NEWS ABOUT HOME.

THE COUNTY SUPERINTENDENCY.—In our brief notice of Mr. McDevitt in last week's Journal, we said nothing about his claims on the friends of education, supposing the Convention would be governed in its choice, mainly, by the character and qualifications of the several candidates. But as the claims of other gentlemen have been urged upon the Convention, we deem it proper to state some of the "claims" of Mr. McDevitt. In the first place, he has been a successful teacher in this, his native county, for twelve or fifteen years. He has taken a prominent part in all the approved educational movements of the times. He is one of that noble band of teachers, who five years ago, wrote and talked into being the Huntingdon County Teachers' Institute; he has attended all its meetings, recorded all its proceedings—sometimes requiring whole quires of writing and has been a main pillar of its support from its origin to the present time. Besides these onerous labors, at home, he has most of the time held the post of Recording Secretary to the State Teachers' Association, a very laborious office. His report of Gov. Pollock's address, delivered at Harrisburg last winter, is ample proof on this point; and the very fact that such a distinguished body of men selected him for that responsible office and have thus far continued him in it, is no trifling evidence of his character and standing amongst the great educators of the State. It is at least a more reliable evidence than any amount of newspaper recommendations, however smoothly they may be worded.

Mr. McDevitt has also written many sensible articles, practical essays, and eloquent lectures on the subject of education. And though his natural modesty has restrained him from seeking notoriety, he enjoys in a high degree, the respect and friendship of the oldest and ablest teachers wherever he is known; whilst he is ever ready, without arrogance or an "air of superiority," to counsel and advise with the young and inexperienced.

This is a simple statement of facts; and in view of them, we can truly say, that if any other candidate now in the field, has stronger claims than these, they have entirely escaped the notice of competent, unprejudiced observers.—We have neither seen nor heard of all claims like these in the history of any other aspirant. We hope they may have their just weight.

SCHOOL TEACHERS.—Next Saturday evening the Directors of this district meet to appoint six teachers for our Public Schools. This is a duty of the utmost importance, and the Directors should be very careful in fulfilling it. It is necessary that good teachers be engaged, that the pupils should learn, as we know a "bad tree bringeth forth evil fruit," &c. The public schools are not always, we are sorry to say, under charge of competent and proper teachers. We very frequently hear parents complaining of the incompetency of teachers, and often with just cause. This should not be all-mirrored in future, by the appointment of none but experienced teachers.

RIOT.—We have heard of "the courtesy of the press" &c., &c., but we have rarely seen much courtesy between different religious denominations, and who do notice such acts of brotherly love, we like to "make note of." Last Sabbath evening a week Revs. McClean and Shultz exchanged pulpits without any notice previously given to their respective congregations, and it produced a very good effect on the minds of the people, as it was done in a "manner of course" say, without any explanations, &c., &c. Such little acts of kindly feeling, have a great influence.

ACADEMY.—We are pleased to learn that the Academy at this place opens under the most favorable auspices. Prof. McCallister is a gentleman whose brilliant attainments will qualify him for the important post of Principal.—The terms of tuition, we understand, are fixed at \$20, \$24, and \$28. We can earnestly recommend this institution to our friends abroad, and have no doubt that it will fully realize the expectations of its most sanguine friends.

WE QUIT.—Predicting that Spring is coming. On Sunday last we had a severe snow storm, and ever since it has been continually sleeting, splinting snow or drizzling. Our article on Spring, will therefore be postponed this week, "on account of the weather."

S. L. GLASGOW, Esq.—This gentleman has resumed the practice of law, and offers his professional services to the public. Mr. G. is a gentleman of learning and undoubted ability, and will attend promptly and faithfully to all business entrusted to him. See his card.

The excellent communication relating to the Methodist Conference, we are compelled to omit, as it would lead us into a difficulty with certain persons.

For the Huntingdon Journal. Messrs. Editors:—It appears the Shirebury Herald is out for Mr. Albert Owen for County Superintendent, and nobody wonders at that, for it is well known that he is pledged to locate the Normal School at that place, which will be an advantage to the citizens, by helping to sustain their Seminary. The Herald is right in trying to promote the interests of its own locality. But the Huntingdon Globe speaks of a communication from Cassville, recommending Mr. Owen for that office; this we think very strange. Is there really any one in our community willing to place a man in a position of influence, who is touching our dearest interests—our Seminary—by his arrangements with a rival institution? It seems impossible. But if there is such a one, he must intend to remove to Shirebury, or else he has a strange disregard for the prosperity of his own neighborhood. Whoever he is, he may rest assured that Cassville and Cass township know how to guard their interests, and will vote for quite as competent a Teacher and acceptable a man as Mr. O.; and who has not committed himself to any measure that will prove injurious to our interests. Note the prediction of AN OLD CITIZEN.

For the Huntingdon Journal.

Messrs. Editors:

A report has been started in this neighborhood within the last few days that Albert Owen is running for County Superintendent. As I have seen no candidate announced in the papers, I am inclined to doubt the rumor, and to think with others that it has got up to us, from Mr. Owen's Normal School, as everybody knows that the same individual cannot be acceptably connected with both these concerns. Thus, Mr. Kerr, superintendent of Allegheny, and Mr. Wickersham, of Lancaster county, tried it and failed, although they are vastly superior men and universally beloved and respected by the Directors, people, and teachers of their respective counties. Mr. Wickersham had to resign his office of Superintendent of Lancaster county, and Mr. Kerr to drop his connection with the Normal School of Allegheny; the former did so promptly, and the latter after a severe struggle and serious trouble. And if these distinguished educators, eloquent orators, and popular Christian men failed to render satisfaction in this two-fold capacity, it is simply absurd for any ordinary man to undertake it. I conclude, therefore, that some one has started this report here to "raise the wind" against the Normal School, or on the other hand, that the Normal School has been talked of for the purpose of "raising the wind" in favor of Mr. Owen. If the former be the case, the report should be put down, and if the latter, it should put down the party practicing the deception. I don't believe in injuring candidates by false issues; still less do I believe in men claiming office who have no room, and perhaps it may call forth the truth, which is what we want in this region. April 17, 1857. JACKSON.

IN BLOOM.—Mrs. Cremer's beautiful flowers. They make us feel like telling Miss Spring "if you're going to come why don't you come alone," and bring us plenty of such sweet flowers.

DIED. At Bunt Cabins, Fulton county, Pa., a fever short but severe illness, Mr. John Curry, aged 28 years. In this borough on Friday last, Mary, wife of John Corbin, aged about 30 years. In this borough on the 11th inst., Lydia A., wife of John Corbin, aged 29 years, 8 months. At his residence on Broad Top, Hunt. Co., on Sunday morning, the 12th inst., after a short illness, Mr. Edwin H. Bradley, aged 25 years, 4 months and 12 days. Each day some pearl drops from the jeweled thread of friendship. Some lyre to which we were wont to listen, is hushed forever. Each day the child of death pass o'er some family circle, and lights and withers some object of the tenderest love. Yet such is life. Man is the creature of a moment; as it were a flower which blooms only to decay. In the death of Mr. Bradley, a large circle of relatives and friends are called to mourn the loss of one who had won the esteem and love of all who knew him. We who knew him and mourn his loss most enter deeply into the feeling that he is safely sheltered in the arms of his Savior. Then often, at the close of evening, We will breathe a silent prayer; And lift our streaming eyes to Heaven, For we know his Spirit's there.

ONLY ONE BOTTLE OF DR. SANFORD'S INVIGORATOR, OR LIVER REMEDY. IS REQUIRED TO CURE ANY ONE troubled with Liver Complaints, unless the most desperate cases, when the second bottle will, with scarce a single day's use, restore the patient to vigor and health. We wish to call the attention of all to these facts, that the Invigorator is compounded by a physician who has used it in his practice for the past twenty years with a success most extraordinary, and that it is entirely vegetable, being composed wholly of gums. Some idea of the strength of these gums may be formed when it is known one bottle of the Invigorator contains as much strength as one hundred doses of Calomel without any of its deleterious effects. One bottle is the surest thing known to carry away the bad effects of mineral poison of any kind. Only one bottle is needed to throw out of the system the effects of medicine after a long sickness. One bottle taken for Jaundice removes all yellow color or unnatural color from the skin. One dose after eating is sufficient to relieve the stomach and prevent the victims from rising and vomiting. Only one dose taken before retiring prevents nightmare. One dose taken at night loosens the bowels gently, and cures constiveness. One dose taken after each meal will cure Dyspepsia. One dose of two tea-spoonful will always relieve Sick Headache. One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure. Only one dose immediately relieves Cholera, while One dose often repeated is a sure cure for Cholera Morbus, and a sure preventative of Cholera. One dose taken often will prevent the recurrence of bilious attacks, while it relieves all painful feelings. Only one or two doses taken occasionally is one of the best remedies for a cold ever known. Thousands of cases of inflammation and weakness of the lungs have been cured by the Invigorator. One dose taken a short time before eating gives vigor to the appetite and makes food digest well. One dose often repeated, cures Chronic Diarrhoea in its worst forms, while summer and bowel complaints yield almost to the first dose. One or two doses cure attacks caused by worms, while for worms in children, there is no safer, safer and speedier remedy in the world, as it never fails. There is no exaggeration in these statements, they are plain and sober facts, that we can give evidence to prove, while all who use it are giving their unanimous testimony in its favor. We wish all who are sick and debilitated to try this remedy, and test it thoroughly, and any who are not benefited by its use we should like to hear from, as we have yet to hear from the first person who has used a bottle of Invigorator without receiving benefit, for there are such astonishing medicinal virtues in it, that all, no matter how long they have been affected, if their complaint arises from a deranged liver, will be benefited, if not entirely cured. S. ANDERSON & CO., Proprietors, 345 Broadway New York. Sold in Huntingdon by HENRY McMAXWELL, and Druggists everywhere. Dr. Geo. H. Always Get the Best! 4,000 HOUSEKEEPERS IN PHILA. have in constant use that most valuable manual for ladies— COOKERY AS IT SHOULD BE; and from one and the other we are constantly receiving testimony to its great usefulness; but we are anxious that it should be in every house in this city, as we are sure good, substantial food adds greatly to the health of the household. In no way can this so certainly, so cheaply be secured, than by using the receipts in this book. The price of it—only one dollar—will speedily be saved in the doctor's bill, the cost of the ingredients, and the pleasure derived from tending the palate with the good things of this art. WHAT I KNOW. We also publish this day a truly valuable companion to the above; a new edition, price 50 cents, of The Accomplish Cook and House Book; The object of which is not to elaborate the art of Cookery, but to give simple and economical receipts for Cookery, applicable to every meal and every occasion; for everyday use in all the duties of a housekeeper, both useful and ornamental. With the above two books as their companion and guide to household duties in the parlor, the dining room, and the kitchen, the veriest tyro may rival the oldest and best of housekeepers. The next session of this Institution will open the first Wednesday of May. Peculiar inducements are held out by this Institution, to young men desiring an education. The Board of Instructors is composed of gentlemen of high literary attainments, and skilled in their professions. The location is quiet, secluded and healthy; situated among the mountains it enjoys the pure mountain air. There has never a single case of Ague originated here, and those subject to it would find this a desirable location. The course of instruction is such as is best calculated to prepare young men for business, for teaching, and for taking a high stand in college. A Normal class is formed for those desiring to become teachers, in which practical instruction will be given in the art of teaching, hearing recitations, and the proper mode of managing and conducting a school. The course of study in the Commercial Department, is such as to give thorough instruction in Single and Double Entry Book-keeping, Mercantile Calculations, Penmanship, &c. The time occupied to finish the course, will vary from 3 to 10 weeks, depending on the students' facilities. Students can take up this branch of study either in connection with other studies, or devote their whole time to it alone. Single Gap is situated on the mail route between Mt. Union Station, on the Penna. Railroad, and Chambersburg, from which places there is a regular line of Stages. Terms of session of five months, \$52 50, Washing and light extra. Tuition in Double Entry Book-keeping, full course, time not limited, \$20 00. In Single Entry, full course, time not limited, \$8 00. Payment half in advance, balance on expiration of term. WHISKERANDO. La Salle's Original. ONE DOLLAR A BOX. TRY IT. TRY IT. Prof. Geo. H. De Bar has recently returned from Europe, and while there obtained from the celebrated French chemist, La Salle, at an enormous outlay, the receipt and exclusive right of the United States and Canada, to manufacture and sell this celebrated preparation called "Whiskerando," which has never been known to fail to cause Whiskers and Moustaches to grow luxuriantly and heavy, even on hairless faces in two months after first application. To those persons whose beards are light and wiry it recommends itself as a safe and reliable remedy. It is soft, thick and pliable. Frenchmen are noted for their beautiful Whiskers and Moustaches, which many of them attribute to the excellence of La Salle's Whiskerando. Price \$1 per box; sent to any part of the United States or Canada per mail, upon the receipt of \$1. Address, Prof. Geo. H. De Bar, April 1, 1857.—3m.

Always Get the Best! 4,000 HOUSEKEEPERS IN PHILA. have in constant use that most valuable manual for ladies— COOKERY AS IT SHOULD BE; and from one and the other we are constantly receiving testimony to its great usefulness; but we are anxious that it should be in every house in this city, as we are sure good, substantial food adds greatly to the health of the household. In no way can this so certainly, so cheaply be secured, than by using the receipts in this book. The price of it—only one dollar—will speedily be saved in the doctor's bill, the cost of the ingredients, and the pleasure derived from tending the palate with the good things of this art. WHAT I KNOW. We also publish this day a truly valuable companion to the above; a new edition, price 50 cents, of The Accomplish Cook and House Book; The object of which is not to elaborate the art of Cookery, but to give simple and economical receipts for Cookery, applicable to every meal and every occasion; for everyday use in all the duties of a housekeeper, both useful and ornamental. With the above two books as their companion and guide to household duties in the parlor, the dining room, and the kitchen, the veriest tyro may rival the oldest and best of housekeepers. Price of two volumes \$1.50, in cloth; or bound in strong sheep, with blank paper inserted for adding your own family recipes, \$2.00. Copies of either book sent by mail (free) on receipt of the price. WILLIS P. HAZARD, 199 Chestnut St., below Eighth. Apr. 15, 57.
