IN a healthy place, twenty-five miles from Philadelphia, out the Canneen Atlantic railroad,
New Jersey. An old estate has recently been
epened by sale, and the first division of 10,000
eres divided up into farms of twenty acree upwards. The soil is of the best quality for the
production of furits, grains of twenty acree upwards. The soil is of the best quality for the
production of furits, grains, &c. The price is
\$15850 jer acre, payable in easy quarter yearly
instalments, within a term of four years, with
interest. The terms are made easy, in order to
harge the rapid improvement of the land, by enabling every industrious man to hay a farm. It
is now heing extensively improved by good troads
and the Middle States are erecting large tempovewent out of Philadelphia. Seventy-fire houses
have been built in four months. Practical farmers and business men from the length and
breadth of the Guion are actiling there. It is an
important business place, on account of its being
is the midds of a great market. Every article
raised upon this land finds an immediate sale.—

There are three trains daily to Philadelphia, and to all those who im, rove the railroad company gives a free ticket.

The reader will at once be struck with the advantages here presented, and ask himself why the property has not been taken up before. The reason is, it was never thrown in the market; and anless these statements were correct no one would be invited to examine the land before purchasing. This all are expected to do. They will see the land under onlivation; they will meet persons, not doubt, from their own neighborhood; they will be abstracted of the own neighborhood; they will be abstracted of the own neighborhood; they will be abstracted of the own neighborhood; they will be abstracted on the own neighborhood; they will need prepared to purchase, as many as locating and locations are uot held on refusal.
