MUST BE THE JUDGE!

MANY medicines offered for sale are accompanied by doubful certificates (their chief value) and claim to be universal remedies, curring all maladies—a burlesque on common sense. As the discoverer of this Salt solemnly protests against baving it placed on the category of frauds and impositions, he has resolved that it shall go forth to the world like the pure gold dollar, wit in other passport than its own true value. If the public find it genuine they will receive ti—if spurious they will reject and condemn it. Instead of its being a panacea for all ills it has control over but one ill—has but one aim and accomplishes but one thing, to wit; subduest inflammatory discases—whatever be their form or locality, whether in the head, throat, chest, abdueme, extremeties or skin.

When the discoverer, after a long series of laborious and costly experiments, became fully confirmed in his conviction that the Autiphic gistic Salt, which he now has the happiness to present to the American public, was a PERFECT SHENTITIE

troubled with Liver Complaints, unless the
most desperate of cases, when the second hottle will, with scarce a single failure, restore the
patient to vigor and health. We wish to call the
attention of all to these tacts, that the invigorator is compounded by a physician who has used
it in his practice for the past twenty years with
a success most credulous, and that it is entirely
vegetable, being composed wholly of guins.
Some idea of the strength of these guins may
be
formedwhen it is known one bottle of the Invigorator contains as much strength as one hundrious effects.

One bottle taken for Jaundice temoves all yel-owness or unnatural color from the skin. One dose after eating is sufficient to relieve he stomach and prevent the victuals from

the stomach and prevent due tectuals of missing and souring.

Only one dose taken before retiring prevents mightmare.

One dose taken stnight loosens the bowels genily, and cures costiveness.

One dose taken after each meal will cure Dyspepsia.

One dose of two tea-spoonsful will always relieve Sick Headache.

ness of the lungs have been cured by the Invigorator.

One dose taken a short time before eating gives vigor to the appetite and makes food digest well. One dose often repeated cures Chronic Diarrhoin its worst forms, while summer and bowle complaints yield almost to the first dose.

One or two doses cure affacks caused by worms, while for worms in children there is no in ever laid.

There is no exaggration in these statements, they are plain and sober facts, that we can give evidence to prove, while all who use it are giving their unanimous testimony in its favor.

We wish all who are sick and debilitated to try this remedy, and test it thoroughly, and any who are not benefitted by its use we should like

who are not benefitted by its use we should like to hear from, as we have yet to hear from the first person who has used a bottle of Invigorator without receiving benefit, for there are sacheastonishing medicinal virtues in it, that ail, no matter how long they have been affected; it there complaint arises from a deranged liver, will be benefitted; if not entirely cannot be made by heart of the standard virtues in it, that ail, no matter how long they have been affected; it there complaint arises from a deranged liver, will be benefitted; if not entirely cannot have been affected; if not entirely cannot have been affected; and the shortest notice.

Johnston pledges himself to treserve the most inviolable accreey, and from his extensive practice in the first Hospitals of Europe and Anerica, he can confidently recommend a safe and speedy cure to the unfortunate victim of this horrid disease.

It is a melancholy fact that thousands fall victims to this horrid disease owing to the unskit-dimess of ignorant pretenders who by the use of that deadly poison Mercury, ruin the consistation, and either send the unfortunate sufferer to an untimely grave, or make the residue of his life micropide.

Take Particular Notice.
Dr. J., addresses all those who have injured hemselves by improper indulgencies.
These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pans in the lead, Dimness of Sight, Loss of Muscular power, Palpitation of the Heart Dyspepsia, Nervous Fritability, Deraugements of the Digestive Functions, Seneral Debility Symptoms of Consumption, &c.

Functions, Seneral Debility Symptoms of Consumption, &c.

MENTALLY—The fearful effects on the mind are much to be dreaded; Loss of memory, Confusion of t leas, Depression of Spirit, Evil Forbodings, Aversion to Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons of all ages, can now indee what is the cause of their declining health. Losing their vigor, becoming weak, pale and emaciated, have singular appearance about the eyes, tough and symtoms of consumption.

eyes, tough and symtoms of consumption.

Dr. Johnston's Invigorating Remedy for Organic Weakness.

By this great and important remedy, weakness of the organs is speedly cured and full vigor restored. Thousands of the most debilitated and nervous, who had lost all hope, have been immediately relieved. All Impediments to Marriage, Physical or Mental Disqualification, Nervous Irritability, Tremblings and Weakness, or exhaustion of the most fearful kind, speedly cured by Doctor Johnston.

Young Men,

Weung Men, who have injured themselves by a certain practice indulged in when alone—a habit frequently learned from evil companions, or at school—the effects of which are nightly felt, even when a sicep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.
What a pity that a young man, the hope of his country, and the darling of his parents should be snatched from all prospects and enjoyments of life by the consequence of deviating from the pash of nature and indulging in a certain secret habit Such persons before contemplating
Marriage.

Such persons before contemplating

Marriage,
should reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed without these, the journey through life becomes a weary pilgriange, the prospect hourly darkens to the view; the mind becomes shadwood with despair, and filled with the melancholy reflection that the happiness of another becomes bilgithed with our own.
