CONSUMPTION.

Indian Specific,

FOR the prevention and cure of Coughs, Colds, Asthmas, Consumptions, Spitting Blood, and diseases of the Breast and Lungs, prepared by Doct. CLARKSON FREEMAN, of the city of Lancaster.

BILL OF DIRECTION, Accompanying each bottle of the Specific, pointing out in a conspicuous manner, all the symptoms in the different stages of these distressing diseases; also particular directions respecting diet and regimen, and how patients are to conduct through every stage until health is restored—for vain and useless would be the prescriptions of the ablest physicians, accompanied by the most powerful and useful medicines, if the directions are not faithfully adhered to.

The public are informed that the depositions of 287 persons have been taken, before proper authorities in the city of Lancaster, all completely cured in the most desperate cases of consumption, some of which are detailed in the bills accompanying each bottle.

The price of each bottle of Indian Specific is \$1, and each envelope of the genuine Specific is signed by Dr. Clarkson Freeman, and the initials, C. F. on the seal of each bottle. None can be genuine without his signature, a base composition having been attempted to be imposed on the public by a counterfeit imitation of this extraordinary article.

To the Afflicted.

DR. J. CARPENTER, BOTANIC PHYSICIAN,

WOULD respectfully inform the inhabitants of Liberty township, and the Public generally, that he resides at the house of Esther and Elizabeth Carpenter, in said township, two miles north of Emmittsburg, and to an end of all miles south of David Eiker's mill, where calls from patients will receive prompt attention.

Having studied with a celebrated INDIAN DOCTOR, who is very noted for his performing remarkable cures, and who has no superior in curing chronic diseases, and having likewise pursued a regular course of Medical Studies, and believing that Botanic Medicines are superior to every other kind, he would therefore invite the attention of those who are afflicted with chronic disease, and can obtain no relief on other sources—believing that he can give general satisfaction to those who may see proper to employ him.

The diseases to which he would invite public attention are—Those who are afflicted with this disease may find relief in a very short time by making use of the Indian remedies.

Likewise those who are troubled with the Liver Complaint, Dropsy, Asthma or Plethoric, Pleurisy or Falling Off, Female Debility, and Female Complaints in general, Fever and Ague, and Fevers generally, Indigestion or Dyspepsia, Gravel and Stone, Rheumatism, and Piles. PROFESSOR'S

For Publishing a Biographical Memoir of the Hon. Hugh Lawson White.

A FAITHFUL and impartial record of the life of any man, pre-eminently for virtues or ability, is among the richest offerings that can be made to the common treasury of an intelligent people. This is true, whether the subject of the work be found in our own, or a foreign clime. The influence of virtue has no limits, and its benefits should feel no bounds. But the offering becomes of an increased value, when the character portrayed, and the qualities held up for imitation, belong to a fellow-citizen, whose influence has been long and beneficially felt, in the Councils of the Nation, and the sphere of whose usefulness, a large and patriotic portion of the people, are endeavoring to extend.

The position which Judge White now occupies, before the American people, renders it necessary that they should know him, as he is, and as he has been, that they may be better qualified to judge, what he will be, should they elevate him to the highest office within their gift. In affording them this information, I am proudly confident, that I shall be serving the cause of virtue, and the best interest of my country.

Washington, Nov. 16th, 1835.

The work will be published in a large 8vo. volume, and delivered to subscribers at \$1 50 per copy, handsomely bound in cloth, and embellished with an elegant and correct likeness of Judge White, executed by one of the best artists in the country.

All letters and subscription papers, to be addressed to the author, at Washington city.

Pennsylvania Intelligencer.

THE coming Session of the Legislature may be anticipated as one of importance to every citizen of Pennsylvania. A new Administration will come into power, pledged to a radical reformation in the fiscal and other departments of the Government. During the coming winter, not only will the leading measures of the new Administration be developed relative to State affairs, but important national results may be expected to flow from the measures pursued and the course adopted. Such being the case, a paper published at Harrisburg, which will give full, impartial, and early intelligence of events which may transpire, will be highly interesting to every freeman in the Commonwealth.

THE PENNSYLVANIA INTELLIGENCER will contain full and impartial reports of the Proceedings and Debates on important subjects in the Legislature, as well as the accounts of the meetings of the Presidential Conventions which will assemble at the Seat of Government during the Winter.

The editor himself, who has had considerable experience as a reporter, will be himself, in attendance in the House of Representatives, and a competent reporter will be employed in the Senate. The Intelligencer will sustain the administration of Joseph Ritner in its measures for reform and re-entrenchment, and will endeavor to defend it from the attack which may be expected from a censorious opposition, or disappointed ambition. As the Intelligencer was among the first papers in the State to address an opinion on all the friends of the Constitution and the Supremacy of the Laws upon JOSEPH RITNER for Governor, so it will strenuously advocate the same union upon General WILLIAM H. HARRISON for President; and the editor appeals to the friends of the united action on the Presidential question, to sustain him in his efforts.

CARMINATIVE BALSAM

AND HEALTH RESTORATIVE,

In the Malignant, Spasmodic, or Asthic, Cholera, Cholera Morbus, Diarrhoea or Looseness, Dysentery, Sick or Nervous Head-Ache, Cholera Infantum or Summer Complaint, Cholera, Cramps, Sour Stomach, &c. &c.

TO THE PUBLIC.

THIS medicine has been before the public for three or four years past and has acquired probably a greater degree of popularity, than any article ever before introduced into general use. It contains no noxious article, nor mineral or metallic substance, and is carefully compounded so as to always be of uniform strength and consistency.

It will keep good for years and grows more pleasant by age. Children are generally very fond of it, and none will refuse to take it. It is so well adapted to the various complaints of children, that every family should always keep it in their house, as most families who have used it, now do. Sailors and travelling persons should always carry it with them.

This medicine is put up in round brass moulded vials of two and four ounces each, with the words "DR. D. JAYNE'S CARMINATIVE BALSAM" blown on them, and the written signature of D. Jayne to the bottom of each direction—none others are genuine.

This medicine is not recommended as a "Panacea" to cure all diseases to which "flesh is heir to" but as a remedy in Diarrhoea. The beginning and latter stages of Dysentery, Cholera Morbus, the Spasmodic or Malignant CHOLERA, Cramps, Cholics, Sick and nervous Headache. For the Summer Complaint or Cholera of children it is unrivalled by any other combination of medicine ever used. It has repeatedly effected cures, when every other means had failed, aided by the attendance and skill of the ablest physicians, that could be procured.

Obstinate Diarrhoeas of years standing, have been removed by the use of a few bottles of it; violent Dysenteries arrested and Cholera Morbus cured. The Spasms attending the Malignant Cholera have always been suppressed in from one to three minutes time, and that much dreaded and fatal disease repeatedly cured without the aid of any other article of medicine. In fact its power over spasmodic diseases of every kind seem to be absolute as it has never yet been known to fail of giving relief in a single instance.—Griping pains, tormina and tenesmus Cholics, Cramps &c. are also soon removed by it.

Hundreds of females and sedentary persons can attest to its superior excellence in sick and nervous Headaches as two or three teaspoonfulls generally gives them relief in the course of half an hour.

Children laboring under the Summer Complaint, have been cured in a short time after all known remedies had failed—those who have been so extremely emaciated that their bones almost protruded through their skins, and all hope of recovery abandoned, by all who saw them, have by a few weeks use of this medicine been restored to perfect health.
