THE LIVER INVIGORATOR! PREPARED BY DR. SANFORD. Compounded entirely of Gums.

Is one of the best purgative and liver medicines now before the public, that acts as a Cathartic, easier, milder, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid bile, and then on the bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operation of other cathartics. It strengthens the system at the same time that it purges it, and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

The Liver is one of the most important organs of the human body, and its functions are most fully developed in the young. The stomach is almost entirely dependent on the healthy operation of the Liver for the proper performance of its functions. When the stomach is at fault, and the whole system suffers in consequence of one organ, the Liver is the principal remedy. When the stomach is at fault, and the whole system suffers in consequence of one organ, the Liver is the principal remedy.

LYONS' PURE CATAWBA BRANDY. Having received the sole agency of A. F. Hazard & Co., Druggists, Philadelphia, for the sale of the Brandy for Huntingdon county, we confidently offer it to the public as a pure and unadulterated article as the following certificate will prove.

Chemical Inspector's Office, 28 Sixth St., between Walnut and Vine, Cincinnati, March, 1857. This will certify that I have this day inspected two separate lots of Catawba Brandy one in Barrels and one in Bottle, manufactured by L. L. Lyons, and sold by his Sole Agent, J. J. Jacobs, at the Depot, No. 99 opposite the Barre House, and 143 West Third Street, Cincinnati, and find them both pure and free from all poisonous or deleterious drugs, and as such have marked the same, as the law directs. Given under my hand at my office. [signed] HIRAM COX, M. D., Inspector of Alcoholic Liquors, &c.

Dear Sir:—I have received a bottle of Lyons' Pure Ohio Catawba Brandy, furnished by Mr. A. Ralston, Jr., of Lockport, N. Y., for analysis, and I find it to contain only those ingredients which exist in pure Brandy. The proportion of Alcohol obtained from it is 47.00. I believe this amount to be the pure Brandy without adulteration—the flavor of it is delicious and peculiar. JAMES R. CHILTON, M. D., Chemist.

THE OHIO CATAWBA BRANDY not only equals, but even exceeds the best imported Brandy in purity and flavor. It is in fact the Best Brandy known. This statement is fully corroborated by the certificates of many of our most distinguished analytical Chemists, some of which accompany this circular.

THE OHIO CATAWBA BRANDY has long been felt in this country, and the introduction of an article of such quality as to supersede the sale and use of those vile compounds hitherto sold under the name of Brandy, can only be regarded as a great public good. The Catawba Brandy possesses all the good qualities claimed for the best imported Liquor, and is of perfect purity and superior flavor. It is therefore fully entitled to the patronage of the public. We feel confident that its reception in this State will be as that which it has met with in the Great West, and that the time is not far distant when the superiority of our own Liquors will put an end to their importation from abroad. In medicinal purposes this Brandy has no rival, and has long been needed.

It is a Sovereign and Safe Remedy for Dyspepsia, Flatulency, Low Spirits, Languor, General Debility, &c. ALSO FOR SALE, Estley's Celebrated Still and Sparkling Champagne.

These Wines are made in the neighborhood of Cincinnati, and are guaranteed to be the best in the World, and are eminently calculated for invalids, and persons who require a gentle stimulant, and for Sacramental purposes or as a beverage will be found equal, if not superior, to the best imported. Retail Price for Brandy and Wines, \$1.25 per Quart Bottle.

PROF. SORO J. WOOD'S HAIR RESTORATIVE, PRODUCING HAIR ON BALD HEADS, AND RESTORING Grey Hair to its Natural Color.

This astonishing and unequalled preparation has never failed to produce a growth on Bald Heads, according to the mode of application, and turn hair back to its original color, after having become gray, or, in some cases, after its original health, luster, softness and beauty. Removes at once all scurf, dandruff and unpleasant itching, &c., &c., and prevents the hair from becoming thin, falling off, and becoming hoarse, as a perfect HAIR INVIGORATOR AND TONIC.

A gentleman of Boston writes to his friend in New Bedford thus: "I have your hair restorative, and I would reply, that when I first commenced to use Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very loose, and falling off very freely, but I found that after I had used all the second bottle, (which was eight weeks) my hair was entirely changed to its original color, light brown, and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change, and have never seen anything like white hair starting from the roots; and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish to ask. July 1, 1855. Yours, etc.

DEAR SIR:—I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it, I was a man of forty years. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind. Yours, respectfully, DANIEL N. MURPHY.

DEAR SIR:—Having made a trial of your Hair Restorative, it gives me pleasure to say that its effect has been excellent in removing inflammation, dandruff, and a constant itching humors, with which I have been troubled for a childhood; and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the pleasure and profit. Yours truly, J. K. BRAGG, Pastor of the Orthodox Church, Brookfield, Professor Wood.

WOOD'S HAIR DYE.—This admirable article is rapidly improving the hair. No article of a similar kind, now before the public, enjoys a better reputation as a restorative and invigorating hair tonic. Its peculiar chemical qualities bear a beneficial effect upon the growth and character of the hair, giving it a silky and glossy texture to that which was formerly of a coarse and dry nature. It has, also, we understand, a tendency to preserve the youthful color and appearance of the hair, and destroying or counteracting the effects of old age. With such recommendations in its favor, we hardly perceive how any lady or gentleman should be without so valuable an adjunct to their toilet.

JOHN WOOD & CO., Proprietors, 312 Broadway, N. Y., & 114 Market St., St. Louis, Missouri. Sold in Huntingdon by JOHN READ, and H. McMANIGLE, and by Druggists everywhere. Feb. 10, 1858.-3m. Mar. 25, '57.-1y.

MISCELLANEOUS ADVERTISEMENTS. To Merchants and Farmers. STAGE LINE FROM Chambersburg to Mt. Union. The undersigned aware that a suspension of the line of Stages over the road between Chambersburg and Mt. Union, cannot be but disastrous to a large section of the country, has, at a considerable expense, and with much trouble and arrangement to run a line of Stages Tri-weekly between the two points Good Horses and comfortable Stages have been placed on the route, and experienced and trustworthy drivers, well acquainted with the route of the Coaches. The proprietor of the line is desirous that it be maintained, and he therefore calls upon the public generally to patronize it, confident that it will be for their mutual advantage. Every alternate Saturday will be given, and the running of the Stages will be regular.

STAGES leave Mt. Union, every Tuesday, Thursday, and Saturday evenings, arriving at Chambersburg the next day at 2 o'clock. Returning, leave Chambersburg, the same night at 10 o'clock, arriving at Mt. Union the next evening in time for the cars. Between Mt. Union and Shade Gap the line will be daily.

FARE THROUGH \$3; to intermediate points in proportion. JOHN JAMISON, Jan. 20, 1858.-1f.

NEW CARD-PRESS. Having bought a fast "CARD PRESS," we are now prepared to print in the proportion of three cards in the same time that any other press in the county can print one, consequently we can print them cheaper—if not done well we make no charge at all. We ask your patronage.

COOK STOVE. A SPLENDID NEW COOK STOVE for sale at this office; it is calculated to burn wood or coal.

TO INVALIDS. Dr. Hardman, Analytical Physician. Physician for Diseases of the Lungs, Throat and Heart—Formerly Physician to the CINCINNATI MARINE HOSPITAL, also to INVALIDS RETIRED. Author of "Letters to Invalids," IS COMING. See following Card.

April Appointments. Dr. Hardman, Physician for disease of the Lungs, (formerly Physician to Cincinnati Marine Hospital,) will be in attendance at his rooms as follows: Huntingdon, Jackson's Hotel, Monday, Apr. 19. Lehighville, National Hotel, 20. Hollidaysburg, Exchange Hotel, 27. Dr. Hardman treats Consumption, Bronchitis, Asthma, Laryngitis and all diseases of the throat and lungs, by medical Inhalation, lately used in the Brompton Hospital, London. The great point in the treatment of all human maladies is to get at the disease in the direct manner. All medicines are estimated by their action upon the organ requiring relief. This is the important fact upon which Inhalation is based. If the stomach is diseased we take medicine directly into the stomach. The lungs are diseased, breathe or inhale medicine and vapors directly into the lungs. Medicines are the antidotes to disease and should be applied to the very seat of disease. Inhalation is the application of this principle to the treatment of the lungs, for it gives us direct access to those intricate air cells and tubes which lie out of reach of every other means of administering medicines. The reason that Consumption, and all other diseases of the lungs, have heretofore resisted every treatment, is because they have never been approached in a direct manner by medicine. They were intended to act upon the lungs and yet were applied to the stomach.—Their action was intended to be local, and yet, they were so administered that they could not be constitutionally expending immediate and principal action upon the unobscured stomach, which the foul ulcers within the lungs were unmolested. Inhalation brings the medicine in direct contact with the disease, without the disadvantage of any violent action. Its application is simple, that it can be employed by the youngest infant or feeblest invalid. It does not derange the stomach, or interfere in the least degree with the strength, comfort, or business of the patient.

OTHER DISEASES TREATED.—In relation to the following diseases, either when complicated with lung affections existing alone, I also invite consultation. I usually find them promptly curable. Dropsy and all other forms of Female complaints, Irregularities and Weakness. Palpitation and all other forms of Heart Disease, Liver Complaints, Dyspepsia, and all other diseases of Stomach and bowels, &c. All diseases of the eye and ear. Neuralgia, Epilepsy and all forms of nervous disease. No charge for consultation.

Both sexes are received, all branches taught and students can enter at any time. JOHN D. WALSH, Cassville, Huntingdon Co., Pa. December 9, 1857.-4f.

DR. MORSE'S INDIAN ROOT PILLS. Dr. Morse, the inventor of MORSE'S INDIAN ROOT PILLS, has spent the greater part of his life in travelling, having visited Europe, Asia, and Africa, as well as North America.—has spent three years among the Indians of our Western country—it was in this way that the Indian Root Pills were first discovered. Dr. Morse was the first man to establish the fact that all diseases arise from impurity of the Blood—that our strength, health and Calvary are maintained by the purity of the blood; and that the various passages become clogged, and do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted and diseased; thus causing all pains sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if we are not assisted in throwing off the stagnant humors, the blood will be choked and cease to act, and thus the light of life will forever be blown out. How important that we should keep the various passages of the body free and open. And how pleasant to us that we have it in our power to put a medicine in your reach, namely, Morse's Indian Root Pills, manufactured from plants and roots which grow around the mountainous cliffs in Nature's great granary, and are the best of diseased man. One of the roots from which these Pills are made is a Sulfurifer, which opens the pores of the skin, and assists Nature in throwing out the finer parts of the corruption within. The second is a plant which is an Expectoant, that opens and unlogs the passages to the lungs, and thus, in a soothing manner, perfects the action of the lungs, and other humors from the lungs are expelled. The third is a Diuretic, which gives ease and double strength to the kidneys; thus encouraged, they draw large amounts of impurity from the blood, which is then thrown out boundlessly by the urinary water passage, and which could not have been discharged in any other way. The fourth is a Cathartic, and accompanied with the other properties of the Pills while engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bowels.

From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part, and completely reach out and cleanse the system from all impurity, and the life of the body, which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when the body becomes so pure and clear.

The reason why people are so distressed when sick, and why so many die, is because they do not get a medicine which will pass to the afflicted parts, and which will open the natural passages for the disease to be cast out hence, a large quantity of food and other matter is lodged, and the stomach and intestines are literally overflowing with the corrupted mass; thus undergoing disagreeable fermentations, constantly increasing the disease, which throws the corrupted matter through every vein and artery, until life is taken from the body by disease. Dr. Morse's Pills have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked and tormented with sickness, pain and anguish, and who felt the flames of hell scorched by the burning elements of raging fever, and who have been brought, as it were, within a step of the silent grave, now stand ready to testify that they would not have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's Indian Root Pills. After one or two doses had been taken, they were astonished, and absolutely surprised, in witnessing their charming effects. Not only do they give immediate ease and strength, and take away all sickness, pain and anguish but they at once go to work at the foundation of the disease, which is the blood. Therefore, it will be shown, especially by those who use these Pills, that they will so cleanse and purify the blood—that deadly enemy will take its flight, and the flush of youth and beauty will again return, and the prospect of a long and happy life will cheer and brighten your days.
