# POTTER'S CATHOLICON.

HE unrivalled and extensive reputation acquired by this Medicine for the last in Gettysburg, Pa. on the 17th day of five years, both in Hospital and private February last, an indented negro boy, named | practice, demands from the proprietor his grateful acknowledgments to a discerning public.

Potter's Vegetable Catholicon is offered for the cure of Diseases of the Liver, Ulcerated Sore Throat, Debility resulting from Intemperance and Dissipation, Scrofula or King's Evil, Old and Inveterate Ulcers, Pains in the Bones, Rheumatism, Dyspepsia or Indigestion, Diseases of the Lungs, Syphilis, Blotches on the Face and Skin, White Swelling of the Joints, Tetter, Mercurial diseases, Piles, &c. &c.

THE CATHOLICON consists exclusively of vegetable matter, and with a slight determination to the bowels, which it preserves in a soluble state, acts insensibly, is pleasant to the taste, and requires no particular regimen or confinement.

SALEM, Mass. Oct. 15, 1829. This may certify, that I, the subscriber, for the last ten years have been very much afflicted with Scrofula, and after repeatedly trying various medicines, and receiving advice from the most emment physician-, without effect, I was induced to purchase a few bottles of Potter's Vegetable Catholiconhave taken the same, and have been completely cured. After receiving such great benefit from this valuable medicine, I conceive myself in duty bound to make the same publicly known, that those suffering under like complaints may be apprised of its great efficacy.

## THOMAS MELZERD.

Signed in the presence of JONATHAN WEBB and JOHN S. HARRISON. Mr. W. W. POTTER,

Sir-I here give you a statement of my cure. About four years ago I became afflicted with a complicated case of Scrofula and White Swelling; during that period I placed myself under the care of upwards of eighteen respectable physicians in Boston, prescriptions were in vain. My arm became useless, the elbow joint being very much enlarged, and so covered with ulcers, that my physician, fearing a mortification would take place, advised me to submit to amputation, but this very fortunately I rejected. On my back there was an ulcer as large as the palm of my hand, which became so painful that I despaired of ever being restored to health, or even getting relief. Having seen a similar case to my own, which was cured by your Catholicon, as the last resort I applied for it, and the happy result is, from its use for about three months, I am perfectly cured.

#### JOHN HEALY. WILMINGTON, (N. C.) May 22d. RHEUMATISM.

P. S. As it doubtless gives you pleasure to hear of the many cures which your medicine is daily performing, I will mention two other cases wherein complete cures resulted from its use, and which induced me to try it. The first is a case of an intimate friend of mine, an old gentleman about sixty years of age, who had the Rheumatism for a number of years past, part of the time confined to his bed; he took it merely through experiment, and was surprised to find himself entirely freed from his painful disorder by

#### using only one bottle. TETTER.

The other case was a severe Tetter, which covered both the patient's hands; he was an elderly man, and had the affliction for a long time; he was totally deprived of the use of them, his attendants being obliged to cut his food and help him to it. Two bottles effectually cured him. This case, as well as my own, are extensively known throughout the country, and will add much to the fame of your already popular medicine.
