PRINTERS PROVERBS.—Pay thou thy printer in the day that thou owest him that the evil day may be afar off, lest the good man of the law send thee thy bill.—GREENING!

Remember him of the quill, and the little devils around him, and when thou weddest thy daughter to the man of her choice, send thou unto him a beautiful slice from the bridal loaf.

Borrow not that for which thy neighbor hath paid; but go and buy for thyself of him who hath to sell.

Thou shalt not read thy neighbor's paper, nor molest him in the peaceful possession of it, lest thou standest condemned in the sight of him who drivest the quill, and thy character be hawked about by poor children.

PRENTICE AGAIN—Good.—Prentice, of the Louisville Journal, who has been applying his canonic so unsparingly for the last two or three weeks, to some of the "Fresh from the People" boys, has the following "good" on.—"There is more in it, than one would think for."

As President Jackson intends to call out the U. States troops against Ohio, we advise him to entrust the command of them to Mr. Van Buren. The Magician is sadly in want of a little military renown. If he can take Gen. Harrison's scalp by his own personal prowess, he will no doubt be President of the United States.

The Magician will never attempt such an exploit. "His voice is not for war," at least it was not in 1812 when Gen. Harrison was defending his country, from British and Indian aggression. Yes, this same Mr. Van Buren, who now modestly asks the people to make him their President, who at that time when our country was invaded, and her Capitol afterwards, burnt to its foundations, supported the "peace candidate," in opposition to James Madison, the defender of the war, and the ablest expositor of the Constitution. It is a pretty joke, to be sure,—but no tricks upon travellers my dear sir, it will be only when you take the scalp of Gen. Harrison, by your own personal prowess, that you will be President of the United States. This is a deserved compliment, that augurs well for the Peoples' candidate, coming as it does from one of the ablest Whig papers in Kentucky. We have no doubt, that the Journal will be soon found "side by side" with us, in the cause of our rights and of the Country. It would be itself a host.—Carlisle Herald.

PENNSYLVANIA CANAL.—We learn from the Harrisburg Chronicle that a breach was made in the embankment of the Canal, immediately above Highshire, a few miles below that borough, on Sunday week, which had been occasioned by the great fall of rain, in that vicinity. There was a strong force occupied in the work, and it was expected that the breach would be repaired in a few days.

FIRE.—We learn from New Orleans papers, that a fire broke out in the Cotton Press of Freehand & Beall, on Magazine street, in that city, on the night of the 1st inst., which raged with great fury and did considerable injury to that and the dwelling of Mr. Beall adjoining, before it could be got under. About 100 bales of cotton and 20 hides. tobacco were burnt. The loss is estimated at near 3,000 dollars.

BURNING.—M. Gay Lussac first made known that the most inflammable materials, when steeped in phosphate of ammonia, will not take fire.

DEATH BY DROWNING.—The Zanesville (Ohio) Republican states that two Germans, a man and boy, in attempting to cross the river, just above the dam, near that town, on the 8th inst., were carried down over the dam and drowned. The man had lately emigrated to this country, and has left a family to lament his sudden loss.

BEDFORD SPRINGS.—A letter from a Baltimorean, now on a visit to this delightful watering place, speaks in warm terms of the excellent manner in which the hotel at the Springs is kept by the new occupant, Mr. Brown. A well furnished table, clean and comfortable chambers—in fact, every thing which can conduce to the enjoyment of his visitors, is provided without stint by Mr. B.

VETERANS.—Forty Revolutionary soldiers dined on the 4th at the City Hotel in Providence, as guests of the city authorities. The oldest aged 88, youngest 65. United ages of the forty, 3043 years.

TO THE PUBLIC. I HAVE ever held it to be the duty of a Patriot to obey the will and wishes of the People, whenever properly and fully known. Solicitations from the centre and four quarters and all sections of the County have been repeatedly made to me, to resuscitate that terrible engine, which carried devastation into the Traitor's camp last fall, and gained for the People a great and glorious victory. Such solicitations have prevailed so far, that if my friends will subscribe sufficient to defray the expense of the paper, I can get THE COMET printed and distributed gratuitously.

For that purpose, it would require, but a small amount from each township. Send me word (postage paid) as soon as possible. The "GUMBLER" is at it old pamphlet tricks again, and its little Hermaprodite Cousin is blunting its teeth so that the lies out of its belly will not be cut in their passage from their corrupt fountain! There is no other way of "killing off those varmints," than by scorching them with the burning rays of their dread enemy, THE COMET "To the rescue! To the rescue!" SUPPLEMENT TO SIX MONTHS IN A CONVENT.

RUSSELL, ODIORNE & CO. are stereotyping, and will soon publish, in a volume, corresponding in size and form to that of "Six Months in a Convent," the Supplement to Six Months in a Convent, confirming the narrative of REBECCA THRESA REED, by the testimony of more than ONE HUNDRED WITNESSES, whose statements have been given to the Committee—

with some further explanations of the Narrative by Miss REED, and an Exposition of the system of Cloister Education, by the Committee of Publication. Also, a minute Narrative of the Elopement of Miss Harrison—with an Appendix.

"Tis Education forms the common mind, Just as the twig is bent, the tree's inclined." More than half of the above work, has already gone through the press. Its publication has been delayed to wait the promised "Documentary Evidence," which the "Lady Superior" and her "Preliminary" in her answer to Miss Reed, pledged themselves to produce immediately. It is understood that the design is abandoned. Should it not have been, the Committee are desirous to meet all evidence that can be produced to discredit the "Narrative." They are also particularly desirous to obtain copies of the Novice's and other Directories, and the genuine Rules of St. Augustine, which were in use at the Convent. These documents, which would fully confirm Miss Reed, the friends of the Convent withhold from the public.

The publishers are confident that the "Supplement" will be found equal in interesting detail to the original Narrative, and that it will be greatly superior as a sound and convincing demonstration of the dangers of CLOISTER EDUCATION. An equal amount of important facts, proofs and argument in a popular form, have probably never been collected and arranged in so small a space, in the whole history of the Catholic controversy. The object is truth and argument, not abuse and invective.

Editors who publish the above notice, and forward a copy of the paper containing it to the 'American Traveller, Boston,' shall receive a copy of the work.

Carpenter's Compound Fluid Extract of BUCHU.

FOR diseases of the bladder, obstructions of urine, &c. &c. The Buchu leaves have been highly recommended for diseases of the bladder, by some of the most distinguished physicians of Europe. "A variety of remedies have been advised (says Doctor McDowell,) for chronic inflammation of the bladder: most of them I have repeatedly tried with little or no effect, beyond that of being in some degree palliative. The Compound Buchu having been lately strongly recommended, I was induced to make trial of it, and my experiments have resulted in the satisfactory manner, having succeeded in saving the most inveterate cases, in which I had no hope of success."

The above medicine has been frequently prescribed by, and found to answer the fullest expectations of the principal physicians of the cities. Just received from the ware-house of G. W. Carpenter, and for sale at the Drug-store of Dr. J. GILBERT. Gettysburg, May 11, 1835. tf-6

CARPENTER'S SOLUTION OF KRESOLOT.

FOR the cure of cancerous ulcers, old sores, tetters, ring worms, and will immediately stop bleeding from fresh wounds bleeding at the nose &c.

It is also an excellent water to arrest the decay of teeth. It is recommended also very highly in Europe for relieving tooth-ache. This new and valuable article, which has acquired so much celebrity in Europe, has lately been imported from Germany, and introduced to the attention of the faculty of the United States, and it has already received their approbation—and is used to considerable extent in the cities, with the most flattering and encouraging success.

It was introduced in all the hospitals of Germany as a remedy. First for all fresh wounds—stopping bleeding instantly. Second for all sores, even gangrenous: likewise cancers, for which there was hitherto no remedy known. Third for hemorrhages, spitting of blood, &c. Fourth for preventing and curing scurvy, &c. Just received from the ware-house of G. W. Carpenter and for sale at the Drug Store of Dr. J. GILBERT. Gettysburg, May 11, 1835. tf-6

DR. HULL'S RECENTLY IMPROVED TRUSS. The distinguished surgeons and medical faculty of the cities generally, and elsewhere, have come to the conclusion that this Truss, in its present improved state, is the only instrument surgically adapted to the disease of Rupture, and the only one that patients can rely upon for the safe retention of the bowels and the final cure of the disease.

In confirmation of which the following names of distinguished medical gentlemen of New York city, with many others, have expressed a decided preference for this instrument, are respectfully added: Valentine Mott, M. D. George Bushie, M. D. A. A. Stevens, M. D. David Hosack, M. D. John B. Beck, M. D. Samuel Ackerly, M. D. Cyrus Perkins, M. D. David M. Reese, M. D. John Stearns, M. D. Win. Anderson, M. D. Also, the following extract of a late certificate of Dr. Mott, of New York: "For the last twelve months, the curative powers of Dr. Hull's Truss have been tested under my own observation with the most gratifying success in cases of great difficulty, in which the mutilated imitation Trusses so common in our market, had only aggravated the disease. Dr. Hull is an experienced surgeon, who has displayed not a little surgical skill and mechanical ingenuity in bringing this unrivalled instrument to its present state of perfection, rendering it, I know, the best I ever saw for securing, comforting and curing the ruptured patient, and is in my opinion, the only instrument of the kind that is entitled to patronage of the profession, and the confidence of the people."

VALENTINE MOTT, M. D. Park Place, Feb. 20, 1834. Letters Patent of the United States have been granted to Dr. Hull for 14 years from the last improvement, dated July 5th, 1833. For sale at the Drug Store of Dr. J. GILBERT, Gettysburg. May 11, 1835. tf-6

SALLAD OIL SALLAD OIL of a Superior quality, just received and for sale by Dr. J. GILBERT, Gettysburg. May 25, 1835. 4t-5

CARMINATIVE BALSAM, AND HEALTH RESTORATIVE, In the Malignant, Spasmodic or Atactic, Cholera, Cholera Morbus, Diarrhoea or Loosenes, Dysentery, Sick or Nervous Head Ache, Cholera Infantum or Summer Complaint, Cholera, Cramps, Sour Stomachs, &c. &c.

TO THE PUBLIC. THIS medicine has been before the public for three or four years past and has acquired probably a greater degree of popularity, than any article ever before introduced into general use. It contains no noxious article, nor mineral or metallic substance and is carefully compounded so as to always be of uniform strength and consistency.

It will keep good for years and grows more pleasant by age. Children are generally very fond of it, and none will refuse to take it. It is so well adapted to the various complaints of children, that every family should always keep it in their houses, as most families who have used it, now do. Sailors and travelling persons should always carry it with them.

This medicine is put up in round brass moulded vials of two and four ounces each, with the words "DR. D. JAYNE'S CARMINATIVE BALSAM" blown on them, and the written signature of D. Jayne to the bottom of each direction—none others are genuine.

This medicine is not recommended as a "Panacea" to cure all diseases to which flesh is heir to but as a remedy in Diarrhoea. The beginning and latter stages of Dysentery, Cholera Morbus, the Spasmodic or Malignant Cholera, Cramps, Cholitis, Stuck and nervous Headache. For the Summer Complaint or Cholera of children it is unrivalled by any other combination of medicine ever used. It has repeatedly effected cures, when every other means had failed aided by the attendance and skill of the ablest physicians, that could be procured.

Obstinate Diarrhoeas of years standing, have been removed by the use of a few bottles of it; violent Dysenteries arrested and Cholera Morbus cured. The Spasms attending the Malignant Cholera have always been suppressed in from one to three minutes time, and that much dreaded and fatal disease repeatedly cured without the aid of any other article of medicine. In fact its power over spasmodic diseases of every kind seem to be absolute as it has never yet been known to fail of giving relief in a single instance. Griping pains, tormina and tenesmus Cholitis, Cramps &c. are also soon removed by it.

Hundreds of females and sedentary persons can attest to its superior excellence in sick and nervous Headaches as two or three teaspouffulls generally gives them relief in the course of half an hour. Children laboring under the Summer Complaint, have been cured in a short time after all known remedies had failed—those too who have been so extremely emaciated that their bones almost protruded through their skins, and all hope of recovery abandoned, by all who saw them, have by a few weeks use of this medicine been restored to perfect health.

CERTIFICATES. Certificate from Dr. William Bacon, Pastor of the Baptist Church at Pittsboro, Salem Co., N. J. Having been made acquainted with the ingredients composing Dr. Jayne's Carminative Balsam, I believe it to be a very happy combination, and a useful medicine in many complaints which almost constantly occur in our country, such as Bowel Affections of children, Cholera, Cramps, Loosenes, Dyspeptic Disorders of the Stomach, Coughs, and Affections of the Breast, together with all those diseases attended with Sourness of the Stomach; and believe that the regular physician will often find it a useful remedy in his hands, and one that is proper for domestic use, and can be put into the hands of persons at large with safety. W. M. BACON, M. D. Pittsboro, Salem Co. N. J. May 4th, 1831.

Certificate from Dr. Wm. Steelling. This may certify that I have used Dr. Jayne's Carminative Balsam very extensively in Bowel Complaints, and have not the least hesitation in declaring it superior to any preparation that I have met with, for the relief of those diseases. WILLIAM STEELLING, M. D. Bridgeton, July 19th, 1831.

From Dr. M. L. Knapp, late Physician to the Baltimore Dispensary, and Agent for the Maryland Vaccine Institution. Baltimore, March 27th, 1833. Dr. JAYNE—Dear Sir.—You ask me what proofs I meet with of the efficacy of your medicine. I can safely say that I never prescribed a medicine for Bowel Complaints that has given me so much satisfaction, and my patients so speedily and perfect relief as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again; which I think a pretty good proof of its efficacy and usefulness. In the Summer Complaint of children, it has frequently appeared to snatch the little victims, as it were, from the grave. "It saved the life of my child, and of such a child," I have repeatedly heard said. In dysenteric affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours. I may say in a few minutes. In fact, it is a valuable medicine, and no family should be without it. Respectfully, M. L. KNAPP, M. D.

From Dr. J. Lawrence. Codarville, Oct. 9th, 1832. Dr. D. JAYNE—Dear Sir.—The curative powers of your Carminative Balsam appears to be fairly established in all Bowel Complaints, &c.; and from the experience I have had with the medicine, I am disposed to think very favorably of it. I have lately tried it on one of my children, who was severely afflicted, and with complete success, without the use of any other medicine. So far as my practice has extended, I think it a desideratum in medicine, especially among children, who are apt to be affected this way; and which every practitioner in medicine has found to be a very troublesome disease. Respectfully, LEONARD LAWRENCE, M. D.

From Dr. Charles Hammond. Dr. JAYNE—Dear Sir.—I have made use of the Carminative Balsam prepared by you for Complaints of the Bowels, with complete success in every case and I do not hesitate to recommend it to the patronage of the public as a medicine, worthy of their particular notice. CHARLES HAMMOND. Leesburg, Va. Oct. 5th, 1834.

From the Rev. Charles J. Hopkins, Pastor of the Baptist Church at Salom N. J. Dr. JAYNE—Dear Sir.—Understanding you were about to publish certificates respecting your valuable Carminative Balsam, I thought it would be of any service to you, I would wish to bear a public testimony in its favor; as we have proved its excellence very frequently in our family, and also administered it to our friends, who have visited us, and always found it gave them speedy relief. Yours Respectfully, CHAS. J. HOPKINS. Salom N. J. Jan. 7th, 1835.

The above valuable medicine is sold at the Apothecary and Drug Store of the subscriber. SAMUEL H. RUEHLER. Gettysburg, May 4, 1835. 1y-5

THE original Hygien Universal Vegetable Medicine, prepared by W. Miskin, Esq. Member of the Royal College of Surgeons, Licentiate of Apothecary's Company, Fellow of Bolt Court Society, Surgeon to the Royal Union Pension Association Lancaster Place, Waterloo Bridge, and perpetual pupil of Guy's and St. Thomas's Hospitals, London.

This valuable medicine, the result of twenty years experience and unparalleled success in the extensive and highly respectable practice of the proprietor, patronised by the faculty and nobility, is now introduced to the notice of the American public, at the earnest solicitation of a number of gentlemen of long and high standing in the profession. It is hoped, as a preliminary step, to check the evils and fatal consequences arising from the use of the numerous deleterious nostrums foisted upon the public by the aid of fabricated proofs of miraculous cures, and other frauds, by a set of mercenary, unprincipled pretenders, so totally ignorant of medical science that it is impossible the monstrous delusion can any longer go down with the intelligent people of this country.

These pills, mild and agreeable in their nature, should be kept in every family in cases of sudden illness, for by their prompt administration, cholera, cramps, spasms, fevers, and other alarming complaints, which too often prove fatal, may be speedily cured or prevented. In fact, all those who value good health should never be without them. They are sold in packets, at 50 cents, \$1, and \$2 each, by every respectable druggist, bookseller, and vendor of medicine in the United States and the Canadas, with copious directions, together with testimonials of professional ability from the following eminent gentlemen: Sir Astley Cooper, J. Abernethy, Jas. Blandell, M. D., W. Beck, M. D., J. Aston Key, A. Frampton, M. D., and numerous others. The originals may be seen in possession of the general agent by whom the medicine is imported into this country, and to whom all applications for agencies must be made. JNO. HOLBEIN, 36 Waverly Place, New York.

The following Druggists are appointed Agents in Philadelphia, viz—Christopher Marshall, No. 21 north Fourth street, wholesale and retail; also, Thomas Evans, corner of Spruce and Third streets; C. H. & J. H. Dinger, No. 250 south Second street; Frederick Brown, corner of Fifth and Chesnut streets; Samuel P. Griffiths, No. 38 south Eighth street; Wm. W. Biddle, corner of Eleventh and Arch streets; Edward C. Marshall, No. 176 Vine street; Frederick Klot, corner of Second and Callowhill streets; Dan'l B. Smith, and Wm. Hodgson, Junction of Arch and Sixth streets, and Edwin A. Hoskins, Western Drug Warehouse, No. 376, Girard square, Market street.

Caution! It has been deemed expedient as far as possible to place Miskin's Genuine Original Hygien Medicine in the hands of Druggists only, and all those sold without the signature of Jno. Holbein the label, are counterfeits. For sale at the Drug store of Dr. J. GILBERT, Gettysburg. April 27, 1835. eow6-4
