BOOKS FOR \$1 25.

THE thirteen numbers of WADDIE'S SELECT CIRCULATING LIBRARY, now issued for the year 1835, contain the following valuable and entertaining books, for the very small sum of \$1 25, with the additional advantage of being received in all parts of the Union by mail, at newspaper postage:

- 1. The Adventures of Japhet in Search of a Father, by the author of Peter Simple, &c.
2. Jennings Landscape Annual for 1835; the Fall of Granada, by Thomas Roscoe, Esq.
3. Letters and Essays in prose and verse, by Richard Sharp.
4. Barring Out, from the Life of a Sub-editor.
5. Antonio the Student of Padua.
6. The Fashionable Wife and Unfashionable Husband, by Mrs. Ogle.
7. Traditions of the American War of Independence.
8. Travels into Bokhara, and a Voyage on the Indus, by Lieutenant Barne.
9. The Siege of Vienna, an historical romance, by Madame Fiechter.
10. Travelling Troubles.
11. My Cousin Nicholas, a humorous tale, from Blackwood's Magazine.

Of the above works there is preparing, or prepared, for publication by the booksellers, Japhet, Sharp's Letters and Essays, Burnes's Travels, the Siege of Vienna, and My Cousin in Nicholas; these alone will cost purchasers more than a whole year's subscription to the Circulating Library, to consist of 54 numbers including two supplements, and in addition to this, the Journal of Bolles Letters, printed on the cover of the Library, contains, weekly, one fourth as much matter as the Library itself; thus forming the cheapest publication of even this cheap era of periodicals.

Waddie's Select Circulating Library having been long established in the good opinion of the public, and sustained as it is by an unprecedented amount of patronage, no fear on the part of subscribers can now be entertained that the publisher will not comply with his part of the engagement.

Subscriptions to the Library \$5 00 in advance, or in clubs of five, \$4 00 each. Waddie's Port Folio and Companion to the Select Circulating Library, commenced on the first of January, 1835, being a reprint of the best articles in the English magazines, combined with original matter, is supplied to clubs of five, at \$2 00 each, or to individual subscribers who take the Library, at \$2 50.

The Museum of Foreign Literature, Science, and Art, at \$6 00, or in clubs, at \$5 00, is published at the same office.

FOR FEMALES.

DR. RELFE'S AROMATIC PILLS HAVE been long celebrated as a most valuable and efficacious remedy against those general complaints peculiar to the female portion of society. They cleanse, purify and promote a free and brisk circulation of the blood, when become sluggish and languid from the afflicting ailments for which these Pills are a safe and effectual specific.

They assist the suspended operations of the sanguiferous system, when nature requires it, and rectify the irregular habits of the unhealthy female whose sickly and palid countenance becomes re-animated, and freshness with the natural glow of restored health. They are a tried and approved remedy in obstructions, debility, hypochondria, green sickness, giddiness, palpitation of the heart, bad digestion, loathing of food, pains of the stomach, shortness of breath, upon every little motion, sinking of the spirits, and its consequence, a dejected countenance and dislike for exercise and conversation. They are equally conducive to the health of married ladies, except in cases of pregnancy, or hectic and consumptive habits, when they must not be taken. But they may be administered to great advantage a month or more after accouchment, for the purpose of cleansing the system and purging those gross humours, which, when retained, lay the foundation of numerous diseases, and render the incautious subject unhealthy for life.

They should also be taken by all women from 45 to 50, to prevent the dangerous disorders consequent upon that critical period of female life. They have been further found, by experience, to afford a powerful remedy in all hypochondria, hysteric and vapourish disorders, both in men and women, whose nervous system they strengthen and regulate, and nature in throwing off those gross and superabundant humours which produce melancholy and depression of spirits, renovate the body, re-animate the mind, and diffuse a general cheerfulness and elasticity throughout the whole system. Price \$1 50 a box; with directions.

The above valuable Medicines are prepared from the original MS. Recipe of the late Dr. W. T. Conway, by T. KIDDER, his immediate successor, and the sole proprietor. PARLEY'S MAGAZINE.

THE unexampled success of this Juvenile Work, which now circulates in every State and Territory of the Union, has encouraged the publisher to renewed exertions in making it all that judicious parents and teachers could reasonably expect for the amusement and instruction of youth. Whatever can be devised to improve the style and beauty of the work, and more especially to make it useful, shall be constantly introduced.

A finer paper will be used, and each number will be stitched in a beautiful cover. It is introduced to remark, that this Magazine has become a great favorite, and judicious parents and teachers have discovered that its interesting matter, and its spirited and appropriate engravings, added to the circumstance of its coming every fortnight fresh from the press, in convenient and beautiful numbers, conspire to render it unusually attractive to young readers. It is read with avidity and pleasure, and the object of education, so far as it relates to understanding what is read, and acquiring at the same time valuable knowledge and an enduring taste for reading, is better accomplished by this interesting periodical, than by any other means hitherto attempted.

Teachers uniformly recommend its use and importance in the most unequivocal manner, and are anxious to procure it for their pupils. The introduction of Juvenile Music into the work will, it is believed, be to parents and teachers, one of its highest possible commendations. To render this in the greatest degree useful and acceptable, we have secured the aid of one of the most distinguished masters of the art. Some of the early numbers of the third volume will contain a careful description of the most approved method of teaching the science, giving illustrations, &c. &c.

To those who are yet unacquainted with Parley's Magazine, some of the interesting topics that it presents, are briefly stated: I. Natural History.—Of beasts, birds, fishes, reptiles, insects; plants, flowers, trees; the human frame, &c. II. Biography.—Especially of youth.

III. Geography.—Accounts of places, manners, customs, &c. IV. Voyages.—Particularly of our own country. V. Histories.—Travels in various parts of the world. VI. Lively descriptions of the curiosities of Nature and Art.

VII. Juvenile Music and Poetry.—Both adapted to the youthful feelings and capacity. VIII. Lessons on objects that daily surround Children in the Parlor, Garden, Nursery, &c. IX. Duties of Youth—to parents, teachers, brothers, sisters, &c. X. Bible Lessons and Stories. XI. Narratives.—Such as are well authenticated.—Original Tales. XII. Fables, Fables, and Proverbs, where the moral is obvious and good.

Many of the subjects are illustrated by beautiful engravings, selected not only with a view to adorn the work, but to improve the taste, cultivate the mind, and raise the affections. We would make better children, better brothers, better sisters, better associates, and, in the end, better citizens.

A Publishing House will be established in N. York, Philadelphia and Baltimore, and the Magazine will be published in each city simultaneously; and the proprietors have much confidence in believing that their arrangements are such as will give satisfaction. The work being stereotyped, the two volumes issued can be had when desired at subscription price, in four parts; and can be sent per mail at the same rate as the numbers. Each volume may be obtained of the principal Booksellers, neatly bound in full cloth, for \$1.

Those Subscribers who have paid for the first or second volume, and have not received all the numbers, can be supplied free of charge on application to the subscriber, post paid. Subscribers can have this volume neatly bound for 25 cents, on application to the Publisher.

The volume will be divided into four parts as heretofore, and the title page will be given at the end of each part, and at the close of the volume a beautiful Frontispiece and Title Page, with full Table of Contents for the whole.

Those who may prefer the Magazine in quarterly parts, neatly put up with cloth backs, can be accommodated at the same price and at the same rate of postage. TERMS.—One Dollar a year, in advance; six copies for \$5. Postage three quarters of a cent if under 100 miles, one cent and a quarter only for the greatest distance.

SWAIN'S PANACEA.

Copy of a letter from William L. Hirst, Esq. Attorney at Law, No. 63 South Seventh street, Philadelphia. PHILADELPHIA, Feb. 1835.

Dear Sir, Your "Panacea" has accomplished a cure so remarkable, that I feel bound to certify it. My brother Lucas, about three years since, was afflicted with a severe attack of scrofula. His head was completely covered with ulcers, so thick and close that they grew one over the other; and his face and body were covered also with numerous sores; he was under the most judicious medical treatment for nine months, without the least amendment, growing worse daily, and every variety of remedy was used, according to the regular practice of medicine. It was at a time when he was looked upon as incurable, that I resolved to procure your "Panacea" for him. The effect was quite wonderful. Without any change of his customary diet, three bottles, and about one half of the fourth, restored him to perfect health. It is now two years since he was cured; he remains well, and is as hearty and robust as any boy of his age in this city.

Yours respectfully, W. L. HIRST. Mr. Wm. Swain.

The above medicine can be had at the Drug Store of Dr. J. GILBERT. Gettysburg, March 31, 1835. 4t-52

THE PEOPLE'S AND PENNY MAGAZINE.

Consisting of the American People's Magazine, united with the Penny Magazine of the London Society for the Diffusion of Useful Knowledge.

THE present publishers of the People's Magazine, being desirous of improving its character, and rendering it more deserving of the extensive patronage which it has received, have resolved on enlarging its size, by uniting with it the London Penny Magazine, which they propose to republish entire, and without alteration. The general excellence and high reputation of the Penny Magazine, which is published under the patronage of the British Society for the Diffusion of Useful Knowledge, and of which 200,000 copies are sold in Great Britain, have induced the publishers of the People's Magazine to adopt the course, as that in which they can best promote the interest and meet the wishes of their numerous readers. The articles contained in that work are not all equally adapted to the wants and the taste of the American reader; yet few of them can be rejected as undeserving attention even on this side of the Atlantic. Few of them are on subjects of mere local interest—politics are excluded—and discussions of doubtful and disputed questions are rarely introduced. The most prominent and striking points of Natural History—accounts of the Great Works of Art in Sculpture and Painting—descriptions of such Antiquities as possess historical interest—personal Narratives of Travellers—Biography of men who have had a permanent influence on the condition of the world—established Facts in Statistics and Political Economy—and other subjects of a like general interest, accompanied with a great number of Engravings, to illustrate almost every variety of subjects.

These subjects, however, are of course selected with reference to the condition and taste of the English reader. As a work to be presented to an American reader, as a general repository of information and entertainment, in the most important and useful branches of knowledge, it may be rendered more complete on many of the subjects of the highest interest, by the addition proposed. Facts and events relating to this country—discoveries and improvements of American origin, and subjects arising out of our peculiar institutions and state of society, must necessarily be, in a great measure, excluded from a magazine particularly adapted to the use of the people of Great Britain. These deficiencies it is the intention of the publishers to supply in the People's Magazine, and this department of the work, consisting chiefly of original articles, will be specially designed as a companion to the Penny Magazine, with a view of adapting it more fully to the situation and wants of the American reader. It will take cognizance of subjects of Natural History, originating on this continent, and particularly in our own country—incidents in American History, American Biography, descriptions of our great works of Public Improvements, striking specimens of American Architecture, and useful discoveries of domestic origin. This portion of the work will be prepared with care, that it may be worthy of being received as a companion to the popular work with which it is now united.

The People's and Penny Magazine will be illustrated with highly finished wood engravings, and issued in monthly numbers, containing 64 pages each—the twelve numbers equal to 2300 pages; common octavo. Each number will be published simultaneously at Boston, New York, Philadelphia and Baltimore.

The People's Magazine will also be issued separately from the Penny, in monthly numbers, of double the number of pages contained in the present numbers, colored and improved, and each number neatly put up in a strong cover.

The first number of the People's will be issued on the 1st of April next, and it is intended to issue the twelve numbers in such intervals, as to complete the volume by the 1st of January next.

The first number of the Penny, commencing with a late number of the London edition, and with a regular volume, will be issued in connection with the People's, commencing with No. 1, on the 1st of May next, and the succeeding numbers will appear at intervals, so as to complete the volume of twelve numbers, by the 1st of January next. The Penny Magazine may be obtained separately from the People's.

A Specimen of the PENNY MAGAZINE is given with No. 26 of the People's. Either, or all the previous numbers of both works, supplied at subscription price.

Subscribers to the PEOPLE'S MAGAZINE, who have paid the publishers, and have not received all the numbers due, can be supplied free of charge, on application to them, post paid. Also, all those persons who subscribed and paid the agents in Cincinnati, for the first volume, or any authorized agent, for either volume, shall be supplied with all the deficiencies, on application to the publishers, enclosing a remittance for the third volume, post paid.

TERMS.—For the People's and Penny Magazines together, five dollars and fifty cents for twelve months numbers, put up in beautiful style. For the People's only, as described above, one dollar. For the Penny only, as described above, one dollar and fifty cents.

Payments in all cases in advance, or the most undoubted reference. SAMUEL COLMAN, Successor to Lilly, Wait & Co. Boston, March 31, 1835. 3t-53

A SUPPLEMENT To the act relating to county rates and levies, and township rates and levies, and to the act relating to counties and townships, and county and township officers.

SECTION 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, That the commissioners of the several counties shall have power to appoint collectors of taxes, without requiring the bond, or mortgage, or other security directed by the nineteenth section of the act "relating to county rates and levies, and township rates and levies." Provided, That the person so appointed shall own a freehold estate, which, in the opinion of said commissioners, shall be a sufficient security for the faithful performance of his duties as collector.

SECTION 2. If any person appointed collector, from whom security shall not be required, or if any assessor shall refuse to serve he shall forfeit and pay the sum of twenty dollars, to be recovered before a justice of the peace, or alderman, at the suit of the commissioners, as debts of similar amount are now recoverable: Provided, That no person who shall have served as collector or assessor, shall be appointed or chosen for a second term, without his consent, for the term of ten years.

SECTION 4. It shall be the duty of the clerk of the commissioners to enter the names of the collectors, and the amount of their respective duplicates, on the minutes of the office, and to furnish the county treasurer with a copy thereof; and the twenty-second section of the act to which this is a supplement is hereby repealed.

SECTION 5. No person shall be appointed collector of county rates and levies, who shall not have paid over the whole amount of his former duplicates.

And it shall be the duty of the electors of every township annually to elect two supervisors, who shall serve for one year, and shall perform the duties and be subject to the responsibilities provided by the act to which this section is a supplement.

SECTION 9.
