NATIONAL POLITICS .-- It has been the aim of the Editor to present a full and fair exhibit of the aspects, movements and struggles, of parties in our country, including the meeting of Con centions, nomination of candidates for State and National Offices, and all other significant mani- ly kept by the Misses Bighams. This course is believed to be in many respects original with this journal; and it is considered that we have just ause of felicitation in the fact that, pursued as it has been through two years of unremitted political warfare, the fairness and general accuracy of our statements and returns have very rarely, if ever, been questioned. The Editor reserves to himself the right of remarking, w circumstances may seem to require and justice to dictate, on the less exciting political topics of the day, as on all others, with colmness, deference and moderation; but he will still thrive -he trusts not less successfully than hithertoto exclude from the columns of the New Yorker every observation. reflection, or even argument, which may wantonly do violence to the sincere convictions of any well-informed reader, of whatever principle or party.

The subscribers are extremely solicitous that there be no misconception on the part of their patrons in regard to the two Editions of their paper. The Quarto is commenced in deference to the solicitations of a great number of their friends, who have expressed a strong desire that the New-Yorker should appear in a form more susceptible of preservation than the present. It is neither anticipated nor hoped that it will receive a patronage at all commensurate with that of the folio edition They would frankly express their conviction that, for those whose interest in a journal expires with the week in which it reaches them, the latter will be decidedly preferable, saide from the difference in price. RECOMMENDATORY NOTICES.

Dr. John S. Miller, Fredericktown, Md. I do hereby certify that I had this last spring and summer a constant pain in my tomach, and a great weakness in my kidneys, and pain across my eyes, for which I used a good many remedies without giving relief. TO THE PUBLIC.

TELHIS medicine has been before the public for three or four years past and has acquired probably a greater degree of popularity, than any article ever before introduced into general use. It contains no noxious article, nor mineral or metallic substance and is carefully compounded so as to always be of uniform rength and consistency.

It will keep good for years and grows more pleasant by age. Children are generally very fond of it, and none will refuse to take it. It is so well adapted to the various complaints of children, that every family should always keep it in their houses, as most families who have used it, now do. Sailors and trivelling persons should always carry it with them.

This medicine is put up in round brass moulded vials of two and four ounces each, with the words "Du. D JATNE'S CARMINATIVE BALsam" blown on them, and the written signature of D. Jayne to the bottom of each directionnone others are genuine.

This medicine is not recommended as a "Panacea" to cure all diseases to "which flesh is Patna Kipps for upper Leather—100 Bar-beginning and latter stages of Dysentery, Chorels best Straits and Bank Oil all of which lera Morbus, the Spasmodic or Malignat Cuothey will sell on the most accommodating LERA, Cramps, Choices, Sich and nervous Had sche. Obstinate Diarchosas of years standing, have been removed by the use of a few bottles of it; violent Dysenteries arrested and Cholera Morbus cured. The spasms attending the Malignant Cholera have always been suppressed in from one to three minutes time, and that much dreaded and fatal disease repeatedly cured without the aid of any other wicle of medicine. in fact its power over spara odic diseases of every kind seem to be absolute as it loss never yet ceived a supply of the a- been known to fail of giving relief in a single bove valuable Balsam, which instance. CERTIFICATES. Certificate from Dr. William Bucon, Pastor of the Baptist Church at Pittsgrove, Salem Co.,

New Jersey. Having been made acquainted with the inredients composing Dr Jayne's Carminative Balsam, I believe it to be a a very happy combination, and a useful medicine in many complaints which almost constantly occur in our country, such as Bowel Affections of children, Cholic, Cramps, Louseness, Dyspeptic Disorders of the Stomach, Coughs, and Affections of the Breast, together with all those diseases attended with Sourcess or the Stomich; and believe that the regular physician will often find it a useful remedy in his hands, and one that is proper for domestic use, and can be put into the

I can safely say that I never prescribed medicine for Bowel Complaints that has givinfine so much satisfaction, and my patients so speedy and perfect relief as this. Whenever ntroduced into a family, it becomes a standing remedy for those ailments, and is called for again and again; which I think a pretty good proof of its efficacy and usefulness. In the Summer Complaint of children, it has frequently appeared to snatch the little victims, as it were, from the grave. "It saved the life of my child, and of such and such a child," I have repearedly heard said. In dysenteric affections of adults.
