GARLEGGANT'S BALSAM OF HEALTH.

Prepared only by JOHN S. MILLER, Frederick, Md.

THE subscriber has just received a supply of the above valuable BALSAM, which is now extensively known and used in many places in the States of Virginia, Maryland, Pennsylvania, Ohio, N. York, and Kentucky, with astonishing success, and has performed wonderful cures in dyspepsia, cholera, nervous tremors, lowness of spirits, and palpitation of the heart—it is also a sovereign remedy for all kinds of worms, &c. The proprietor has a great number of certificates in possession, which would fill several columns of a newspaper, and therefore gives only a few of the most prominent, which the reader will find below this advertisement. It is neatly put up in square half pint bottles, with the name of the medicine blown on the glass of each bottle, and the proprietor's signature on a label, pasted on the outside wrapper of each bottle to prevent it from being counterfeited. Each bottle is accompanied with extensive directions for its use, which can at all times be had of the subscriber, at one dollar per bottle, and by the quantity at a liberal discount. SAM'L H. BUEHLER, Agent. Gettysburg, June 22, 1835.

RECOMMENDATORY NOTICES.

Dr. R. S. Miller, Fredericktown, Md. I do hereby certify that I had this last spring and summer a constant pain in my stomach, and a great weakness in my kidneys, and pain across my eyes, for which I used a good many remedies without giving relief. I was at last recommended to try a bottle of Garleggant's Balsam of Health, prepared by John S. Miller. I accordingly made use of one bottle, which I procured of his agent in Hagerstown, which restored me to my good health again, and am now as well as ever I was, and you are at liberty to make it known for the benefit of those afflicted in the same way. Yours, &c. JACOB BOWER, Court Crier. Hagerstown, Sept. 1834.

About two years ago I was severely afflicted with the dyspepsia, which I had for the last fifteen years, previous to the above named time, which was very much increased by my having a blood vessel ruptured upon my lungs, occasioned by lifting—which increased my complaint, dyspepsia and general weakness and debility to such a degree, that for two years previous to my using the Garleggant's Balsam I never ate a meal but my stomach became so painful that I had immediately to throw it up. Seeing Garleggant's Balsam of Health advertised, I was induced to try a bottle; after taking the very first dose it appeared to strengthen my stomach; and every dose of the first bottle helped me so much, that in the course of a few days my stomach began to retain and digest every thing I eat. I continued to use the Balsam until I used seven bottles, which cured me entirely, and restored me to perfect health, which I have enjoyed ever since, and not before for fifteen years. I cheerfully recommend it to all persons who are afflicted with dyspepsia or debility of stomach. Given under my hand this 11th day of January, 1834. HENRY LOUTHAN, Frederick county, Va. Leesburg, Virginia.

Dear Sir:—I have used the Balsam of Health which I procured from you, with great benefit, if not with entire relief.—When I procured it I was sorely afflicted with dyspepsia, attended by all the distressing symptoms, headaches, giddiness, heartburn, and the thousand nervous affections which accompany it, in its worst stages.—At times such was the debility occasioned, that I was bed ridden. I think I can say that the first relief, if not the entire cure, was produced by the use of the Balsam. Jan. 1st. CHAS. W. BINNS.

DR. HULL'S RECENTLY IMPROVED TRUSS.—The distinguished surgeons and medical faculty of the cities generally, and elsewhere, have come to the conclusion that this Truss, in its present improved state, is the only instrument surgically adapted to the disease of Rupture, and the only one that patients can rely upon for the safe retention of the bowels and the final cure of the disease. In confirmation of which the following names of distinguished medical gentlemen of New York city, with many others, have expressed a decided preference for this instrument, are respectfully added: Valentine Mott, M. D. A. A. Stevens, M. D. John B. Beck, M. D. Cyrus Perkins, M. D. John Stearns, M. D. David Bashe, M. D. David Hosack, M. D. Samuel Ackerly, M. D. David M. Reese, M. D. Wm. Anderson, M. D. Also, the following extract of a late certificate of Dr. Mott, of New York: "For the last twelve months, the curative powers of Dr. Hull's Truss have been tested upon my own observation with the most gratifying success in cases of great difficulty, in which the mutilated imitation Trusses so common in our market, had only aggravated the disease. Dr. Hull is an experienced surgeon, who has displayed not a little surgical skill and mechanical ingenuity in bringing this unrivalled instrument to its present state of perfection, rendering it, I know, the best I ever saw for securing, comforting and curing the ruptured patient, and is in my opinion, the only instrument of the kind that is entitled to patronage of the profession, and the confidence of the people. VALENTINE MOTT, M. D. Park Place, Feb. 20, 1834. Letters Patent of the United States have been granted to Dr. Hull for 14 years from the last improvement, dated July 5th, 1833. For sale at the Drug Store of Dr. J. GILBERT, Gettysburg. May 11, 1835.

CARMINATIVE BALSAM AND HEALTH RESTORATIVE.

In the Malignant, Spasmodic, or Asiatic, Cholera, Cholera Morbus, Diarrhoea or Looseness, Dysentery, Sick or Nervous Head-Ache, Cholera Infantum or Summer Complaint, Cholera, Cramps, Sour Stomach, &c. &c.

TO THE PUBLIC. THIS medicine has been before the public for three or four years past and has acquired probably a greater degree of popularity, than any article ever before introduced into general use. It contains no noxious articles, nor mineral or metallic substance and is carefully compounded so as to always be of uniform strength and consistency. It will keep good for years and grows more pleasant by age. Children are generally very fond of it, and none will refuse to take it. It is so well adapted to the various complaints of children, that every family should always keep it in their houses, as most families who have used it, now do.—Sailors and travelling persons should always carry it with them. This medicine is put up in round brass moulded vials of two and four ounces each, with the words "DR. D. JAYNE'S CARMINATIVE BALSAM" blown on them, and the written signature of D. Jayne to the bottom of each direction—none others are genuine. This medicine is not recommended as a "Panacea" to cure all diseases to which "flesh is heir to" but as a remedy in Diarrhoea. The beginning and latter stages of Dysentery, Cholera Morbus, the Spasmodic or Malignant Cholera, Cramps, Cholera, Sick and nervous Headache. For the Summer Complaint or Cholera of children it is unrivalled by any other combination of medicine ever used. It has repeatedly effected cures, when every other means had failed aided by the attendance and skill of the ablest physicians, that could be procured.—Obstinate Diarrhoeas of years standing, have been removed by the use of a few bottles of it; violent Dysenteries arrested and Cholera Morbus cured. The Spasms attending the Malignant Cholera have always been suppressed in from one to three minutes time, and that much dreaded and fatal disease repeatedly cured without the aid of any other article of medicine. In fact its power over spasmodic diseases of every kind seem to be absolute as it has never yet been known to fail of giving relief in a single instance.—Griping pains, tormina and tenesmus Cholera, Cramps &c. are also soon removed by it. Hundreds of females and sedentary persons can attest to its superior excellence in sick and nervous Headaches as two or three teaspoonfuls generally gives them relief in the course of half an hour. Children laboring under the Summer Complaint, have been cured in a short time after all known remedies had failed.—those who have been so extremely emaciated that their bones almost protruded through their skins, and all hope of recovery abandoned, by all who saw them, have by a few weeks use of this medicine been restored to perfect health.

CERTIFICATES.

Certificate from Dr. William Bacon, Pastor of the Baptist Church at Pittsgrove, Salem Co., N. J. Having been made acquainted with the ingredients composing Dr. Jayne's Carminative Balsam, I believe it to be a very happy combination, and a useful medicine in many complaints which almost constantly occur in our country, such as Bowel Affections of children, Cholera, Cramps, Looseness, Dyspeptic Disorders of the Stomach, Coughs, and Affections of the Breat, together with all those diseases attended with Sourness of the Stomach; and believe that the regular physician will often find it a useful remedy in his hands, and one that is proper for domestic use, and can be put into the hands of persons at large with safety. W. M. BACON, M. D. Pittsgrove, Salem Co. N. J. May 4th, 1831.

Certificate from Dr. Wm. Sterling. This may certify that I have used Dr. Jayne's Carminative Balsam extensively in Bowel Complaints, and have not the least hesitation in declaring it superior to any preparation that I have met with, for the relief of those diseases. WILLIAM STERLING, M. D. Bridgeton, July 19th, 1831.

From Dr. M. L. Knapp, late Physician to the Baltimore Dispensary, and Agent for the Maryland Vaccine Institution. Baltimore, March 27th, 1833. Dr. JAYNE—Dear Sir:—You ask me what proof I can safely say that I never prescribed a medicine for Bowel Complaints that has given me so much satisfaction, and my patients so speedy and perfect relief as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again; which I think a pretty good proof of its efficacy and use. In the Summer Complaint of children, it has frequently appeared to snatch the little victims, as it were, from the grave. "I saved the life of my child, and of such a child," I have repeatedly heard said. In dysenteric affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours, I may say in a few minutes. In fine, it is a valuable medicine, and no family should be without it. Respectfully, M. L. KNAPP, M. D.

From Dr. L. Lawrence. Cedarville, Oct. 9th, 1832. Dr. D. JAYNE—Dear Sir:—The curative powers of your Carminative Balsam appears to be fairly established in all Bowel Complaints, &c.; and from the experience I have had with the medicine, I am disposed to think very favorably of it. I have lately tried it on one of my children, who was severely ill, and with complete success, without the use of any other medicine. So far as my practice has extended, I think it a desideratum in medicine, especially among children, who are apt to be affected this way; and which every practitioner in medicine has found to be a very troublesome disease. Respectfully, LEONARD LAWRENCE, M. D. From Dr. Charles Hammond. Dr. JAYNE—Dear Sir:—I have made use of the Carminative Balsam prepared by you for Complaints of the Bowels, with complete success in every case and I do not hesitate to recommend it to the patronage of the public as a medicine, worthy of their particular notice. CHARLES HAMMOND. Leesburg, Va. Oct. 5th, 1831.

From the Rev. Charles J. Hopkins, Pastor of the Baptist Church at Salem N. J. Dr. JAYNE—Dear Sir:—Understanding you were about to publish certificates respecting your valuable Carminative Balsam, I thought it would be of any service to you, I would wish to bear a public testimony in its favor; as we have proved its excellency very frequently in our family, and also administered it to our friends, who have visited us, and always found it gave them speedy relief. Yours Respectfully, CHARLES J. HOPKINS. Salem N. J. Jan. 7th, 1835.

The above valuable medicine is sold at the Apothecary and Drug Store of the subscriber. SAMUEL H. BUEHLER. Gettysburg, May 4, 1835.

CAREY'S LIBRARY OF CHOICE LITERATURE.

TO say that this a reading age, implies a desire for instruction, and the means to gratify that desire. On the first point, all are agreed; on the second, there is diversity both of opinion and of practice. We have newspapers, magazines, reviews, in fine, pamphlets of all sizes, on nearly all subjects, which have severally their classes of readers and supporters. And yet, copious as are these means of intellectual supply, more are still needed. In addition to the reviews of the day, and passing notices of books, the people, in large numbers, in all parts of our great republic, crave the possession of the books themselves, and details, beyond the mere passing allusion, of the progress of discovery in art and science. But though it be easy to ascertain and express their wants, it is not so easy to gratify them.—Expense, distance from the emporium of literature, engrossing occupations which prevent personal application or even messages to libraries and booksellers, are so many causes to keep people away from the feast of reason, and the enjoyment of the coveted literary aliment. It is the aim of the publishers of the Library to obviate these difficulties, and to enable every individual, at a small cost and without any personal effort, to obtain for his own use and that of his favored friends or family, valuable works, complete, on all the branches of useful and popular literature, and that in a form well adapted to the comfort of the reader.

The charm of variety, as far as is compatible with morality and good taste, will be held constantly in view in conducting the Library, to fill the pages of which the current literature of Great Britain, in all its various departments of Biography, History, Travels, Novels and Poetry, shall be freely put under contribution. With, perchance, occasional exception, it is intended to give entire the work which shall be selected for publication. When circumstances authorize the measure, recourse will be had to the literary stores of Continental Europe, and translations made from French, Italian, or German, as the case may be.

Whilst the body of the work will be a reprint, or at times a translation of entire volumes, the cover will exhibit the miscellaneous character of a Magazine, and consist of sketches of men and things, and notices of novelties in literature and the arts, throughout the civilized world. A full and regular supply of the literary monthly and hebdomadal journals of Great Britain and Ireland, in addition to home periodical of a similar character, cannot fail to provide ample materials for this part of our work.

The resources and extensive correspondence of the publishers, are the best guarantee for the continuance of the enterprise in which they are now about to embark, as well as for the abundance of the materials to give it value in the eyes of the public. As far as judicious selection and arrangement are concerned, readers will, it is hoped, have reason to be fully satisfied, as the editor of the Library is not a stranger to them, but has more than once obtained their favorable suffrages for his past literary efforts.

TERMS. The work will be published in weekly numbers, in stitched covers, each number containing twenty imperial octavo pages, with double columns making TWO VOLUMES ANNUALLY, of more than 520 octavo pages, each volume; and at the expiration of every six months, subscribers will be furnished with a handsome title page and table of contents. The whole amount of matter furnished in a single year will be equal to more than FORTY VOLUMES of the common size English duodecimo books, the cost of which will be at least ten times the price of a year's subscription to the "Library." The paper upon which the Library will be printed, will be of the finest quality used for book-work, and of a size admirably adapted for binding. As the type will be entirely new, and of a neat appearance, each volume, when bound, will furnish a handsome, as we as valuable, and not cumbersome addition to the libraries of those who patronize the work.

The price of the Library will be five dollars per annum, payable in advance. A commission of 20 per cent. will be allowed to agents; and any agent, or postmaster furnishing five subscribers and remitting the amount of subscription, shall be entitled to the commission of 20 per cent. or a copy of the work for one year.

A specimen of the work, or any information respecting it may be obtained by addressing the publishers, post paid. The first number will be issued on the 1st of October next. Address E. L. CAREY & A. HART, Philadelph'ia. (f-22) August 31.

Office of the Star & Banner, Chambersburg Street, a few doors West of the Court-House.

CONDITIONS. I. THE STAR & REPUBLICAN BANNER is published weekly, at Two Dollars per annum, (or Volume of 52 Numbers,) payable half yearly in advance—or Two Dollars and Fifty Cents if not paid until after the expiration of the year.

II. No subscription will be received for a shorter period than six months, nor will the paper be discontinued until all arrearages are paid, unless at the discretion of the editor.—A failure to notify a discontinuance will be considered a new engagement, and the paper forwarded accordingly.

III. Advertisements not exceeding a square, will be inserted THREE TIMES for ONE DOLLAR, and 25 cents for every subsequent insertion—longer ones in the same proportion. The number of insertions to be marked, or they will be published till forbid and charged accordingly.

IV. Communications, &c. by mail, must be post-paid—otherwise they will meet with attention.
