About two years ago I was severely afflicted with the dyspensia, which I had for the last fifteen years, previous to the above named time, which was very much increased by my having a blood vessel ruptured upon my lungs, occasioned by lifting-which increased my complaint, dyspepsia and general weakness and debility to such a degree. that for two years previous to my using the Garlegant Balsam I never eat a meal but my stomach became so painful that I had immediately to throw it up. Seeing Garlegant's Balsam of Health advertised, I was nduced to try a bottle; after taking the very first dose it appeared to strengthen my stomach; and every dose of the first bottle helped me so much, that in the course of a tew days my stomach began to retain and digest every thing I cat. I continued to use the Balsam until I used seven bottles, which cured me entirely, and restored me to pertect health, which I have enjoyed ever since, and not before for fifteen years. I cheerfully recommend it to all persons who are afflicted with dyspensia or debility of stomof January, 1834.
