REAL ESTATE FOR SALE.

THE undersigned, being desirous of removing from the town of Shirelysburg, hereby offers for sale his entire remaining real estate, situated in and near said town. The property consists of three separate and distinct dwelling houses, (including the large and commodious BRICK MANSION,

in which the subscriber now resides); all of which are eligibly situated in the most desirable and business part of the town. A detailed description of said property is deemed unnecessary, as any one desirous of purchasing, will, of course, wish to see and examine for himself.

Two of said houses are admirably located and calculated for a residence, and are situated in a high and healthy part of the town, near the distance above the grist mill of the Messrs. Heiffners. This land is well suited, not only to the raising of grass, grain, &c., but is also peculiarly adapted to the production of the famous Sugar Cane, an article of recent introduction, which seems to promise greater profit, per acre, than almost any other agricultural product.

THE GREATEST MEDICAL DISCOVERY EVER KNOWN TO MAN! LINDSEY'S IMPROVED BLOOD-SEARCHER.

MR LINDSEY has discovered a remedy that will cure all diseases arising from impure blood, which is the foundation of all diseases, such as INFLAMMATORY RHEUMATISM, Chronic Scrofula, Humors of the Skin, Tumors, Ulcers on the Head or Body, and all Break-outs on the Face. And it will also cure all Indolent Ulcers of long standing, and will eradicate mercury from the system. When the IMPROVED BLOOD-SEARCHER operates on mercury, all other impurities of the blood will be swept from the system, and it purifies the blood as pure as vegetable medicine can make it; and when the blood is pure, the man woman or child, will take no disease, for the impure blood which is the cause of disease, is gone. It will also cure all Debilitated Diseases, such as derive from a derangement of the liver; it will bring the liver into a healthy action, and will restore the patient to health.

MEDICAL ADVERTISEMENTS.

BALTIMORE LOCK HOSPITAL.

DOCTOR JOHNSTON. The founder of this Celebrated Institution, offers the most certain, speedy, and only effectual remedy in the world for Gleet, Strictures, Seminal Weakness, Pain in the Loins, Constitutional Debility, Impotency, Weakness of the Back and Limbs, Affecting the Kidneys, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Disease of the head, Throat, Nose or Skin; and all those serious and melancholy disorders arising from the destructive habits of Youth, which destroys both body and mind, and renders the sufferer a prey to the most fatal to their victims than the song of the Sirens to the mariner Ulysses, blighting their most brilliant hopes of anticipations, rendering marriage, &c., impossible.

Young Men, especially, who have become the victims of Solitary Vice, that dreadful and destructive habit, which annually sweeps to an untimely grave thousands of young men of the most exalted talents, and brilliant intellect, who might otherwise have entered listening senators with the thunders of eloquence, or waked to ecstasy the living lyre, may call with all confidence.

Married persons, or young men contemplating marriage, beware of physical weakness, organic debility, deformities, &c., should immediately consult Dr. Johnston. He who places himself under the care of Dr. Johnston may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

Organic Weakness, immediately cured, and full vigor restored. This disease is the penalty most frequently paid by those who have become the victim of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue.—No person, however, who is afflicted with the disease, should deny that the power of Procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms to mind and body arise. The system becomes weakened, the physical and mental powers weakened, nervous debility, dyspepsia, palpitation of the heart, indigestion, a wasting of the frame, cough symptoms of Consumption.

Member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States in the most eminent part of whose life has been spent in the first Hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the head, and constant headache, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing attended sometimes with derangement of mind, were cured immediately.

Certain Disease. When the mischievous imprudent vanity of pleasure finds he has imbibed the seeds of this painful disease, it is too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who from education and respectability, can alone befriend him, and who, by their skill and humanity, can cure his horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones, and arms, blotches on the face and extremities, progressing with frightful rapidity, and at last palpitate of the mouth or the bones of the nasal fan, and the victim of this awful disease becomes a horrid object of commiseration, till death puts a period to his dreadful sufferings; by which he is left to rot in the arms of his friends, or to travel returns." To such, therefore, Dr. Johnston pledges himself to preserve the most inviolable secrecy, and from his extensive practice in the first Hospitals of Europe and America, he can confidently recommend a safe and speedy cure to the unfortunate victim of this horrid disease.

It is a melancholy fact that thousands fall victims to this horrid disease owing to the unskillfulness of ignorant pretenders who by the use of that deadly poison Mercury, ruin the constitution, and
