PREMIUMS AND REGULATIONS

FOR THE FOURTH ANNUAL EXHIBITION OF THE HUNT. CO. AGRICULTURAL SOCIETY.

To be held at Huntingdon, on Wednesday, Thursday and Friday, October 6th, 7th and 8th, 1888.

REGULATIONS

All stock, articles and manufactures offered by exhibition must be entered on the books, and on the Fair ground by 12 M. of Thursday, in order to be admitted to competition and remain until the close of the Fair on Friday evening.

Premiums will be awarded on Friday afternoon.

Awarding Committees have the power of supplying vacancies, and are requested to furnish detailed written reports.

Prices of Tickets for membership, \$1. Single admission, 25 cents.

SUGGESTIONS.

The Executive Committee has deemed it expedient the present year to dispense with a discretionary Committee and award no premiums for articles not mentioned in the list. This arrangement is not intended to interfere with or prevent the exhibition of any article whatsoever.

The funds of the Society are at present low and the premiums awarded consequently light. The Association will rely upon the public spirit and liberal conduct of our fellow citizens to sustain their own society, and by so doing to elevate the industrial arts, and agricultural improvements in our midst.

NEW ADVERTISEMENTS.

SUFFERING HUMANITY READ THIS.

The undersigned takes this Method of informing the public generally that there is no medicine now offered to the public that is equal to DR. VALLI'S GALVANIC OIL in relieving suffering humanity.

I was an observer of its effects in a friend of mine, who suffered almost everything from a neuralgic affection which resisted the best medical treatment in Centre county. We applied first to the trivalent OJ to the painful part, and it gave some inwardly, and in 20 minutes the patient was asleep, and when awaked was free from pain, and continued so.—This is a positive fact which I am willing to make good at any time. A case of Eczema was cured in nearly the same length of time.

J. D. STONEROD, Lewistown, Pa.

Dear Sirs—Mr. Wm. TERNBROGH, who has been suffering several years from rheumatism, got so ill that his friends and relatives were summoned to witness his death. I induced his friends to try the virtue of your preparation—they did so, as the last resort, and to their astonishment, he began to improve, got better and better, and now, so far as I know, he is a hale and stout man. This is not the only case where the GALVANIC OIL has surpassed human expectations. In every case where I have recommended the Oil, it has done what it promises to do. Send us another \$20's worth.

Yours truly, H. LEHER.

TOWN VS COUNTRY.

—We notice as the warm weather grows upon, the denizens of pent up cities seek the unbragous shades and sylvan scenes of the rural portions of the country; per contra the inhabitants of the country and dwellers among the enchanting scenery of nature, having a little leisure time, after gathering in the fruits of the earth, turn their attention toward, for recreation or business purposes. To all such, perhaps no city in the union possesses so many charms as the City of Penn., with its many objects of beauty and art, its magnificent water-works, its Academy of Music, Academy of Natural Science, Art Unions, Picture Galleries, Parks, Cemeteries, etc.; and last, though not least, that link between the present and glorious past, that reveres the "times that tried men's souls,"—Old Independence Hall. All are objects of unusual interest to the intelligent visitor, after viewing which, a few minutes might be profitably spent in the Hair Dressing Saloons of George Thurgaid, No. 29 South Sixth St., between Chestnut and Market, in admiring the light and beautiful "Gossamer Wig" and "Toupee" of his make. George has also a "Liquid Hair Dye" which is rapidly spreading all other in the market.

A CARD

DR. JAMES M. JARRET, OF THE NEW YORK LUNG INFIRMARY.

My connection for the past eight years with the above Institution, as Chief Physician, and a twelve years' course of steady devotion to the Cure of Pulmonary Consumption and its kindred diseases, together with my unrivalled opportunities and advantages of pathological research—aided not a little by a perfect system of Medical Inhalation—has enabled me to arrive at a decisive, direct, and successful course of treatment for the positive and radical cure of all disease of the Throat, Lungs, and Air-Passages. By Inhalation, the vapor and curative properties of medicines are directly addressed to the diseased organs and the integument. I do not advise the use of Medical Inhalation of any kind, to the exclusion of general treatment; and although I consider it a useful adjuvant in the proper management of those fearful and often fatal diseases, yet I deem it very necessary that each patient should have the benefit of both general and local treatment. The success of my treatment in the above cases, and the high character of the Institution over which I have so long had the honor to preside, are too well known to need any eulogy or comment from me. At the solicitation of many private and professional friends, through the philanthropic aid of the above charity, has been long and liberally supported, and I have due consideration, I have concluded to make such arrangements as will bring the benefits of my experience and treatment within the reach of all, and not confine myself, as heretofore, to those only who entered the Infirmary, or who were able to visit me in my office. Hoping therefore that the arrangement will give entire satisfaction, both to my professional brethren and the public, I would respectfully announce in conclusion, that I can now be consulted personally or by letter, on all diseases as above, and that the medicines, the same as used in the Institution, prepared to suit each individual case, Inhalation, Vapor, Medical Inhalation, &c. &c. will be prepared for any part of the United States or the Canadian Provinces.—My terms of treatment by letter are as follows, viz: \$12 per month for each patient, which will include medicine sufficient for one month's use; also, Inhalation Vapor, and an Inhalation Apparatus. Payments as follows: \$6 to be paid in Express Payment on receipt of the box of Medicine, and the balance at the expiration of the month, if the patient be cured or is satisfied with the treatment. Patients, by giving a full history of their case, and their symptoms in full, can be treated as well by letter as by personal examination. Patients availing themselves of Dr. Jarrett's treatment may rely upon immediate and permanent relief, as he seldom has to treat a case over thirty days. Letters of advice promptly answered. For further particulars address

JAMES M. JARRETT, M.D., No. 820 Broadway, cor. Twelfth St., N. Y.

P.S.—Physicians and others visiting the Infirmary are respectfully invited to call at the Infirmary, where many interesting cases can be witnessed, and where our improved apparatus for the inhalation of medicated vapor can be seen and inspected.
