IMPORTANT DISCOVERY. CONSUMPTION. And all Diseases of the Lungs and Throat, ARE POSITIVELY CURABLE BY INHALATION.

Which conveys the remedies to the cavities in the lungs through the air passages, and coming in direct contact with the disease, neutralizes the tubercular matter, allays the cough, causes a free and easy expectoration, heats the lungs, purifies the blood, imparts renewed vitality to the nervous system, giving that tone and energy so indispensable for the restoration of health. To be able state confidently that Consumption is curable by inhalation, is to me a source of unalloyed pleasure. It is as much a source of central medical treatment as any other formidable disease; nicely out of every hundred cases can be cured in the first stages, and fifty per cent in the second; but in the third, eighty per cent.

MEDICAL ADVERTISEMENTS.

BALTIMORE LOCK HOSPITAL. DOCTOR JOHNSTON.

THE founder of this Celebrated Institution, offers the most certain, speedy, and only effectual remedy in the world for Greets, Stricture, Gonorrhoea, Venereal Pain in the Lungs, Constitutional Debility, Impotency, Weakness of the Back and Limbs, Affections of the Kidneys, Irritability, Disease of the Head, Throat, Nose or Skin; and all those serious and melancholy disorders arising from the destructive habits of Youth, which destroy both body and mind. These secret and solitary practices are more fatal to the victims than the song of the Sirens to the mariner Ulysses, blighting their most brilliant hopes of anticipations, rendering marriage, &c., impossible.

Young Men, especially, who have become the victims of Solitary Vice, that dreadful and destructive habit, which annually sweeps to an untimely grave thousands of young men of the most exalted talents, and brilliant intellect, who might otherwise have entered listless senescence with the bright hopes of anticipations, rendering marriage, &c., impossible.

Married persons, or young men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., should immediately consult Dr. Johnston. He who places himself under the care of Dr. Johnston may religiously confide in his honor as a physician, and confidently rely upon his skill as a physician.

Organic Weakness.

This disease is the penalty most frequently paid by those who have become the victim of improper indulgences. Young persons are too apt to commit excesses from not being aware of the deadly effects of such excesses. They do not deny that the power of Procreation is lost sooner by those falling into improper habit than by the prudent. Besides being deprived of the pleasure of healthy offspring, the most serious and destructive disease is likely to arise. The system becomes deranged, the physical and mental powers weakened, nervous debility, dyspepsia, palpitation of the heart, indigestion, a wasting of the frame, cough symptoms of Consumption.

Office No. 7, South Frederick Street, seven doors from Baltimore street, East side, up the steps. Be particular in observing the name and number, or you will mistake the place.

A Cure warranted, in Two Days. NO MERCURY OR NAUSEOUS DRUGS.

DR. JOHNSTON.

Member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greatest part of whose life has been spent in the first Hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that have ever been known, many troubled with rheumatism in the head and ears, who, excepting great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing attended sometimes with derangement of mind, were cured immediately.

Certain Disease.

When the misapplied and improper remedy of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who from education and respectability, can alone befriend the declining life, the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones, and arms, swelling of the feet, face and extremities, neuralgic affections of the face, and in the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration, till death puts a period to this dreadful suffering, by sending him to "that long and weary journey travel returns." To such, therefore, Dr. Johnston pledges himself to preserve the most invaluable secret, and from his extensive practice in the first Hospitals of Europe and America, he is enabled to recommend a safe and speedy cure to the unfortunate victim of this horrid disease.

Take Particular Notice.

Dr. J. addresses all those who have injured themselves by improper indulgences. In describing fully the constitutional symptoms of this disease, he has not only taken notice of the effects produced by early habits of youth, viz: Weakness of the Back and Limbs,
