THE GREATEST MEDICAL DISCOVERY EVER KNOWN TO MAN!

LINDSEY'S IMPROVED BLOOD-SEARCHER.

MR. LINDSEY has discovered a remedy that will cure all diseases arising from impure blood, which is the foundation of all diseases. I will warrant it to cure all the within-named diseases, such as:

INFAMMATORY RHEUMATISM, Chronic Scrofula, Humors of the Skin, Tumor, Ulcers on the Head or Body, and all Diseases of the Face.

And it will also cure all Ulcers of the Mouth, caused from using mercury, and will eradicate mercury from the system. When the IMPROVED BLOOD SEARCHER operates on mercury, all other impurities of the blood will be swept from the system, and it purifies the blood as pure as vegetable matter.

When the blood is impure, the mother of a child, will take no care for the impure blood child, which is the cause of disease, is gone. It will also cure all Debilitated Diseases, such as derive from a derangement of the liver; it will bring the liver into a healthy action, and will restore the patient to health.

Take Particular Notice.

Dr. J. addresses all those who have injured themselves by improper indulgences. These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the back and limbs, pains in the head, Dimness of Sight, Loss of Memory, Nervous Irritability, Derangements of the Digestive Functions, General Debility Symptoms of Consumption, &c.

The fearful effects on the mind are much to be dreaded: Loss of memory, Confusion of Ideas, Depression of Spirit, Evil Feelings, Aversion to Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons of all ages, can now judge what is the cause of their declining health. Losing their vigor, becoming weak, pale and emaciated, having singular appearance about the eyes, tongue and symptoms of consumption.

Dr. Johnston's Invigorating Remedy.

By this great and important remedy, weakness of the organs is speedily cured and full vigor restored. Thousands of the most debilitated and nervous, who had lost all hope, have been immediately relieved. All Impediments to Marriage, Trembling, Nervous Irritability, Nervous Debility, and all other ailments, or extension of the most fearful kind, speedily cured by Doctor Johnston.

Young Men.

Who have injured themselves by a certain practice indulged in when young—a habit, frequently learned from evil companions, or at school—the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, and the darling of his parents should be snatched from all prospects and enjoyments of life by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons before contemplating

Marriage.

should reflect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed without these, the journey through life is a weary pilgrimage, and the prospect hourly darkens to the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

To Strangers.

The many thousands cured at this Institution within the last 15 years, and the numerous important Surgical Operations performed by Dr. Johnston, published by the Reporters of the papers, and many other persons, testify to the fact, that Dr. Johnston's Remedy, which has appeared again and again before the public, is a sufficient guarantee to the afflicted.

N. B. There are so many ignorant and worthless quacks advertising themselves as Physicians, claiming the health of the already afflicted, Dr. Johnston's Remedy is necessary to say to those unacquainted with his reputation that his Diploina always hangs in his office.

TAKE NOTICE.

All letters must be post paid, and contain a postage stamp for the post or answer will be sent. June 18 1857-ly.

MEDICAL ADVERTISEMENTS.

BALTIMORE LOCK HOSPITAL. DOCTOR JOHNSTON.

THE founder of this Celebrated Institution, offers the most certain, speedy, and yet effectual remedy in the world for Gleet, Strictures, Seminal Weakness, Pain in the Loins, Constitutional Debility, Impotency, Weakness of the Neck and Limbs, Erections of the Kidneys, Pain in the Head, Dyspepsia, Nervous Irritability, Disease of the Head, Throat, Nose or Skin, and all those serious and melancholy disorders arising from the destructive habits of Youth, which destroys both body and mind.

These secret and solitary practices are more fatal to their victims than the song of the Sirens to the mariner Ulysses, blighting their most brilliant hopes of anticipations, rendering marriage, &c., impossible.

Young Men, especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents, and brilliant intellect, who might otherwise have embraced listening senates with the thunders of eloquence, or walked to ecstasy the living lyre, may call with all confidence.

Marriage. Married persons, or young men contemplating marriage, who are afflicted with Gleet, Strictures, debility, deformities, &c., should immediately consult Dr. Johnston.

He who places himself under the care of Dr. Johnston may religiously confide in his honor as a gentleman, and confidently rely on his skill as a physician.

Organic Weakness.

Immediately cured, and full vigor restored. This disease is the penalty most frequently paid by those who have become the victim of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue.

Now, we deny that the power of Procreation is lost sooner by those falling into improper habit than by the prudent. Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms to mind and body attend this disease, such as, debility, dyspepsia, palpitation of the heart, indigestion, a wasting of the frame, cough symptoms of Consumption.

Office No. 7, South Frederick Street, seven doors from Baltimore street. Last side, up the steps. Be particular in observing the name and number, or you will mistake the place. A Cure warranted, in Two Days. NO MERCURY OR NAUSEOUS DRUGS.

Dr. Johnston.

Member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and a greater part of whose life has been spent in the first Hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the head and ears when asleep, nervous debility, and frequent blushing attended sometimes with derangement of mind, were cured immediately.

Certain Disease. When the misguided and imprudent votary of pleasure indulges in the seeds of this fatal disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who from education and respectability, can alone befriend him, delaying till the constitutional symptoms appear, such as aciculated sore throat, dimmed vision, neuralgic pains in the head and limbs, dimness of sight, deafness, nodes on the shin bone, and eruptions on the head, face and extremities, progressing with frightful rapidity, till at last the bones of the face and the bones of the nose fall in, and the victim of this extensive process, a horrid object of commiseration, till death puts a period to his dreadful sufferings, by sending him to "that bourne from whence no traveller returns." To avoid, therefore, Dr. Johnston's Remedy, is to rescue the most invaluable security, and from the extensive practice in the first Hospitals of Europe and America, he can confidently recommend a safe and speedy cure to the unfortunate victim of this horrid disease.

It is so completely true that thousands fall victims to this horrid disease, owing to the unskillfulness of ignorant pretenders, who by the use of that deadly poison, Mercury, ruin the constitution, and either send the unfortunate sufferer to an untimely grave, or make the residue of his life miserable.

IMPORTANT DISCOVERY.

And all Diseases of the Lungs and Throat, ARE POSITIVELY CURED BY INHALATION. Which conveys the remedies to the cavities in the lungs through the air passages, and coming in direct contact with the disease, neutralizes the tubercular matter, allays the cough, causes a free and easy expectoration, heals the lungs, purifies the blood, imparts renewed vitality to the nervous system, giving that tone and energy so indispensable for the restoration of health. To be able to state confidently that Consumption is curable by inhalation, is to me a source of unalloyed pleasure. It is as much under the control of medical treatment as any other formidable disease; ninety out of every hundred cases can be cured in the first stages, and fifty per cent. in the second; but in the third stage it is

impossible to save more than five per cent., for the Lungs are so cut up by the disease as to bid defiance to medical skill. Even, however, in the last stages, Inhalation affords extraordinary relief to the suffering attendant; the fearful cough, which annually destroys ninety-five thousand persons in the United States alone; and a correct calculation shows that of the present population of the earth, eighty millions are destined to die of the consumptive's graves.

Truly the conqueror of death has no arrow so fatal as Consumption. In all ages it has been the great enemy of life, for it spares neither age nor sex, but sweeps alike the brave, the beautiful, the graceful and the gifted. By the help of that Supreme Being from whom we derive every good and perfect gift, I am enabled to offer to the afflicted a permanent and speedy cure in Consumption. The first cause of tubercles is from impure blood, and the immediate effect produced by their deposition in the lungs is to prevent the free admission of air into the air cells, which causes a weakened vitality through the entire system. Then surely it is more rational to expect greater good from medicines entering the cavities of the lungs, than those administered through the stomach; the patient will always find the lungs free and the breathing easy, after Inhalation remedies. Thus, Inhalation is a local remedy, nevertheless it acts constitutionally and with more power and certainty than remedies administered by the stomach. It is a powerful and direct influence of this mode of administration, chloroform inhaled will entirely destroy sensibility in a few minutes, paralyzing the entire nervous system, so that a limb may be amputated without the slightest pain; inhaling the ordinary burning gas will destroy life in a few hours.

The inhalation of ammonia will rouse the system when fainting or apparently dead. The odor of many of the medicines is perceptible in the skin a few minutes after their use, and may be immediately detected in the blood. A convincing proof of the constitutional effects of inhalation, is the fact that sickness is always produced by breathing foul air—is not this positive evidence that the medicines sent to any part of the United States and Canada by patients communicating their symptoms by letter. But the cure would be more certain if the patient should pay me a visit, which would give me an opportunity to examine the lungs and prescribe with much greater certainty, and then the cure could be effected without my seeing the patient again.</
