TO THE PUBLIC.

I HAVE ever held it to be the duty of a Patriot to obey the will and wishes of the People, whenever properly and fully known. Solicitations from the centre and four quarters and all sections of the County have been repeatedly made to me, to resuscitate that terrible organ, which carried devastation into the "Traitor's" camp last fall, and gained for the People a great and glorious victory. Such solicitations have prevailed so far, that if my friends will subscribe sufficient to defray the expense of the paper, I can get THE COMET printed and distributed gratuitously. For that purpose, it would require but a small amount from each township. Send me word (postage paid) as soon as possible. The "GUMMILK" is at its old pamphlet tricks again, and its little Her-naphrodite Cousin is blunting its teeth so that the lies out of its belly will not be cut in their passage from their corrupt fountain. There is no other way of "killing off those varmint," than by scorching them with the burning rays of their dread enemy, THE COMET! "To the rescue! To the rescue!" The public's old and faithful servant, Peter Pickle, Esq. July 6, 1835. 3-13

RECOMMENDATORY NOTICES.

Dr. John S. Miller, Fredericktown, Md. I do hereby certify that I had this last spring and summer a constant pain in my stomach, and a great weakness in my kidneys, and pain across my eyes, for which I used a good many remedies without giving relief. I was at last recommended to try a bottle of Garlegant's Balsam of Health, prepared by John S. Miller. I accordingly made use of one bottle, which I procured of my agent in Hagerstown, which restored me to my good health again, and am now as well as ever I was, and you are at liberty to make it known for the benefit of those afflicted in the same way. Yours, &c. JACOB BOWER, Court Crier. Hagerstown, Sept. 1834.

About two years ago I was severely afflicted with the dyspepsia, which I had for the last fifteen years, previous to the above named time, which was very much increased by my having a blood vessel ruptured upon my lungs, occasioned by lifting—which increased my complaint, dyspepsia and general weakness and debility to such a degree, that for two years previous to my using the Garlegant's Balsam I never eat a meal but my stomach became so painful that I had immediately to throw it up. Seeing Garlegant's Balsam of Health advertised, I was induced to try a bottle; after taking the first dose it appeared to strengthen my stomach; and every dose of the first bottle helped me so much, that in the course of a few days my stomach began to retain and digest every thing I eat. I continued to use the Balsam until I used seven bottles, which cured me entirely, and restored me to perfect health, which I have enjoyed ever since, and not before for fifteen years. I cheerfully recommend it to all persons who are afflicted with dyspepsia or debility of stomach. Given under my hand this 11th day of January, 1834. HENRY LOUTHAN, Frederick county, Va.

Dear Sir—I have used the Balsam of Health which I procured from you, with great benefit, if not with entire relief. When I procured it I was sorely afflicted with dyspepsia, attended by all the distressing symptoms, headaches, giddiness, heartburn, and the thousand nervous affections which accompany it, in its worst stages. At times such was the debility occasioned, that I was bed ridden. I think I can say, that the first relief, if not the entire cure, was produced by the use of the Balsam. Jan. 1st. CHAS. W. BINNS.

CARPENTER'S SOLUTION OF THE BROSOT.

FOR the cure of cancerous ulcers, old sores, fetters, ring worms, and will immediately stop bleeding from fresh wounds bleeding at the nose &c. It is also an excellent water to arrest the decay of teeth. It is recommended also very highly in Europe for relieving toothache. This new and valuable article, which has acquired so much celebrity in Europe, has lately been imported from Germany, and introduced to the attention of the faculty of the United States, and it has already received their approbation—and is used to considerable extent in the cities, with the most flattering and encouraging success. It was introduced in all the hospitals of Germany as a remedy. First for all fresh wounds—stopping bleeding instantly. Second for all sores, even gangrenous: likewise cancers, for which there was hitherto no remedy known. Third for hemorrhages, spitting of blood, &c. Fourth for preventing and curing scurvy, &c. DR. HULL'S RECENTLY IMPROVED TRUSS.

THE distinguished surgeons and medical faculty of the cities generally, and elsewhere, have come to the conclusion that this Truss, in its present improved state, is the only instrument surgically adapted to the disease of Rupture, and the only one that patients can rely upon for the safe retention of the bowels and the final cure of the disease. In confirmation of which the following names of distinguished medical gentlemen of New York city, with many others, have expressed a decided preference for this instrument, are respectfully added: Valentine Mott, M. D. George Bushe, M. D. A. A. Stevens, M. D. David Hosack, M. D. John B. Beck, M. D. Samuel Akerly, M. D. Cyrus Perkins, M. D. David M. Reese, M. D. John Stearns, M. D. Wm. Anderson, M. D. Also, the following extract of a late certificate of Dr. Mott, of New York: "For the last twelve months, the curative powers of Dr. Hull's Truss have been tested under my own observation with the most gratifying success in cases of great difficulty, in which the mutilated imitation Trusses so common in our market, had only aggravated the disease. Dr. Hull is an experienced surgeon, who has displayed not a little surgical skill and mechanical ingenuity in bringing this unrivalled instrument to its present state of perfection, rendering it, I know, the best I ever saw for securing, comforting and curing the ruptured patient, and is in my opinion, the only instrument of the kind that is entitled to patronage of the profession, and the confidence of the people. VALENTINE MOTT, M. D. Park Place, Feb. 20, 1834. Letters Patent of the United States have been granted to Dr. Hull for 14 years from the last improvement, dated July 5th, 1833. CARMINATIVE BALSAM.

HEALTH RESTORATIVE, In the Malignant, Spasmodic, or Asiatic, Cholera, Cholera Morbus, Diarrhoea or Loose Stools, Dysentery, Sick or Nervous Headache, Cholera Infantum or Summer Complaint, Cholera, Cramps, Spasms, Stomach, &c. &c.

TO THE PUBLIC. THIS medicine has been before the public for three or four years past and has acquired probably a greater degree of popularity, than any article ever before introduced into general use. It contains no noxious article, nor mineral or metallic substance and is carefully compounded so as to always be of uniform strength and consistency. It will keep good for years and grows more pleasant by age. Children are generally very fond of it, and none will refuse to take it. It is so well adapted to the various complaints of children, that every family should always keep it in their houses, as most families who have used it, now do.—Sailors and travelling persons should always carry it with them. This medicine is put up in round brass moulded vials of two and four ounces each, with the words "DR. D. JAYNE'S CARMINATIVE BALSAM" blown on them; and the written signature of D. Jayne at the bottom of each direction—none others are genuine. This medicine is not recommended as a "Panacea" to cure all diseases to "which flesh is heir to" but as a remedy in Diarrhoea. The beginning and later stages of Dysentery, Cholera Morbus, the Spasmodic or Malignant Cholera, Cramps, Cholera, Sick and nervous Headache. For the Summer Complaint or Cholera of children it is unrivalled by any other combination of medicine ever used. It has repeatedly effected cures, when every other means had failed aided by the attendance and skill of the ablest physicians, that could be procured.—Obstinate Diarrhoeas of years standing, have been removed by the use of a few bottles of it; violent Dysenteries arrested and Cholera Morbus cured. The Spasms attending the Malignant Cholera have always been suppressed in from one to three minutes time, and that much dreaded and fatal disease repeatedly cured without the aid of any other article of medicine. In fact its power over spasmodic diseases of every kind seem to be absolute as it has never yet been known to fail of giving relief in a single instance.—Gripping pains, tormina and tenesmus Cholera, Cramps &c. are also soon removed by it. Hundreds of females and sedentary persons can attest to its superior excellence in sick and nervous Headaches as two or three teaspoonfulls generally gives them relief in the course of half an hour. Children laboring under the Summer Complaint, have been cured in a short time after all known remedies had failed—those too who have been so extremely emaciated that their bones almost protruded through their skins, and all hope of recovery abandoned, by all who saw them, have by a few weeks use of this medicine been restored to perfect health.

CERTIFICATES.

Certificate from Dr. William Bacon, Pastor of the Baptist Church at Pittsgrove, Salem Co., N. J. Having been made acquainted with the ingredients composing Dr. Jayne's Carminative Balsam, I believe it to be a very happy combination, and a useful medicine in many complaints which almost constantly occur in our country, such as Looseness, Dyspeptic Disorders of the Stomach, Coughs, and Affections of the Breast, together with all those diseases attended with Sourness of the Stomach; and believe that the regular physician will often find it a useful remedy in his hands, and one that is proper for domestic use, and can be put into the hands of persons at large with safety. Wm. BACON, M. D. Pittsgrove, Salem Co. N. J. May 4th, 1831.

Certificate from Dr. Wm. Stealing. This may certify that I have used Dr. Jayne's Carminative Balsam very extensively in Bowel Complaints, and have not the least hesitation in declaring it superior to any preparation that I have met with, for the relief of those diseases. WILLIAM STEALING, M. D. Bridgeton, July 19th, 1831.

From Dr. M. L. Knapp, late Physician to the Baltimore Dispensary, and Agent for the Maryland Vaccine Institution. Baltimore, March 27th, 1833. Dr. JAYNE—Dear Sir—You ask me what proofs I meet with of the efficacy of your medicine. I can safely say that I never prescribed a medicine for Bowel Complaints that has given me so much satisfaction, and my patients so speedy and perfect relief as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again; which I think a pretty good proof of its efficacy and usefulness. In the Summer Complaint of children, it has frequently appeared to snatch the little victims, as it were, from the grave. "It saved the life of my child, and of such and such a child" I have repeatedly heard said. In dysenteric affections of adults, I have tried and again soon it acts like a charm, and give permanent relief in a few hours, I may say in a few minutes. In fine, it is a valuable medicine, and no family should be without it. Respectfully, M. L. KNAPP, M. D.

From Dr. L. Lawrence. Codrville, Oct. 9th, 1832. Dr. D. JAYNE—Dear Sir—The curative powers of your Carminative Balsam appears to be fairly established in all Bowel Complaints, &c.; and from the experience I have had with the medicine, I am disposed to think very favorably of it. I have lately tried it on one of my children, who was severely afflicted, and with complete success, without the use of any other medicine. So far as my practice has extended, I think it a desideratum in medicine, especially among children, who are apt to be affected this way; and which every practitioner in medicine has found to be a very troublesome disease. Respectfully, LEONARD LAWRENCE, M. D.

From Dr. Charles Hammond. Leesburg, Va. Oct. 5th, 1834. Dr. JAYNE—Dear Sir—I have made use of the Carminative Balsam prepared by you for Common Complaints, with complete success in every case and I do not hesitate to recommend it to the patronage of the public as a medicine, worthy of their particular notice. CHARLES HAMMOND. Leesburg, Va. Oct. 5th, 1834.

From the Rev. Charles J. Hopkins, Pastor of the Baptist Church at Salem N. J. Dr. JAYNE—Dear Sir—Understanding you were about to publish certificates respecting your valuable Carminative Balsam, I thought it would be of any service to you if I would bear a public testimony in its favor; as we have proved its excellency very frequently in our family, and

also administered it to our friends, who have visited us, and always found it gave them speedy relief. Yours respectfully, CHARLES J. HOPKINS. Salem N. J. Jan. 7th, 1835.

The above valuable medicine is sold at the Apothecary and Drug Store of the subscriber. SAMUEL H. BUEHLER. Gettysburg, May 4, 1835. 1y-5

THE original Hygienic Universal Vegetable Medicine, prepared by W. Miskin, Esq. Member of the Royal College of Surgeons, Licentiate of Apothecary's Company, Fellow of Bolt Court Society, Surgeon to the Royal Union Pension Association—Lancaster Place, Waterloo Bridge, and perpetual pupil of Guy's and St. Thomas's Hospitals, London.

This valuable medicine, the result of twenty years experience and unparalleled success in the extensive and highly respectable practice of the proprietor, patronised by the faculty and nobility, is now introduced to the notice of the American public, at the earnest solicitation of a number of gentlemen of long and high standing in the profession. It is hoped, as a preliminary step, to check the evils and fatal consequences arising from the use of the numerous deleterious nostrums foisted upon the public by the aid of fabricated proofs of miraculous cures, and other frauds, by a set of mercenary, unprincipled pretenders, so totally ignorant of medical science that it is impossible the monstrous delusion can any longer go down with the intelligent people of this country. These pills, mild and agreeable in their nature, should be kept in every family in cases of sudden illness, for their prompt administration, cholera, cramps, spasms, fevers, and other alarming complaints, which too often prove fatal, may be speedily cured or prevented. In fact, all those who value good health should never be without them. They are sold in packets, at 50 cents, \$1, and \$2 each, by every respectable druggist, bookseller, and vendor of medicine in the United States and the Canadas, with copious directions, together with testimonials of professional ability from the following eminent gentlemen: Sir Astley Cooper, J. Abernethy, Jas. Brandell, M. D., W. Beck, M. D., J. Aston Key, A. Frampton, M. D., and numerous others. The originals may be seen in possession of the general agent by whom the medicine is imported into this country, and to whom all applications for agencies must be made. JNO. HOLBEIN, 36 Waverly Place, New York.

The following Druggists are appointed Agents in Philadelphia, viz:—Christopher Marshall, No. 21 North Fourth street, wholesale and retail; also, Thomas Evans, corner of Spruce and Third streets; C.
