

Huntingdon Journal.

Wednesday Morning, April 13, 1859.

The Circulation of the Huntingdon Journal, is greater than the Globe and American combined.

COUNTY CONVENTION.

The people composing the party opposed to the present national administration, will meet in their respective districts, in the county of Huntingdon, at the usual time and place of holding delegate election, on Saturday the 9th day of April next, to elect two delegates from each township, borough, and separate election district, to compose a county convention, to be held in Huntingdon, on Tuesday the 12th day of April next, for the purpose of appointing delegates to the ensuing State convention to take place in nomination a State ticket.

By order of the County Committee. B. F. PATTON, Chairman.

CLUBBING WITH MAGAZINES.

The Huntingdon Journal for one year, and either of the Magazines for the same period will be sent to the address of any subscriber to be paid in advance as follows: The Journal and Godey's Lady's Book, for one year, \$3 50; The Journal and Graham's Magazine, for one year, \$3 50; The Journal and Emerson's Magazine and Putnam's Monthly, for one year, \$3 50; The Journal and Frank Leslie's Family Magazine and Gazetteer Fashion, for one year, \$3 50; The Journal and Lady's Home Magazine, for one year, \$2 75; The Journal and L'Espresso's Magazine, for one year, \$2 75; The Journal and Atlantic Monthly, for one year, \$3 50; The Journal and Geese Farmer, for one year, \$1 87 1/2.

EXCITING SCENE.—CAPTURE OF AN ALLEGED FUGITIVE SLAVE.—Considerable excitement was created about ten minutes before seven o'clock, by the capture of a quiet and inoffensive colored individual, in the Market House, by United States Deputy Marshal Jenkins, assisted by two other officers. The unfortunate colored man was immediately rushed to the depot and placed on board the train which was to leave at seven o'clock for Philadelphia, without being afforded an opportunity to say a word to a single friend. Upon hearing of the capture, we at once wended our way to the depot, and, after some hesitation, the Marshal condescended to show us his warrant, which had been issued by the Slave Commissioner, Hoke Longreth, commanding the Marshal to capture one Daniel Dangerfield, late of the State of Virginia, setting forth that he was the property of a certain Elizabeth Shepson. Consequently these officers came here and captured the individual in question, without producing any evidence whatever that he was the man whom they were ordered to arrest, and dragged him before a heartless Slave Commissioner in the city of Philadelphia, where he has little hopes of a fair and unbiased trial.

A GOOD BILL.—A bill passed the State Senate, authorizing the appointments of Boards of Visitors to the Several Houses for the employment and support of the poor of this Commonwealth. The first section provides that in such counties in poor houses are established, the Judge of the Court of Common Pleas shall appoint a Board of Visitors, to consist of three citizens, one of whom shall be a practicing physician. The second section makes it the duty of the Board of Visitors to visit the poor houses, examine into the condition, suggest improvements, &c., and report to the Court, which report shall be published in the newspapers of the proper county.

PEOPLE'S STATE CONVENTION. We publish to-day a call for the people's State Convention, to be held in Harrisburg on the 8th of June, to nominate candidates for Auditor and Surveyor General. We hope to see every county in the State fully and ably represented, in order that candidates, unexceptionable in every respect, may be selected, and such measures adopted as will thoroughly harmonize and unite the opponents of the corrupt National Administration, and lead to a triumph over the Slavery Battalions unprecedented in the political history of the old Keystone State. Let it be the aim of all Americans and Republicans to labor for a consummation so devoutly to be wished by every true hearted Pennsylvanian.

SAVING FEED.—The National Safety Trust Company of Philadelphia occupies a conspicuous place amongst the provident institutions of our land, and multitudes can testify to the safety they have found in their treasuries in its coffers. We say multitudes, for the number of its depositors swell up to the grand total of 28,839. From these have been received no less a sum than \$10,213,403 09! Millions that have worked out blissful results. Up to March 1st, 1859, the sum of \$186,404 48 was paid out for interest.

THE ABOVE IS FROM THE LAST NUMBER OF TUCKER'S INSURANCE JOURNAL, of Philadelphia. Our readers are also referred to the notice of this old and well established Institution, which appears amongst our advertisements.

SARAPARILLA.—This tropical root has a reputation well earned for curing one class of the disorders which afflict mankind—a reputation too which it deserves as the best antidote we possess for acridulous complaints. But to be brought into use, its virtues must be concentrated and combined with other medicines that increase its power. Some reliable compound of this character is much needed by the community. Read the advertisement of Dr. Ayer's Sarsaparilla in our columns, and we know it needs no encomium from us to give our citizens confidence in what he offers.—Organ, Syracuse, N. Y.

the point of identity—he was not satisfied that the prisoner was the Daniel Dangerfield who escaped from Virginia in 1854, and accordingly he ordered his discharge. The last syllable of this sentence had not fairly left the lips of the utterer when a burst of applause was raised throughout the entire court room. The officers of course attempted to suppress it, but they might as well have attempted to suppress the Rocky Mountains. Up went the cheers round after round, female trouble mingling with the bass of the male voice, rendering the Marshal's otherwise stentorian tones as inaudible as would have been the rustling of a lady's handkerchief.

In an instant the tidings were communicated to the multitude in the street, and the welkin rung and rung again from the thousands who blockaded the street. The cheering outside was so great that proceedings inside could not have been heard. The shouts and hurrahs were long continued. They lasted until Daniel—now a freeman—was brought down into the street by his counsel—until he was taken upon the shoulders of a colossal colored man, and borne up Fifth street, out of sight, towards a place of hospitality prepared for him.

Before he left the court room, nearly every one in it personally congratulated him upon his freedom. His counsel accompanied him to the sidewalk, but here their services were soon rendered superfluous by the cordial effusiveness of the colored people who thronged about him. For a time we really feared that the man would be smothered by the well-meant kindness of his friends, not less than a thousand of whom departed up Fifth street with Daniel borne upon the shoulders of a friend, in the centre of the group, like a gigantic queen bee in the centre of a swarm. Subsequently a carriage was procured, and being manned by two long lines of colored people, with ropes attached, Daniel was drawn through the streets in triumph.

Daniel has since 'cut stick' for Canada. He has no notion of coming to judge a second time, when he might not get off so well.

PHILADELPHIA, Sept. 9, 1856. Prof. Wood—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head, is fast covering—in fact bald. I have used but two half pint bottles of your Restorative, and now the top of my head is well shaded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation I can induce many others to try it. Yours respectfully, D. R. THOMAS, M. D., No. 464 Vine St.

VINCENNES, Ia., June 22, 1853. PROF. O. J. WOOD: As you are about to manufacture and vend your recently discovered Hair Restorative, I will state to you some things which may concern you. I have used it and know others to use it—I have, for several years, been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cures the loss of hair, and with one month's proper use will restore any person's hair to the original color and texture, giving it a healthy, soft and glossy appearance, and all this, without discoloring the hair, or staining the complexion, or in any way injuring the scalp. I would, therefore, recommend its use to every one desirous of having a fine color and texture to the hair. Respectfully yours, WILSON KING.

O. J. WOOD & Co., Proprietors, 312 Broadway, New York, (in the great N. Y. Wire Railing Establishment,) and 114 Market St., St. Louis, Mo. John Lead, Agent, Huntingdon, and sold by all good Druggists. Mar. 25, '59.

THE PARAGON GAS-LIGHT. THIS VALUABLE PATENT, Portable, self-generating Gas-light, is offered to the public, in full confidence of its positive superiority over every other kind of light in extent of SIMPLICITY, SAFETY, ECONOMY, and ENDURANCE of light, in any temperature. It is devoid of SMELL, SMOKE or FLICKER, giving a steady, cheap and

AMERICAN HOUSE. Corner of Hill & Montgomery Streets, HUNTINGDON, PA. CHRISTIAN COUTS, Proprietor. This stand is well known as the "McConnell House." The location is superior to any other, being in the immediate proximity to business; also to the determination of the Proprietor, to keep this House in a style satisfactory to the public, and it is his desire, to make all who patronize him, feel at home, and to make the American rank among the best of Huntingdon Hotels. He very respectfully solicits the public patronage. Apr. 13th '59.

PRICE REDUCED ONE HALF!!! NEW MEDICAL SALT FOR INFLAMMATORY DISEASES. TRY IT! ONLY ONE DOLLAR. CHRONIC PACKAGE \$2 50! SEE ADVERTISEMENT. For sale at Smith's Drug Store, Huntingdon.

JOY TO THE ADMIRERS OF A FINE HEAD OF RICH GLOSSY HAIR.

Talk of beauty, it cannot exist without a fine head of hair, then read the following, and if you ask more, see circular around each bottle, and on one cent wood's.

PROF. WOOD'S HAIR RESTORATIVE.—We call the attention of all old and young, to this wonderful preparation which turns back to its original color, gray hair—cures the itching, and all other eruptions—causes a copious flow of the natural fluid, and hence, if used as a regular dressing for the hair will preserve its color, and keep it from falling to its premature old age, in all its natural beauty. We call it the "hair of the young," or "disinfectant," to use it, and surely the young will not, as they value the flowing locks, or the winking curl, ever without it. Its praise is upon the tongue of thousands.

DEEP RIVER, COVA, July 25, 1856. Mr. Leavenworth—Sir: I have been troubled with dandruff or scurf on my head for more than a year, my hair began to come out, scurf and hair together. I saw in a New Haven paper about Wood's Hair Restorative as a cure. I called at your store on the 1st of April, and purchased a bottle to try it, and I found to my satisfaction it was the thing, it removed the scurf and new hair began to grow; it is now two or three inches in length where it was all gone. I have great faith in it. I wish you to send me two more bottles by Mr. Post, the bearer of this. I don't say any of the kind is used in this place, you may have a market for many bottles after it is known here. Yours with respect, RUFUS PRATT.

PHILADELPHIA, Sept. 9, 1856. Prof. Wood—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head, is fast covering—in fact bald. I have used but two half pint bottles of your Restorative, and now the top of my head is well shaded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation I can induce many others to try it. Yours respectfully, D. R. THOMAS, M. D., No. 464 Vine St.

GROVER & BAKER'S MACHINES. NEW EXTRA—PRICES FROM \$50 TO \$125 EXTRA CHARGE OF \$5 FOR HEMMERS. 495 Broadway, N. Y. 730 Chestnut St., Phila.

These Machines sew from two spools, as purchased from the store, requiring no re-winding of thread; they Hem, Fell, Gather and Stitch in a superior style, finishing each seam by their own operation, without recourse to the hand-needle, as is required by other machines. They will do better and cheaper sewing than a seamstress can, even if she works for one cent an hour, and are, unquestionably, the best Machines in the market for family sewing, on account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing—executing either heavy or fine work with equal facility, and without special adjustment.

As evidence of the unquestioned superiority of their Machines, the GROVER & BAKER SEWING MACHINE COMPANY beg leave to respectfully refer to the following TESTIMONIALS.

"Having had one of Grover & Baker's Machines in my family for nearly a year and a half I take pleasure in commending it as every way superior to any other for which it is designed. My family S. W. Mrs. Johna Lewis, wife of Rev. Dr. Lewis, Editor of N. Y. Independent.

"I confess myself delighted with your Sewing Machine, which has been in my family for many months. It has always been ready for duty, and its adjustment, and is easily adapted to every variety of family sewing, by simply changing the spools of thread."—Mrs. Elizabeth Strickland, wife of Rev. Dr. Strickland, Editor of N. Y. Christian Advocate.

"After trying several different good machines, I preferred yours, on account of its simplicity, and the perfect ease with which it is managed, as well as the strength and durability of the seam. After long experience, I feel competent to speak in this manner, and to confidently recommend it for every variety of family sewing."—Mrs. E. B. Spooner, wife of the Editor of Kentucky Star.

"I have used a Grover & Baker Sewing Machine for two years, and have found it adapted to all kinds of family sewing, from Cambric to Broadcloth. Garments have been worn out without giving way in a stitch. The Machine is easily kept in order, and is easily used."—Mrs. A. B. Whipple, wife of Rev. Geo. Whipple, New York.

"Your Sewing Machine has been in use in my family the past two years, and the ladies praise it as a more beautiful, and more perfect adaptedness, as well as labor-saving qualities in the performance of family and household sewing."—Robert Doorman, N. Y.

"For several months we have Grover & Baker's Sewing Machine, and have come to the conclusion that every lady who desires to sew, should possess one of these reliable and indefatigable 'iron needle-women,' whose combined qualities of beauty, strength and simplicity are invaluable."—H. W. Morris, daughter of Gen. Geo. P. Morris, Editor of Home Journal.

Extract of a letter from Thos. R. Leavitt, an American gentleman, now resident in Sydney, New South Wales, dated January 12, 1858: "I had a tent made in Melbourne, in 1853, in which I sewed over three thousand yards of cloth, and a single seam of that has stood out all the double seams sewed by sailors with a needle and twine."

Miscellaneous Advertisements. LIGHT! LIGHT! LIGHT!!! Peters Patent, nonexplosive Gas Lamps are just the thing for all being the only burner having a non conductor and regulator attached—leaving the lamps and fluid always cold—not like others—the being but a straight tube entering the lamps. Goods at wholesale prices, or State or County rights for Sale. Address or apply to D. P. Peters, 422 Broadway, New York Feb. 1, 59—3m.

W. F. THOMAS, AMBROTYPE AND PHOTOGRAPHIC ARTIST, FROM PHILADELPHIA, AT THE COURT HOUSE. This gallery of Art is now open for public inspection of specimens of Ambrotypes, Crystallographs, Photographs, Circular and Star Pictures, also, Name, or Age, or Residence, taken on the Pictures—letters of different colors.

VARIOUS SIZED PICTURES, Set in Frames, Cases, Lockets, Rings, Pins or Bracelets. Particular attention paid to taking pictures of Children. Time, from one to four seconds. Perfect satisfaction given, or persons are not expected to take their pictures. Pictures taken from sick or deceased persons at Daquerotypes or Portraits. Also, views of residences, &c.

Ladies and Gentlemen are invited to call and examine specimens. Pictures taken as well in cloudy as fair weather. How often do we hear the exclamation, when persons are looking at Portraits—"I would not have been so unkind as to have my portrait taken by my parents—or deceased children!" Reader, if you are gifted with this enabling feeling of unity, you have an opportunity to gratify it at a small cost, by procuring Portraits, which, it is known, will not fade.

Those who wish to learn this beautiful art can call and see W. F. Thomas, from Phila. Prices from 50 cents upwards. Jan. 12, 59—7y.

HAIR DYE? HAIR DYE? Wm. A. Batchelor's Hair Dye! The Original and Best in the World! All others are mere imitation, and should be avoided, if you wish to escape ridicule. GRAY, RED, OR RUSTY HAIR Dyed instantly to a beautiful and Natural Brown or Black, without the least injury to Hair or Skin. Fifteen Medals and Diplomas have been awarded to Wm. A. Batchelor since 1839, and over 80,000 applications have been made to the Hair of his patrons of his famous Dye.

WM. A. BATCHELOR'S HAIR DYE produces a color not to be distinguished from nature, and is warranted not to injure the least hair, or even to cause a single hair to fall. The effects of Bad Dyes remedied; the Hair invigorated, and its color restored. Made, sold or applied (in 9 private rooms) at the Whig Factory, 233 Broadway, New York. Sold in all cities and towns of the United States, by Druggists and Fancy Goods Dealers. John Read, Agent Huntingdon Pa. Nov. 17, '58—ly.

BOOKS! BOOKS! 40,000 Volumes of Books for Sale, \$500.00 in Gifts for every 1000 Sold. In order to reduce my extensive stock I will sell one thousand dollars worth of Books at the regular retail prices, or less, and give (\$500 five hundred dollars worth of presents varying in value from 25 cents to \$100.00. Or those who prefer can purchase at wholesale prices—My stock consists of every variety and style of binding. School Books of every kind, whole sale and retail. Sales to commence Dec. 24th. Dec. 22, '58.

WIGS—WIGS—WIGS. BATCHELOR'S WIGS AND TOUPES D surpass all. They are elegant, light, easy and durable. They give charm—no turn up behind—no shrinking of the head; indeed, this is the only Establishment where these things are properly understood and made. Nov. 17, '58—ly. 233 Broadway, N. Y.

DALLEY'S MAGICAL PAIN EXTRACTOR. In all diseases inflammation more or less present, it dominates—now to allay inflammation strikes at the root of all diseases—hence an immediate cure. DALLEY'S MAGICAL PAIN EXTRACTOR will allay inflammation at once, and make certain cure. DALLEY'S MAGICAL PAIN EXTRACTOR will cure the following among a great catalogue of diseases: Burns, Scalds, Cuts, Chafes, sore Nipples, Corns, Blisters, Bruises, Strains, Bites, Poison, Chilblains, Gout, Swelling, Rheumatism, Small Head, Salt Rheum, Baldness, Pox, Measles, Rash, &c., &c. To mention it may appear incredible that so many diseases should be reached by one article; such an idea will vanish when reflection points to the fact, that the salve is a combination of ingredients, each and every one applying a perfect antidote to its apostate disorder, and making certain cure. DALLEY'S MAGICAL PAIN EXTRACTOR in its effects is magical, because the time is short between diseases and a permanent cure; and it is an extractor, as it draws all diseases out of the affected part, leaving nature as perfect as before the injury. It is scarcely necessary to say that it is for use, work-shop, or manufactory should be one moment without it. No Pain Extractor is genuine unless the box has upon it a steel plate engraving, with the name of Henry Dalley, Manufacturer. For sale by all the Druggists and patent medicine dealers throughout the United States and Canada. Principal Depot, 165 Chambers St., New York. G. F. CHASE, John Read, Agent Huntingdon Pa. Nov. 17, '58—ly.

GLIMAX GRAIN FAN. This is a new and valuable improvement, and is better, cheaper, smaller, lighter, more simple, requires less power, will chaff and clear grain and weeds more rapidly, and with less greater economy, than any other Grain Fan in use. Send for a descriptive catalogue to Wm. L. Boyer & Bro., Agricultural Implement Factory, Philadelphia. Sept. 29th, 1858.—6m.

Miscellaneous Advertisements. TAKE NOTICE. Advertising and Job Work. We would remind the Advertising community and all others who wish to bring their business extensively before the public, that the Journal has the largest circulation of any paper in the county—that it goes in constantly increasing;—and that it is in the hands of our wealthiest citizens.

We would also state that our PRINTER'S for executing all kinds of JOB PRINTING are equal to those of any other office in the county; and all Job Work entrusted to our hands will be done neatly, promptly, and at prices which will be satisfactory.

S. M. PATTENGL & CO.'S Advertising Agency, 119 Nassau St., New York, & 10 State St., Boston. S. M. Patten & Co. are the Agents for the "Journal," and the most influential and largest circulating Newspapers in the United States and the Canadas. They are authorized to contract for us at our lowest rates.

SUFFERING HUMANITY READ THIS: The undersigned takes this Method of informing the public generally that there is no medicine now offered to the public that is equal to DU VAL'S GALVANIC OIL in relieving suffering humanity. I was an observer of its effects in a friend of mine, who suffered almost everything from a morbid affection which resisted the best medical treatment in Centre county. We applied freely the Galvanic Oil to the painful part, and gave some inwardly, and in 20 minutes the patient was asleep, and when awaked was free from pain, and continued so—This is a positive fact which I am willing to make good at any time. A case of Piles was cured in nearly the same length of time.

J. H. HAHN, Centre Hill. Aug. 15 1858—ly. (DON'T READ THIS! New Drug and Grocery Store. SAMUEL S. SMITH, Hill St., 2 doors west of Montgomery, St. Huntingdon. Dealers in Drugs, Chemicals, Dye Stuffs, Paints, Varnishes, Oils, Sp. Turpentine, Fluid, Alcohol, Wine and Brandy of the most celebrated brands. Concentrated Lye for making Soap, Glass Putty Patent Medicines also Coffee, Tea, Chocolate, Sugar, Molasses, Vinegar, Fish Salt, Flour, Crackers, Nuts, Candies, Figs, Raisins, Tobacco, Cigars, Syrups of all kinds, and numerous other articles usually kept in a Drug and Grocery Store, those who desire pure and Genuine articles will do well by giving us a call. Sept. 29, 1858—ly.

THE GREAT PURIFIER!—THE WORLD CHALLENGED! TO PRODUCE ITS EQUAL! THE BLOOD SEARCHER! GLORIOUSLY TRIUMPHANT! Sworn statement of David McCreey, of Napier Township, Bedford county. In April, 1856, as near as I can remember a small pimple made its appearance on my upper lip, which soon became enlarged and sore. I used poultices of various kinds, and applied Saliva said to be a never-failing remedy, but it had no effect whatever in checking the spread of the sore. In December, of the same year, the disease had eaten away a greater part of my upper lip, and had attained a most alarming stage. I consulted Dr. R. S. Newton of the Eclectic Medical College. He pronounced the disease a cutaneous Cancer, superinduced by an immoderate use of mercury. He applied mild zinc ointment, and prescribed internal remedies. My face healed up, but the inflammation was not thoroughly removed. In February, 1857, he pronounced me cured, and I left for home. In April the disease again returned, and so violent was it, that I could not rest at night. Late in May I returned to Cincinnati, and again placed myself under the charge of Dr. Newton, with whom I remained until September, during which time he used every known remedy, and at length I was cured. I continued, and when the third bottle of my face was healed as if by a miracle. I used a fourth bottle and I have been healthier since than I have been for the last seven years. Although a free farmer, and a man of business, I am still grateful to a benign Providence who has spared my life, and which has been done through the instrumentality of DAVID MCCREEY.

Sworn and subscribed, this 31st day of Aug. 1858, before me, one of the Justices of the Peace in and for the Borough of Hollidaysburg, Bedford county Pa. Witness—U. J. Jones. JOHN GOBLEY. NEW EVIDENCE. Being afflicted with a venereal Tetter on the arms and face—after trying many remedies which utterly failed to cure—I was persuaded by W. M. Barris & Co. to try Lindsey's Improved Blood Searcher; and now, six-weeks after finishing the second bottle, pronounce myself cured.

The tetter broke out, something over a year ago, on the inside of my arms, extending from the elbows down to the wrists; also on my face, immediately round the mouth and chin, and con tinued to be a perfect tormenter, at times spreading my face generally, to make this statement, in hope that others like myself may be benefited by using his valuable medicine.

Sworn and subscribed before me, one of the Aldermen in and for the City of Pittsburg, this 28th day of July, A. D. 1858. JAMES M. McMASTER Alderman. Hollidaysburg, Sept. 22, 1858—ly.

JANE WILSON, MARK. Sworn and subscribed before me, one of the Aldermen in and for the City of Pittsburg, this 28th day of July, A. D. 1858. JAMES M. McMASTER Alderman. Hollidaysburg, Sept. 22, 1858—ly.
