MEDICAL ADVERTISEMENTS.

BALTIMORE LOCK HOSPITAL. DOCTOR JOHNSTON.

The founder of this Celebrated Institution, offers the most certain, speedy, and only effectual remedy in the world for Gleet, Strictures, Seminal Weakness, Pain in the Loins, Constitutional Debility, Impotency, Weakness of the Mind, Nervousness, Headache, Vertigo, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Disease of the Head, Throat, Nose or Skin; and all those serious and melancholy disorders arising from the destructive habits of Youth, which destroy both body and mind. These secret and solitary practices are more fatal to their victims than the song of the Sirens to the mariner Ulysses, blighting their most brilliant hopes of anticipations, rendering marriage, &c., impossible.

Young Men.

Married persons, or young men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., should immediately consult Dr. Johnston. He who places himself under the care of Dr. Johnston, religiously confides in his skill as a gentleman, and confidently rely upon his skill as a physician.

Organic Weakness.

This disease is the penalty most frequently paid by those who have become the victims of improper indulgences. Young persons are too often led into error by the false promises of the credulous consequence that may ensue. Now, who that understands the subject will pretend to deny that the power of Procreation is lost sooner by those falling into improper habits than by those who are more temperate and of the pleasure of healthy offspring, the most serious and destructive symptoms to mind and body arise. The system becomes deranged, the physical and mental powers weakened, nervous debility, dyspepsia, palpitation of the heart, indigestion, a staggering of the frame, congenit symptoms of Consumption.

Dr. Johnston.

Member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the first Hospitals of London, Paris, Vienna, and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, and being unable to sleep, and having attended sometimes with derangement of mind, were cured immediately.

Certain Disease.

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, rheumatic pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones, and ams, biocles on the head, face and extremities, progressing with frightful rapidity, till at last fall in, and the victim of this awful disease becomes a mere object of compassion, and is left to die a painful and a long death.

Take Particular Notice.

Dr. J. addresses all those who have injured themselves by improper indulgences. These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Digestive System, Headache, Vertigo, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangements of the Digestive Functions, General Debility Symptoms of Consumption, &c.

Dr. Johnston's Invaluable Remedy for Organic Weakness.

By this great and important remedy, weakness of the organs is speedily cured and full vigor restored. Thousands of the most debilitated and nervous, who had lost all hope, have been immediately relieved. All Impediments to Marriage, Physical or Mental, Nervousness, Vertigo, Irritability, Tremblings and Weakness, or exhaustion of the most fearful kind, speedily cured by Doctor Johnston.

Young Men.

who have injured themselves by a certain practice indulged in when alone—a habit frequently contracted by the young, and which, at school—the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.

Marriage.

should reflect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view; the mind is shrouded with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

To Strangers.

The many thousands cured at this Institution within the last 15 years, and the numerous important Surgical Operations performed by Dr. Johnston, witnessed by the reporters of the papers, and many other persons, notices of which have appeared again and again before the public, is a sufficient guarantee to the afflicted.
