TO THE PUBLIC. "Who steals my purse, steals trash; But he who filches from me my good name, Robs me of that which not enriches him, And makes me poor indeed."

SLANDEROUS reports have got into circulation, through some ill designing persons, for the purpose of injuring me in my profession. One of their diabolical plans was as follows: Sometime since, the family of Mr. John Wolf, residing near the mountain, in Cumberland county, became afflicted, and two of his children fell victims within the short space of 12 hours of each other, under the care of a certain Hiram Metcalf, who professes to be a physician. News immediately were circulated, that I was the attending physician in the first instance, and pronounced the children incurable; after which, Metcalf attended a few days, when they died. I now publish to the world, that Metcalf was called when they were first attacked—that I never attended the children, and that the circulators to the contrary, are base calumniators and destitute of truth.

NOVEL MODE OF CLUBBING. WALDIE'S LIBRARY, PORT FOLIO AND MUSEUM.

AS the publications now issued from the office of the "SELECT CIRCULATING LIBRARY" are of a highly popular cast, and of a character to be appreciated by the educated portions of the community, and to circulate every where, by concert with the proprietor of the Museum, that work, the Port Folio and Library, are offered to those who take the three on the following conditions, viz:—

- 1. The Museum, Port Folio and Library, if paid for in advance and addressed to the same individual, whether in town or country, will be supplied for \$12 00, thus enabling every individual to benefit by the clubbing system, without the necessity of applying to others. Those who have made a payment for the current year to either of the works, of whatever amount, will be privileged to avail themselves of this arrangement, by paying the balance—thus
- 2. Those who have paid or now pay \$5 for the Library, shall receive the Museum and Port Folio, the price of which separately is \$9, on the payment of \$7.
- 3. Those who have paid or now pay \$6 for the Museum, shall receive the Library and Port Folio, the price of which is separately \$9, on the payment of \$6.
- 4. Those who have paid or now pay \$12 for the whole, shall receive the Library and Museum, will be sent to the same address on the payment of \$10.

REMARKS.—Three works thus issued together, comprise a greater amount of current literature of the age, than is issued in a periodical form from any other office in the United States, and will, the proprietor believes, with the addition of a good newspaper, supply to families all the advantages which could be furnished in a most extensive reading room in one of our Atlantic cities. In the Library the newest and best books are regularly published; in the Museum and Port Folio it has been found by experience that every thing we could wish to copy from the entire British literary periodicals, omitted mostly the political articles, can be rapidly issued. These publications embrace so much that is desirable to be known, and are so generally perused in the best circles in America, that to be without either is to drop a link in the literary chain. They are all under the control of one mind, and therefore the reader will very rarely indeed be compelled to pay for the same matter twice, as they are independent of each other, complete in themselves, and free in general from any repetitions of the same articles.

These views the proprietor respectfully throws out for the consideration of the friends of sound and wholesome literature. ADAM WALDIE, 207 Chestnut street, Philadelphia. May 25, 1835. 3t-8

Cheap Books—The Washington Library.

UNDER this title, the undersigned publishes in monthly numbers of from two to three hundred pages, a reprint of the most choice and interesting Novels, Tales, Travels, Biography, or whatever valuable or interesting may offer in the literary world.—The Library is a periodical pamphlet; and as such subject to pamphlet postage only, which enables distant subscribers to receive it through the mail, after paying the postage, at about one half the price of novels published in the ordinary way. Arrangements are made with an agent in London, through whom copies of such books as are suited for this work are sent immediately after they issue from the British press; and these and the whole range of novels, tales, travels, biography and poetry, open a field so wide as to furnish ample materials.

The advantage which this plan has over any other mode of publication is, that it gives an entire book as cheap a rate as the common newspaper editions. To defray the expenses, however, will require a large subscription.

THE LIBRARY is published monthly at the rate of Five Dollars per annum, payable in advance. A liberal discount will be given to Booksellers or agents.

Washington City, 1835. DUFF GREEN.

P. S. The two numbers issued contain Manzoni's celebrated Italian novel, the "PROGRESS SPIRIT" translated for the work, and the "CAPTIVES IN INDIA," a new work by Miss Hoffman. Both are full of interesting and instructive incidents.

DR. HULL'S RECENTLY IMPROVED TRUSS.

The distinguished surgeons and medical faculty of the cities generally, and elsewhere, have come to the conclusion that this Truss, in its present improved state, is the only instrument surgically adapted to the disease of Rupture—the only one that patients can rely upon for the safe retention of the bowels and the final cure of the disease.

In confirmation of which the following names of distinguished medical gentlemen of New York city, with many others, have expressed a decided preference for this instrument, are respectfully added:

- Valentine Mott, M. D. George Beake, M. D. A. A. Stevens, M. D. David Hoag, M. D. John B. Beck, M. D. Samuel Ackery, M. D. Cyrus Perkins, M. D. David M. Reese, M. D. John Stearns, M. D. Wm. Anderson, M. D.

Also, the following extract of a late certificate of Dr. Mott, of New York: "For the last twelve months, the curative powers of Dr. Hull's Truss have been tested under my own observation with the most gratifying success in cases of great difficulty, in which the mutilated imitation Trusses so common in our market, had only aggravated the disease. Dr. Hull is an experienced surgeon, who has displayed not a little surgical skill and mechanical ingenuity in bringing this unrivaled instrument to its present state of perfection, rendering it, I know, the best I ever saw for securing, comforting and curing the ruptured patient, and is in my opinion, the only instrument of the kind that is entitled to patronage of the profession, and the confidence of the people.

VALENTINE MOTT, M. D. Park Place, Feb. 20, 1834.

Letters Patent of the United States have been granted to Dr. Hull for 14 years from the last improvement, dated July 5th, 1833. For sale at the Drug Store of Dr. J. GILBERT, Gettysburg. May 11, 1835. 1f-6

Cheap, Indispensable Law Books.

The Jurist. THIS work is published at Washington City, edited by Judge Cranch, assisted by R. Dawes, Esq. in parts of 256 pages each.

Part I, contains the opinions of the Supreme Court U. S. from August term 1791, to February term, 1799. Part II, contains Lord Raymond's Reports.

Part III, contains 250 pages of cases decided in King's Bench, Common Pleas, and Chancery in England, commencing in Easter term, 1833.

Part IV, contains the opinions of the Supreme Court U. S. for January term, 1834 in 323 pages.

As many members of the bar have already purchased some of the works which are to be re-printed in the JURIST, the publisher proposes to class them in four series, so that subscribers make take one or all.

This series, No. 1, will contain a report of the decisions of the Supreme Court, which by an act of the late Congress, are hereafter to be recorded; the current opinions of this and subsequent terms will be prepared for the press by Richard S. Coxe, Esq. and instead of being detained six months, will appear immediately after the adjournment of the court, (and instead of costing as heretofore from five to ten dollars per session, when taken as part of the Jurist will not cost more than from eighty cents to one dollar and fifty cents.)

Condensed reports of the previous terms, and the reports of cases decided in the Court of King's Bench, Common Pleas, Exchequer, Nisi Prius, and Parliamentary cases, edited by Judge Cranch, assisted by Rufus Dawes, Esq. The Term Reports are published in periodical form in England, and sent to us by an agent in London; these will always have precedence, but it is intended to give the entire reports running down to the earliest dates. The Jurist is published in monthly numbers of 256 pages, thirteen of which are given for Ten Dollars. The Jurist has already received a subscription which warrants its continuance.

The second series contains a report of chancery cases, giving a preference to the latest, and running down to the earliest dates. The third series will consist of a report of the state trials and crown cases.

The fourth series consists of the Laws of the United States, by Aaron O. Dayton. Each series will consist of thirteen numbers of 256 pages per annum, at the rate of Ten Dollars. Subscribers may take all or either of them.

It will thus be seen that this work will give to subscribers, at a rate much below that at which such works have heretofore been sold, Law Books indispensable to the profession; and that members of the bar who reside in the interior, will have the advantage of receiving them by mail, so as to put them in possession of the latest decisions in this country and in England immediately after they are delivered. The publisher gives an assurance that the work will be hereafter regularly issued, and takes the liberty to refer those who reside in the large cities to his agents, through whom the numbers can be received, free of postage.

CARMINATIVE BALSAM AND HEALTH RESTORATIVE.

In the Malignant, Spasmodic, or Asiatic, Cholera, Cholera Morbus, Diarrhoea, or Looseness, Dysentery, Sick or Nervous Head-Ache, Cholera Infantum, or Summer Complaint, Colic, Cramps, Sour Stomach, &c. &c.

TO THE PUBLIC. THIS medicine has been before the public for three or four years past and has acquired probably a greater degree of popularity, than any article ever before introduced into general use. It contains no noxious article, nor mineral or metallic substance and is carefully compounded so as to always be of uniform strength and consistency.

It will keep good for years and grows more pleasant by age. Children are generally very fond of it, and none will refuse to take it. It is so well adapted to the various complaints of children, that every family should always keep it in their houses, as most families who have used it, now do.—Sailors and travelling persons should always carry it with them.

This medicine is put up in round brass moulded vials of two and four ounces each, with the words "DR. D. JAYNE'S CARMINATIVE BALSAM" blown on them, and the signature of D. Jayne to the bottom of each direction—none others are genuine.

This medicine is not recommended as a "Panacea" to cure all diseases to which "slip is heir to" but as a remedy in Diarrhoea. The beginning and latter stages of Dysentery, Cholera Morbus, the Spasmodic or Malignant Cholera, Cramps, Cholitis, Sick and nervous Headache. For the Summer Complaint or Cholera of children it is unrivalled by any other combination of medicine ever used. It has repeatedly effected cures, when every other means had failed, aided by the attendance and skill of the ablest physicians, that could be procured.—Obstinate Diarrhoeas of years standing, have been removed by the use of a few bottles of this violent Dysenteries arrested and Cholera Miribus cured. The Spasms attending the Malignant Cholera have always been suppressed in from one to three minutes time, and that much dreaded and fatal disease repeatedly cured without the aid of any other article of medicine. In fact its power over spasmodic diseases of every kind seem to be absolute as it has never yet been known to fail of giving relief in a single instance.—Griping pains, tormina and tenesmus Cholitis, Cramps &c. are also soon removed by it. Hundreds of females and sedentary persons can attest to its superior excellence in sick and nervous Headaches as two or three teaspoonfuls generally gives them relief in the course of half an hour.

Children laboring under the Summer Complaint, have been cured in a short time after all known remedies had failed—those who have been so extremely emaciated

that their bones almost protruded through their skins, and all hope of recovery abandoned, by all who saw them, have by a few weeks use of this medicine been restored to perfect health.

CERTIFICATES.

Certificate from Dr. William Bacon, Pastor of the Baptist Church at Pittsgrove, Salem Co., N. J. Having been made acquainted with the ingredients composing Dr. Jayne's Carminative Balsam, I believe it to be a very happy combination, and a useful medicine in many complaints which most constantly occur in our country, such as Bowel Affections of children, Cholera, Cramps, Looseness, Dyspeptic Disorders of the Stomach, Coughs, and Affections of the Breast, together with all those diseases attended with Sourness of the Stomach; and believe that the regular physician will often find it a useful remedy in his hands, and one that is proper for domestic use, and can be put into the hands of persons at large with safety.

WM. BACON, M. D. Pittsgrove, Salem Co. N. J. May 4th, 1831.

Certificate from Dr. Wm. Steeling. This may certify that I have used Dr. Jayne's Carminative Balsam very extensively in Bowel Complaints, and have not the least hesitation in declaring it superior to any preparation that I have met with, for the relief of those diseases.

WILLIAM STEELING, M. D. Bridgeton, July 19th, 1831.

From Dr. M. L. Knapp, late Physician to the Baltimore Dispensary, and Agent for the Maryland Vaccine Institution. Baltimore, March 27th, 1833.

Dr. JAYNE—Dear Sir.—You ask me what proofs I meet with of the efficacy of your medicine. I can safely say that I never prescribed a medicine for Bowel Complaints that has given me so much satisfaction, and my patients so speedy, and perfect relief as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again, like a charm, and give permanent relief in a few hours, I may say in a few minutes. In fact, it is a valuable medicine, and no family should be without it.

Respectfully, M. L. KNAPP, M. D.

From Dr. L. Lawrence. Cedarville, Oct. 9th, 1832.

Dr. D. JAYNE—Dear Sir.—The curative powers of your Carminative Balsam appear to be fairly established in all Bowel Complaints, &c.; and from the experience I have had with the medicine, I am disposed to think very favorably of it. I have lately tried it on one of my children, who was severely afflicted, and with complete success, without the use of any other medicine. So far as my practice has extended, I think it a desideratum in medicine, especially among children, who are apt to be affected with it, and which every practitioner in medicine has found to be a very troublesome disease. Respectfully,

LEONARD LAWRENCE, M. D.

From Dr. Charles Hammond. Loeburg, Va. Oct. 5th, 1834.

Dr. JAYNE—Dear Sir.—I have made use of the Carminative Balsam prepared by you for Complaints of the Bowels, with complete success in every case, and I do not hesitate to recommend it to the patronage of the public as a medicine, worthy of their particular notice.

CHARLES HAMMOND.

From the Rev. Charles J. Hopkins, Pastor of the Baptist Church at Salem, N. J. Salem N. J. Jan. 7th, 1835.

Dr. JAYNE—Dear Sir.—Understanding you were about to publish certificates respecting your valuable Carminative Balsam, I thought it would be of any service to you, I would wish to bear a public testimony in its favor; as we have proved its excellency very frequently in our family, and also administered it to our friends, who have visited us, and always found it gave them speedy relief.

Yours respectfully, CHARLES J. HOPKINS.

Carpenter's Compound Fluid Extract of BUCHU.

FOR diseases of the bladder, obstructions of urine, &c. &c. The Buchu leaves have been highly recommended for diseases of the bladder, by some of the most distinguished physicians of Europe. "A variety of remedies have been advised (says Doctor M'Dowell) for chronic inflammation of the bladder: most of them I have repeatedly tried with little or no effect, beyond that of being in some degree palliative. The Compound Buchu having been lately strongly recommended, I was induced to make trial of it, and my experiments have resulted in the satisfactory manner, having succeeded in saving the most inveterate cases, in which I had no hope of success."

The above medicine has been frequently prescribed by, and found to answer the fullest expectations of the principal physicians of the cities.

CARPENTER'S SOLUTION OF IODOBROM.

FOR the cure of cancerous ulcers, old sores, tetter, ring worms, and will immediately stop bleeding from fresh wounds bleeding at the nose &c.

It is also an excellent water to arrest the decay of teeth. It is recommended also very highly in Europe for relieving tooth-ache. This new and valuable article, which has acquired so much celebrity in Europe, has lately been imported from Germany, and introduced to the attention of the faculty of the United States, and it has already received their approbation—and is used to considerable extent in the cities, with the most flattering and encouraging success.—It was introduced in all the hospitals of Germany as a remedy. First for all fresh wounds—stopping bleeding instantly. Second for all sores, even gangrenous: likewise cancers, for which there was hitherto no remedy known. Third for hemorrhages, spitting of blood, &c. Fourth for preventing and curing scurvy, &c.

Just received from the ware-house of G. W. Carpenter and for sale at the Drug Store of Dr. J. GILBERT. Gettysburg, May 11, 1835. 1f-6

THIS mild and efficacious remedy possesses many advantages over other remedies usually employed for diseases of children. It has been found beneficial in the following diseases—Pains in the stomach and bowels, cholera, griping, restlessness, &c. &c. It is prepared from vegetables only. AN ACT To provide for calling a Convention with limited powers.

SECTION 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same, That for the purpose of ascertaining the sense of the Citizens of this Commonwealth, on the expediency of calling a Convention of delegates, to be elected by the people, with authority to submit amendments of the State Constitution to a vote of the people, for their ratification or rejection, and with no other or greater powers whatsoever. It shall be the duty of each of the inspectors of votes for the several townships, wards and districts in this Commonwealth, at the next general election, to receive tickets, either written or printed, from the citizens thereof, qualified to vote at such general election, and to deposit them in a proper box or boxes, to be for that purpose provided by the proper officers, which tickets shall be labelled on the outside with the word "CONVENTION;" and those who are favorable to a Convention, to be elected as aforesaid with limited powers, as aforesaid, may express their desire by voting, each one written or printed ticket, or ballot, containing the words "For a Convention, to submit its proceedings to a vote of the people;" and those who are opposed to such Convention, may express their opposition by voting, each one printed or written ticket, or ballot, containing the words "Against a Convention;" and all tickets containing the words "For a Convention," and all containing the words "Against a Convention," shall be counted and returned, whether other words be or be not added.

SECTION 2. The said election shall, in all respects, be conducted as the general elections of this Commonwealth are now conducted, and it shall be the duty of the return Judges of the respective counties thereof, first having carefully ascertained the number of votes given for or against the calling of a Convention, in the manner aforesaid, to make out duplicate returns thereof, expressed in words, at length, and not in figures, only one of which returns so made out, shall be lodged in the Prothonotary's office of the proper county, and the other sealed and directed to the Speaker of the Senate, which shall be, by one of the said Judges, delivered to the Sheriff, with the other returns, required by law to be transmitted to the Secretary of the Commonwealth, whose duty it shall be to transmit the same therewith, and the Speaker of the Senate shall open and publish the same, in the presence of the members of the two Houses of the Legislature, on the second Tuesday of December next.

SECTION 3. It shall be the duty of the Secretary of the Commonwealth, to transmit a copy of this act to the Commissioners of each county in the State, who, on receipt of the same, shall publish it, at the expense of the county, at least once a week, for six successive weeks, in two or more newspapers, printed in the said county; and the Sheriff of each county, in the proclamation to be by him published of the holding of the next general election, shall give notice, that votes will be given for or against the calling of a Convention, as aforesaid.

JAMES THOMPSON, Speaker of the House of Representatives. THOMAS S. CUNNINGHAM, Speaker of the Senate. Approved—The 14th day of April, 1835. GEO. WOLF.

SECRETARY'S OFFICE, HARRISBURG, April 17, 1835.

THIS IS TO CERTIFY, that the above is a true copy of the original law remaining on file and of record in the said office.

Witness my hand and the seal of said office the day and year aforesaid. JAMES TRIMBLE, Deputy Secretary of the Commonwealth.

COMMISSIONERS OFFICE, ADAMS Co. Gettysburg, April 28, 1835.
