LOCAL INTELLIGENCE.

THE ELECTRICAL LIGHT.—The light in the heavens on Sunday night is noted in all directions. As we looked toward the sky, between the hours of 9 and 10 and 11, the light excited in splendor and variety of coloring any thing of the kind our eyes ever witnessed.

Last week our friend Dr. J. S. Griffith, performed a dangerous and successful operation, of cutting out a cancer, which was one of the largest we have ever heard of, from a patient in this county.

DEAR SIR.—The following item may not be of much interest to you, as it may be of unknown value to those who inhale "tanglefoot" or drugged whiskey.

Comment on this, is unnecessary. There is the positive evidence from one of the most skilled and learned physicians in the State, of the dangerous qualities of this poison.

The fifth annual exhibition of the Huntingdon county Agricultural Society will be held at Huntingdon, on the 4th, 5th and 6th days of October.

Prof. Hiney has been teaching a very large class of our young folks the art and mystery of singing. The Prof. is perfect in his business, as the rapid progress of his class fully attests.

Some of our exchanges think there is a good time coming for lovers of buckwheat cakes. Prospect for a fine buckwheat crop good. We hope so. We're in for one.
