

Sioux Indians.
Quite a sensation was created, yesterday afternoon, by the passage through the city of several omnibuses filled with Indians; who were on their road to New York. Most of them were in full Indian costume, paint; feathers and all, while others were in half citizen's dress.

The savages whooped as they passed through the streets. These Indians are a delegation of Sioux who have been at Washington. The party consists of a band of twenty-seven chiefs, under the care of the agents of the Government, the Messrs. Reberus, with their interpreter Mr. N. R. Brown. They are generally of powerful frame, averaging little below six feet.

The delegation includes the principal chiefs and warriors of the Minnesota bands. Among them is Wabiasa, a son of the celebrated Indian chief of the same name, who long ago held sway over all the tribes of the Mississippi. He is the head chief. The next in importance is the Little Crow, who, being a very shrewd and eloquent man, has been the most conspicuous at Washington. His fame as one of the leading men in the war upon the Inkpaduta tribe, has spread throughout the States, and his name has often figured in the newspapers. Some of the younger chiefs are rather handsome specimens of their race, and while in Washington no little attention was paid them by the ladies. Among the warriors there are two who were employed, in company with a third Indian, also with the delegation, to attempt the rescue of Miss Gardner, who had been carried off from Spirit Lake and held captive by a warrior-band in the Far West. They accomplished their errand, at the risk of their lives, and appear to derive much gratification from the opportunity thus afforded them of showing their good will towards the whites. The delegation is on its way home to the head waters of the Minnesota.

They have a two-headed girl in Louisville. From the description given by the Democrat of that city, she must be a young lady capable of getting up a private party on her own individual resources. The Democrat says:

"She is the embodiment of all that is extraordinary and strange, having two finely formed heads, very intelligent and of a most lively and amiable disposition. She sings very prettily and with both her mouths. talks and walks well; and always interests her visitors to a great degree.—There is no chance of a doubt but that she is the greatest curiosity ever witnessed, and should be seen by everybody."

From the Harrisburg Telegraph.
Some Snake.—We saw a snake, this afternoon, in the carriage shop of Mr. Fleming, which knocks the spots off anything in the snake line we have seen seen for some time. It has two heads and two tails—it is seven feet long, and measures 8 inches around the thickest portion of the body. If anybody wants to see it they can do so by calling at Mr. Fleming's establishment. Capt. Sees informed us that the animal is supposed to have been discovered one night, shortly after a Chinese performance, by the gentleman who captured it. No sell."

The Feendity of Flies.
The flies are beginning to become numerous and troublesome. The streets and the houses will soon be full of them. The ingenuity of man has not yet invented agents that can destroy them as fast as they come. Nor is this to be wondered at, when it is known that from a single fly more than two millions of these pests are produced in one summer. The rapidity and the multiplicity with which they increase may be learned from the following table:

A fly lays four times during the summer, each time eighty eggs, which makes 320
Half of these are supposed to be females, so that each of the four broods produces forty: 18,800
The first eighth of these, or 1,600 females, three times 384,000
The second eighth twice 256,000
The third and fourth eighth at least once each 256,000
The second eighth, or the forty females of the second brood, lay three times, the produce of which is 6,600
One sixth of these, or 1,600 females, three times 384,000
The second eighth twice 256,000
The third, once 128,000
The third eighth, or the forty females of the third brood, lay twice, and produce 6,400
One fourth of these, or 1,600 females, lay twice more 256,000
The fourth eighth, or forty females, of the fourth brood, once 128,000
Half these, or 1,600 females, at least once 128,000
Total produce of a single fly in one summer 2,080,320

Railroad Car stopped by a Frog.
Those who have traveled over the Fifth and sixth street Passenger Railroad, to its northern terminus at Frankford, are aware that there are quite a number of ponds along the upper section.—These ponds abound with frogs, who nightly hold Italian concerts for the benefit of all persons who don't understand the language. It appears, however, that one of the conductors, who by the way is a clever, energetic accompanist, and who understands the language, stopped his car a night or two since, in consequence of an old frog calling out in hoarse tones, *hold up! hold up! hold up!!!* The night was dark, and the gloom was only relieved by the rays from the red light on the front of the car. The Conductor, willing to accommodate all persons who wish to avail themselves of traveling by railroad, waited anxiously for the customer to loom up from the darkness, but no one came. Hold up! hold up!!! still rung upon the midnight air. I am holding up, shouted out the Conductor, why don't you come! After waiting patiently for several minutes, the truth became apparent. The Conductor considered himself sold, and with the passengers in the car, enjoyed a hearty laugh.

The most awkward thing in or out of all creation is a woman trying to run. They can't do it. If there are two arrangements in the world that were never made for feet on the pedal, they are woman and ducks.

An interesting breach of promise case was lately tried at Louisville. Miss Maria Cummings sued Mr. Allen Sutton for counting her for three years, and then marrying another sweetheart. The jury gave Miss Maria damages to the amount of \$2,000.

CONSUMPTION CURED.
AN OLD INDIAN DOCTOR, UNCAS BRANT, while a Missionary among the Indians of the Rocky Mountains, discovered a RARE CONSUMPTION PLANT, that proves to be a certain cure for Consumption, Bronchitis, Asthma, Liver Complaints, Nervous Affections, Coughs, Colds, &c., &c. Having now made his fortune and retired from business, he will send the prescriptions and directions for preparing the medicines free of charge to all who may desire it, and will send to his agent, enclosing two stamps (6 cents), to pay the freight, a full and complete description of their symptoms.

CURED.
The Old Doctor has cured more than 3000 cases of Consumption alone, and hopes all afflicted people will avail themselves of this opportunity.

CURED.
As the Doctor wishes to do all the good he can before he dies. Address all letters to DANIEL ADEE, Box 3331 P. O., New York, Who is his sole agent.

HUNTINGDON WARM SPRINGS.
The Warm Springs at the base of Warrior Ridge, five miles north of Huntingdon, overlooking Standing Stone Creek, and surrounded by rolling hills and woodlands, have been leased by the former proprietor of the Leamer House.

The extensive Hotel buildings, bath houses, &c., erected at great expense by General A. P. Wilson, have been completed—and the groves have been beautifully laid out and adorned.

The Hotel parlors and chambers airy and comfortably furnished; and the prospect from the verandahs for beauty, cannot be excelled.

For half a century, these Springs have been celebrated for their medicinal qualities, and the nature of the waters in rheumatic and chronic affections. The temperature of the water being 69 degrees, renders the bathing delightful and invigorating. In the surrounding woods and mountains, game, turkeys, and the most fish are caught in Stone Creek. Persons in pursuit of health or pleasure, will find this the most delightful and healthful retreat; and its nearness to the Pennsylvania Railroad, and the cheapness of the rates charged guests, give it a decided advantage over any other watering place in the State.

The Proprietor has had years of experience in the business and no pains or trouble will be spared to make guests comfortable.

Trucks run from and to Warm Springs on the arrival of the different Railroad trains—fare 25 cents. Families accommodated at moderate terms. JOHN R. HERD, Proprietor, Huntingdon, June 5th

BANK NOTICE.
The undersigned citizens of the county of Huntingdon, hereby give notice that they intend to make application to the next Legislature for a Charter, for the creation of a Corporate body with Banking or Discounting privileges, to be styled "THE HUNTINGDON COUNTY BANK," to be located in the Borough of Huntingdon, county of Huntingdon, and State of Pennsylvania, with a capital of one hundred thousand dollars, with the specific object of issuing Bank paper, and doing all other things ordinarily pertaining to a Bank of issue.

W. B. ZIGLER, A. JOHNSON, J. SEWELL STEWART, WM. COLON, J. W. McINTIRE, JAMES MAGUIRE, THOS. H. CREMER, GRAFFIUS MILLER, A. W. BERKEDIT, JNO. McCULLOUGH, R. BRUCE FENKIN, JAMES WHITTAKER, THOMAS P. CAMPBELL.

ALEXANDRIA FOUNDRY.
The Alexandria Foundry Planks, Patterns, &c., have been bought by H. C. McGILL. The Foundry is in blast and has all kinds of Castings, Stoves of all kinds, Machines, Ploughs, Kettles, &c., &c., which he will sell at the lowest market prices. All kinds of Castings, try produce and old metal taken in exchange at market prices. R. C. McGILL, May 26, 1858.

THE CASSVILLE SEMINARY.
ONLY \$22.50 PER QUARTER.
THE PRESENT FACULTY.
M. McN. WALSH, Principal, Prof. of Languages and Philosophy.
Chas. S. Smith, A. M., Prof. of Latin, Greek, &c.
James W. Hughes, Prof. of Mathematics.
Benjamin F. Houck, Adjunct Prof. of Mathematics.
Geo. W. Linton, Prof. of Vocal Music.
Mrs. M. McN. WALSH, Preceptress, Teacher of Botany, History, Reading, &c.
Miss E. M. Faulkner, Teacher of Pen Work, Painting, Drawing, &c.
Miss D. L. Stanley, Teacher of Piano, Wax Fruit, &c.
Mrs. Dr. Darwin, Teacher of English Branches.
Miss J. M. Walsh, Teacher of Primary English.

The recent success of this school is extraordinary. Besides being the cheapest one of the kind ever established, it is now the largest in this section of the State. All branches are taught, and students of all ages, and of both sexes, are received. The expenses for a year need not be more than \$20. Students can enter whenever they wish. Address, JOHN D. WALSH, Cassville, Huntingdon Co., Pa.

MISCELLANEOUS ADVERTISEMENTS.
DOCTOR MORSE'S INDIAN ROOT PILLS.
DR. MORSE, the inventor of MORSE'S INDIAN ROOT PILLS, has spent the greater part of his life in traveling, and has discovered the most powerful medicine for the cure of all diseases of the human system, which he has named the Indian Root Pills. He has spent three years among the Indians of our Western country—it was in this way that the Indian Root Pills were first discovered. Dr. Morse was the first man to establish the fact that all diseases arise from impurities of the blood—that our strength, health and life depend upon this vital fluid. When the various passages become clogged, and do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted and diseased; thus causing all pains, sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if nature is not assisted in throwing off the stagnant humors, the blood will become choked and cease to act, and thus our light of life will forever be blown out. How important then that we should keep the various passages of the body free and open. And how pleasant to us that we have it in our power to put a medicine in your reach, namely, Morse's Indian Root Pills, manufactured from plants and roots which grow around the mountainous cliffs in the Indian's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Sudorific, which opens the pores of the skin, and assists nature in throwing out the finer parts of the corruption within. The second is a plant which is an Expectorant, that opens and unclogs the passages to the lungs, and thus, in a soothing manner, performs its duty by throwing off phlegm, and cures the hoarse and croupy coughs, and the third is a Diuretic which gives ease and double strength to the kidneys; thus encouraged, they draw large amounts of impurity from the blood, which is then thrown out beautifully by the urinary and water passages, and which could not have been discharged in any other way. The fourth is a Cathartic, and accompanies the other properties of the Pills while engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bowels.

From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach but become united with the blood, for they find their way to every part, and cleanse the system from all impurities, and thus the life of the body, which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when the body becomes so pure and clear.

The reason why people are so distressed when sick, and why so many die, is because they do not get a medicine which will reach the afflicted parts, and which will open the natural passages for the disease to be cast out hence, a large quantity of food and other matter is lodged, and the stomach and intestines are literally overflowing with the corrupted mass thus undergoing disagreeable fermentation, constantly mixing with the blood, which thus the corrupted matter through every vein and artery, until life is taken from the body by disease. Dr. Morse's Pills have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickness, pain and anguish, and whose feeble frames have been scorched by the burning elements of raging fever, and who have been brought, as it were, within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's Indian Root Pills. After one or two doses had been taken, they were astonished, and absolutely surprised, in witnessing their charming effects. Not only do they give immediately strength and vigor, and take away all sickness, pain and anguish but they at once go to work at the foundation of the disease, which is the blood. Therefore, it will be shown, especially by those who use these Pills, that they will so cleanse and purify, that disease—that deadly enemy—will take its flight, and the flush of youth and beauty will again return, and the prospect of a long and happy life will cheer and brighten your days.

CAUTION.—Beware of a counterfeit signed A. B. Moore. All genuine have the name of A. J. WHITE & CO. on each box. Also the signature of A. J. White & Co. All others are spurious.

A. J. WHITE & CO., Sole Proprietors, 50 Leonard Street, New York.
Dr. Morse's Indian Root Pills are sold by all dealers in Medicines.

Agents wanted in every town, village and hamlet in the land. Parties desiring the agency will address as above for terms.

Price 25 cents per box, five boxes will be sent on receipt of \$1. postage paid. JOHN READ, Agent, Huntingdon, Pa. December 7, 1857—6m.

A PRIZE FOR EVERYBODY
WHO SUBSCRIBES FOR THE
NEW YORK WEEKLY PRESS.
A BEAUTIFULLY
ILLUSTRATED
FAMILY NEW PAPER.

The New York Weekly Press is one of the best literary papers of the day. A large quarto containing twenty pages, or Sixty columns, of entertaining matter; and elegantly illustrated every week.

A Gift worth from 50 cents to \$1000 will be sent to each subscriber on receipt of the subscription money.

TERMS—IN ADVANCE:
1 copy 1 year, \$2 00
3 copies " 3 years " 5 00
5 " " 5 " " 7 50
10 " " 10 " " 13 00
21 " " 21 " " 30 00

The articles to be distributed are comprised in the following list:

1 U. S. Treasury Note, \$1000 00.
2 do. do. do. 500 00, each.
3 do. do. do. 200 00, each.
1 do. do. do. 100 00, each.
10 Pa. Lev. h's watches 100 00, each.
20 Gold Watches, 75 00, each.
50 " " 60 00, each.
100 " " 50 00, each.
30 Ladies Gold Watches, 35 00, each.
200 Silver h'm. cks. watches, 30 00, each.
500 Silver watches, 15 00 to 25 00, each.
1000 Gold guard, 6b and
Vest chains, 10 00 to 30 00, each.
1000 Gold Pens & Pencils 5 00 to 15 00, each.
Gold Lockets, Brooches, Ear-drops, Breast Pins, Cuff Pins, Sleeve Buttons, Rings, Shirt Studs, Watch Keys, Gold and Silver Thimbles, and a variety of other articles, worth from 50 cents to \$15 00 each.

On receipt of the subscription money, the subscriber's name will be entered upon our books opposite a number, and the gift corresponding with that number will be forwarded within one week to him, by mail or express, post-paid.

There is neither humbug nor lottery about the above, as every subscriber is sure of a prize of value. We prefer to make this liberal distribution among them instead of giving a large commission to Agents, giving to the subscriber the amount that would go to the Agent, and in many cases a hundred fold more.

All communications should be sent to DANIEL ADEE, Publisher, 211 CENTRE ST., NEW YORK.

May 29, 1858. 1y.

THE LIVER INVIGORATOR!
PREPARED BY DR. SANFORD.
Compounded entirely of Gums.

One of the most purgative and liver medicines now before the public, that acts as a Cathartic, easier, milder, and more effective than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid, then on the stomach and bowels, and finally on the entire system, yielding two purposes effectually, without any of the painful feelings experienced in the operation of most Cathartics. It strengthens the system at the same time that it purges it, and when taken daily in moderate doses, will strengthen and build up with unusual rapidity.

The Liver is one of the most important of the human body, and its functions well performed are fully developed almost entirely dependent upon the healthy action of the Liver for the proper performance of its functions. When the stomach is at fault and the whole sequence of one organ is deranged, it is difficult to do its duty, that organ of one of the most important of the human body, to find some remedy to counteract the many evils which are at last developed with Liver troubles, has but to try this certain.

These gums remove matter from the system by a lead by bowels, causing purifying the blood, giving tone and health, relieving the stomach and bowels, and removing the cause of the disease, and effecting a radical cure. It is sufficient to relieve the stomach and bowels, and prevent the food from

cured, and what is the occasional use of the Liver Invigorator.

Only one dose taken at night, to open the bowels gently, and cures Constiveness.

One dose taken after each meal will cure Dyspepsia.

Only one dose immediately relieves Cholice, while

One dose often repeated is a sure cure for Cholera Morbus, and a preventive of Cholera.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for Jaundice removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures Chronic Diarrhoea in its worst forms, while Summer and Bowel complaints yield almost to the first dose.

One or two doses cures attacks caused by Worms in Children, there is no surer or speedier remedy in the world, as it never fails.

A few bottles cures dropsy, by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for Fever and Ague, Cholera, and all Fevers of a Bilious Type. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Only one dose in the month with the Invigorator, and swallow both together.

The Liver Invigorator.

Is a scientific medical discovery, and is daily working cures, almost too great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of Liver complaint, from its worst jaundice up to Dropsy, to a common Headache, all of which are the result of a diseased Liver.

PRICE ONE DOLLAR PER BOTTLE.
Dr. SANFORD, Proprietor, 343 Broadway, N.Y. Sold by H. McManigill, & J. Read, Huntingdon. April 25, 1858—1y.

New Card-Press.
Having bought a first "CARD-PRESS," we are now prepared to print in the proportion of three cards in the same time that any other press in the county can print one, and we can print them cheaper—if not done well we make no charge at all. We ask your patronage.

10,000 Shares, amounting to 10,000 ac's. Certificates of the above Shares, (with Bonds for the immediate execution and delivery of the Deeds), have been enclosed in 10,000 envelopes, exactly alike, and sealed; which, after being well mixed up, have been numbered on the outside from 1 to 10,000, inclusive, so that no one knows the contents of any particular envelope. They will be sold at \$10 each, without reference to what they contain, and sent to any one making application. Unexceptionable Titles will in all cases be given.

The largest Farm, containing a Gold Mine is valued at \$30,000, and the smallest sized Building Lots have been selling at \$10 each. Hundreds have already been sold upon these terms. Whilst all stand the same chance of getting the Farms, every purchaser is guaranteed one of these lots at least. Every other purchaser is bound to get one of at least double its size and value. Every fourth purchaser one of at least quadruple its size and value. Whilst every purchaser will get a farm ranging in value from \$200 up to \$50,000. These envelopes, containing the contents of any particular envelope, a sufficient number being reserved, the increase in the value of which will compensate for the present sacrifice. The net proceeds are to be applied to local improvements, such as Schools, Factories, Mills, &c. Any number of Shares can be taken by individuals, to secure a Farm take at least ten shares. The certificates can be obtained by paying one-half, and the Deeds by the other half.

70,000 Acres of Land, in large or small tracts also have at private sale, and upon the most reasonable terms. Some of it is highly improved. Agents are wanted everywhere to sell these lands. Liberal inducements will be given. For full particulars apply to
