

RESOLUTION

Proposing Amendments to the Constitution of the Commonwealth.

Resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met: That the following amendments be proposed to the constitution of the Commonwealth, in accordance with the provisions of the tenth article thereof.

FIRST AMENDMENT.

There shall be an additional article to said constitution to be designated as article eleven, as follows:—

ARTICLE XI.

OF PUBLIC DEBTS.

SECTION 1. The State may contract debts, to supply casual deficits or failures in revenues, or to meet expenses not otherwise provided for; but the aggregate amount of such debts direct and contingent, whether contracted by virtue of one or more acts of the general assembly, or at different periods of time, shall never exceed seven hundred and fifty thousand dollars, and the money arising from the creation of such debts, shall be applied to the purpose for which it was obtained, or to repay the debts so contracted, and to no other purpose whatever.

SECTION 2.

In addition to the above limited power, the State may contract debts to repel invasion, suppress insurrection, defend the State in war, or to redeem the present outstanding indebtedness of the State; but the money arising from the contracting of such debts, shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

SECTION 3.

Except the debts above specified, in sections one and two of this article, no debt whatever shall be created by, or on behalf of the State.

SECTION 4.

To provide for the payment of the present debt, and any additional debt contracted as aforesaid, the legislature shall, at its first session, after the adoption of this amendment, create a sinking fund, which shall be sufficient to pay the accruing interest on such debt, and annually to reduce the principal thereof by a sum not less than two hundred and fifty thousand dollars; which sinking fund shall consist of the net annual income of the public works, from time to time owned by the State, or the proceeds of the sale of the same, or any part thereof, and of the income or proceeds of sale of stocks owned by the State, together with other funds, or resources, that may be designated by law. The said sinking fund may be increased, from time to time, by assigning to it any part of the taxes, or other revenues of the State not required for the ordinary and current expenses of government, and unless in case of war, invasion or insurrection, no part of the said sinking fund shall be used or applied otherwise than in extinguishing of the public debt, until the amount of such debt is reduced below the sum of five millions of dollars.

SECTION 5.

The commonwealth shall not in any manner, or event, be pledged, or loaned to, any individual, company, corporation, or association; nor shall the commonwealth hereafter become a jointowner, or stockholder, in any company, association or corporation.

SECTION 6.

The commonwealth shall not assume the debt, or any part thereof, of any county, city, borough or township; or of any corporation, or association; unless such debt shall have been contracted to enable the State to repel invasion, suppress domestic insurrection, defend itself in time of war, or to assist the State in the discharge of any portion of its present indebtedness.

SECTION 7.

The legislature shall not authorize any county, city, borough, township, or incorporated district, by virtue of a vote of its citizens, or otherwise, to become a stockholder in any company, association, or corporation; or to obtain money for, or loan its credit to, any corporation, association, institution, or party.

SECTION 8.

There shall be an additional article to said constitution, to be designated as article XII, as follows:

ARTICLE XII.

OF NEW COUNTIES.

No county shall be divided by a line cutting off one-tenth of its population, (either to form a new county or otherwise,) without the express assent of such county, by a vote of the electors thereof; nor shall any new county be established containing less than four hundred square miles.

THIRD AMENDMENT.

From section two of the first article of the constitution, strike out the words, "of the city of Philadelphia, and of each county respectively;" from section five, same article, strike out the words, "of Philadelphia and of the several counties;" from section seven, same article, strike out the words, "either the city of Philadelphia nor any," and insert in lieu thereof the words, "and no;" and strike out "section four, same article," and in lieu thereof insert the following:

SECTION 4.

In the year one thousand eight hundred and sixty-four, and in every seventh year thereafter, representatives to the number of one hundred, shall be chosen, and be distributed equally, throughout the State, by districts, in proportion to the number of taxable inhabitants in the several parts thereof; except that any county containing at least three thousand five hundred taxable males, may be allowed a separate representation; but no more than three counties shall be joined, and no county shall be divided, in the formation of a district. Any city containing a sufficient number of taxable males to entitle it to at least two representatives shall have a separate representation assigned it, and shall be divided into convenient districts of contiguous territory, of equal taxable population as near as may be, each of which district shall elect one representative.

SECTION 5.

At the end of section seven, same article, insert these words, "the city of Philadelphia shall be divided into single senatorial districts, of contiguous territory as nearly equal in taxable population as possible; but no ward shall be divided in the formation thereof."

SECTION 6.

The legislature, at its first session, after the adoption of this amendment, shall divide the city of Philadelphia into senatorial and representative districts, in the manner above provided; and such districts to remain unchanged until the apportionment in the year one thousand eight hundred and sixty-four.

FOURTH AMENDMENT.

There shall be an additional section to the first article of said constitution, which shall be numbered and read as follows:

SECTION 26.

The legislature shall have the power to alter, revoke, or amend, any charter of incorporation heretofore conferred by, or under, any special or general law, whenever in their opinion it may be injurious to the citizens of the commonwealth; in such manner, however, that no injustice shall be done to the corporators.

IN SENATE, March 27, 1857.

Resolved, That this resolution pass. On the first amendment, yeas 24, nays 7; on the second amendment, yeas 23, nays 8; on the third amendment, yeas 24, nays 4; on the fourth amendment, yeas 23, nays 4.

ANTIPHLOGISTIC SALT. A PERFECT SUBSTITUTE FOR THE LEECHES AND BLISTERS!

For the relief of Leeches and Blisters! OF ITS INTRINSIC VALUE THE ENLIGHTENED COMMUNITY AND NOT THE DISCOVERER MUST BE THE JUDGE!

MANY medicines offered for sale are accompanied by doubtful certificates (of chief value) and claim to be universal remedies for all ailments—a burlesque on common sense.

As the discoverer of this Salt solemnly protests against having it placed on the category of frauds and impositions, he has resolved that it shall go forth to the world like the pure gold dollar, with no other passport than its own true value.

When the public find it genuine they will receive it—if spurious they will reject and condemn it. Instead of its being a panacea for all ills it has control over but one ill—has but one aim and accomplishes but one thing, to wit; subdues inflammatory diseases—whatever their form or locality, whether in the head, throat, chest, abdomen, extremities or skin.

When the direct, free, and long series of laborious and costly experiments, became fully confirmed in his conviction that the Antiphlogistic Salt, which he now has the happiness to present to the American public, was a PERFECT SUBSTITUTE

for Bloodletting, Leeches and Blisters, his mind was so agitated that he could not sleep for many nights. The cause of his agitation was the thinking that the manner of its operation, in the case of the virus in vaccination, could not be explained upon any known principle.

How, in what way, it so effectually subdues inflammatory diseases and no others, was at first wholly inexplicable; but on further experiment it was proved that by its power over the veins, arteries and glands, it equalizes the circulation of the blood, and in a long series of laborious and costly experiments, became fully confirmed in his conviction that the Antiphlogistic Salt, which he now has the happiness to present to the American public, was a PERFECT SUBSTITUTE
