

Huntingdon Journal.

W.M. BREWSTER, Editor and Proprietor.

Wednesday Morning, May 11, 1859.

The Mercersburg Classis of the German Reformed Church will meet in this place on next Friday evening.

The May number of Kennedy's Bank Note Detector, published in Pittsburg by J. W. Kennedy, at \$1 per annum, has been received.

Rev. O. O. McClean late pastor of the Presbyterian Congregation of this place, preached his farewell sermon on Sabbath evening last, to an immense audience.

"Our House," the significant title of Col. Summers' news emporium and confectionary, on Montgomery street, near the Post Office, is one of the popular institutions of our town.

Col. Forney has selected J. K. Calhoun, of Armstrong, and R. J. Nicholson, of Jefferson county, as two of his associates on the State Committee.

Worcester's Dictionary.—We learn by the Philadelphia North American that this admirable work, we have every reason to believe, will be ready for delivery to subscribers in all next month.

The Election held in Philadelphia on Monday the 2nd inst. for municipal officers resulted, as was anticipated, in the success of the People's ticket.

Mr. Benjamin H. Brown has been chosen City Treasurer by 2000 majority, and Mr. Charles M. Neal's majority as City Commissioner exceeds that number.

We perceive that Colon has just received at his extensive Book Store, a very large supply of the latest styles of Wall Paper as low as nine cents a piece and upwards.

A practical treatise on the culture of Bees has been received. This book teaches how to manage bees; how to train them; how to make them breed rapidly; how to produce honey; how to make them produce honey; how to make them swarm; to prevent their swarming; to keep them healthy; to keep them till they die of old age, &c.

GENESSEE FARMER.—The May number of this valuable work has been received, and is well deserving the approval of all intelligent agriculturists.

Democratic Testimony. The following list of "Facts for the People," we extract from the Sentinel, a democratic paper published at Harrisburg.

KEEP IT BEFORE THE PEOPLE. That James Buchanan has shown by his acts that he is a bitter and arbitrary Federalist, wanting only the power to become a despot.

That he is cowardly, revengeful, tyrannical, sectional, and unjust. That through cowardice, he has made terms with the pro-slavery disunionists of the South, whom he permits to oppose such measures of his Administration as they dislike, with impunity, while he ostracizes or beheads, as the case may be, every Northern Democrat who dares to dissent.

That he has agreed with the extreme slavery men of the South to support slavery in the territories with the money and military power of the nation, if need be, making a distinction, contrary to the constitution, the law, and justice, in favor of that species of property.

That every department of the Government tacitly acquiesces in corruption. That he has dared to propose practical measures to the American Congress—the seizure by force of two provinces of Mexico, without previous notice or declaration of war.

That his scheme for the acquisition of Cuba is dangerous and dishonorable; involving, whether by corruption, war, or piracy, a probable expense of \$30,000,000, and this for the mere privilege of governing, at a heavy expense, without owning a single foot of the island.

That he has been unwise, extravagant and unsuccessful in nearly every measure of his Administration; and that every proposition which he has made for the purpose of investing himself with extraordinary powers in pretended emergencies, has been NEGATIVELY by a DEMOCRATIC CONGRESS, because they had no CONFIDENCE in his PRUDENCE or his HONESTY.

That the whole tendency of his Administration is to a centralization of power in the Federal Government. That he encourages his office-holders to interfere improperly in STATE POLITICS, by the expenditure of time and money, for the purpose of influencing the deliberations of State Conventions, and the results of elections.

He is a violator of pledges, an unwise, unsafe, and corrupt executive—a pro-slavery disunionist, a pirate in intention, a tyrant an apostate from Democracy, a wool-dyed Federalist, and a disorganizer!

A DISUNION MOVEMENT. We learn from Southern exchanges that there are active movements going on in Alabama and Mississippi, looking to a secession from the Union. Of course it is contemned by all the journals of the "fire eating" stripe.

The times are now ripe for the organization of a political movement in the slaveholding States, irrespective, of course, of all old party designations; and there are peculiar reasons why such a movement should be undertaken now and here. Indeed, we are credibly informed that conferences have already been held by leading patriotic gentlemen in this city, of all parties, and the plans of a Southern organization have been set on foot, and almost matured, preparatory to action.

This movement is evidently a disunion one, and is confined to the more ultra portion of the Southern papers and people, who annually blow off a large amount of gas. It relieves them, does no damage except to the "peculiar institution," and amuses us of the North. The Tennessee Enquirer, edited by a cool headed and sensible man, says that it "does not subscribe to the disunion doctrine, that it would resist it to the utmost, and that until the Southern people were struck with judicial blindness, the doctrine of disunion could never take a deep hold upon the public mind."

It appears that the ballast train was in service as usual, and that while on its way east, and within a short distance of Greensburg, the locomotive exploded with a tremendous report, killing three men and shattering the engine to pieces. John Dodds, the Engineer, and Mr. Woods, the Conductor, were killed instantly, and Joseph Speelman, engaged as a fireman on the train, injured to such an extent that he died in a few minutes. The engine, as we have stated, was blown to pieces, and so great was the force of the explosion, that parts of it were sent whirling in the air hundreds of feet from the scene of the disaster.

should be watched with vigilance and regarded with distrust. They may be honest, but they are fanatical, and they should be treated accordingly.

Meeting of the State Central Committee. ALTOONA, May 4.—The State Central Committee of the State Rights' Democracy met to-day at the Logan House.

Letters warmly expressive of an earnest co-operation in the cause were received from prominent men from all over the State, regretting their inability to attend. Col. Forney presided with Messrs. Brown of Dauphin county, Harper of Allegheny county, and Redick of Fayette county, as Secretaries.

There was a full and free interchange of opinion, and much enthusiasm was excited by the energy and determination of the members to push on the movement.

Resolutions were adopted to the following effect.

1. That it is inexpedient at the present time to nominate a State ticket. 2. Formally proclaiming an unalterable opposition to the doctrine of Congressional intervention in relation to slavery in the Territories as advocated by the Republican Constitution, which is now imperfectly understood by the country.

3. Recommending the friends of popular sovereignty to vote for no candidates at the coming and future elections, for county, State, or national officers, who refuse to stand clearly upon the doctrine which recognizes the principle that the people of the Territories, like those of a State, shall form and regulate their own domestic institutions in their own way.

4. Recommending to the Union State-rights Democracy of Pennsylvania to demand, at all times and in all places, the adoption of the principles promulgated by the Harrisburg Convention of the 13th of April, 1859, and which were enunciated in the Cincinnati platform of 1856, and in Mr. Buchanan's letter of a acceptance.

5. That county committees of correspondence be created. A committee was appointed to issue an address to the people of Pennsylvania. Speeches were made by all the members of the Committee, and the utmost unanimity prevailed throughout.

THE TEXAS OUTRAGE. Our Western exchanges all comment indignantly upon the outrage committed in Texas upon Bishop James and the Texas Conference of the Methodist Episcopal Church, North. It was one of those incidents which, in themselves, portray better than any language can, the wickedness of Slavery and its utter disregard of the rights of those who come in conflict with it.

Our Western exchanges all comment indignantly upon the outrage committed in Texas upon Bishop James and the Texas Conference of the Methodist Episcopal Church, North. It was one of those incidents which, in themselves, portray better than any language can, the wickedness of Slavery and its utter disregard of the rights of those who come in conflict with it.

Resolved that we do hereby concur in the appointment of J. Sewell Stewart, Esq., of Huntingdon, as Senatorial delegate to represent this Senatorial District in the State Convention to be held at Harrisburg on the 8th of June next, to nominate candidates for Auditor General and Surveyor General.

The party of the Administration in Texas does not appear to be any better on than elsewhere. Even there the Popular Sovereignty wedge is tearing the old organization in pieces. A prominent Democrat of Houston writes to the Memphis Enquirer that trouble is apprehended at the State Convention on the 1st of May, as the "disunion extremists are anxious to engage" the re-opening of the slave trade upon the platform of the party.

MAD DOGS.—Hydrophobia is said to be frightfully prevalent among the canines in Harrisburg, and the northern part of Lebanon county. Several rabid dogs have been killed, and a number that had been bitten, shared the same fate.

James D. Porter, the well known Kentucky giant, died at his residence in Portland, Ky., on Sunday night, the 24th ult., in the fiftieth year of his age. He was seven feet nine inches in height. He was a CLAY WHIG until the party was disbanded, and then he became a Democrat. In his private character he is described as having been intelligent, refined, honorable and honest.

American State Convention.

The Pittsburg Commercial Journal says the National Americans of Pennsylvania have issued a call for a State Convention at Harrisburg on the 25th of this month, and remarks that the call does not state what this new movement is intended to accomplish. We unite with that journal in the hope that in the present position of political affairs, none but wise counsels may prevail, and nothing be done to disturb the present harmony and good feeling which exist among the various elements of the opposition to the present corrupt Democratic administration.

Persons laboring under this distressing malady will find Dr. HANCOX'S Epileptic Pills to be the only remedy ever discovered for curing Epilepsy or Falling Fits. These Pills possess a specific action on the nervous system; and although prepared especially for the purpose of curing Fits, they will be found of especial benefit to all persons afflicted with weak nerves or whose nervous system has been prostrated or shattered by any cause whatever.

One of the humanitarian movements of the times, although little known as such, can hardly be over estimated in its importance upon the well being of our widely scattered communities. The population of the American States is in many sections so sparse, that skillful Physicians are hardly available to them. Vast numbers of our people, are obliged to employ in sickness, such medical relief as they can get from each other, or indeed any they can get from any quarter. Hence arises the great consumption of Patent Medicines among us, greater by far than in any of the old countries, where skillful Physicians are accessible to all classes. Unprincipled men have long availed themselves of this necessity, to palm off their worthless nostrums, until the word has become synonymous with imposture and cheat. One of our leading Chemists in the East, Dr. AYER, is pursuing a course which defeats this intent. He brings not only his own but the best skill of our times to bear, for the production of the best remedies which can be made. These are supplied to the world, in a convenient form, at low prices, and the people will no more be imposed upon, instead of good, at the same cost, than they will be instead of flour. The inevitable consequence of this is, that the vile compounds that flood our country are discarded for those which honestly accomplish the end in view—whic cure. Do we over estimate its importance, in believing that this prospect of supplanting the by-word medicines, with those of a vital worth and virtue, is fraught with immense consequences for good, in the masses of our people.—[Gazette and Chronicle, Pea, Ia.]

REDUCED TO \$5 A YEAR!—Prepaid. The Best and Cheapest Periodical IN THE WORLD.

In consequence of the largely increased circulation, the publishers of LITTELLE'S LIVING AGE, are enabled to reduce the subscription price from \$6 to \$5. The publishers are determined that no expense or labor shall be spared to make this

THE MAGAZINE FOR THE MILLION! And whilst boldly challenging competition, claim for it, only what has been conceded by the most eminent men of this country, from the time of its first publication, (over sixteen years since) to the present day, viz:— 1.—That it is suitable to all classes of readers—Statesmen, Professional Men, Philosophers, Poets, Students, Merchants, Mechanics and Farmers, all of whom may derive pleasure and profit from its pages.

2.—That it may be found the cream of all the well-renowned Reviews and Periodicals of Europe, with original articles and selections from the best fugitive literature of our own country. 3.—That it contains more reading matter than any other magazine in the world; each weekly number containing sixty-four pages and a fine steel portrait, making three thousand three hundred and twenty-eight pages in a year, with fifty two steel engravings.

4.—That it is the oldest Periodical of its kind in this country, having been published over sixteen years. 5.—That it is the cheapest publication of the day, whether it is judged by the quality or quantity of its contents. 6.—That no library is perfect without it. 7.—That to those with limited means, it is an admirable substitute for a library of miscellaneous books. And finally, that as a Family Magazine, it is perfectly unexceptionable, in all respects.

Price five dollars per annum or thirteen cents a copy, sent by mail, post paid, to any address in the United States. To Clergymen, Teachers, Students and Clubs, four dollars. DELISSER & PROCTER, 508, Broadway, New York. May 11, '59.—6t.

DR. HOOFLAND'S GERMAN BITTERS, AND DR. HOOFLAND'S BALNEUM CORDIAL. The great standard medicine of the present age, have acquired their great popularity only through years of trial. Unbiased collection is rendered by them in all cases; and the people have recognized their worth.

Liver Complaint, Dyspepsia, Jaundice, Debility of the Nervous System, Diseases of the Kidneys, and all diseases arising from a disordered liver or weakness of the stomach and digestive organs, are speedily and permanently cured by the GERMAN BITTERS.

The Balneum Cordial has acquired a reputation everywhere that of any similar preparation extant. It will cure, WITHOUT FAIL, the most severe and long-standing Cough, Cold, or Hoarseness, Bronchitis, Influenza, Croup, Pneumonia, Incipient Consumption, and all diseases arising from a disordered liver or weakness of the stomach and digestive organs, are speedily and permanently cured by the GERMAN BITTERS.

Confirmed Consumption. A few doses will also at once check and cure the most severe Diarrhoea proceeding from COLIC IN THE BOWELS. These medicines are prepared by Dr. C. M. JACKSON & Co., No. 415 Arch Street, Philadelphia, Pa., and are sold by druggists and dealers in medicines everywhere, at 75 cents per bottle. The signature of C. M. JACKSON will be on the outside wrapper of each bottle.

For sale in Huntingdon by John Read and S. S. Smith and dealers generally through the county. [May 11, 1859.—1y.]

PRICE REDUCED ONE HALF!!! NEW MEDICAL SALT FOR INFLAMMATORY DISEASES. ONLY ONE DOLLAR. CHRONIC PACKAGE \$2.50! SEE ADVERTISEMENT For sale at Smith's Drug Store, Huntingdon.

JOY TO THE ADMIRERS OF RICH GLOSSY HAIR. Talk of beauty, it cannot exist without a fine head of hair, then read the following, and if you ask more, see circular around each bottle, and no one can doubt.

PROF. WOOD'S HAIR RESTORATIVE.—We call the attention of all, old and young, to this wonderful preparation, which turns back to its original color, gray hair—covers the head of the bald with a luxuriant growth—removes the dandruff, itching, and all cutaneous eruptions—causes a continual flow of the natural hair's, and hence, if used as a regular dressing for the hair will preserve its color, and keep it from falling to extreme old age, in all its natural beauty. We call then up on the bald, the grey, or diseased scalp, to use it, and surely the young will not, as they value the flowing locks, or the winking curl, ever without it. Its praise is upon the tongue of thousands.

DEEP RIVER, CONN., July 23, 1856. Mr. Leaveworth—Sir: I have used your Restorative with durability or scurf on my head for more than a year, my hair began to come out, scurf and hair together. I saw in a New Haven paper about "Wood's Hair Restorative" as a cure. I called at your store on the 1st of April, 1855, and purchased a bottle to try it, and I found my satisfaction it was the thing, it removed the scurf and new hair began to grow; it is now two or three inches in length where it was all off. I have great faith in it, I wish you to send me two more bottles by Mr. Post, the bearer of this. I don't say any of the kind is used in this place, you may have a market for many bottles after it is known here. Yours with respect, RUFUS PRATT.

PHILADELPHIA, Sept. 9, 1856. PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—In fact, I have used but two half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also restoring its benefit. I have tried other preparations with an I wish you to send me two more bottles by Mr. Post, the bearer of this. I don't say any of the kind is used in this place, you may have a market for many bottles after it is known here. Yours respectfully, D. R. THOMAS, M. D., No. 464 Vine St.

VINCENNES, Ia., June 22, 1853. PROF. O. J. WOOD: As you are about to manufacture and vend your recently discovered Hair Restorative, I wish, for whomsoever it may concern, that I have used it, and know others to use it—that I have, for several years, been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know of. I entirely cleanse the head of dandruff, and with one month's use will restore any person's hair to the original color and texture, giving it a healthy, soft and glossy appearance; and all this, without discoloring the hands that apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desiring of having a fine color and texture to the hair. Respectfully yours, WILSON KING.

O. J. WOOD & Co., Proprietors, 312 Broadway, New York, (in the front of N. Y. Wire Railing Establishment,) and 114 Market St., St. Louis, Mo. John Read, Agent, Huntingdon, and sold by all good Druggists. Mar. 2, '59.—3m.

THE PARAGON GAS-LIGHT. THIS VALUABLE PATENT, Portable, self-generating Gas-light, is offered to the public, in full confidence of its positive superiority over every other gas-light in existence, for SIMPLICITY, SAFETY, ECONOMY, and BRILLIANCY of light, in any temperature. It is devoid of SMELL, SMOKE or FLICKER, giving a steady, cheap and brilliant light. It requires no trimming, or other attention, except simply filling the lamp with common burning fluid, one quart of the fluid giving a FULL, BROAD and CLEAR LIGHT, far brighter than any light is under complete control, being regulated by a simple process. The burner can be readily applied to all styles of OIL, KEROSENE, CAMPA, and BURNING FLUID LAMPS, also, to Gas-fixtures, in all their varieties. It is admirably adapted for lighting churches, dwellings, lecture-rooms, halls, shops, steam-boats, and railroad cars, or wherever a good light is desired. Parties desirous of securing the right of priority for a valuable article that will commend itself, should make early application, only to the undersigned. Burners, lamps, &c., supplied in any quantity, with promptness—forwarded by express to all parts of the United States, payable, cash on delivery. BUTLER, HOSFORD & CO., Mar. 9, '59.—10w. No 2 Court St, Brooklyn.
