A HOMESTEAD FOR \$10.

HOMESTEAD FOR \$10!—Third Division, A \$10,000 worth of Farms and Building lots, in the gold region of Culpepper county, Virginia, to be divided among 10,200 subscribers on the 7th of December, 1857. Subscriptions only ten dollars down, or fifteen dollars one half down, the rest of the liability of the debt. Every subscriber will get a Building Lot or a Farm, ranging in value from \$10 to \$25,000. The farms and lots are sold so cheap to induce settlers, a sufficient number being reserved, the increase in the value of which will compensate for the apparent low price now asked. Upwards of 1,350 lots and farms are already sold, and a company of settlers called the "Rappahannock Pioneer Association" is now forming and will soon commence a settlement. Ample security will be given for the faithful performance of contracts and promises. Nearly 45,000 acres of land, in different parts of Virginia, will be sold to settlers at from \$1 to \$200 per acre. *"Unquestionable titles will in all cases be given."* Wood-cutters, coopers, farmers, &c. are wanted, and five hundred Agents to obtain subscribers, to whom the most liberal inducements will be given. Some agents write that they are making 200 dollars per month. For full particulars, subscriptions, agencies, &c., apply to

The Publishers are happy to announce that in the union of these favorite Magazines, the best literary and artistic talent of both publications has been secured, and the most attractive features of each will be retained in the consolidated work.

TO MOTHERS AND DAUGHTERS,
DOCTOR BRAGG'S VIRGIN PILLS.

The essential ingredient of this valuable remedy is not new, but is well known in the medical schools of France and Germany, and has been employed by the females of the principal courts of Europe, and by all of the most distinguished physicians in this specialty for the last ten years. My motive is not to offer any patent discovery, but simply, to present the most reliable and valuable of the several cures which are recommended for those diseases to which they are naturally subjected, in such a form as should obviate the necessity of those medical consultations, which are justly looked upon by women a violation of their most sacred feelings, and to avoid which they often risk the most fearful consequences.

I have therefore prepared this specific in the neatest and simplest form of a pill, and put it in small flat boxes which can be safely sent any distance by mail in a common envelope. Each box is accompanied with full directions and explanations, enabling every woman to understand her own case and the proper treatment and the proper time.

The Virgin Pills possess such powerful, penetrating properties, that none of the diseases within the range of their action can withstand or evade them. They cleanse, purify and invigorate every portion of the female organism, correcting its diseased action, and restoring its healthy functions. They effect a certain cure for the fating of the womb, whites, purpura, suppressed and irregular menses, and all diseases of pregnancy, all nervous complaints caused by disordered uterine organs, weakness, &c., the symptoms of which are fully explained in the directions.
