NEW YORK ADVERTISEMENTS.

PROFESSOR WOOD'S HAIR RESTORATIVE. IT HAS WORKED MIRACLES! That all the bald and gray can be restored perfectly, and that the hair will grow again, so far as their locks are concerned, does not admit of a doubt; besides, it will cure every possible disease of the scalp, whether developed as dandruff, itching or in the shape of cutaneous eruptions—ever scalding, and it has continued to fall for a great many years, notwithstanding I have used many celebrated preparations for restoration. Seeing your advertisement, I was induced to give your article a trial, and to my utter astonishment, found after a few applications a constant and beautiful appearance; and by the time I had used a quart bottle, my bald head was covered over with a young and vigorous growth of hair, which was much grayer than the hair in length, and growing fast. Yours, truly, HENRY GOODRICH.

CHARLESTOWN, MASS., Aug. 9, 1855. Prof. O. J. Wood—Dear Sir: I take pleasure in bearing voluntary testimony to the magic effects of your wonderful Hair Restorative. As far back as 1836, my hair commenced falling off, until the top of my scalp became as bald and smooth as glass, and it has continued to fall for a great many years, notwithstanding I have used many celebrated preparations for restoration. Seeing your advertisement, I was induced to give your article a trial, and to my utter astonishment, found after a few applications a constant and beautiful appearance; and by the time I had used a quart bottle, my bald head was covered over with a young and vigorous growth of hair, which was much grayer than the hair in length, and growing fast. Yours, truly, HENRY GOODRICH.

HERRING'S PATENT CHAMPION FIRE & BURGLAR-PROOF SAFES. WITH POWDER HALL'S PATENT PROOF LOCKS.

FARRELS & HERRING, Makers, 34 WALNUT ST., BELOW SECOND, PHILADA. THE GREAT INTEREST MANIFESTED by the public to procure more certain security from fire by valuable papers, such as Bonds, Mortgages, Deeds, Notes and Books of Accounts, than the ordinary Safes heretofore in use, has induced the Patentees to devote a large portion of their time for the last fourteen years, in making discoveries and improvements for this object, the result of which is the unrivalled Herring's Patent World's Fair Premium Fire Proof Safes.

Universally acknowledged as the CHAMPION SAFE OF THE WORLD. Having been awarded Medals at both the World's Fair, London, 1851, and Crystal Palace, N. Y., 1853, as superior to all others, it is now undoubtedly entitled to that high reputation which it has acquired by its use, and secured with Hall's Patent Burial-Proof Locks—which were also awarded separate Medals, (as above)—forms the most perfect Fire & Burglar Proof Safes ever yet offered to the public.

Also on hand or manufactured to order, all kinds of Bolter and Chilled Iron Bank Chests and Vaults, Vank Doors, Money Chests for Brokers, Jewellers, Railroads, private families, &c., for Plate, Diamonds, and other valuables. May 29, '57.

MEDICAL ADVERTISEMENTS.

TO THOSE WHO WANT FARMS. A FARM WITHIN THE REACH OF EVERY MAN. THE RIDGWAY FARM COMPANY has made arrangements by which all who desire to settle or purchase a home can do so.

THE RIDGWAY FARM COMPANY has made arrangements by which all who desire to settle or purchase a home can do so. The farm is situated in Elk County, Pennsylvania, in the midst of a thriving population of some 10,000 population. The climate is perfectly healthy, and the plague of the west fever is unknown. It also has an abundance of the best quality of Coal and Iron. The price to buy it out is from \$3 to \$20 per acre, payable by instalments, to be located at the time of purchasing, or a share of 25 acres entitling to locate the same for \$300, payable \$6 per month or 12½ acres payable \$4 per month. Discount for every sum of \$100 and over, paid in advance, amount of 10 per cent will be allowed, and for over \$100 a discount of 10 per cent.

IN considering the advantages of emigrating to this locality the following are presented: 1. The soil is a rich limestone, capable of raising the heaviest crops, owing to the fact that the settler has attained its present great prosperity.

Second—It is the centre of the great North West coal field, and is destined soon to become one of the greatest business places in the State. It will supply the great Lake market, (according to population and travel in the Union.) It has five valuable veins of the best Bituminous Coal, amounting in the aggregate to over 22 feet, which makes 22,000,000 tons of coal under each acre. This will make the land of inestimable value.

The eminent state geologist, Dr. Chas. T. Jackson, of Boston, has made a geological survey of the land and analyzed the soil, limestone, ore and the limestone. This report together with maps will be furnished to inquirers.

FOURTH—Three railroads are laid out through this property. The Sunbury and Erie Railroad gives us a market for our coal to the lakes—300 miles from Erie to Philadelphia. A large part of this road has been finished, and is now in running order. A heavy force is now working from Erie toward our land in the western direction, the means for the completion of which has been raised—It will soon be finished. The Allegheny Valley Railroad connects us with New York, Boston and Pittsburgh. The Venango Road connects us with the West.

There are already good Turnpike Roads running through this property, various other roads have been opened to accommodate the emigration and settlement which has already taken place.

There is no opportunity equal to it now offered to the man who wishes to provide himself with a home in an easy way, and make a settlement where he can live in prosperity and independence in a climate perfectly healthy.

No case of the fever ever having been known to occur in this country. It is not like going to the backwoods of the West, among perhaps intolerant people, where there is no society, no churches, or schools, where the price of land is high, and where the emigrant, after being used for a long time, is left in the woods, to die of sickness and pain, and perhaps ruin his health and that of his family. But here is a thriving settlement having three towns, containing churches, schools, stores, saw mills, grist mills, and everything that is necessary for a comfortable life. The lumber trade of this year amounted to over two hundred millions of feet of lumber. In a short time, owing to the coal, it will become still more valuable as a manufacturing and shipping point, and will soon be started; they are at present starting them extensively at Warren. Even for those who do not wish to go there, the payments are such that they can easily buy farms to save their families from the pestilence which is now sweeping the country by the rise which will take place in the value of their lands. By an outlay scarcely missed, a substantial provision can be made.

Persons should make early application, apply or write to J. Fisher, Secretary, No. 125 Walnut Street, below Fifth, Philadelphia. Letters carelessly answered giving full information. Shares or tracts of land can be bought or secured by letter enclosing the first instalment of five dollars, when the subscriber will be furnished with books, maps, &c. Warrant deeds given. Persons can also purchase from our Agents.

Route from Philadelphia to Tyrone on the Pennsylvania Central Railroad, and thence by stage to the land. This is a delightful season to visit St. Mary's—the best hotel accommodation is afforded. Enquire for E. C. SULLIVAN, Esq., the Agent for the property at St. Mary's, June 10, '57-3m.
