

Huntingdon Journal.

Wm. Brewster, Editor and Proprietor.

Wednesday Morning July 7, 1858.

The Circulation of the Huntingdon Journal is greater than the Globe and American combined.

CLUBBING WITH MAGAZINES.

- The Huntingdon Journal for one year, either of the Magazines for the same period will be sent to the address of any subscriber to be paid in advance as follows: The Journal and Godey's Lady's Book, for one year, \$3 50. The Journal and Graham's Magazine, for one year, \$3 50. The Journal and Emerson's Magazine and Putnam's Monthly, for one year, \$3 50. The Journal and Frank Leslie's Family Magazine and Gazette of Fashion, for one year, \$3 50. The Journal and Lady's Home Magazine, for one year, \$2 75. The Journal and Peterson's Magazine, for one year, \$2 75. The Journal and Atlantic Monthly, for one year, \$3 50.

INDEX TO ADVERTISEMENTS.

- Consumption Cured. Warm Springs. Bank Notice. Dentist.—Dr. R. A. Miller. Oil Paints to be given away. Novel and Extraordinary. Administrator's Notice. Hair Restorative. The Golden Prize. Hair Restorative. Notice. A Prize for Everybody. Foundry.—R. C. McGill. Cloth-Cleaning—Zachariah Johnson. Portable Fence—H. Cornrobert. Drugs.—McMaugel & Smith. Wigs & Toupees.—Geo. Thurgaland. Sewing Machine.—Grover & Baker. Cook Stove.—Call at this Office. Liver Invigorator. To Merchants and Farmers. Saving Fund. Stage Line.—To Invalids. Gunsmithing. Dr. John McCulloch. Cassville Seminary. Burr Mill Stones. H. Roman.—Clothing. Dry Goods.—Fisher & McMurtree. Nichols' Bank Note Reporter. Hardware.—J. A. Brown. Dentist.—Dr. J. R. Huyett. Attorneys.—Scott & Brown. Dry Goods &c.—David Grove. Attorney.—T. P. Campbell. Consumption.—G. W. Graham. Suffer not.—I. Summerville. Railroad Fine. Dr. H. K. Neff. Attorneys.—Wilson & Pettkin. Duponco's Golden Pills.

CAUTION.

Whereas Frederick W. Krumsheld, my Indented Apprentice to the Printing business, has left my employ without my consent—all persons are hereby notified and forewarned not to employ him, harbor him, or trust him, as they will be proceeded against according to law.

WM. BREWSTER, Huntingdon, June 25, 1858.

STATE CONVENTION.

The United American, Republican, and People's Committee of Superintendence for the City of Philadelphia, earnestly desirous to extend and perpetuate that union of the elements of opposition to the present National Administration, which in this City has lately resulted in such brilliant success, do hereby respectfully suggest, and recommend to the State Committees representing those several elements of opposition, that they call upon the Citizens of Pennsylvania, who are opposed to the present National Administration; especially to its despotic and fraudulent Leocompton policy, and its willful neglect of the just claims of domestic industry; and who are in favor of the Sovereignty of the People over their own local concerns; of American Institutions against the policy and intrigues of foreign Governments, and of adequate protection to our home labor, to assemble in their respective Senatorial and Representative Districts to choose delegates to a State Convention, to meet at Harrisburg, in the Hall of the House of Representatives, at 2 o'clock, P. M., of Wednesday the 14th day of July, 1858, to nominate Candidates for Judge of the Supreme Court, and Canal Commissioner. LEONARD R. FLETCHER, President. J. R. FLAXIGER, G. A. COFFEY, W. J. P. WHITE, M. V. SUMMERS, J. R. LYSBELL, Secretaries. Philadelphia, May 20, 1858.

In view of the above recommendation, and its general acceptance, I hereby withdraw the call for a State Convention, issued by me, for the 8th of July next, and earnestly request the American Republicans of the State to accept it, and participate in the election of Delegates to said Convention. By order of the State Committee. LEML TODD, Chairman A. R. S. Com.

Attest—EDWARD M'PHERSON, Sec. CARLEISLE, May 31, 1858. To the Americans of Pennsylvania? The above recommendation having been submitted to me for my approval, after consultation with the majority of the members of the American State Committee, and a large number of the prominent Americans of the State, I cheerfully adopt it as our call for a State Convention, and urge the members of the American party throughout the State to participate in the election of Delegates.

H. BUCHER SWOOPF, Chairman of American State Com., Clearfield, May 29, 1858. Inasmuch as the above recommendation and calls point out the plain road to practical, decisive, and enduring victory over the present National Administration and its tyrannical and sectional policy, I therefore request the Republicans of Pennsylvania to unite in the election of Delegates to the above Convention.

COUNTY COMMITTEE.

- D. McMURTRIE, JOHN WHITTAKER, Dr. C. W. MOORE, NATHANIEL LYTLE, GEORGE W. JOHNSTON, R. B. WIGTON, HAYS HAMILTON, WM. P. ORBISON.

The only reason we assign for issuing only half a sheet this week is our boys have, like all others, a strong propensity to participate in the enjoyment of our American Anniversary.

On Sabbath evening the 4th inst. the Rev. S. H. Reid preached a most excellent Anniversary Sermon in the German Reformed church of this place, from Proverbs 14th chapter, 34th verse. Righteousness exalteth a nation; but sin is a reproach to every people.

The celebrity of the Warm Springs near this place is made manifest by the great concourse of visitors—four Omnibuses run regular twice a day, as well as a great number of private conveyances.

On the evening of Friday the 25th ult, the house of Eliz Carothers of Shireleysburg, in this county was struck by lightning. The fluid struck the top of the chimney and shivered the one-half it to the roof, it then passed down to the cellar, Miss Carothers and Mrs. Shaffer, the latter with a child in her lap, were sitting in the room at the time, and received no injury, but were severely stunned by the shock.

As you pass along through this county the growing wheat looks very well but when you come to examine it is eat up by the weevil.

OUR BOOK TABLE.

We have received the first No. of a new paper published in Philadelphia, called the "Mt. Vernon Record," to be devoted to the purchase of the Home and Grave of Washington, by the Ladies' Mt. Vernon Association of the Union. The "Record" will be a medium through which will be conveyed, from time to time such details in respect to the operations and doings of the Association as may seem to interest the people, and direct their minds to a more earnest solicitude for that great and commendable purpose it seeks to accomplish. As a further point in their plan, the conductors of the "Record" will give from month to month, complete lists of contributions and contributors, with such other specialities in the movements of the Association as may give the public clear and concise information as to what is done and being done to obtain the needed funds requisite to place Mt. Vernon in the full possession of the people of the United States.

It is published in a very neat quarto form; terms, \$1 per annum. Address S. F. Watson, V. R. L. Mt. V. A., Philadelphia.

F. B. Peterson & Brothers have all the best and most popular works published in the world—a catalogue of which can be seen in the "Journal" office, with the price of each annexed. Address T. B. Peterson & Brother, No. 396 Chestnut St. Phil.

AMERICAN AGRICULTURIST.—We are in receipt of this justly celebrated periodical for July. This is one of the best periodicals on the subject published in the United States, and should be in the hands of every tiller of the ground.

We have also received a copy of the same work in the German language, by the same author, which we will take pleasure in showing to our German agriculturists. The price of each is \$1 per annum.

Sargent's School Monthly for July is now before us. It is published in Boston, by Epes Sargent and can be had for \$1 per year. It is an excellent thing for pupils and teachers.

PRENTICE, of the Louisville Journal, objects to the five minutes rule in the New York prayer meetings. He says, "imagine, for instance, old Bennett, of the Herald, confessing his sins in the ridiculous space of five minutes!"

Each reader of this paper is requested to procure a new subscriber and send the name and money to this office. Recollect only one dollar and fifty cents a year, and may be sent in postage stamps.

Address, Wm. Brewster, Huntingdon.

PEOPLE'S COUNTY CONVENTION.

Pursuant to previous notice a convention of the people assembled in the Court House in this place, on Wednesday, 30th inst., at 2 o'clock, P. M., to elect a delegate to represent them in the State Convention at Harrisburg on the 14th of July, and to appoint conferees to elect a senatorial delegate; and for the further purpose of consultation as to the most prudent and efficient means to unite the People in their action against the great wrongs inflicted by the National Administration upon the rights of a free people.

The meeting was organized by appointing Israel Grafius, Esq., of Alexandria, President, Levi Evans, Esq., of Tod tp., Vice President, and Geo. W. Johnston, Esq., Secretary. The following persons were on motion, admitted as delegates from districts unrepresented: D. Mountain, Hopewell tp. H. T. White & R. McDevitt, Ocoida James Baker, Cromwell. On motion, a committee of five persons be appointed to draw up a preamble and resolutions expressive of the object of the meeting, &c. The chair then appointed D. McMurtree, Hon. J. McWilliams, Dr. C. W. Moore, Nathaniel Lytle, Esq., and R. McDevitt, said Committee, who presented the following which were unanimously adopted:

WHEREAS, The policy of the present National Administration has disgusted its political supporters and aroused the mass of the people of all political organizations in opposition to the despotism and tyranny of its Kansas policy, its persistent efforts to keep prostrated the industrial pursuits of the people, and the imbecility of its foreign and domestic measures, Therefore,

Resolved, That a County Committee consisting of D. McMurtree, Capt. John Whittaker, Dr. C. W. Moore, Nathaniel Lytle, Esq., Geo. W. Johnston, R. B. Wigton, H. Hamilton and Wm. P. Orbison, be appointed by this Convention to call a nominating convention to assemble in the borough of Huntingdon, on Tuesday, the 10th day of August, next, to be composed of Americans, Republicans, American Democrats, Democrats opposed to the "Leocompton Swindle" and all others opposed to the National Administration, who may pledge themselves to support the ticket then placed in nomination, the State ticket to be placed in nomination on the 14th of July, next, by the Opposition State Convention, and the opposition candidate for Congress in the district of which Huntingdon county forms a part.

Resolved, That the tickets thus placed before the people of Huntingdon county be supported by all who are opposed to the present National Administration; especially to its despotic and fraudulent Leocompton policy, its willful neglect of the just claims of domestic industry, its reckless and extravagant expenditure of the public funds, and who are in favor of the sovereignty of the people over their own local concerns, of American institutions as against the policy and intrigues of foreign governments, and of adequate protection to our home labor.

Resolved, That the attempt of the late and present National Administration to force upon the people of Kansas, at the point of the bayonet, and by the boldest and most unblushing frauds, a constitution and laws, in violation of their known and expressed wishes, merits, as it has received, the scorn and indignation of a free people.

Resolved, That the history of the country demonstrates, that solid prosperity is the result of tariffs on foreign manufactured goods and merchandize, with protective discriminations in favor of the American producers, composed of the great majority of laborers, who do the work, and capitalists who furnish the means; and that panics, convulsions, hard times and an exhausted treasury are the necessary effects of discriminations, which universally afford discriminations in favor of foreign producers; and therefore we declare the opinion of this convention to be, that the industry of the country requires the enactment of a judicious protective tariff, to bring it out of its present difficulties and maintain it on an independent footing with the balance of the world.

The following persons were then appointed a committee as aforesaid, to act as such until successors be elected: D. McMURTRIE, Capt. JOHN WHITTAKER, Dr. C. W. MOORE, NATHANIEL LYTLE, Esq., GEO. W. JOHNSTON, R. B. WIGTON, H. HAMILTON, WM. P. ORBISON.

John Williamson, Esq., having received a majority of all the delegates present was declared elected as delegate to the People's State Convention.

On motion, Resolved, That the delegate to the State Convention be hereby instructed to present the name of the Hon. Geo. Taylor, of Huntingdon, as a candidate for Supreme Judge, and to urge his nomination by the Convention.

Resolved, That this Convention concur in the selection of Gen. W. H. Koontz by the counties of Bedford and Somerset as Senatorial delegate from this district to the coming State Convention at Harrisburg.

Resolved, That the above proceeding be published in the county papers.

On motion adjourned. ISRAEL GRAFIUS, Pres't. Geo. W. Johnston, Sec'y.

THE METHODIST CELEBRATION.

Agreeably to previous arrangement, the Methodist Sabbath School, formed in procession in front of their Church at 9 o'clock, on Saturday morning the 3rd, (the 4th coming on Sunday) and proceeded to the "Cottage Grove," about one-half a mile above town, to celebrate the anniversary of American Independence. The day being auspicious for the occasion, quite a number were present.

The exercises were opened with prayer by Mr. Boat, after which the Declaration of Independence was read by J. H. O. Corbin—a beautiful hymn was then sung by the Sabbath-school scholars, followed by martial music.

R. Milton Speer, the orator of the day, being then introduced, delivered a very patriotic address, which did honor to himself and the occasion—after which another hymn was sung—followed by martial music. Rev. A. M. Barnitz was then introduced, and delivered a very interesting and eloquent Sabbath School address.

The exercises being over, all partook heartily of the good things which were served up for the occasion. Remaining at the "Grove" till about 3 o'clock, all returned with hearts overflowing with happiness—and feeling in themselves—Blessed be the day that secured our Independence.

THE "GENERAL" CELEBRATION.

The procession formed in Hill street about 10 o'clock on the morning of the 3d and being joined by the "Broad Top Rangers," proceeded to McCahan's Grove—a beautiful spot, which had been previously fitted up for the occasion. Levi Evans of the "Rangers" was chosen President.—Rev. S. H. Reid opened with prayer, after which the Declaration of Independence was read, and well too, by R. Bruce Pettkin, Esq. Maj. Campbell, the orator of the day, was then introduced and delivered an address, full of eloquence and patriotism.

T. E. Cornprobst followed in a speech which did him credit. H. T. White read the toasts. Several persons were called upon to address the assemblage but declined. The President concluded the exercises with some patriotic remarks. The band was present to discourse evening, soul stirring music.

In the afternoon, the balloon, the great object of interest, ascended to "upper skies." The town was full of people, and there was a general "flow of soul" though not much "feast of reason."

The fire-works, which were to close the festivities of the day, were unavoidably postponed until Monday evening the 5th inst.

National Anniversary. Our national anniversary was also celebrated on the 3d inst., by a select party in the Seceder Church—your humble servant was one of the invited guests, and a pleasant company and fine dinner could be produced in the company.

Forney's Position.

Notwithstanding the advent of the heated term, when the most excited temper is admitted to keep cool. Col. Forney of the Press, seems more determined than ever to hold up to public odium the reeking, festering carcass of Leocompton, and to torment and disturb the consciences—if any they have—of those recreant Democrats who helped to force the act through Congress. During the last week, the columns of The Press have teemed with editorials, remarkable for their earnestness, strength, and extraordinary ability, denouncing the horde of sycophants, servile office-holders and swarms of office hunters who hang around the President and shout Leocompton, and aid in striking down and persecuting every independent Democrat who cannot subscribe to such infamous doctrine. Indeed Mr. Forney seems indomitable. His bold scathing, conving editorials are sore thorns to the sides of the Buchanan Democrats, and most unambiguously prognosticate a disruption of the party. We give a few extracts from one of the leaders in The Press.

We come to the period immediately preceding the 4th of March, 1858, when the Pennsylvania Democratic State Convention assembled at Harrisburg. It will be recollected that, in advance of the Philadelphia Democratic Convention, we most respectfully admonished the delegates of that Democracy against taking the fatal step of endorsing the surrender of the Cincinnati Platform. We assured them that any such step would cover the Democratic party with defeat; that not only would such a policy, if carried out, defeat the Democratic party in the State—not only in the State, but in the Union; and that it was impossible for any party to stand up against any such endorsement in the face of a well disciplined and experienced opposition, ready to take advantage of all our own short-comings, and to remind us of our ten thousand promises. But repeated warnings were neglected by the little leaders, who managed by means of patronage to obtain possession of the Convention. Resolutions were declared to have passed in favor of Leocomptonism. The Washington Union gloried over this endorsement, and every pensioned press from Maine to Georgia held it forth as an evidence that the Democratic party of Philadelphia had gladly agreed to give up a solemn declaration in favor of an immutable principle. The State Convention assembled shortly after. A band of true and tried men went to Harrisburg for the purpose of protesting against the consecration of the Leocompton fraud there. A horde of sycophants and servile office-holders and office hunters swarmed there too;

and after a gallant struggle, memorable in party annals a series of resolutions was carried over the heads of a resting place and intrepid minority, and so the foul work was again ratified and affirmed.

The harvest came; and what a harvest it was! Bickering and bad blood appeared in every county in the Commonwealth.—Disensions were carried into every State in the North. The Democratic party was beaten in every election that took place in the Free States, and the last result was the defeat of that great party in the city of Philadelphia by an overwhelming majority. The prophecy made in these columns has been appallingly fulfilled.

But did the unfortunate results referred to induce the advocates of Leocompton to pause in their mad career? On the contrary, Northern Representatives, with the protests of hundreds of thousands of Democrats ringing in their ears, stubbornly insisted upon supporting that monstrous proposition. And now a new scene in the drama is about to be enacted, and the people are called upon unresistingly to assist in and shout over its performance. The men who forced Leocompton through Congress—the men who insulted the public sentiment—the men who desecrated the pledges of 1856, who applauded the proscription of the champions tried and true, of that principle, these men now call upon the masses of the Northern Democracy to re elect them to the next Congress, and thus to seal, by a popular decree; the gravest act of political turpitude and treachery to be found in political annals!

But, in the name of a great party, we say No to the demand. We assert that enough has been lost for this dishonorable example. We declare that a sufficiency of sacrifice has been made in the name of a despotic doctrine.

For here is the practical question, after all. Leocomptonism is not a virtue, but a heresy—it is not even a decent expedient but an incurrable and festering corruption. It has no vitality in it.

General News.

A Mad Horse. The Kenecob (Me) Post gives an account of a mad horse belonging to a citizen of that town.—The first symptoms of hydrophobia were made manifest by an awful growling and bellowing on the part of the animal. At midnight the neighbors came to the yard in which she was confined, and found that she had attacked a calf and literally stamped it into the ground. She had also bitten one or two cows, taking as much as a pound of flesh out of one. She was then driven into the stable, when she commenced tearing the flesh from her own foreleg, and stripped it completely off to the pastern joint, when the owner, having procured a gun, put an end to the creature's misery.

SHOCKING INDIAN CUSTOM.—A brother of Little Soldier, of the Snake (Utah) Indians, died a few days since. His relatives, addition to the killing of his favorite horse over his grave, buried with him, alive, a little boy of whom the deceased was very fond, in order that he might accompany him to the spirit land. They wrapped the little boy up alive in a blue ket, and placed him in the grave with the corpse, burying them together.

GRAVEL AND STONE.—By this we understand a collection of sand-like substance having been lodged in the passage of the urine. When the system is in a healthy state, this substance is carried off by the natural passage of the body; but when there is weakness of any organ, especially the kidneys, they become incapable of expelling such sandy concretions, and consequently they are lodged in the kidneys, urethra, or the bladder, causing great inflammation to those organs, and great pains and swelling, and great difficulty in voiding urine. It has been admitted by many physicians; that Morse's Indian Root Pills are made out of some particular plants which have a wonderful charming influence in dissolving the substance which has clogged the passage, and by their cooling properties, they expell all inflammation, and leave the water passage in an active and healthy state. From three to four of these Pills night and morning, from one to two weeks, will decide how this dreadful disease is to be treated, and as they remove the cause of every kind of disease, it is utterly impossible for them to fail in curing the gravel, as they unclog the passage, and leave the parts in a healthy and lively condition.

Dr. Morse's Indian Root Pills are sold by all dealers in Medicines.

QUACK NOSTRUMS.—The majority of hair washes, hair dyes, hair tonics, hair oils, and the numberless preparations which are now before the public under such extravagant, hyperbolic and fantastic titles as we see paraded in show-window cards and newspaper headings, as hair preparations, are all humbugs of the first water; their real merit, when they possess any, is, that they do no harm.

Hog's lard, whale oil, lard oil, sweet oil, scented and colored, make up, in beautiful wrappers, and white flint glass bottles, the costliest character of tonics, and when thus costly, are baptised with some tri-syllable term, and caught at by verdant young and old of both sexes. Such is not the character of Professor Wood's Hair Restorative. This gentleman comes before the world without any "high falutin'" Xilophloporium, or any other

astonishing and startling catch-penny form; he simply advertises a Hair Restorative—what it expresses, precisely—and as a Restorative it acts. Boy Professor Wood's Hair Restorative, and as you value your scalp, aye your very braine apply nothing else, for it may be that you will get some worse substance than performed lard oil on your cranium. Remember Wood's Restorative for the Hair is the best article extant.

Ancient and Modern Beauties. The progress of art and taste is electric in our progressive age, and inventions for multiplying whatever exalts or embellishes civilized life, outstrip the most vivid imagination. The human hair, in all ages of the world, has been properly considered the greatest natural ornament to man.—Painters have considered years devoted to delineating its various lights and shades on canvass, as labor worthy bestowed and time well spent. Poets have eulogized it, and Byron who possessed on this subject the sentiments of our own times has devoted some of his richest gems to the hair. How great then the loss, inconvenience, and annoyance experienced by those who have from sickness or age, become bald; and how deserving to be held in grateful remembrance he, whose inventive genius supplies the defects of nature, and with skillful artifice restores the counterpart of Nature's handwork. We were led to this train of thought by paying a casual visit to the Hair Dressing Saloons of Geo. THURGOOD, No. 29 South Sixth St., Philadelphia, and examining his exquisitely finished "Gossamer Wig" and "Poupee." These articles are so cunningly devised, that they are worn with perfect comfort and ease, giving ventilation to the scalp, and cannot be detected from the natural hair. They are of airy lightness; and the hair used possesses the soft, glossy appearance of natural, healthy hair. We say in conclusion to our readers, when in the city fall not to pay a visit to the Hair dressing rooms of GEORGE THURGOOD.

MARRIED.—On Tuesday evening 29 of June at the residence of the bride, by the Rev. O. O. Mc Claim. Mr. Thos (Burchfield) of Altoona Pa. to Miss Lavinia Cresswell of this place.

"JOURNAL" JOB OFFICE. Premiums awarded the "JOURNAL" Office at the late County FAIR, for the best CARD, BLANK AND FANCY PRINTING. Having recently received from the Eastern Cities, the following:

FAST POWER PRESS, and a large variety of the most fashionable Printing Material, which makes it one of the most complete Printing Establishments in this section. Persons in want of any kind of PLAIN OR FANCY PRINTING IN COLORS can be accommodated at this establishment at short notice.

ORNAMENTAL POSTERS can be accommodated at this establishment at short notice.

AUCTION BILLS, BILL HEADS, SHOW BILLS, CIRCULARS, WAY BILLS, LEGAL BLANKS, CONCERT BILLS, PROGRAMMES, PAMPHLETS, CATALOGUES, &c. &c. will be furnished promptly, executed in the best style and at reasonable rates. Orders by express, mail or otherwise, will receive immediate attention.

WM. BREWSTER, BRIGADIER GENERAL'S OFFICE, ALEXANDRIA, June 23d, 1858. The following persons have been appointed Staff officers:

- Adjutant, E. L. Everhart, Quarter-Master, P. McAttee, Pay-Master, Grafius Miller, Surgeon, Daniel Hontz, Judge Advocate, A. S. Harrison, R. C. MCGILL, Brigadier-General. Huntingdon Furnace, June 22d, 1858. The following named persons have been appointed by the Brigadier-General as Staff officers:

- Adjutant, John S. Miller, Quarter-Master, Wm. B. Zeigler, Surgeon, Jno. M. Stonebraker, Assistant Surgeon, George Huyett, Sergeant Major, David R. Wilson, Q. M. Sergeant, S. A. Cresswell, Drum Major, John Wallace, GEO. W. DARE, Major. June 30th, 1858.

For the Huntingdon Journal. Solution of the rence question of the 23d of June. 6,72,640 x 10 = 62,726,400 div. by 6 = 10,451,400 div. by 12 = 871,200 x 2 = 1,742,400 div. by 2,250 = 330 mile diameter of said field. 230 x 141 = 1036,7250 div. by 2 = 518,3610 x 165 = 85530,0500 the number of square miles it contains, which multiplied by 640 = 54,732,288,400 div. by 10 = 5,473,228,8490 ten acre lots. 1036,7280 circumference in miles x 5280 = 54,732,8400 number of paces in said fence.

EXTRA MATION. The above piece of land is circular; it is more difficult to solve the idea planer. 6,272,640 square inches per acre x by 10 = 62,726,400 inches in 10 acres, which div. by 6 = 10,464,400 the length of a strip 6 inches broad containing 10 acres, equivalent to a point at the centre, and 12 inches in circumference his being the semi-diameter in inches, which, reduced to miles gives 165 x 2 = 330 miles the diameter of the field.

A field 330 miles square will produce the same result, viz: 10 acres to every pale in the entire fence.

PHILADELPHIA MARKETS.

PHILADELPHIA, May 12, 1858. FLOUR—Superfine, per barrel, \$4 25@4 37 " Extra " 4 50@5 00 " family " 4 75@5 31 Rye Flour and Corn Meal " 90@1 05 Wheat—red, per bushel, 1 05@1 15 " White " 69 Rye " 71 Corn " 78 Oats " \$4 35@4 50 per 64 pounds Cloverseed Timothy seed Flax " per bushel \$1 50

CONSUMPTION CURED.

CONSUMPTION CURED. AN OLD INDIAN DOCTOR, UNCAN BIANI, while a Missionary among the Indians of the Rocky Mountain, discovered a BARE CONSUMPTION PLAN, that proves to be a certain cure for Consumption, Coughs, Asthma, Bronchitis, Nervous Affections, Croup, Whooping Cough, &c.—Having now made his fortune and retired from business, he will send the prescriptions and directions for preparing medicines free of charge to all who may desire it, and will send his agent, enclosing two stamps (6 cents), to pay the return letter, with a description of their symptoms. The Old Doctor has cured more than 3000 cases of Consumption alone, and hopes all afflicted people will avail themselves of this opportunity. All the good he can here do will be done. Address all letters to DANIEL ADEE, Box 3531 P. O., New York, who is his sole agent.

HUNTINGDON WARM SPRINGS. The Warm Springs at the base of Warrior-Ridge, five miles north of Huntingdon, overlooking Standing Stone Creek, and environed by romantic hills, and woodlands, have been discovered by the former proprietor of the Leaman House, the extensive Hotel buildings, bath houses, &c., erected at great expense by General A. P. Wilson, have been completed—and the groves have been beautifully laid out and admirably furnished; and the prospect, from the verandas for beauty, cannot be excelled.

For half a century, these Springs have been celebrated for their medicinal qualities, and for their efficacy in rheumatic and chronic affections. The temperature of the water being 64 degrees, renders the bathing delightful and invigorating. In the surrounding woods and mountains, game abounds, and the finest fish are caught in Standing Stone Creek. Persons in pursuit of health or leisure, will find this a most delightful and healthful retreat; and its nearness to the Pennsylvania Railroad, and the cheapness of the rates charged guests, give it a decided advantage over any other watering place in the State.

The Proprietor has had years of experience in the business and no pains or trouble will be spared to make guests comfortable.

Hacks run from Huntingdon to Warm Springs on the arrival of the different Railroad trains—fare 25 cents. Families accommodated at moderate terms. JOHN R. HEIRD, Proprietor. Warm Springs near Huntingdon, June 5th.

BANK NOTICE. The undersigned citizens of the county of Huntingdon, hereby give notice that they intend to make application to the next Legislature for a Charter, for the creation of a Corporate body with Banking or Discounting privileges, to be styled "THE HUNTINGDON COUNTY BANK," to be located in the Borough of Huntingdon, county of Huntingdon and State of Pennsylvania, with a capital of one hundred thousand dollars, with the specific object of issuing Bank Paper, and doing all other things ordinarily pertaining to a Bank of issue.

W. B. ZIEGLER, R. F. McMURTRIE, DAVID BE DR., A. J. JOHNSTON, J. SEWELL STEWART, WM. COLEMAN, WM. McMURTRIE, JAMES MAGUIRE, THOS. H. CREMER, GRAFFIUS MILLER, A. W. BENDER, JNO. MCGILLOCH, R. DUTCH FLETCHER, JOHN WHITTAKER, THOMAS P. CAMPBELL.

ALEXANDRIA FOUNDRY. The Alexandria Foundry, Plaster, &c., have been bought by R. C. McGill. The Foundry is in blast and has all kinds of Cast-iron, Steam, and all kinds of Machinery, Pumps, Kettles, &c., &c., which he will sell at the lowest market prices. All kinds of Country produce and old metal taken in exchange at market prices. R. C. MCGILL, May 26, 1858.

TO INVALIDS. Dr. Hardman, Analytical Physician. Physician for Diseases of the Lungs, Throat and Heart—Formerly Physician to the CINCINNATI MARINE HOSPITAL, also to INVALIDS RETIRED. Author of "Letters to Invalids" IS COMING. See following Card.

MAY Appointments. Dr. Hardman, Physician for disease of the Lungs, (formerly Physician to Cincinnati Marine Hospital) will be in attendance at his rooms as follows: Huntingdon, Jackson's Hotel, Sunday, June 27th. Dr. H. is compelled to make this month's visit on Sunday or discontinue the sick.

Dr. Hardman treats Consumption, Bronchitis, Asthma, Laryngitis and all diseases of the throat and lungs, by medical Inhalation, lately used in the Bromton Hospital, London. The great point in the treatment of all human maladies is to get at the disease in the direct manner. All medicines are operated by their action upon the organ requiring relief. This is the important fact upon which Inhalation is based. If the stomach is diseased we take medicine directly into the stomach. If the lungs are diseased, breathe or inhale medicated vapors directly into the lungs. Medicines are the antidotes to disease and should be applied to the very seat of disease. Inhalation is the application of this principle to the treatment of the lungs, for it gives us direct access to those intricate air cells and tubes which lie out of reach of every other means of administering medicines. The reason that Consumption, and other diseases of the lungs, have heretofore resisted all treatment has been because they had never been approached in a direct manner by medicine. They were intended to act upon the lungs and yet were applied to the stomach.—Their action was intended to be local, and yet, they were so administered that they should not act constitutionally, expending immediately and principal action upon the unoffending stomach, whilst the foul waters within the lungs were unmolested. Inhalation brings the medicine in direct contact with the disease—without the usual constitutional expenditure of action. Its application is simple, that it can be employed by the youngest infant or feeblest invalid. It does not derange the stomach, or interfere in the least degree with the strength, comfort, or business of the patient.

OTHER DISEASES TREATED.—In relation to the following diseases, either when complicated with lung affections existing alone, I also invite consultation. I usually find them promptly curable. Phlebotomy and all other forms of Female complaints, Irregularities and Weakness. S. D. HARDMAN, M. D. June 3, 1858.
