# Washington City, 1835. CARMINATIVE BALSAM

THEALTH RESTORATIVE, In the Malignant, Spasmodic for Asiatic, Cholera, Cholera Morbus, Diarrhoea or Looseness, Dysentery, Sick or Nervous Head-Ache, Cholera Infantum or Summer Complaint, Cholics, Cramps, Sour Stomachs, &c. &c.

TO THE PUBLIC. THIS medicine has been before the pubic for three or four years past and has acquired probably a greater degree of popularity, than any article ever before introducarticle, nor mineral or metallic substance and is carefully compounded so as to always

be of uniform strength and consistency. It will keep good for years and grown more pleasant by age. Children are generally very fond of it, and none will refuse to take it. It is so well adapted to the various complaints of children, that every family should always keep it in their houses, as most families who have used it, now do.-Sailors and travelling persons should always carry it with them.

This medicine is put up in round brass moulded vials of two and four ounces each, with the words "Dr. D. JAYNE'S CARMI-NATIVE BALSAM" blown on them, and the written signature of D. Jayne to the bottom of each direction-none others are genuine.

This medicine is not recommended as a

Certificate from Dr. William Bacon, Pastor of the Baptist Church at Pittsgrove, Salem Co., N. J. Having been made acquainted with the ingrelients composing Dr. Jayne's Carminative Balsum, I believe it to be a very happy combination, ind a useful medicine in many complaints which almost constantly occur in our country, such as Bowel Affections of children, Cholic, Cramps, coseness, Dyspeptic Disorders of the Stomach, loughs, and Affections of the Breast, together with all those diseases attended with Sourness of the Stomach; and believe that the regular physician will often find it a usoful remody in his hands, and one that is proper for domestic use, and can be put into the hands of persons at large with safety.

I can sately say that I never prescribed a medicine for Bowel Complaints that has given me so much satisfaction, and my patients so speedy and perfect relief as this. Whenever introduced into a tamily, it becomes a standing remedy for those ilments, and is called for again and again; which I think a pretty good proof of its efficacy and usefulness. In the Summer Complaint of children, it has frequently appeared to snatch the little victims, as it were, from the grave. "It saved the lite of my child, and of such and such a child," I have repeatedly heard said. In dysonteric affections of adults, I have time and again scon it act like a charm, and give permanent relief in a few hours, I may say in a few minutes. In fine, it is

From Dr. L. Lawrence. Cedarville, Oct 9th, 1832. Dr. D. JAYNE-Dear Sir .- The curative powers of your Carminative Balsam appears to be fairly established in all Bowel Complaints, &c.; and from the experience I have had with the medicine, I am disposed to think very favorably of it. I have lately ried it on one of my children, who was severely handled, and with complete success,

without the use of any other medicine. So far as my practice has extended, I think it a desideratum in medicine, especially among children, who are apt to be affected this way; and which every practitioner in medicino has found to be a very troublesome disease.
