officers, who have neither motive nor obligation to be just, they both can and will disfranchise all who are obnoxious to their own views and purposes.

Gov. Walker is instructed to enforce this law—not in parts, but as a whole, and its enforcement in the spirit of its enactment, cannot fail to make Kansas a Slave State in the very teeth of the wishes of the inhabitants.

As a further evidence of the persecuting spirit of the administration towards the free State men of Kansas, it is to be noted that Whitfield has been appointed Register and Woodson Receiver of the principal Land Office. No step more hostile to the Free State men could possibly be taken than this. Both are unprincipled Border Ruffians, and can do more wrong to the Free State men in the land office than in any other position in the Territory, by annulling Free State settlers in regard to their claims, by deciding all cases against them, and by favoring the Border Ruffian settlers. That they will do this, unscrupulously and unyieldingly, their previous history leaves no room to doubt.—Gazette.

KANSAS.

All the accounts from Kansas team with descriptions of the vast tide of free emigration rushing into the territory. But most of the letters to northern papers also mention that thousands of the well known Missouri border ruffians have made fraudulent claims on the Indian lands, in order to vote at the ensuing elections. The number of these spurious voters whose residence is in Missouri, is said to be 3500. A person who has recently come from Leavenworth, informs the editor of the Pittsburg Gazette that the census of that place under which the voting is to be done, is being taken in the following manner. The census taker, a drunken ruffian, has his quarters at a tavern, where it would be unsafe for any free State man to venture. He does not go round to the houses, but only sets down the names of such as apply at the tavern. A mob of ruffians is always there to take care that too many "abolitionists" are not down, so that, from a scrutiny of the list, the informant of the Gazette thinks, it is mostly composed of bogus voters.

JUDICIAL ELECTION IN WISCONSIN.

CHICAGO, Tuesday, April 7, 1857. Scattering returns from Wisconsin, indicate the reelection of Whiton, Republican as Chief Justice, by a decided majority.

The Remedy of the Age.

At this season of the year, it is prudent, if not necessary, to take a reliable and good medicine, and among the numerous compounds in vogue for the public (all claim to possess this virtue) Hurley's Sarsaparilla is the only one which can be depended upon.—St. Louis Herald.

WHITE TERTH, FLESHED BREATH AND BEAUTIFUL COMPLEXION—can be acquired by using the "Balm of a Thousand Flowers." What lady or gentleman would remain under the curse of a disagreeable breath, when by using "Balm of a Thousand Flowers" as a dentifrice, would not only render it sweet, but leave the teeth white as alabaster? Many persons do not know their health is bad, and the subject is so delicate their friends will never mention it. Beware of counterfeits. Be sure each bottle is signed. FETTERIDGE & CO., N. Y. For sale by all Druggists. Feb. 18, '57-6m.

NOTICE.

To the School Directors of Huntingdon county. GENTLEMEN: In pursuance of the 43d section of the Act of 6th May, 1854, you are hereby notified to meet in Convention, at the Court House in Huntingdon, on the first Monday in May, A. D. 1857, being the fourth day of the month at 1 o'clock in the afternoon, and select, viva voce, by a majority of the whole number of Directors present, one person of literary and scientific attainments, and of skill and experience in Teaching, as County Superintendent, for the three succeeding years; determine the amount of compensation for the same, and certify the result to the State Superintendent at Harrisburg, as required by the 39th and 40th section of said act. ALBERT OWEN, County Superintendent of Huntingdon County, Huntingdon, April 8, 1857.

Michigan Election.

Incomplete returns which have been received indicate the election of the Republican State ticket by the least ten thousand majority. Six of the eight Circuit Judges, and the Regents of the State University elected are Republicans. Not more than two thirds of the full vote was polled.

CONNECTICUT ELECTION.—As far as heard from, the vote for Governor stands thus:—Holley, Republican, 27,969; Ingham, Dem., 26,963. The vote for Congress in the First District is, Clark, Republican, 8413; Hubbard, Democrat, 7957; Clark's majority, 456. In the Second District, Sydney Dean, Republican, is elected by a large majority. In the Third District, as far as heard from, Arno's, Dem., has 353 majority. The Fourth District is in doubt. The Legislature is largely Republican.

The Portland, Maine, municipal election indicates a great popular change there. A year ago the vote for Mayor stood 1837 Republican to 1530 anti. The City Council last year was four Republicans to 24 anti. This year it will stand 24 Republicans to four anti.

The Emancipationists in St. Louis have swept everything before them in the late municipal election.

England has finally obtained the opening of the four great powers. A battle had been fought between the British and Persians, the latter being routed.

JUDICIAL APPOINTMENT.—Gov. Pollock has appointed James M. Armstrong, Esq. of Lycoming county, to fill the vacancy in the Supreme Court of Pennsylvania.

Chas. B. Penrose, member of the Legislature from Philadelphia, died in Harrisburg last week. He was an able and eloquent man and his death will be keenly felt in many parts of the Commonwealth.

ANTIPHLOGISTIC SALT. A PERFECT SUBSTITUTE.

For the Lances, Leeches and Blisters! OF ITS INTRINSIC VALUE THE ENLIGHTENED COMMUNITY AND NOT THE DISCOVERER, MUST BE THE JUDGE!

MANY medicines offered for sale are accompanied by doubtful certificates (their chief value) and claim to be universal remedies, curing all maladies of a burlesque on common sense. As the discoverer of this Salt solemnly protests against having it placed on the category of frauds and impostures, he has resolved that it shall go forth to the world like the pure gold dollar, with no other passport than its own true value. If the public find it genuine they will receive it—if spurious they will reject and condemn it. Instead of its being a panacea for all ills it has control over no ill—has but one aim and accomplishes but one thing; it wits; subdues inflammatory diseases—whatever be their form or locality, whether in the head, throat, chest, abdomen, extremities or skin.

When the discoverer, after a long series of laborious and costly experiments, became fully convinced in his conviction that the Antiphlogistic Salt, which he
