THE AMARANTH

A METROPOLITAN MAGAZINE OF LITERATURE AND THE FINE ARTS—EMBELLISHED WITH ENGRAVINGS, AND MUSIC ARRANGED WITH ACCOMPANIMENTS FOR THE PIANO-FORTE, &c. Office of publication at the Literary Rooms, 127 Washington street, Boston, Mass. B. BROWN, & G. H. BROWN, EDITORS.

NEARLY three years have elapsed since the commencement of the AMARANTH, and during that period it has received a steady increase of patronage. To be in fault is the common lot of humanity, and we make no pretence of an exemption from the charge; however, our intentions are to have as few errors as possible, while we endeavor that our productions shall be acceptable to our readers, and approved by the community in general. The Amaranth takes no part in the discussion of religion or politics, and in no way interfering with the sacred rights of any individual. We have excluded from our columns, and we intend hereafter to pay for such articles as shall be acceptable, from those whose communications will excite any party or extend. We are aware it will put us to much expense, but we are resolved to do every thing in our power to render the work worthy a liberal support, and the only way to receive the encouragement of the public is to pay for what we write. We make no pretensions to superiority over other literary works; we have no hired Editors to puff us into notice, nor do we send forth a long-winded prospectus to trumpet our own literary consequence, and promising to out-do all others. No, our journal can speak for itself, and we wish for no one to subscribe, unless he thinks it deserving of patronage. Amongst the writers who have already contributed to its columns, stand the names of Fowell, F. S. Hill, McMillan, Lewis, Ellis, Thompson, Mrs. Sigourney, Misses Hooper, Whipple, &c. In the musical department, Messrs. Teuner, Comer, Mader, Mitchell, Brown and others will lend their aid.

Nothing is admitted into the paper which does not possess merit; album poetry (!) and communications upon dry and hacknied subjects, unless of the very first order, are entirely excluded. The selections are made from the very best Foreign and American Periodicals, with which the Editors are regularly supplied, and every thing of interest and importance will have a place in its columns. In noticing new publications, we have and shall continue to take an independent course; we shall not be governed by bribery, but make our remarks devoid of fear, or the hope of favor.

The work is embellished occasionally with engravings executed in the best manner, and every number with a piece of music with accompaniments for the Piano-forte, flute, &c.

TERMS—\$1, if paid in advance, otherwise they will be charged with the usual subscription, (\$2.) No subscriptions received at a distance, except from agents, unless accompanied by the payment for one year in advance. An edition of the paper is published at East Bridge-street, Mass. where all communications, &c. must be addressed to GEORGE H. BROWN, (not paid, for they will remain dead in the office. We are obliged to adopt this rule, as our postage has become a heavy tax upon us.)

The next volume of the Amaranth will be issued at \$2 per annum, the size and style of the New-York Mirror, and those of our subscribers who wish to have the paper, will please notify us before the expiration of the present volume. March 3, 1835. 31-48

DR. HULL'S RECENTLY IMPROVED TRUSS.

The distinguished surgeons and medical faculty of the cities generally, and elsewhere, have come to the conclusion that this Truss, in its present improved state, is the only instrument surgically adapted to the disease of Rupture, and the only one that patients can rely upon for the safe retention of the bowels and the final cure of the disease. In confirmation of which the following names of distinguished medical gentlemen of New York city, with many others, have expressed a decided preference for this instrument, are respectfully added: Valentine Mott, M. D. David Bushie, M. D. Alex. A. Stevens, M. D. David Hosack, M. D. John B. Beck, M. D. Samuel Ackerly, M. D. Cyrus Perkins, M. D. David M. Reese, M. D. J. S. Searles, M. D. Wm. Anderson, M. D.

Also, the following extract of late certificate of Dr. Mott, of N. York: "For the last twelve months, the curative powers of Dr. Hull's Truss have been tested under my own observation with the most gratifying success in cases of great difficulty, in which the mutilated imitation Trusses so common in our market, had only aggravated the disease. Dr. Hull is an experienced surgeon, who has displayed not a little surgical skill and mechanical ingenuity in bringing this unrivalled instrument to its present state of perfection, rendering it, I know, the best I ever saw for securing, comforting and curing the ruptured patient, and is in my opinion, the only instrument of the kind that is entitled to patronage of the profession, and the confidence of the public. VALENTINE MOTT, M. D. Park Place, Feb. 20, 1834. Letters Patent of the United States have been granted to Dr. Hull for 14 years from the last improvement, dated July 5th 1833. A PLEASANT REMEDY FOR CORNS!

It has now been known for years, that the ALBION CORN PLASTER, AFFORDS immediate relief, and effects a certain cure for Corns. By its application according to accompanying directions, the Corn is softened, attenuated, and drawn out by the roots, without the least pain, or any of the trouble and danger attending the hazardous and inefficient practice of extracting the Corn by mere cutting. The following instances, from many others of a similar character, sufficiently attest to the superior efficacy of the Albion Corn Plaster: Mr. Farrar, of Boston, was a number of years distressed by a very painful Corn, had applied every thing recommended without effect, and was rendered a perfect cripple. On applying this Plaster he was perfectly cured of his Corn, and freed from his lameness. A Gentleman of Greenfield, was for years afflicted with a very painful Corn, and was cured by one box, after every other plaster had been tried to no purpose. Mr. Cutler, of Boston, was cured of a troublesome Corn by one box. CERTIFICATE.—To those afflicted with Corns on their feet, I do certify, that I have used the Albion Corn Plaster with complete success. Before I had used one box, it cured a Corn which had troubled me for many years. I make this public for the benefit of those afflicted with that painful complaint. (Signed,) WM. SHAW. Flushing, Long Island, Feb. 28. Price 50 cents a box, with directions.

DUMFRIES' REMEDY FOR THE PILES!

NEW CASE OF A CURE. BOSTON, November 24th. SIR the Pile Ointment and Electuary I lately had of you, has had an excellent effect. I have been troubled for years with the Piles, and have never found any remedy that would compare with yours. The late attack was a severe one, but the relief was almost immediate. I take great pleasure in communicating this to you, for the benefit of any who may be suffering under so painful a disease. Mr. KIDDER. T. H. The original letter may be seen at the Counting Room of the Proprietor. The Proprietor of this Medicine recommends it with the fullest confidence as one of the most valuable remedies yet discovered, for the cure of the painful and debilitating complaint of the Piles. He deems it unnecessary to publish any other than the foregoing testimonial in its favor. This remedy has more perfectly answered the purpose for which it is intended, than any other now in common use, and affords immediate and permanent relief, both from the disorder itself, and its accompanying symptoms of pain in the loins, vertigo, headache, loss of appetite, indigestion, and other marks of debility. The remedy is quite innocent, and may be administered to all ages and both sexes. Plain and ample directions, with a description of the complaint, accompany each package, which consists of two boxes, one containing an Ointment, and the other an Electuary. Price \$1 for both articles, or 50 cts. where but one only is wanted. The above valuable Medicines are prepared from the original MS. Recipe of the late Dr. W. T. Conway, by T. KIDDER, his immediate successor, and the sole proprietor, which with the other "Convey Medicines," is for sale at his Counting Room, No. 99, next door to J. Kidder's Drug Store, corner of Court and Hanover streets, near Concert Hall, Boston, and also by SAMUEL H. BUEHLER, Druggist, Gettysburg, Pa. Observe that none are genuine unless signed T. KIDDER, on the outside printed wrapper. A large discount made to Country Physicians, Traders, &c. June 3, 1834. 11-39

ESTATE OF JONAS BUSHEY, dec'd.

ALL persons indebted to the Estate of JONAS BUSHEY, late of Reading township, Adams county, Pa. deceased, are requested to come forward and make payment to the subscriber—and those having claims against said Estate, are also requested to present the same, properly authenticated, for settlement. A VALUABLE MEDICINE!

THE Proprietor confidently offers to the public what experience has proved to be one of the most efficacious compounds in the Materia Medica, for the cure of that class of distressing, dangerous and inveterate Diseases produced by an impure state of the blood, acrimony of the humors and vitiated habit of body, and usually exhibiting themselves in the various forms of Scrofula, Salt Rheum, Leprosy, St. Anthony's Fire, Freckles, White Swelling, Foul and obstinate Ulcers, Sore Legs and Eyes, Scald Head, and Venereal Taint, where Mercury has failed. DR. KELF'S BOTANICAL DROPS have, in a multitude of cases, cured those inveterate and deep-rooted complaints in their worst and most hopeless stages. The Drops are also given with success for violent eruptions after the measles; red blotches, festering eruptions and pimples on the face; and in connection with Dr. J. K. Linn's Liniment, they remove white swellings of the joints. The Scrofula, in its early stages, of more tumors behind the ears and under the chin, and swelling of the upper lip and nose, will not only quickly yield to this preparation, but scrofulous ulcers, which have spread to such an extent and depth, as to corrode the cartilages and affect the bones with caries, have been gradually and permanently healed, by the persevering administration of this powerful medicine, but the skin equal in countenance restored to its natural hue, the vitality re-established, and the whole system purified and invigorated. They are also the best Spring and Autumnal Physic. From many other proofs of the superior virtues of Dr. Kelf's Drops, the Proprietor selects the following INTERESTING CASES.

A Lady, to whom reference can be made, was for years afflicted with humors on her neck, accompanied with frequent itching eruptions and running sores. She had tried various remedies and had taken the best medical advice, but could get no permanent relief, and her case daily becoming worse, fears were entertained of a fatal termination of her complaint, when a friend providentially recommended the Botanical Drops, four bottles of which effected a complete cure, to the surprise and joy of herself and friends.

A Child of 8 years of age, had lost the use of his arms, one leg was almost crippled, hip dropped out of place, thigh and arms swollen and broke open in several places, and many of the sores had penetrated down to the bone. On taking these Drops he recovered the use of his limbs, the sores healed up, and he was restored to health, although the cure was not complete.

A young Man, near Boston, was reduced so low by eruptions and sores in various parts of his body, especially his neck and hands, weakness of the stomach, loss of appetite, general debility, and gradual decline of the whole system, so as to threaten an approaching Consumption. He was entirely cured, and restored to a fine state of health, by five or six bottles of these Drops.

A married Lady was for years afflicted with eruptions on the face, head, ears and various parts of the body, attended with violent itching, burning, &c. had tried many prescriptions without success, was confined to her room, and declined all company. She was cured by taking four bottles of these Drops.

A Lad belonging to Saugus, whose head was covered all over with sores and blotches, was wholly cured by a few bottles, after every other remedy had failed.

A Child five years old, had her face covered with a scab, various eruptions about the body, and was blind of both eyes. She was cured by taking five bottles.

A Correspondent writes thus: "I have had Ulcers on my legs so bad that I expected to lose the use of them, and could only walk on crutches; two pieces of bone came away from my right leg; after trying every thing else that I thought would allay my sufferings, on using three bottles, I found myself nearly well; the ulcers began to heal up and cease running."

A Gentleman writes, he had been sorely afflicted for ten years with Biles all over his body, and having tried all kinds of remedies without success, by the use of these Drops he was perfectly cured.

Another Gentleman writes: "I have been seriously afflicted with the Salt Rheum on my head, &c. and resorted to the use of many medicines, without affecting a cure, or doing any essential good, until I obtained some of your Botanical Drops, which, on using a short time, entirely cured me. I therefore recommend it to every person afflicted with this complaint."

"I was afflicted," writes a person, "for six years with intolerable burnings all over my body, a dreadful ulcer on my left leg, and every other day a return of headache. After taking one bottle I began to mend, and after a third, was perfectly cured; sixty-two pieces of bone came from my leg, mostly very small, the largest was two inches long."

Price \$1, or 5 bottles for \$5, with directions. Prepared from the original MS. Recipe of the late Dr. W. T. Conway, by T. KIDDER, his immediate successor and the sole proprietor, which with the other "Convey Medicines," is for sale at his Counting Room, No. 99, next door to J. Kidder's Drug Store, corner of Court and Hanover streets, near Concert Hall, Boston, for sale also by SAMUEL H. BUEHLER, Druggist, Gettysburg, Pa. Observe that none are genuine without the written signature of T. KIDDER, on the outside printed wrapper. A large discount made to those who buy to sell again. June 3, 1834. 11-39

POTTER'S CATHOLICON.

THE unrivalled and extensive reputation acquired by this Medicine for the last five years, both in Hospital and private practice, demands from the proprietor his grateful acknowledgments to a discerning public.

Potter's Vegetable Catholicon is offered for the cure of Diseases of the Liver, Ulcerated Sore Throat, Debility resulting from Intemperance and Dissipation, Scrofula or King's Evil, Old and Inveterate Ulcers, Pains in the Bones, Rheumatism, Dyspepsia or Indigestion, Diseases of the Lungs, Syphilis, Blotches on the Face and Skin, White Swelling of the Joints, Tetter, Mercurial diseases, Piles, &c. &c.

THE CATHOLICON consists exclusively of vegetable matter, and with a slight determination to the bowels, which it preserves in a soluble state, acts insensibly, is pleasant to the taste, and requires no particular regimen or confinement.

SALEM, Mass. Oct. 15, 1829. This may certify, that I, the subscriber, for the last ten years have been very much afflicted with Scrofula, and after repeatedly trying various medicines, and receiving advice from the most eminent physician, without effect, I was induced to purchase a few bottles of Potter's Vegetable Catholicon—have taken the same, and have been completely cured. After receiving such great benefit from this valuable medicine, I conceive myself in duty bound to make the same publicly known, that those suffering under like complaints may be apprised of its great efficacy.

THOMAS MELZERD. Signed in the presence of JONATHAN WEBB and JOHN S. HARRISON. Mr. W. W. POTTER, Sir—I here give you a statement of my cure. About four years ago I became afflicted with a complicated case of Scrofula and White Swelling; during that period I placed myself under the care of upwards of eighteen respectable physicians in Boston, Pittsburg, Albany, and thus place, but their prescriptions were in vain. My arm became useless, the elbow joint being very much enlarged, and so covered with ulcers, that my physician, fearing a mortification would take place, advised me to submit to amputation, but this very fortunately I rejected. On my back there was an ulcer as large as the palm of my hand, which became so painful that I despaired of ever being restored to health, or even getting relief. Having seen a similar case to my own, which was cured by your Catholicon, as the last resort I applied for it, and the happy result is, from its use for about three months, I am perfectly cured. JOHN HEALY.

WILMINGTON, (N. C.) May 22d. RHEUMATISM.

P. S. As it doubtless gives you pleasure to hear of the many cures which your medicine is daily performing, I will mention two other cases wherein complete cures resulted from its use, and which induced me to try it. The first is a case of an intimate friend of mine, an old gentleman about sixty years of age, who had the Rheumatism for a number of years past, part of the time confined to his bed; he took it merely through experiment, and was surprised to find himself entirely freed from his painful disorder by using only one bottle.

TETTER.

The other case was a severe Tetter, which covered both the patient's hands; he was an elderly man, and had the affliction for a long time; he was totally deprived of the use of them, his attendants being obliged to cut his food and help him to it. Two bottles effectually cured him. This case, as well as my own, are extensively known throughout the country, and will add much to the fame of your already popular medicine. Your well wisher, JEREMIAH NICHOLS.
