DR. MORSE, the inventor of MORSE'S INDIAN ROOT PILLS, has spent the greater part of his life in travelling, having visited Europe, Asia, and Africa, as well as North America—has spent three years among the Indians of our Western Country—it was in this way that the Indian Root Pills were first discovered. Dr. Morse was the first man to establish the fact that all diseases arise from Impurity of the Blood—that our strength, health and life depend on the purity of the blood.

When the various passages become clogged, and do not act in perfect harmony, the different functions of the body, the blood, in its action, becomes thick, corrupted and diseased; thus causing all pains sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if nature is not assisted in throwing off the stagnant humors, the blood, which is choked and ceases to act, and thus our light of life is forever blown out. How important then that we should keep the various passages of the body free and open. And how pleasant to us we have it in our power to put a medicine in your reach, namely, Morse's Indian Root Pills, manufactured from the plants and roots which grow around the mountains, cliffs in Nature's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Sulfuric, which opens the pores of the skin, and assists Nature in throwing out the impurities of the blood.

The second is a plant which is an Expectorant, that opens and thus, in a soothing manner, performs its duty by throwing off phlegm, and other humors from the lungs by its expectorating power. The third is a Diuretic which gives ease and double strength to the kidneys; this encourages the drawing large amounts of impurity from the blood, which is then thrown out beautifully by the water passage, and which could not have been discharged in any other way. The fourth is a Cathartic, and accompanies the other properties of the Pills, while engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bowels.

From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach but are united with the blood, for they find way to every part, and completely cut out and cleanse the system from all impurities, and the life of the body, which is sick, becomes perfectly healthy; consequently all sickness is driven from the system.

pulling out a bowie knife, about eight inches long, plunged it into the chest, and drew it out. The patient was not hurt, and was cured.
