Dr. Hardman treats Consumption, Bronchi-tik, Asthma, Larryngitts and all discases of the throat sud langs, by medical Inhalation, lately used in the Bromton Hospital, London. The great point in the treatment of all human mala-dies is toget at the discase in the direct man-ner. All melleines are estimated by the ac-tion up on the creat requiring total." Its has the find the creater equiring total." Its has neither directly into the langs. Medicines are the and the creater of the standard the standard the medicine directly into the langs. Medicines are the antidotes to discase. Inhalation is the ap-pication of this principle to the treatment of the langs, for it gives in direct access to those intricate air cells and tubes which lie out of reach of every other means of administering medicines. The reason that Consumption, and other discase of the langs, have herefore re-sisted all treatment has heen because they had never been approached in a direct discased, whils the four discrete that they should not act constitutionally, expending immediate and principal action upon the unopendic stomach.-Their action was intended to be local, and yet, they were so administering immediate and principal action upon the unopending stomach, whils the four discret within the langs dischased within the four discret within the langs dischased within the four discret within the langs discrete in diadvantage of any violent action.
