PULMONARY CONSUMPTION!

Catarrhal and Asthmatic Disorders! MORE than one tenth of all the annual deaths in this country and Great Britain, are stated to be caused by that insidious destroyer of human life, the

CONSUMPTION!

Easily overcome in its infancy, it rapidly arrives, if neglected, at an unconquerable and terrific maturity. An obstinate, violent, and convulsive cough is the inevitable forerunner, when neglected, of the PULMONARY CONSUMPTION, and its attendant train of horrors; increased heat and pulse; nausea; oppression of the breast; greenish and bloody sputter; loss of appetite and increase of thirst; ulcerated lungs; clammy sweats and hectic fever; general emaciation of the body; shrivelled extremities; excessive and weakening discharges; sinking of the eyes; prostration of strength; burning palms and flushed cheeks; swollen feet and legs; and, at length, while the wretched sufferer is sanguine of life, cold extremities and an agonizing death. These evils may be nipped in the bud by the timely administration of that long tried and invaluable Medicine,

DR. RELIEF'S ASTHMATIC PILLS, which has been known to cure persons supposed to be far gone in a Consumption, and exhibiting all the appearance of approaching dissolution.

The Pills also constitute an excellent PECTORAL MEDICINE. Those therefore who are troubled with the common coughs occasioned by acrid humours, tickling in the throat, or defluxions upon the lungs, depriving the patient of refreshing sleep, and gradually introducing the train of Pulmonary affections, will receive from the use of the Pills, certain, and frequently the most sudden and cheering relief. They appease the cough, promote easy expectoration, relieve and often cure protracted, obstinate and most distressing cases. Common Colds are generally removed by the Pills in a few hours.

These Pills also afford immediate relief in the harassing and suffocating complaint of the ASTHMA. In attacks of this disease characterized by difficulty of breathing; tightness and stricture across the breast and in the lungs; oppressive flatulence; wheezing; coughing and hoarseness; costiveness and other Asthmatic symptoms, the timely administration of Dr. Relief's Pills, invariably mitigates the attack, often ensures permanent relief, and sometimes effects a radical cure.

The Pills may be taken with the most perfect safety, as they require, in ordinary cases no confinement, and may be administered with the utmost confidence to all ages and classes of people.

These popular Pills have been used by multitudes with unexampled success, in a vast variety of cases, from those of the slightest, to others of the most confirmed character. Their powerful agency has been known to revive from the bed of sickness, the palid, dejected and emaciated victim, and send him back again to "the busy hum of men" an active man of business in the full enjoyment of the blessings of health.

In proof of which, the following, from a multitude of testimonials, are respectfully submitted: "I have tried your Dr. Relief's Asthmatic Pills, in Asthma, difficulty of breathing, and Consumption, when all other medicine had failed, and have found them most excellent." Another Physician writes: "I have tried your Relief's Asthmatic Pills with a patient of mine, whose case had resisted every thing; the cough has certainly left her." A correspondent writes: "The Asthmatic Pills give such astonishing relief in cases of common colds, coughs, &c. as no one can believe unless they make the trial."

An agent writes: "Your (Dr. Relief's Asthmatic) Pills have performed a miraculous cure in this town. A man about 50 had been confined some months; his feet and legs badly swollen; a bad cough; respiration difficult, and was given over by his physician and friends, who considered him in a confirmed consumption; after taking three boxes of these Pills all the threatening symptoms are removed, and he is fast recovering."

A Gentleman of Plymouth, 70 years of age, was cured of an Asthma, by three boxes, after having been afflicted upwards of thirty years. A young Lady of Boston, was severely afflicted for three years with a violent cough, difficulty of breathing, spitting of blood, pain in the side, deprived of sleep, and universally debilitated. In this distressing state, after having tried other medicine in vain, and considered as past relief, on taking only two boxes of these Pills, her cough and the whole of her symptoms left her, sleep well restored, and her health was perfectly established.

Price \$1 for whole boxes of 30 Pills, and 50 cts. for half do. of 12 Pills, with directions. Prepared from the original Recipe in MS. of the late Dr. W. T. CONWAY, by his immediate successor, and the sole proprietor, T. KIDDER, and for sale at his Counting Room, No. 39, next door to J. SALEM, Mass. Oct. 15, 1829. This may certify, that I, the subscriber, for the last ten years have been very much afflicted with Scrofula, and after repeatedly trying various medicines, and receiving advice from the most eminent physicians, without effect, I was induced to purchase a few bottles of Potter's Vegetable Catholicon—have taken the same, and have been completely cured. After receiving such great benefit from this valuable medicine, I conceive myself in duty bound to make the same publicly known, that those suffering under like complaints may be apprised of its great efficacy.

THOMAS MELZERD. Signed in the presence of JONATHAN WEAVER and JOHN S. HARRISON. Mr. W. W. POTTER.

Sir—I here give you a statement of my cure. About four years ago I became afflicted with a complicated case of Scrofula and White Swelling; during that period I placed myself under the care of upwards of eighteen respectable physicians in Boston, Pittsburg, Albany, and this place, but their prescriptions were in vain. My arm became useless, the elbow joint being very much enlarged, and so covered with ulcers, that my physician, fearing a mortification would take place, advised me to submit to amputation, but this very fortunately I rejected. On my back there was a ulcer as large as the palm of my hand, which became so painful that I despaired of ever being restored to health, or even getting relief. Having seen a similar case to my own, which was cured by your Catholicon, as the last resort I applied for it, and the happy result is, from its use for about three months, I am perfectly cured.

JOHN HEALY. WILMINGTON, (N. C.) May 22d. RHEUMATISM.

P. S. As it doubtless gives you pleasure to hear of the many cures which your medicine is daily performing, I will mention two other cases wherein complete cures resulted from its use, and which induced me to try it. The first is a case of an intimate friend of mine, an old gentleman about sixty years of age, who had the Rheumatism for a number of years past, part of the time confined to his bed; he took it merely through experiment, and was surprised to find himself entirely freed from his painful disorder by using only one bottle.

TETTER. The other case was a severe Tetter, which covered both the patient's hands; he was an elderly man, and had the affliction for a long time; he was totally deprived of the use of them, his attendants being obliged to cut his food and help him to it. Two bottles effectually cured him. This case, as well as my own, are extensively known throughout the country, and will add much to the fame of your already popular medicine.

Your well wisher, JEREMIAH NICHOLS. The above article is received from the Warehouse of W. W. Potter and for sale at the Drug store of Dr. J. GILBERT. Gettysburg, Feb. 10, 1835. 6t-45
