LOCAL INTELLIGENCE.

THE GEORGIANS FOURTH!—THE WAY IT WAS CELEBRATED.—The sun arose on the 4th, beautiful and bright, and the day was very pleasant. At an early hour the bells pealed forth their merry chime and the "ear piercing fifa" and noisy drum were heard on the streets. At about 8 o'clock the Sabbath School of the Presbyterian Church preceded by the Excelsior Band, marched to the Cottage Grove, where the day was celebrated with patriotic spirit.—Mr. J. H. O. Corbin read the Declaration, in a masterly manner, and seldom have we listened to a more patriotic and eloquent oration, than the effort of Mr. J. M. Spear, the orator of the day. Rev. Zahnizer, also addressed a few excellent remarks to the School. Everybody enjoyed themselves, and the School returned about noon.

The next feature, was the appearance of the Huntingdon Lancers, composed of some thirty of our young men under command of Corporal Joe Stewart. They paraded through the streets and their handsome appearance and military maneuvers elicited much applause from those who saw them.

Time will not permit us to add anything more to this, next week we shall give full particulars.

WEIGHTS OF PRODUCE.—We have received a letter from a friend in Hopewell township, making the inquiry and requesting us to furnish him with the standard weights of the various kinds of produce, fixed by the authorities of this State. It is very important that farmers should know this, and we give our correspondent an answer through our columns, for their benefit.

By the act of March 10, 1859, the weight of a bushel of wheat was fixed at 60 pounds; a bushel of barley at 47 pounds; a bushel of buckwheat, 48 pounds; a bushel of potatoes, Irish, 69 pounds; act of April 15, 1855, rye, 56 pounds; act of March 10, 1818, oats was fixed at 32 pounds—this year, it has been altered to 30 pounds. The other standards are: corn on the cob, 70 pounds; corn shelled, 26 pounds; onions, 57; timothy seed, 45 pounds; cloverseed, 69 pounds; bran, 20 pounds. These are the principal farm products sold by weight in this State.

GOOD WHEAT.—We have been shown a specimen of this year's wheat, grown on the farm of Dr. McMurtrie, about a half mile from town. It is of the Mediterranean species, and was plucked promiscuously. The heads are extremely long and well-filled, and the grains very large and clean looking. If such is the general condition of the crop on the Dr.'s plantation, there will be a tremendous yield.

The next quarter at the Cassville Seminary begins on Monday, July 18th.

Prof. T. McCully Ballantine A. M., of Cumberland College, Ky., will commence his course of lectures about the last of the month. Mr. Owen, the County Superintendent of schools, has also consented to lecture, but the time is not yet fixed.

A son of Mr. Wm. Kyler, had his hand very seriously injured on Thursday night last, and Mr. K. owns a saw mill on Stone creek, and whilst absent on his business on Thursday, his little son in playing in the mill started the saw, which caught his hand, cutting off one finger, and otherwise mauling him.

A barn belonging to Mrs. Sarah Patterson, near the town of Warriorburg, was burned to the ground on Sunday night last. Loss, about \$100. It was supposed to be the work of an incendiary.

STATE AGRICULTURAL FAIR.—The Pennsylvania State Agricultural Society, will hold their next annual Fair, on the 27th, 28th, 29th, and 30th of September, at Pottsville, on the ground tendered for the purpose, by the Pennsylvania Railroad Company.

Our citizens are enjoying themselves hugely, by taking pleasant excursions to the Springs. Go out, ye emaciated, thin fleshed, consumptive sticklers-at-home, and take a pure draught of air, and a bath in the crystal stream.

We have been requested to announce that H. Bucher Swoope, Esq., will deliver a lecture in this borough on Monday evening next, in the Court House.

A lad named King, was severely injured on the 4th, by being burnt with powder, he was attempting to set off. His hands and face were scorched and blistered badly.

Judge Burnside, of Center co., was killed on Thursday last, by being thrown from his carriage. His neck was broken, and he died instantly.

We have been informed that an individual, in the upper part of our county, on Thursday last, from sun stroke.

On Dit—That a couple of "female women" engaged in an amiable little scratching match in Portstown, last week.

Our notice of the trip over Broad Top, the celebration, &c., will appear in our next.

We wonder if the following Paixhan shot, from the "Notes from the Plymouth Palpit," by H. Ward Beecher, hits anybody in all this region round about? Mr. Beecher said—"There are sitting before me in this congregation now, two hundred men, who stuff their Sundays full of what they call religion, and go out on Mondays to catch their brother by the throat, saying: 'Pay me that thou owest; it's Monday now, and you needn't think because we sat crying together yesterday, over our Saviour's sufferings and love, that I am going to let you off from that debt, if it ruin you to pay it now.'"

Huntingdon, June 15, 1859.-4t.

1859. SPRING & SUMMER CLOTHING. 1859. The undersigned would respectfully call the attention of our friends and customers, as well as the citizens of the town and country generally, to our new and extensive assortment of READY-MADE CLOTHING, consisting of every article of gentlemen's furnishing goods. We deem it unnecessary to make a newspaper flourish, being convinced that a call and an examination of our goods, will satisfy all, that our goods are just what we recommend them to be, well made, of good material, and as cheap as the same quality of goods can be bought in the county of Huntingdon. It is not our desire, as it is not the policy of honest men, to deceive, but this much we will say, that we will guarantee to all who may favor us with their patronage, entire satisfaction as to quality, fit and price. Should gentlemen desire any particular kind or cut of clothing, not found in our stock, by leaving their measure, they can be accommodated at short notice. Call at corner of the diamond, Long's new house. M. GUTMAN & CO. May 4, 1859.

DIRECTORS: Hon. Henry B. Benner, J. Carroll Brewster, John L. Carter, Joseph B. Barry, Robert L. Selfridge, Francis Lee, Saml. K. Ashton, Francis Yerkes, C. Landreth Munn, Henry Dieffenbacher. OFFICE. WALNUT STREET, SOUTH-WEST CORNER OF THIRD, PHILADELPHIA. Prof. Chas. DeGrath's Electric Oil. This great discovery is now creating a great sensation, among the Medical Faculty of Europe and this country. I will recite the following (not everything): Warranted to Cure Fever and Ague in one day. Cure chills in five minutes. Cure Croup in one night.—Cure Hoarseness in two to four days. Cure Burns and Scalds in ten minutes. Cure Sprains, Wounds and bruises in from one to three days. Cure Inflammation in one day. Cure Neuralgia, Croup, Tooth Ache, Burns, in 10 minutes. Cure Hemorrhage, Scrotula, Abscess in ten days. Cure Bruises, Wounds, Tetter, in one to three days. Cure Ear Ache, Stiff neck, Acid in one day. Cure Felons, Broken Breast Salt Rheum, in three to six days. Cure Quinsy, Palpitation, Pleurisy, in one to ten days. Cure Asthma, palsy, Gout, Erysipelas, in five to 20 days. Cure Frosted Feet, Chlubaris, Chronic Rheumatism, Stiff Joints, Sore Throat Scurvy, and the lame made to walk in one day. This Oil (the Grath's) is mild and pleasant, and is a great family Medicine for children teething, &c. Ladies should all use it. It always leaves you better than it finds you, and one bottle often cures entirely. Afflicted Thirteen Years and Cured in One week. Read letter from Rev. James Temple, Philadelphia, June 15th, 1856. Prof. De Grath: I have been afflicted for thirteen years with Neuralgia and other painful complaints, and I have been unable to sleep a soundly or walk any distance for many years past. Last week I got a bottle of your "Electric Oil." The first night I slept soundly and ailed in one day. My head, my eyes, my back, my neck, my chest, my stomach, are exposed to the particular violation of the fluids of the body, which one dose without interfering with the diet or business, once in three months, would invariably prevent. It is believed to afford protection from diphtheria disease, and therefore travellers, sailors, and soldiers should supply themselves with it. While many nostrum-makers victimize the good natured and pill-ridden public, by ordering "from six to a dozen boxes of bottles, to cure any malady," no matter what—the undersigned is happy in being able to state, that the severest forms of recent inflammatory disease, was overcome by one Acute package, and the most chronic and long standing by one Chronic package. It does just what it claims to do—and no more, or less—equalizes the fluids by removing from the system all arterial and venous obstructions. Please let your neighbors read this. F. COGGSWELL, M. D., DISCOVERER AND PROPRIETOR. For sale at the Cheap Drug Store of Samuel S. Feb. 1st, 1859.

ANTIPHLOGISTIC SALT; GROVER & BAKER'S

A Perfect Substitute For the Lances, Leeches and Blisters!!! when the undersigned, after a long series of laborious and costly experiments, became fully convinced in his own mind, that the Antiphlogistic Salt which he now has the happiness to present to the American public, was a PERFECT SUBSTITUTE For Blood-letting, Leeches and Blisters, his mind was so gratified that he could not sleep for many nights. The cause of his agitation was the striking fact, that the manner of its operation like that of the virus in vaccination, could not be satisfactorily explained upon any known principle. How, in what way, it so effectually subdued Inflammatory Disease, and other diseases, was at first wholly inexplicable—but, on further experiment, it was proved that it equalizes the fluids of the body, the want of an equilibrium in which is the sole cause of inflammation. Such has been the success of this matter, that it requires merely to adhere to the point of a quill dipped into a solution of it, to effect the entire system—but must be instantly used to prevent secondary effects, and secure its full virtues. Three quills in acute and three in chronic diseases, every 24 hours, till the heat, pain and febrile action have subsided, and a perfect cure effected. When it takes the place of blisters, ointment and local applications, as Brain Fever, Croup, Toothache, Pleurisy, &c., its mode of administration is the two-fold. (See directions of dissolving, &c.) The discoverer has withheld it from the public and valuable friend whom he considers a gentleman and who felt in the medical world—and who desired to submit it to the test of experiment. After witnessing under his own eye, the signal triumph over both acute and chronic Inflammatory diseases, in repeated and re-repeated trials, he offered \$25,000 to come in as a special and equal partner in the Receipt for its manufacture, but the proposal was refused. The disease of the lancet and blisters, is dominated both by humanity and science. It is not a mistake, to suppose that a little of boiling water (the inflamed blood will cool by dipping out a part of it, or a cube of ice cold (bad blood will be cooled, by drawing a portion of it)? Is it not a mistake, to suppose that blisters and rubefacients will remove inflammation, when they vitally enfeeble the system, and induce a secondary letting and blisters do not aggravate rather than arrest disease? Some who stand high in the Old and New School, have quite recently exposed his views and now openly contend that the lancet, leeches and blisters injure ten where they benefit one. They think there is a meaning in Deut. 12, 23—Gen. 9, 4—and Levit. 17, 14—that "THE BLOOD IS THE LIFE." It is not the excess of blood (there is none too much) that causes disease, but the want of a balance between the fluids and solids. The special excellence of the Antiphlogistic Salt, is that without the useless loss of blood it actually subdues inflammatory diseases, (no others) by producing an equilibrium of all the fluids in the body and a consequent uninterrupted circulation. It exerts, like the vaccine matter, an extraordinary influence over the system, and resulting in a gradual decline of inflammation as indicated by the pulse, which assumes its natural state as the heat, pain and fever disappear. Many medicines offered for sale, are based on doubtful certificates, (their chief virtue) and claim to be universal remedies, curing all maladies—a burlesque on common sense. As the discoverer of this Salt, solemnly protests against having it placed in the category of "miraculous cures," he has resolved that it shall go forth to the world, not for one cent, but with no other passport than its true value.—If the public don't believe, they will receive it—its virtues, they will reject and condemn it. Instead of giving a remedy for all ills, it has control over but one ill—has just one ailment—accomplishes but one thing, to wit, SERIOUS INFLAMMATORY DISEASE—whatever be its form or locality—whether in the head, throat, chest or elsewhere, on the face or skin. It is asked, how does it do this?—simply by restoring the lost balance between the fluids and solids. The following different forms which the unbalanced fluids assume, and many not here mentioned, have more or less heat, pain or fever (no others) are as perfectly cured by the Antiphlogistic Salt, as fire is extinguished by water. 1. Cases where the unbalanced fluids affect the HEAD AND THROAT—to wit, Brain Fever, Croup, Hoarseness, Inflamed Eyes, Ears and Nose, Croup, Neuralgia, Erysipelas, Catarrh, Croup, Bronchitis, &c. 2. Cases where the unbalanced fluids effect the CHEST AND ABDOMEN—to wit: Inflamed Lungs and Liver, Croup, Pleurisy, Cough, Dyspepsia, Cholera, Diarrhoea, Heartburn, Gravel, Piles, Gonorrhoea, Venereal, &c. 3. Cases where the unbalanced fluids effect the EXTREMITIES AND SKIN—to wit: Rheumatism, Gout, Sciatica, Chills, Cholera, Chills, Chicken and Small Pox, Salt Rheum, with itching and other Cutaneous Affections, &c. This Salt greatly alleviates the inflammatory pains peculiar to married ladies, (before and at the time of confinement) and many female ailments, and is very efficacious in Fever, Ague, Wounds, Nervous and Spinal Affections and any other forms of (mark this) inflammatory disease, attended with heat, pain or febrile symptoms. Persons who have a tendency of blood to the head or heart, or lead inactive lives, or breathe the impure air of manufactories and the poisonous fumes of metals and minerals, or live in unhealthy climates, are exposed to the particular violation of the fluids of the body, which one dose without interfering with the diet or business, once in three months, would invariably prevent. It is believed to afford protection from diphtheria disease, and therefore travellers, sailors, and soldiers should supply themselves with it. While many nostrum-makers victimize the good natured and pill-ridden public, by ordering "from six to a dozen boxes of bottles, to cure any malady," no matter what—the undersigned is happy in being able to state, that the severest forms of recent inflammatory disease, was overcome by one Acute package, and the most chronic and long standing by one Chronic package. It does just what it claims to do—and no more, or less—equalizes the fluids by removing from the system all arterial and venous obstructions. Please let your neighbors read this. F. COGGSWELL, M. MACHINES. NEW STYLES—PRICES FROM \$50 TO \$125 EXTRA CHARGE OF \$5 FOR REMEMBERS. 495 Broadway, N. Y. 730 Chestnut St., Phila. These Machines sew from two spools, as purchased from the store, requiring no re-winding of thread; they Hem, Fell, Gather and Stitch in a superior style, finishing each seam by their own operation, without recourse to the hand-needle, as is required by other machines. They will do better and cheaper sewing than a seamstress can, even if she works for one cent an hour, and are, unquestionably, the best Machines in the market for family sewing, on account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing—executing either heavy or fine work with equal facility, and without special adjustment. As evidence of the unquestioned superiority of their Machines, the GROVER & BAKER Sewing Machine Company beg leave to respectfully refer to the following TESTIMONIALS.

"Having had one of Grover & Baker's Machines in my family for nearly a year and a half I take pleasure in commending it as every way reliable for the purpose for which it is designed.—Family Sewing.—Mrs. Johanna Lewis, wife of Jos. Lewis, Editor of N. Y. Independent. "I confess myself delighted with your Sewing Machine, which has been in my family for many months. It has always been ready for duty, requiring no adjustment, and is easily adapted to every variety of family sewing, by simply changing the spools of thread.—Mrs. Elizabeth Strickland, wife of Rev. Dr. Strickland, Editor of N. Y. Christian Advocate.

"After trying several different good machines, I preferred yours, on account of its simplicity, and the perfect ease with which it is managed, as well as the strength and durability of the seam.—After long experience, I feel compelled to speak in this manner, and to confidently recommend it to every variety of family sewing."—Mrs. E. B. Spooner, wife of the Editor of Brooklyn Standard.

"I have used a Grover & Baker Sewing Machine for two years, and have found it adapted to all kinds of family sewing, from Cambric to Broadcloth. Garments have been worn out without the giving way of a stitch. The Machine is easily kept in order, and is easily mended."—Mrs. E. W. Whipple, wife of Rev. Geo. Whipple, New York.

"Your Sewing Machine has been in use in my family the past two years, and the ladies request me to give you their testimonials to its perfect adaptation, as well as labor-saving character, and the performance of all family and household sewing."—Robert Boorman, N. Y.

"For several months we have Grover & Baker's Sewing Machine, and have come to the conclusion that every lady who desires the most beautiful and quickest done, would be most fortunate in the performance of all family and household sewing."—J. W. Morris, daughter of Gen. Geo. P. Morris, Editor of Home Journal.

Extract of a letter from Thos. R. Leavitt, an American gentleman, now residing in Sweden, New South Wales, dated Jan. 10, 1855: "I had a tent made in Melbourne, in 1853, in which there were over three thousand yards of sewing done with one of Grover & Baker's Machines, and a single seam of it held out all the double seams sewed by millers with a needle and twine."

"I Homer could be called up from his murky haunts, he would sing the advent of Grover & Baker as a more benign, miracle of art than ever Vulcan's smith. He would pronounce midnight shirt-making as the dreifal spring of woes unnumbered."—Prof. North.

"I take pleasure in saying, that the Grover & Baker Sewing Machines have more than sustained my expectation. After trying and returning others, I have three of them in operation in my different places, and, after four years' trial, have no fault to find."—J. H. Hammond, Senator of South Carolina.

"My wife who has had one of Grover & Baker's Family Sewing Machines for some time, and an American gentleman, now residing in Sweden, New South Wales, dated Jan. 10, 1855: "I had a tent made in Melbourne, in 1853, in which there were over three thousand yards of sewing done with one of Grover & Baker's Machines, and a single seam of it held out all the double seams sewed by millers with a needle and twine."

"I think it by far the best patent in use. This Machine can be adapted from the finest cambric to the heaviest cassimere. It sews stronger, faster and more beautifully than you can imagine. It mine could not be replaced, money could not buy it."—Mrs. J. G. Brown, Nashville, Tenn.

"It is speedy, very neat, and durable in its work; it is easily understood and kept in repair. I earnestly recommend this Machine to all my acquaintances and others."—Mrs. M. A. Forrest, Memphis, Tenn.

DR. M'LANE'S CELEBRATED VERMIFUGE AND LIVER PILLS.

WE beg leave to call the attention of the Physicians of the country, to two of the most popular remedies now before the public. We refer to Dr. Chas. M'Lane's Celebrated Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz: THE VERMIFUGE, For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS, For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of FEVER AND AGUE, preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivalled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors, FLEMING BROTHERS, PITTSBURGH, PA. to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to FLEMING BROS. Pittsburgh, Pa.

"P. S. Dealers and Physicians ordering from others than Fleming Bros., will do well to verify their orders distinctly, and take note that Dr. M'Lane's, prepared by Fleming Bros. Pittsburgh, Pa. To those wishing to give their trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one trial of Vermifuge for the same amount. All orders from Canada must be accompanied by twenty cents extra.
