CIRCULAR.

Proposed Location of the Classical and Theological Institutions of the German Reformed Church.

THE undersigned having been appointed a committee to publish a circular in behalf of the Synod of the German Reformed Church, respectfully represent,

That in accordance with a resolution passed by the Synod of said church, at its annual meeting held in the month of September, in the city of Pittsburgh, a special convention was called on the 1st of the present month at Harrisburg, for the purpose of receiving proposals from all such places as may be desirous of having the above institutions located among them.

From several respectable towns very flattering proposals have already been received; but as it is understood, that from other places similar ones would have been presented if sufficient time had been given to make the necessary exertions, it was therefore deemed expedient, to defer the decision of this important measure until the next annual meeting of the Synod, to be held in Chambersburg, Pa. in September, 1835.

The character of the proposals to be offered, and which may expect to meet attention, may be learnt from the following resolution, passed during the session of the Convention at Harrisburg, on the first of the present month, viz:

"Resolved, That the committee be and is hereby instructed to give public notice as far as may be, to all such places in the German Reformed Church who wish the location of her Classical and Theological Institutions, to make their propositions in regular form of writing, and accompanied with sufficient responsibility."

In conclusion, the committee would only add, that the above institutions have for several years past, been in successful operation in the Borough of York, Pa., under the direction of Professors of acknowledged scientific and literary attainments.

All communications relative to the above subject, may be addressed (postage paid) to the individual first named on this committee, at Gettysburg, Pa.

DEMOCRATIC ANTI-MASONIC STATE CONVENTION, TO MEET AT HARRISBURG ON THE FOURTH OF MARCH 1835.

In discharge of the duty imposed on us, we respectfully recommend a Democratic Anti-Masonic State Convention, to meet in the Court House at Harrisburg, on Wednesday the fourth day of March next, to nominate a candidate for the office of Governor, to be supported at the triennial election of 1835; to appoint Delegates to the next Anti-Masonic National Convention; and to adopt such other measures for establishing the cause of Anti-Masonry, as may be deemed most advisable.

For the purpose of electing delegates to the State Convention, not exceeding in number the representatives in both houses of the General Assembly, the respective Anti-Masonic County Committees are requested to call, as soon as they deem expedient, County Conventions, or if preferred, County Meetings, of the Democratic citizens opposed to Free-Masonry and all other secret societies.

DR. HULL'S RECENTLY IMPROVED TRUSS.

The distinguished surgeons and medical faculty of the cities generally, and elsewhere, have come to the conclusion that this Truss, in its present improved state, is the only instrument surgically adapted to the disease of Rupture, and the only one that patients can rely upon for the safe retention of the bowels and the final cure of the disease.

In confirmation of which the following names of distinguished medical gentlemen of New York city, with many others, have expressed a decided preference for this instrument, are respectfully added:

Valentine Mott, M. D. George Bush, M. D. Alex. Stevens, M. D. David Hosack, M. D. John B. Beck, M. D. Samuel Ackley, M. D. Cyrus Perkins, M. D. David M. Reese, M. D. John Stearns, M. D. Wm. Anderson, M. D.

Also, the following extract of a late certificate of Dr. Mott, of N. York:

"For the last twelve months, the curative powers of Dr. Hull's Truss have been tested under my own observation with the most gratifying success in cases of great difficulty, in which the mutilated imitation Trusses so common in our market, had only aggravated the disease. Dr. Hull is an experienced surgeon, who has displayed not a little surgical skill and mechanical ingenuity in bringing this unrivaled instrument to its present state of perfection, rendering it, I know, the best I ever saw for securing, comforting and curing the ruptured patient, and is in my opinion, the only instrument of the kind that is entitled to patronage of the public, and the confidence of the public."

VALENTINE MOTT, M. D. Park Place, Feb. 20, 1834.

Letters Patent of the United States have been granted to Dr. Hull for 14 years from the last improvement, dated July 5th, 1833.

PUBLIC SCHOOLS.

THE School Directors of the Borough of Gettysburg give notice, that they have divided the Borough into Four School Districts, as follows:

No. 1, which includes all upon the east side of Baltimore-street, from the northern and eastern line of the Borough to the alley between H. Little and J. Sweeney.

No. 2, which includes all from the southern line of the Borough, on the east side of Baltimore-street, to the aforesaid alley, and on the west side of Baltimore-street to High-street.

No. 3, which includes all from west High-street to west Middle-street, and from West-street as far as west York-street to the western limits of the Borough.

No. 4, which includes all from west Mid-street, as far as West-street, to the northern limits of the Borough, and from West-street as far as west York-street to the western limits of the Borough.

In each of these districts there will be one Public School for Whites.

There will also be one School in the Borough for Colored Children, to be under the superintendence of a Female teacher.

The Public Schools will open on the First Monday of January next, in the several Districts as above detailed.

Persons desirous of being appointed Teachers, will make application to S. S. King, Esq. President of the Board.

By order of the Board,

ROBERT G. HARPER, Soc'y.
