PEOPLE'S STATE TICKET.

FOR AUDITOR GENERAL: THOMAS E. COCHRAN, OF YORK COUNTY.

FOR SURVEYOR GENERAL: GEN. WILLIAM H. KEIM, OF BERKS COUNTY.

People's County Ticket.

ASSEMBLY: R. B. WIGTON, of Huntingdon Borough.

SHERIFF: JOHN C. WATSON, of Brady Township.

COUNTY TREASURER: HENRY T. WHITE, of Onida Township.

COUNTY COMMISSIONER: M. F. CAMPBELL, of Union Township.

POOR DIRECTOR: WILLIAM MOORE, of West Township.

DISTRICT ATTORNEY: JOHN W. MATTERN, of Huntingdon.

COUNTY SURVEYOR: JOHN F. RAMEY, of Huntingdon.

ADVISORS: W. L. CUNNINGHAM, of Clay Township.

ISRAEL GRAFFIUS, of Alexandria.

HONORARY: HENRY GRAFFIUS, of Alexandria.

Hall's Journal of Health, published in the city of New York, at only \$1 a year, is one of the most desirable publications now extant.

"Professor Gardner, of Brown's University, one of the ablest and most popular lecturers of the day," entertained our citizens last week, with one of his incomparable lectures, on all the leading topics of the day, interspersed with wit and humor, and winding up with the remarkable qualities of his "New England Soap."

Gen. JOHN C. WATSON, of Brady township, is the nominee of the Convention, for Sheriff. He is a gentleman of excellent character for honesty and integrity.

Major WILLIAM MOORE, of West township, is nominated for Director of the Poor. A better selection could not possibly have been made.

John F. Ramey, of Huntingdon, is the choice for County Surveyor. He has filled this office for some time, to the entire satisfaction of the people, and we have no doubt will continue to please the public in the capacity of a public officer. He is bound to be elected.

WM. L. CUNNINGHAM, of Clay township, and ISRAEL GRAFFIUS, Esq., of Alexandria, were nominated for Auditors. Although this is an office which may appear of little importance, yet in reality it is the very one which requires the clearest head and purest heart to fill faithfully.

JOHN W. MATTERN, Esq., of this borough, received the nomination for District Attorney. We heartily endorse this choice, knowing Mr. Mattern to be a competent and excellent candidate, fully filling the true standard of honesty and capacity.

HENRY GRAFFIUS, of Alexandria, is the candidate for Coroner. He is an intelligent and industrious mechanic; has always been a zealous and efficient party-man, and will fill the office with credit.

Such fellow-citizens of Huntingdon county, as the material we present for your suffrages, although our description has been feeble and inadequate, it is a ticket unexceptionable; there is not an incompetent or unworthy man upon it, and it stands upon a platform which every honest man must acknowledge to be the best for our county. We ask you now in view of the momentous interests at stake to rally, rally one and all to its support.

Vote for the ticket, the whole ticket and nothing but the ticket, and let us roll up such a majority in October as will cheer the hearts of our friends in other parts of the State, and nerve them up for the great Presidential battle, under the banner of Protection and Freedom.

Prepare for action. The Locofocos are split and dismembered, and nothing is wanting but unity of action and A FULL OPPOSITION VOTE to secure a glorious triumph in October. We call upon all our friends in the county to organize at once, and prepare to meet the enemy with a solid front.

"If we all pull together, we can't be beat." Let us prepare, therefore, to "pull together," and discontinue everything which would have a tendency to militate against the cause, or defeat any of our candidates. The Locofocos, driven to desperation by their recent shameful defeats, will leave nothing undone which will tend to make our candidates unpopular in the minds of those who are silly enough to believe the stories they set afloat. But we hope they will not succeed. They have men to deal with—men who "ask no favors and shrink from no responsibility." They rally, rally; and let us sit our good old songs as

"Once more our glorious banner out Upon the breeze we throw; Beneath its folds with shout and Let's charge upon the foe!"

Pen, Paste and Scissors.

Some people love their neighbor's wife better than their own, Fact.

A Bowery Boy says his "occupation is gone" for all the sewing girls now "run wild do musheen."

The Wash, Constitution says "that Providence, has preserved the Democratic party." Oh! what preserves.

If women were jurors, as some of them claim that they ought to be, what chance would old fellows stand when indicted.

General Walker is organizing another Nicaraguan expedition, which is to rendezvous at New Orleans by the 18th of September.

A funny writer in the New York Express calls the President "a corporation." He is certainly like a corporation in one respect—he's "got no soul."

Mr. Adam Hoffman, residing near Millin, committed suicide by cutting his throat, a few days ago. His mind had been partially deranged for some time.

Ice was formed at Somerset, Pa., one night last week, and clothes hung out to dry were frozen stiff. The frost was very heavy, and did much damage.

Texas abolitionists, received here from three to five thousand majority.

A Vienna paper reports that Count Gyula intends returning to Baden to take the man in New York city who swindled the Tyrone and Lockhaven Railroad out of \$175,000 in bonds, by means of notes of an insolvent bank.

The democratic organs are preaching economy in the administration of the government. That is the way with all reckless and dishonest spendthrifts. After they spend all they can beg, borrow, or steal, they turn economists.

The Pennsylvania, the organ of Buchanan in this State, made a bitter attack a few days ago, on Vice President Breckenridge. The President and his Vice are certainly on very bad terms, in fact the "unfriendly" are terribly out up.

The election in Kentucky will send an administration Senator to Congress in place of Mr. Crittenden, whose term expires March. It is generally understood that Hon. John C. Breckenridge, the Vice President, will be his successor.

The wife of the well known Rev. Dr. Cummings, of the Scotch Presbyterian Church, recently eloped with Rev. Dr. Humphreys of the same church. The guilty pair went to Canada, they were separated, but the woman refuses to return to her husband.

A five dollar note, on the Harrisburg Bank, has been put in circulation. There is harvest scene on the right lower corner, a large 5 in the centre, with the State Capitol directly underneath. The counterfeit is an exact imitation of the genuine notes of the bank.

In the constitution being formed for Kansas, women are allowed to vote in school matters. They may vote for school officers, school taxes, and everything pertaining to the organization of the Common Schools, equally with men. Conferring this much of the elective franchise upon females is intended as an experiment. We believe that females are all ready to vote in school matters in Canada and Louisiana.

CANING AFFAIR.—We copy the following item from the Pittsburgh Chronicle of recent date, presuming that it will possess interest to some of our readers who are acquainted with the parties:—"The Greensburg Argus states that Gen. W. A. Stokes administered a caning to Thomas Seabrook, Esq., of that place, the other day. Mr. Seabrook, it is alleged, made use of some very insulting expressions with regard to Mr. S., which he refused to retract, whereupon the latter dealt him several blows on the head with his cane. Some mutual friends interposed, the matter dropped, and the caning ceased. The combatants having been separated, the matter dropped. Mr. Seabrook, in the employ of the Company for some time, and now, we believe, resides in Cleveland."

Yesterday a man named Brewer, a Mormon, came down from the city to effect the first sale. He sold one check for \$367 to a man who had been instructed to purchase them if offered for sale. A warrant for an arrest was immediately issued, the man was taken while in bed, and, on search being made, the plate for striking checks on St. Louis, together with a number of

Latest from Europe.

SACKVILLE, N. B., Aug. 10.—The horse express arrived this morning, with the details of the news for the Associated Press by the steamer Arabia.

The steamships Vanderbilt, City of Baltimore and Bavaria, from New York, had arrived on the 9th of the month.

The Emperor Napoleon has decided that the army and navy of France shall be placed on a peace footing with the least possible delay.

This fact has been officially announced in the Paris Monitor, and has had the effect of causing the Emperor to be regarded as sincere, and his intentions pacific.

Zurich conference had not yet assembled, but it had not been fixed, but it was expected to meet in a few days.

The arrival of the Sardinian plenipotentiary to the Zurich Conference, at Paris, is announced.

The advice from Italy are peaceful.

The Monitor's announcement of the intended disengagement caused an advance of 1 per cent. in the Paris Bourse, but subsequently the market was partially lost. Three per cent. Rents closed at 68f. 45c.

The American horse, "Starke," entered by Ten Broeck, for the Goodwood Race, has won the stakes; but the cup was carried off by "Promised Land." The American mare, "Princess of the South," was also successful.

The Overland Mail, with Calcutta dates to June 17, Hong Kong to May 19, had reached Marseilles. The advices are not important.

The English Cabinet has announced that the invitation to participate in the Congress of the great Powers will not be considered until after the results of the Zurich Conference has been ascertained.

Lord John Russell and Lord Palmerston have made important speeches in Parliament on European affairs, in which they admitted that England had acted as the medium for conveying terms from France to Austria, but without endorsing them.

The subject of the national defences had been debated in Parliament, and the ministers exhibited the intention of the Government to continue a vigorous prosecution of the work on the national defences.

Count Coloredo, the Austrian Ambassador to represent Austria at the Zurich Conference, reached Marseilles on the 27th ult., on his route direct to Zurich.

The Independence Bells says that the Austrian Provincial Councils will all be convoked soon, and will have complete liberty in their deliberations, and may make known openly and sincerely to the Emperor the wishes of their populations.

The first Austrian corps de armee for the present will be maintained in Italy on a war footing, 200,000 strong. The other corps de armee are to go to their former cantonments in Galicia and Hungary.

The official Piedmontese Gazette says that the new Ministry will not produce any serious variation in the policy of Sardinia.

There will be a grand illumination at Milan on the arrival there of the King.

The Sardinian Governors of Modena have been withdrawn, and the government turned over to the municipalities.

The result of the deliberations on the annexation of Tuscany to Piedmont had been made known. At 141 places, including Leghorn and Florence, there was 899 affirmative, and only 15 negative votes.

Le Nord denies that any French troops are to remain in the Duchies.

A Milan letter says that the extreme party is commencing agitation, and an insurrection in Venetia is possible.

The Invalides Bresse says that Austria and France may make whatever treaties they please, ask the concurrence of the rest of Europe.

It is said that a deputation, with the Prince Napoléon at its head, will soon be sent to take the remains of the Duc de Reichstadt to France.

On the 28th, in the House of Commons, Lord C. Paget said that experiments were progressing to test the practicability of laying a submarine telegraph to Gibraltar.

Lord Palmerston's statement relative to foreign affairs. He said he would have postponed it if there had been any prospect of being able to announce a definite settlement of the affairs of the Continent before the approaching close of the session. He was glad to see, in the Paris Monitor, that the Emperor of France had determined to place the army and navy of France on a peace footing.

Reviewing the grounds of peace as proclaimed by the two Emperors, he said as England did not interfere in the war, he did not think that was for her to interfere in the peace. The sacrifice of a province by Austria did not affect the state of affairs of Europe sufficiently to warrant the interposition of England. The most important part of the treaty, however, related to the future of Italy, and the invitation of the Emperor Napoleon to England to enter the Congress was to consult on the actual state of affairs of Italy, quite irrespective of the terms of the treaty of Villafranca.

A Voice From Virginia.

CABIN POINT, Surry Co., Va. Dr. Seth S. Hance.—I was in Baltimore in April, 1854, and from a paper I received of yours was induced to buy a box of your Pills, recommended as a sovereign cure for the Epileptic.

Sent to any part of the country by mail, free of charge. Address, SETH S. HANCE, 108 Baltimore street, Baltimore, Md. Price, one box, \$3; two, \$5; twelve, \$24.

FROM UTAH.—The Great Forgery Case.—A Dangerous Scheme Frustrated!—Camp Floyd, (Ut.) July 9, 1859.—There is a good deal of excitement in consequence of the discovery of some heavy forgeries brought to light.

A band was organized in Salt Lake City for the purpose of forging Quartermaster's checks upon the Sub Treasurer of New York and St. Louis. Gen. Johnston had received an intimation of what was going on, and for more than a week had been having the parties watched.

Yesterday a man named Brewer, a Mormon, came down from the city to effect the first sale. He sold one check for \$367 to a man who had been instructed to purchase them if offered for sale. A warrant for an arrest was immediately issued, the man was taken while in bed, and, on search being made, the plate for striking checks on St. Louis, together with a number of

GROVER & BAKER'S

MACHINES.

NEW STYLES—PRICES FROM \$50 to \$125 EXTRA CHARGE OF \$5 FOR HEMMERS.

495 Broadway, N. Y. 750 Chestnut-St., Phila.

These Machines sew from two spools, as purchased from the store, requiring no re-winding of thread; they Hem, Fell, Gather and Stitch in a superior style, finishing each seam by their own operation, without recourse to the hand-needle, as is required by other machines. They will do better and cheaper sewing than a seamstress can, even if she works for one cent an hour, and are, unquestionably, the best Machines in the market for family sewing, on account of their simplicity, durability, ease of management, and adaptation to all varieties of family sewing—executing either heavy or fine work with equal facility, and without special adjustment.

As evidence of the unquestioned superiority of their Machines, the GROVER & BAKER SEWING MACHINE COMPANY beg leave to respectfully refer to the following

TESTIMONIALS.

"Having had one of Grover & Baker's Machines in my family for nearly a year and a half I take pleasure in commending it as every way reliable for the purpose for which it is designed—Family Sewing."—Mrs. Joshua Leavitt, wife of Rev. Dr. Leavitt, Editor of N. Y. Independent.

"I confess myself delighted with your Sewing Machine, which has been in my family for many months. It has always been ready for duty, requiring no adjustment, and is easily adapted to every variety of family sewing, by simply changing the spools of thread."—Mrs. Elizabeth Strickland, wife of Rev. Dr. Strickland, Editor of N. Y. Christian Advocate.

"After trying several different good machines, I preferred yours, on account of its simplicity, and the perfect ease with which it is managed, as well as the strength and durability of the seam. After long experience, I feel competent to speak in this manner, and to confidently recommend it to every variety of family sewing."—Mrs. E. B. Spooner, wife of the Editor of Brooklyn Star.

"I have used a Grover & Baker Sewing Machine two years and have found it adapted to all kinds of family sewing, from Cambric to Broadcloth. Garments have been worn out without the giving way of a stitch. The Machine is easily kept in order, and is easily used."—Mrs. A. B. Whipple, wife of Rev. Geo. Whipple, New York.

"Your Sewing Machine has been in use in my family the past two years, and the ladies request me to give you their testimonials to its perfect adaptedness, as well as labor-saving qualities in the performance of family and household sewing."—Mrs. J. W. Morris, daughter of Gen. Geo. P. Morris, Editor of Home Journal.

Extract of a letter from Thos. R. Leavitt, an American gentleman, now resident in Sydney, New South Wales, dated January 12, 1859.

"I had a tent made in Melbourne, in 1853, in which there were over three thousand yards of sewing done with one of Grover & Baker's Machines, and a single seam of it, after four years' trial, has not given way, and has outlasted all the double seams sewed by sailors with a needle and twine."

"If Homer could be called up from his nursery haunts, he would sing the advent of Grover & Baker as a more benignant, miracle of art than was ever Valerian's smith. He would pronounce midnight shirt-making as 'the direful spring of woes unnumbered.'"—Prof. Norton.

"I take pleasure in saying, that the Grover & Baker Sewing Machines have more than sustained my expectation. After trying and returning others, I have three of them in operation in my difficult place, and after four years' trial, have no fault to find."—J. H. Hammond, Senator of South Carolina.

"My wife has had one of Grover & Baker's Family Sewing Machines for some time, and I am satisfied it is one of the best labor-saving machines that has been invented. It does such pleasure in recommending it to the public."—J. G. Harris, Governor of Tennessee.

"It is a beautiful thing, and puts everybody into an excitement of good humor. Were I a Catholic I should insist upon Saints Grover and Baker being placed in the hall, in commemoration of their good deeds for humanity."—Cassius M. Clay.

"I think it by far the best patent in use. This Machine can be adapted from the finest cambric to the heaviest esmere. It sews stronger, faster and more beautifully than I can imagine. It mends could not be replaced, money could not buy it."—Mrs. J. G. Brown, Nashville, Tenn.

"It is speedy, very neat, and durable in its work; is easily understood and kept in repair. I earnestly recommend this Machine to all my acquaintances and others."—Mrs. M. A. Forrester, Memphis, Tenn.

"We find this machine to work to our satisfaction, and with pleasure recommend it to the public, as we believe Grover & Baker to be the best Sewing Machine in use."—Deary Brothers, Allenton, Tenn.

"I used exclusively for family purposes, with ordinary care, I will wager they will last one three score years and ten; and never get out of fix."—John Erskine, Nashville, Tenn.

"I have had your machine for several weeks, and am perfectly satisfied, that the work it does is the best and most beautiful that ever was."—Maggie Aimson, Nashville, Tenn.

"I use my Machine upon coats, dressmaking, and fine linen stitching, and the work is admirable—far better than the best hand-sewing, or any other machine I have ever seen."—Lucy B. Thompson, Nashville, Tenn.

"I find the work the strongest and most beautiful I have ever seen, made either by hand or machine, and regard the Grover & Baker machine as one of the greatest blessings to our sex."—Mrs. Taylor, Nashville, Tenn.

"I have one of Grover & Baker's Sewing Machines in use in my family, and find it invaluable. I can confidently recommend it to all persons in want of a machine."—G. T. Thompson, Nashville, Tenn.

"I take pleasure in certifying to the utility of the Grover & Baker Sewing Machines. I have used one on almost every description of work for months, and find it much stronger than work done by hand."—Mrs. D. W. Wheeler, Nashville, Tenn.

"I would be unwilling to dispose of my Grover & Baker Machine for a large amount of money. I do not replace it again at pleasure."—Mrs. H. C. Sowell, Nashville, Tenn.

"Our two Machines, purchased from you, do the work of twenty young ladies. We with pleasure recommend the Grover & Baker Machine to be the best in use."—N. Williams & Co., Tenn.
